I. EXECUTIVE BRIEF

**Motion and Title:** Staff recommends motion to approve: Amendment No. 8 to the General Consulting Agreement with AECOM Technical Services, Inc. for Consulting/Professional Services in the amount of \$539,791, for the continued performance of professional planning and design services related to the approved Palm Beach County Airports' Capital Improvement Program and to revise and add language in the Agreement.

**Summary:** The Consulting Agreement (R-2014-0031) with AECOM Technical Services, Inc. for general airport planning and design was approved on January 14, 2014 in the amount of \$1,641,372 in order to carry out the approved Capital Improvement Programs for the County's Airports. Approval of Amendment No. 8 revises Article 30 – Scrutinized Companies and adds Article 33 – Public Records, and will provide an additional \$539,791 to complete the following: Task I Services – Specific Projects: Palm Beach International Airport (PBI) Replacement of the Current Public Address System Design Services; Environmental Compliance Services 2016 Stormwater Pollution Prevention Plan (SWPPP) Update; PBI Concourse Holdroom Design and Planning Services; PBI Terminal Planning and Design; and Task III Services – Miscellaneous Planning and Engineering Services. Work to be completed under these Task III Services will be issued per the level of authority contained in PPM CW-F-050, by way of a separate proposal or task authorization. AECOM Technical Services, Inc. is a Los Angeles, California based firm; however, the majority of the work to be completed in this agreement will be completed and/or managed through their West Palm Beach and Tampa, Florida offices in conjunction with several Palm Beach County-based sub-consultants and firms. AECOM Technical Services, Inc. has committed to 21% Disadvantaged Business Enterprise (DBE) participation for this agreement. The total DBE participation to date is 16.30%. **Countywide (AH)**

**Background and Justification:** In order to carry out the approved Capital Improvement Program for the County, the Department of Airports requires professional planning and design engineering services. This agreement is for 2 years with 2 one (1) year renewal options. This amendment allows for the continuation of services necessary for the development and operation of the County's airport system.
