The proposed changes to the standard interlocal agreement are summarized below and a detailed explanation of each paragraph removed, added or otherwise revised is presented under Attachment 2.

- Paragraph 10 requiring Local Governments to maintain insurance for Commercial General Liability, Business Automobile Liability, Worker's Compensation and Employers Liability, Additional Insured, and Professional Liability.
- Paragraph 13 requiring Local Governments to waive all rights of subrogation against County... for each required policy.....
- Paragraph 19 requiring Local Government to hold County harmless against all claims, liability, expense, loss, costs, damages or causes of action... due to acts or omissions of County.
- Paragraph 20 Local Government warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, marital status, familial status, sexual orientation, gender identity and expression, or genetic information.
- Paragraph 21 requiring Local Government to provide County with a copy of its non-discrimination policy.

C. Change the following paragraphs:

- Paragraph 15 to remove the following language: "In the event of any claim or litigation arising hereunder, Local Government will cooperate in the defense thereof and will reimburse County for all costs incurred in connection therewith, including reasonable attorney's fees (through appeal) whether suit is brought or not, except as to litigation arising hereunder between the parties." (See Paragraph 19 above.)
- Paragraphs 16 and 17 to delineate Inspector General's authority in connection with this agreement.

For many years ISS (and its predecessor organization, Automated Information Management – AIM), has provided IT support services to numerous external agencies to include their NAV assessment data for processing in the Property Appraiser's and Tax Collector's systems. This practice originated when AIM was an organization unit of the Property Appraiser's Office and has continued to the present date. Initially the agencies utilizing ISS were billed for these services but billings were discontinued during the late 1990's.

During the most recent tax year (2015), ISS provided services to the 54 external organizations. Some NAV agencies prepare their own assessments and coordinate the transmittal of their billing information to the Property Appraiser and Tax Collector. Other NAV agencies rely on commercial entities for these services.

During the 2014 and 2015 tax cycles, additional NAV agencies expressed interest in obtaining ISS services to assist in preparing their annual assessment rolls. This potential expansion of services prompted ISS to re-evaluate the longstanding practice of providing these services free of charge. Accordingly, per BCC Agenda Item 5C-1 dated June 23, 2015, ISS recommended, and the Board approved, a fee schedule for charging ISS services provided to NAV agencies beginning with the 2016 tax year and thereafter.

If all 54 agencies currently served by ISS enter into the new interlocal agreement for the 2016 tax cycle, the above fees would generate \$61,510 in revenues.

## **I. EXECUTIVE BRIEF**

**Motion and Title: Staff recommends motion to:**

- A. Approve a standard Interlocal Agreement for Information Systems Services (ISS) support services provided to municipalities and special taxing districts in preparing their non-ad valorem (NAV) assessment rolls;**
- B. Approve the Fee Schedule for ISS Services; and**
- C. Authorize the County Administrator or his designee, ISS Director, to approve and execute interlocal agreements with municipalities and special taxing districts served by ISS beginning with the 2016 tax year.**

**Summary:** Florida statutes permit counties, municipalities and special taxing districts, to levy NAV assessments for the purpose of funding a wide array of improvements and services to property. The statutes also permit NAV assessments to be billed by the Tax Collector as a component of the annual Property Tax Bill. For many years ISS has assisted numerous special districts and municipalities in the final preparation of their assessment rolls. These services, which have been provided by ISS at no cost to the agencies, involve determining billing rates and units, calculating the applicable billing amount, and transmitting this information to the Property Appraiser for Notice of Proposed Taxes and to the Tax Collector for inclusion on the Final Tax Bill. ISS seeks Board approval to establish standard interlocal agreements to recover the cost of our services. Interlocal agreements with all 54 NAV agencies presently served by ISS would generate annual revenues of \$61,510. Authority to execute such agreements will be delegated to the County Administrator or his designee. Countywide (PFK)

**Background and Justification:** Chapter 197.3632 of the Florida Statutes establishes a uniform method for the levy, collection, and enforcement of non-ad valorem assessments imposed by counties, municipalities, and special districts. These assessments are calculated on a unit basis rather than on property value and are used to pay for an improvement or service to the property such as drainage, lighting, paving, or fire hydrants.

