REVISED SUMMARY: Approving the second amendment will update the language of the termination section, criminal history records check section, commercial non-discrimination section, and scrutinized companies section. This solicitation for annual design professionals was advertised on November 13, 2016 and November 20, 2016, according to the SBE Ordinance in place at the time, with final selection taking place on February 16, 2017. The prime consultant is a certified MWBE utilizing two subconsultants that are SBE/MWBE. This consultant agreed to provide 16% SBE participation and 0% M/WBE participation. This Annual Intersection Improvements contract is scheduled for renewal by June 19, 2019, and will have the new EBO Ordinance added at that time, to be compliant with current county requirements. Approval of this task order will provide the professional engineering services necessary for the preparation of design plans and construction bid documents for the Project. The Project will provide an additional westbound and eastbound through lane on the west side of the intersection in addition to milling and resurfacing. The Small Business Enterprise (SBE) goal for all contracts is 15%. BPA committed to 16% SBE participation for the Contract. BPA proposes 21.65% SBE participation for this task order, and the overall SBE participation for this Contract is 29.45% and 78.34% MWBE (H). BPA is a Miami based company with an office located in Palm Beach County.

DELETED FOR FURTHER STAFF REVIEW (ERM)

REVISED MOTION: Staff recommends motion to adopt: a resolution of the Board of County Commissioners of Palm Beach County, Florida, approving the signing and submission of the Section 5310 grant application, supporting documents and assurances, total project cost of $1,218,851 for capital assistance under grants for the enhanced mobility of seniors and individuals with disabilities CFDA 20.513, as administered by the Florida Department of Transportation (FDOT); establishing an effective date, and designating and authorizing Palm Tran’s Executive Director to sign the application, accept a grant award, purchase vehicles/equipment and/or expend grant funds pursuant to a grant award, unless specifically rescinded. (Palm Tran)
ADD-ON: Staff recommends motion to approve: A) the creation of two temporary positions within the Department of Housing and Economic Sustainability (DHES) to intake, process, underwrite and close homebuyer files through the Workforce Housing Program (WHP), B) a budget transfer of $100,000 from the General Fund Contingency Reserves; and C) a budget amendment of $100,000 to the Economic Development Fund to recognize and appropriate the transfer of funds from the General Fund Contingency Reserves.

SUMMARY: County Administration is requesting the approval of contingency funding in an amount not to exceed $100,000 to retain dedicated staff in DHES to work on the WHP initiative, which is very labor intensive. DHES undertook implementation of the WHP for-sale component with its existing staff in August 2017. As this was a new initiative, the first major tasks included developing the WHP operating procedures, marketing tools, program guidelines, application intake regulations and closing processes. DHES developed the operating infrastructure in collaboration with Planning and County Attorney staff, the then two participating WHP developers and their preferred lenders. In March of 2018, DHES kicked off its mandatory WHP orientation sessions for potential buyers and, to date, have conducted 18 such sessions at various locations. Approximately 389 prospective buyers have gone through the orientation sessions and been certified to move through the developer-lender qualifying processes. Thirty-seven of the certified applicants have been subsequently income certified to purchase a WHP unit. Of which, 14 of those individuals have closed on homes. DHES is now in the process of holding its first WHP housing tour, which is scheduled for Saturday, January 26th at Silverwood Estates Townhomes. Given the intensity of the WHP program and the defined time frames by which the units must be sold at the WHP price points, DHES existing staff has been strained with balancing its implementation with their regular workload of administering state and federal program initiatives. Therefore, there is a pressing need to hire dedicated staff to perform WHP functions and to relieve the existing staff to return to performing their regular assignments. Staff envisions hiring two employees on either a part time or full time basis as needed. The ongoing need for the positions will be evaluated and addressed for further consideration in the proposed FY2019-2020 budget process. Staff is requesting the Board’s approval. Representatives must be employed in the private sector and reside in the County in which they represent. Even though this is an at-large appointment, historically, staff has requested nominations for the Authority from the District 4 Commissioner, and Commissioner Weinroth has nominated Frederick Yentz. The current diversity of the two Palm Beach County representatives is two Caucasian males. Mr. Yentz is a Caucasian male. Countywide (HH) (Admin)

