Department: Water Utilities Department

I. EXECUTIVE BRIEF

**Motion and Title:** Staff recommends motion to approve: a Contract with All Webbs Enterprises Inc., for the GL01 Water Treatment Plant 11 (WTP 11) Production Well 11 Well and Wellhead Project (Project) in the amount of \$1,469,205.

**Summary:** On April 12, 2017, three (3) bids were received for the Project to construct a new Floridan Aquifer Production Well 11 (PW-11). All Webbs Enterprises, Inc., was determined to be the lowest responsive, responsible bidder in the amount of \$1,469,205. PW-11 is needed to maintain adequate wellfield capacity to meet the potable water treatment demands at WTP 11. PW-11 will provide an additional 900 gallons per minute (gpm) of raw water to WTP 11 and provide for improved wellfield management practices. The Project is being partially funded by a Congressional appropriation in the form of a grant administered by the United States Environmental Protection Agency in the amount of \$485,000. Pursuant to federal law (2 CFR 200.321), All Webbs Enterprises, Inc., was required to undertake good faith efforts to meet Disadvantaged Business Enterprise goals for federally funded projects and the County is preempted from utilizing its local SBE ordinance. All Webbs Enterprises, Inc., has undertaken the good faith efforts necessary to satisfy the federal requirements to take all necessary and affirmative steps to assure that minority and women’s business enterprises are used where possible. All Webbs Enterprises Inc., is a Palm Beach County company. This project in the FY17 Capital Improvement Plan adopted by the Board of County Commissioners (BCC). (WUD Project No. 15-058) District 6 (MJ)

**Background and Justification:** On June 21, 2011, the BCC approved a comprehensive plan to stabilize the declining raw water quality at WTP 11. On August 2, 2015, the Contract Review Committee approved Consultant Services Authorization (CSA) No. 7 for Kimley-Horn and Associates, Inc., to provide surveying, hydrogeological and detailed design services for PW-11 to serve WTP 11. PW-11 is a new Upper Floridan Aquifer production well that will provide an additional 900 gpm of raw water to WTP 11. PW-11 will also assist with improved wellfield management practices allowing plant operations staff to rest wells for longer periods of time and also balance raw water quality being treated by WTP 11. The Project includes the drilling and construction of the raw water production well as well as the installation of a submersible well pump and motor with variable frequency drive variable frequency drive, column pipe, wellhead facilities, electrical supply, instrumentation and above ground site facilities such as lighting and fencing. The bid review comments for the three (3) lowest proposals is detailed in attachment 3. The irregularities provided no competitive advantage.

WTP11 Production Well 11 Well and Wellhead  
Project No. GL01 / WUD 15-058

The bid opening for the above referenced project was held on Wednesday, April 12, 2017. Proposals were received from three (3) contractors. The complete Bid Tabulation is attached. The Engineer's opinion of probable construction cost was \$1,909,270.00. The low bidder is All Webbs Enterprise Inc. with a construction cost of \$1,469,205.00 for the bid.

An evaluation of the low bid by All Webbs Enterprise Inc. is as follows:

**Project**

The three (3) bids received for the GL01 WTP11 Production Well 11 Well and Wellhead project have been reviewed. The following is a summary of errors, omissions or irregularities found in the bids.

**All Webbs Enterprise, Inc.**

1. The bid price listed in the bid is \$1,469,250.00. As part of the bid evaluation it was found that the bid price received in the bid is \$45.00 more than summing the individual bid item totals on the Schedule off Bid Prices sheet. WUD has subsequently contacted the Contractor regarding this mathematic error and the Contractor has agreed (in an email see attached) to a price of \$1,469,205.00. This is not a bid irregularity.

**Florida Design Drilling Corporation**

1. No bid irregularities noted.

**A.C. Schultes of Florida, Inc.**

1. No bid irregularities noted.

David,

Please be aware the upon review of the bid tabulation there seems to be a \$45.00 error in your bid tabulation. The bid price per your firm's bid is listed as \$1,469,250.00 and review of the bid tabulation shows that the bid price as calculated using the individual bid item total should be \$1,469,205.00 approximately \$45.00 less than your firm's bid. Please confirm if this reduction of \$45.00 in the bid price is acceptable to you and your firm.

Michael,

No one individual bid item was incorrectly reported. The Contractor appears to have transposed the last 2 digits (highlighted yellow) in the total base bid price. When we add all the bid items together the sum is Instead of \$1,469,205.00, instead the Contractor wrote in their bid \$1,469,250.00.

Cheers,  
Craig
