Department: Water Utilities Department

I. EXECUTIVE BRIEF

**Motion and Title:** Staff recommends motion to approve: a Contract with Kirlin Florida, LLC., for the TR08 Southern Region Water Reclamation Facility (SRWRF) Headworks Screenings and Effluent Pumping Improvements Project (Project) in the amount of \$7,046,000.

**Summary:** On June 21, 2017 three (3) bids were received for the Project to construct improvements to the screenings and grit systems at the Pre-Treatment Building and at the effluent pump station located at the SRWRF. Kirlin Florida, LLC., was found to be the lowest responsive, responsible bidder in the amount of \$7,046,000. With the recent surge in the use of disposal sanitary wipes, the risks of equipment failure due to equipment fouling has increased substantially. The improvements at SRWRF will improve operational efficiency by protecting equipment from fouling by increasing the removal efficiency rags and refuse and replacing aging infrastructure that is reaching the end of its serviceable life. The Small Business Enterprise (SBE) participation goal established by the SBE Ordinance is 15% overall. The Contract with Kirlin Florida, LLC., provides for SBE participation of 26% overall. Kirlin Florida, LCC., is a Palm Beach County company. The Project is in the FY17 Capital Improvement Plan adopted by the Board of County Commissioners. (WUD Project No. 15-095) District 05 (MJ)

**Background and Justification:** Increasing the removal/capture efficiency of the screening process reduces the volume of rags and trash passing into sensitive downstream processes and equipment thus reducing the potential for clogging and premature failure of equipment. The Project involves installing new screens within the Pre-treatment Building. To accommodate the higher volume of refuse captured by the new screens, improvements to the screenings handling and disposal systems (such as screenings washer/compactors, screenings conveyance, and truck trailer loading modifications) are required. The Project also includes the replacement of the remaining original effluent transfer pump with a new pump and variable frequency drive to match the other effluent transfer pumps and replacement of the aging grit classifiers that are reaching the end of their serviceable life.

Project No. WUD 15-095

JUL28 17 11:05AM

The bid opening for the above referenced project was held on Wednesday, June 21, 2017. Proposals were received from three (3) contractors. The complete Bid Tabulation is attached. The Engineer's opinion of probable construction cost was \$7,532,000.00. The low bidder is Kirlin Florida, LLC., with a construction cost of \$7,046,00.00 for the bid.

An evaluation of the low bid by Kirlin Florida, LLC., is as follows:

1. The first low bidder, Kirlin Florida, LLC., provided properly executed Bid Forms in the Contract Documents.
2. Bid security equal to 5% of the total base bid was enclosed with the bid.
3. Small Business Enterprise-Women/Minority Business Enterprise (SBE-W/MBE) Schedules #1 and #2 were properly completed by Kirlin Florida, LLC. Kirlin Florida, LLC., has met the 15% SBE goal established under the SBE Ordinance. The Compliance Review completed by the Office of Small Business Assistance (OSBA) states that Kirlin Florida, LLC., has met the SBE goal with 15% SBE participation for this project (See attached review letter from the OSBA dated July 7, 2017).
4. The County Attorney (CAO) has reviewed the bid and Bid Review Comments for the three (3) bids. For Kirlin Florida, LLC., no irregularities were identified. (See attached Bid Review Comments and email from CAO's Michael Jones dated July 10, 2017).

JUL21 17 10:28AM

5. Two (2) addenda were issued for this project. Kirlin Florida, LCC., acknowledged addendum No.1 and No.2.
6. Kirlin Florida, LCC., holds valid contractor and occupational licenses. At the time of the bid submittal, Kirlin Florida, LCC., had a valid Palm Beach County business tax receipt (See attached Palm Beach County Tax Collector receipt.).
7. The first low bidder, Kirlin Florida, LLC., holds a principal place of business in Palm Beach County. The contractor holds valid state general contractor licenses (See Attachment No.5 for license information).

Contract award is recommended to the lowest responsible, responsive bidder, Kirlin Florida, LLC., in the amount not to exceed \$7,046,000.00 for the bid, subject to formal approval by the PBC Board of County Commissioners. A copy of this notice has been emailed to all bidders and posted at the bid opening location and will be left there for a minimum of five (5) business days.

**Project**

The three (3) bids received for the TR08 SRWRF Headworks Screenings and Effluent Pumping Improvements project have been reviewed. The following is a summary of errors, omissions or irregularities found in the bids.

**Kirlin Florida LLC**

1. No bid irregularities noted.

**Florida Design Contractors, Inc.**

1. No bid irregularities noted.

**Wharton-Smith , Inc.**

1. OSBA compliance review found that the OSBA Schedule 1 submitted with the bid did not include Dennis j Leavy and Associates, Inc., however an OSBA Schedule 2 was provided for Dennis j Leavy and Associates, Inc. Dennis j Leavy and Associates, Inc., is a registered SBE in Palm Beach County. WUD considers this a minor irregularity.

The two low bidders had no errors or omissions per the Bid Review Comments so no issue with posting to the low bidder. I'm a little confused as to the comment re: Wharton Smith that WUD considers this a minor irregularity. OSBA either gave credit for Dennis J. Leavy or did not, it isn't really an irregularity as it just effects their SBE percentage (it isn't an issue which would cause them to be disqualified.)

## DESIGNATED CONSTRUCTION PROJECT(S) GENERAL AGGREGATE LIMIT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

### SCHEDULE

**Designated Construction Project(s):** Each "project" for which you have agreed, in a written contract which is in effect during this policy period, to provide a separate general aggregate limit; provided that, the contract is signed and executed prior to any loss for which coverage is sought.

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

- A. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section I – Coverage A, and for all medical expenses caused by accidents under Section I – Coverage C, which can be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
1. A separate Designated Construction Project General Aggregate Limit applies to each designated construction project, and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.
  2. The Designated Construction Project General Aggregate Limit is the most we will pay for the sum of all damages under Coverage A, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard", and for medical expenses under Coverage C regardless of the number of:
    - a. Insureds;
    - b. Claims made or "suits" brought; or
    - c. Persons or organizations making claims or bringing "suits".
  3. Any payments made under Coverage A for damages or under Coverage C for medical expenses shall reduce the Designated Construction Project General Aggregate Limit for that designated construction project. Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Designated Construction Project General Aggregate Limit for any other designated construction project shown in the Schedule above.
  4. The limits shown in the Declarations for Each Occurrence, Damage To Premises Rented To You and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Designated Construction Project General Aggregate Limit.

B. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section I – Coverage A, and for all medical expenses caused by accidents under Section I – Coverage C, which cannot be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:

1. Any payments made under Coverage A for damages or under Coverage C for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-completed Operations Aggregate Limit, whichever is applicable; and
2. Such payments shall not reduce any Designated Construction Project General Aggregate Limit.

C. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payments for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Designated Construction Project General Aggregate Limit.

D. If the applicable designated construction project has been abandoned, delayed, or abandoned and then restarted, or if the authorized contracting parties deviate from plans, blueprints, designs, specifications or timetables, the project will still be deemed to be the same construction project.

E. The provisions of Section III – Limits Of Insurance not otherwise modified by this endorsement shall continue to apply as stipulated.