(Wynn & Sons), to extend the expiration date from January 22, 2019 to July 22, 2019. **SUMMARY:** Approval of this second amendment will extend the expiration date from January 22, 2019 to July 22, 2019. The Palm Beach County Small Business Enterprise (SBE) goal for all contracts is 15%. Wynn & Sons’ overall contract SBE goal is 80%. To date, tasks in the amount of $3,708,663 have been authorized. As an SBE, the majority of Wynn & Sons’ work is self-performed. This is the first six month extension of an allowable 24 month extension under this contract. After the 24 months extension, the contract will need to be resolicited. This six month contract extension, from January 22, 2019 to July 22, 2019, is less than the one year extension which is normally approved for annual contracts, but will provide staff with sufficient time to amend the contract to incorporate the requirements of the new Equal Business Opportunity Ordinance. **Countywide** (LBH)

8. **Staff recommends motion to approve:** the third amendment (Amendment) to Airport Ground Transportation Concession Agreement (Agreement) (R2015-0776) with SE Florida Transportation, LLC (SEFT), a Florida limited liability company, providing for reduction in concession fees to the greater of a minimum annual guarantee (MAG) of $210,000 or a per capita charge of $0.065 per deplaned/arriving passenger. **SUMMARY:** SEFT provides on-demand taxi, sedan and shared-ride services to passengers at the Palm Beach International Airport (PBI). The number of deplaned passengers at PBI has increased, but the number of ground transportation trips continues to decline due in large part to the increased use of transportation network company (TNC) services. Due to the declining number of non-TNC trips at PBI, drivers for both SEFT, and its Airport Concession Disadvantaged Business Enterprise partner, Imperial Transportation, P.B.C., Inc. (Imperial), have requested reductions in the weekly fees the drivers pay to the companies for use of vehicles, dispatch services, equipment and other related costs. The Amendment provides for a reduction in the per capita charge from $0.08 to $0.065. The MAG is reduced to $210,000 from $240,000; however, it is anticipated that the per capita charge will exceed the MAG. Based on an estimated 3.3 million deplanements, the reduction in per capita charge is anticipated to be approximately $50,000 per year to the County, which SEFT and Imperial have agreed to pass-thru directly to the drivers in the form of reduced fees. SEFT has also agreed to a permanent reduction in driver fees from July through September of each year at a cost to SEFT of approximately $60,000 per year in order to further mitigate the reduced number of ground transportation trips during the slower summer months. Drivers for SEFT will receive an average reduction of approximately $1,300 per year, and drivers for Imperial will receive an average reduction of $520 per year. Actual reductions will vary based on the mode of transportation provided and the number of weeks services are provided by individual drivers. Increased TNC trip volume is anticipated to mitigate revenue declines caused by this Amendment. **Countywide (AH)**

**SUMMARY:** Under the Agreement (R2010-1109), Signature leases facilities at the North County General Aviation Airport (F45) and the Palm Beach County Glades Airport (PHK).    **SUMMARY:** The Palm Beach County Local Mitigation Strategy (LMS) Working Group approved and prioritized this hazard mitigation project funding. The total estimated project cost is $1,136,265, with $1,035,672 being eligible for inclusion in the HMGP application. Of that eligible amount, $776,754 (75%) would come from the HMGP award and the remaining $258,918 (25%) would be required as a County match. The purpose of the project is to replace skylights that were installed at the time of original construction in 1995, and that failed to prevent water intrusion during Hurricane Irma in 2017, with a permanent hardened roof solution to preclude a repeat occurrence, protect the facility against damage, and preserve continuity of operations. The County's share will come from existing funds within the Public Building Improvement Fund (Ad Valorem). **(FDO Admin) District 7 (LDC)**

