I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve:

- A) Work Order 2015053-26 in the amount of \$270,000 to mill and resurface Browns Farm Road from approximately ten miles south of CR880 to approximately twelve miles south of CR880 utilizing Palm Beach County's (County) annual asphalt milling and resurfacing contract R2016-0144 (Contract) with Community Asphalt Corp. (Community); and
- B) Work Order 2015053-27 in the amount of \$395,000 to mill and resurface CR880 from Sam Senter Road to the east for two miles utilizing the County's contract with Community.

SUMMARY: Approval of these two Work Orders will allow the contractual services necessary to construct all the improvements. Per County PPM CW-F-050, these Work Orders exceed the \$200,000 threshold for staff approvals of work orders to annual contracts, thus requiring approval from the Board of County Commissioners (BCC). These Work Orders will be charged against Community's \$3 million allocation of the \$14 million Contract. Prior to these Work Orders, approximately 13% of Community's \$3 million allocation has been spent or encumbered, leaving a balance of \$2.6 million. The Small Business Enterprise (SBE) goal for all contracts is 15%. The SBE participation proposed by Community for these Work Orders is 15%. Approval of these Work Orders will result in a cumulative SBE participation of 13.5% for all the work orders issued under the Contract. Staff has coordinated the timing of these projects to minimize interference with the Glades' harvest season. These two projects are using \$500,000 of infrastructure sales tax funding. The remaining funding is provided through the "Glades Area Roads Repair/Reconstruction" account within the Five Year Road Program. District 6. (LBH)

Background and Justification: On February 9, 2016, the BCC approved the Contract with Community to provide milling and resurfacing of County roadways for countywide projects. The County desires to construct the improvements in accordance with these two Work Orders. The BCC's approval of these two Work Orders in the cumulative amount of \$665,000 is required to authorize the construction of the improvements.
