I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: Appointment of one new member to the Building Code Advisory Board (BCAB).

<u>Appoint</u>	<u>Seat</u>	<u>Requirement</u>	<u>Nominated By</u>	<u>Term</u>
Kristin Materka	12	Architect	AIA Palm Beach	7/11/2017 – 7/10/2020

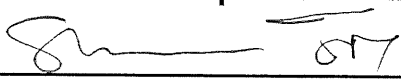

Summary: The Building Code Advisory Board (BCAB) was established by a Special Act of the Florida Legislature in 1974, and amended in 2001. The term of office for Board members is three years with no limit to the number of terms a member may serve. The Board is comprised of sixteen members: one registered architect appointed from nominees submitted by the Palm Beach Chapter of the American Institute of Architects (AIA); one professional engineer appointed from nominees submitted by the Palm Beach Chapter of the Florida Engineering Society; seven members appointed from nominees submitted by the Construction Industry Management Council of Palm Beach County (CIMC) and seven Building Officials, one from each commission district, appointed from nominees submitted by the Building Officials Association of Palm Beach County. The Palm Beach Chapter of the AIA has nominated Kristin Materka to be appointed as the Architect in Seat 12. This Advisory Board has 16 seats, 13 currently filled and 3 vacancies, and a diversity count of Caucasian: 11 (84%), African-American: 1 (8%) and Asian-American: 1 (8%). The gender ratio (male:female) is 13:0. The nominee is a Caucasian female. On June 6, 2017 the Governor approved a local bill which eliminates the CIMC as the nominating body for the seven industry nominees and replaces it with local chapters of national or regional construction industry trade organizations. This action should help to promote more diversity within the BCAB nominees and appointments. Countywide (SF)

Background and Justification: The Building Code Advisory Board is authorized to advise local governments concerning adoption of administrative or technical amendments to the Florida Building Code based on local conditions; advise local governments how to improve and standardize construction code enforcement; and advise local governments on evaluation of new and innovative materials, products, systems, or methods of construction for compliance with the Florida Building Code, and any amendments or revisions thereto. Pursuant to Section 553.73(4)(b)7, Florida Statutes, the Board also acts as the countywide compliance review board, notwithstanding the requirements contained in the Statutes to establish such review board by interlocal agreement.
