Department: Water Utilities Department

I. EXECUTIVE BRIEF

Motion and title: Staff recommends motion to: **A) adopt** a Resolution of the Board of County Commissioners of Palm Beach County, Florida, Confirming the Special Assessment Roll for the 77th Lane North Water Main Extension (Project); and **B) approve** a Work Authorization (WA) No. 2 to Johnson-Davis Incorporated under the Water Utilities Department (WUD) Continuing Construction Contract (Contract) (R2016-0902) in the amount of \$99,026.55.

Summary: Petitions in favor of the installation of a potable water main were provided to WUD by 60% (6 in favor, 3 not in favor and 1 no response). The petitions were considered and approved at the regular meeting of the Board of Supervisors of the Indian Trails Improvement District (ITID) on October 14, 2015. The Project will serve ten (10) residential properties currently on private wells. Individual assessments of \$11,577.52 per parcel will be assessed based on 90% of the total estimated cost of the Project, pursuant to the terms of the agreement between the County and ITID, in which the County committed to allocate \$500,000 to provide financial support for up to 10% of the final cost for assessment projects within the legislative boundaries of the ITID. WUD has encumbered and expended a total of \$275,963.21 for previous ITID assessment projects. The assessment is payable over a 20-year time period in equal annual payments of principal and 5.5% interest. The total assessable cost of the Project is \$128,639.11 and includes the costs of surveying, design, drafting, permitting, construction, inspection, administration, and construction contingency, as well as the 10% financial support payment dictated by WUD's contract with ITID. WA No. 2 will provide for the construction of the Project. The Small Business Enterprise (SBE) participation goal established by the SBE Ordinance (R2002-0064) is 15% overall. The Contract with Johnson-Davis Incorporated provides for SBE participation of 3.28%. WA No. 2 includes 8.55% overall participation. The cumulative SBE participation is 8.55% overall. If the actual cost of the Project exceeds the total assessable cost, the difference will be covered by WUD. (WUD Project No. 16-007) District 6 (MJ)

Background and Justification: On December 21, 2015, signed petitions were received from a majority of the property owners on 77th Lane North. The original estimated assessable cost of a 20-year special assessment was \$11,577.52 per parcel for the construction of water mains and service lines. The original signed petition forms are on file and available for public inspection at the Engineering Office of WUD.

On Sunday, August 21, 2016, a Notice of Special Assessment was published in The Palm Beach Post. All property owners subject to assessment have been sent notification by regular mail pursuant to Ordinance 2001-0010. A final informational meeting was held with the property owners prior to the Public Hearing to explain the proposed improvements and the cost of the project.
