I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to:

- A) Adopt a resolution confirming the special assessment for a canal maintenance program for Sandalfoot Cove (Project) under the Palm Beach County (County) Municipal Services Taxing Unit (MSTU);
- B) Approve a budget transfer from the Unincorporated Improvement Fund Reserves in the amount of \$7,920 and appropriate it to the Project; and
- C) Authorize the Tax Collector's Office and the Clerk & Comptroller's Office to process and collect the assessments.

SUMMARY: Adoption of this resolution will allow the County to assess a fixed amount of \$110 per lot to each of the 72 benefitting property owners along the Project and authorize the Tax Collector's Office and the Clerk & Comptroller's Office to process and collect the assessment payments. When the County petitioned the benefitting properties, 37 petitions were received, and of these, 34 were positive providing 92% positive returned petitions. Assessments will be payable in five equal annual installments of \$25.86 at an interest rate of five and one half percent (5.5%) per annum. One hundred percent (100%) of the Project's cost of spray treating the canal will be assessed on a per lot basis to the benefitting property owners. The Project duration is anticipated to be approximately five years or until all of the \$7,920 is expended. Canals are typically sprayed quarterly but the number of sprayings each year varies based on climate and need. The County's annual contractor for vegetation control will be utilized for this program. District 5 (MRE)

Background and Justification: In accordance with Section 26-30.3 of the MSTU Code, the Engineering Department advertised the Project for a public hearing on Sunday, September 25, 2016 and Sunday, October 2, 2016. A comprehensive explanation of the Project was distributed by regular mail to the property owners to be assessed in lieu of a public information meeting as allowed for in Section 26-30.2 of the MSTU Code.

Adoption of the resolution will allow assessment of the 72 benefitting properties for the Project.