THIS SUMMARY IS NOT TO BE USED AS A BASIS FOR PAYMENT.

Continued from page 1...

For many years ISS (and its predecessor organization, Automated Information Management – AIM), has provided IT support services to numerous external agencies to include their NAV assessment data for processing in the Property Appraiser's and Tax Collector's systems. This practice originated when AIM was an organization unit of the Property Appraiser's Office and has continued to the present date. Initially the agencies utilizing ISS were billed for these services but billings were discontinued during the late 1990's.

During the most recent tax year (2014), ISS provided services to the 54 external organizations listed in Attachment 3. All related services are performed by a single ISS programmer with approximately 25% of her work time devoted to processing NAV assessments. Some NAV agencies prepare their own assessments and coordinate the transmittal of their billing information to the Property Appraiser and Tax Collector. Other NAV agencies rely on commercial entities for these services.

During the 2014 and 2015 tax cycles, additional NAV agencies expressed interest in obtaining ISS services to assist in preparing their annual assessment rolls. This potential expansion of services prompted ISS to re-evaluate the longstanding practice of providing these services free of charge. Accordingly, we are recommending that ISS begin billing for the services we provide to NAV agencies as is typically done when ISS services are provided to an external agency. Assuming Board approval, we will continue providing services at no cost for this year's (2015) tax cycle; however, beginning with the 2016 tax year and thereafter, formal interlocal agreements will be executed for any agency requesting our services and ISS will collect an annual fee for services provided in accordance with the proposed Fee Schedule.

Ten fee tiers are established based on ranges of assessment values as follows:

**Fee Schedule for Non-Ad Valorem Assessment Services**

Tiers	Range of Assessment Values	Annual Fee	# Agencies Within Range
1	\$50,000 and less	\$150	5
2	from \$50,001 to \$150,000	\$210	6
3	from \$150,001 to \$300,000	\$420	14
4	from \$350,001 to \$550,000	\$770	9
5	from \$550,001 to \$800,000	\$1,120	5
6	from \$800,001 to \$1,100,000	\$1,540	3
7	from \$1,100,001 to \$1,450,000	\$2,030	5
8	from \$1,450,001 to \$1,850,000	\$2,630	0
9	from \$1,850,001 to \$2,300,000	\$3,220	1
10	\$2,300,001 and above	\$3,850	6

If all 54 agencies currently served by ISS enter into the new interlocal agreement for the 2016 tax cycle, the above fees would generate \$61,510 in revenues.

Attached is a pro-forma schedule of revenues listing the existing agencies with their 2014 assessed amounts and applicable fees. In addition to the annual fees to be charged by ISS, there is a statutory fee of 1% collected by the Tax Collector; and the Property Appraiser charges an annual fee of \$150 for Administrative Services plus a one-time set-up fee of \$500.

Another important element of this agenda item is our request to simplify the process for entering into agreements with the numerous NAV Districts by delegating to the County Administrator (or designee – ISS Director) the authority to execute such agreements on behalf of the Board of County Commissioners. A standard agreement template has been developed for this purpose.

**Interlocal Agreement for Assignment of Property Data and Development of  
Annual Assessments for Palm Beach County Non-Ad Valorem Districts**

THIS Agreement made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_, by and between \_\_\_\_\_ ("Local Government") and Palm Beach County Board of County Commissioners ("County"), a political subdivision of the State of Florida.

13. **Waiver of Subrogation** Local Government hereby waives any and all rights of Subrogation against County, its officers, employees and agents for each required policy. This Waiver of Subrogation requirement shall not apply to any policy, which specifically prohibits such an endorsement, or which voids coverage should Local Government enter into such an Agreement on a pre-loss basis.