5. **Staff recommends motion to approve:** Amendment No. 1 with Cedars Electro-Mechanical, Inc. (R2018-1776) to extend the term from January 13, 2019 through January 12, 2020 for the annual contract for heating, ventilation and air conditioning (HVAC) services on a continuing contract basis. **SUMMARY:** Amendment No. 1 extends the term of Cedars contract for HVAC services for one year through January 12, 2020. The Board approved the annual contract on January 13, 2015, and the original contract provided for an initial term of one year with four renewal options each for a period of one year. This is the last renewal for this contract. The work consists of HVAC services associated with repairs, improvements and renovations to County properties. Work is to be awarded as work orders on a lump sum, competitively quoted basis among the pool of six pre-qualified contractors. During the first four years of these contracts, the County awarded $4,964,534 in work orders. The annual HVAC contract is for indefinite-quantity contracts with a maximum cumulative value of $8,500,000 for the term. Current cumulative SBE participation for all work orders to date and among all six contractors is 72.46%. Cedars Electro-Mechanical, Inc. is a SBE, Palm Beach County business. Cedars has received a letter advising that the EBO Ordinance became effective on January 1, 2019 and all quotes/bids solicited after January 1, 2019 must comply with its requirements. 6. **Staff recommends motion to approve:** Amendment No. 2 to five annual contracts extending the term for one year for the period of January 19, 2019 through January 18, 2020 for asbestos consulting services on a continuing contract basis.

A) Airquest Environmental, Inc. (R2017-0412), Non-SBE/Local, 0% SBE participation to date;

B) ECO Advisors, LLC. (R2017-0413), SBE/Local, 88.4% SBE participation to date;

C) Gaudet Associates, Inc. (R2017-0414), SBE/Local 71.2% SBE participation to date;

D) GLE Associates, Inc. (R2017-0415), Non-SBE/Non-Local, 0% SBE participation to date; and

E) Professional Service Industries, Inc. (R2017-0417), Non-SBE/Local, 0% SBE participation to date.

**SUMMARY:** In January, 2016, the School District of Palm Beach County performed selection in accordance with the Consultants Competitive Negotiation Act, to provide asbestos consulting services. The County piggybacked on the School District’s contracts, as it was more efficient than the County performing its own selection. The School District’s contracts provided an initial term of two years, with three renewals options each for a period of one year. Amendment No. 2 extends the term of the contract services during the second renewal period for one year from January 19, 2019 through January 18, 2020 based on the past limited need for consultants with this expertise. Since 2016, the County has awarded $350,037 in work among all consultants. Due to the projected ongoing need for these services and the availability of SBE owned firms, staff is going to proceed with a County solicitation pursuant to the EBO Ordinance. When the new contracts are awarded these will be terminated. The cumulative SBE participation for all work orders to date is 32.8%. (Capital Improvements Division) Countywide (LDC)

3. Staff recommends motion to accept: a non-standard Utility Easement (Easement) granted by Congress Avenue Properties, LTD., to the County on properties located within Blackbird Subdivision, Parcel 4 and Innovation Subdivision, Parcel 1. SUMMARY: The proposed Easement is required at five separate locations over lands where the Water Utilities Department (WUD) owned utilities are proposed to be installed. The Easement will provide WUD staff access to the property for operation and maintenance purposes. Congress Avenue Properties, LTD., has requested modifications to the standard utility easement language that require approval by the Board of County Commissioners. The changes include the insertion of two additional paragraphs that state: (1) Grantor reserves the right to use the easement areas for purposes that do not necessarily interfere with Grantee’s use of the premises; and (2) Grantor reserves the right to require the Grantee to relocate the easements at Grantor’s expense. The process and responsibilities of each of the parties in relocating any portion of easement and the underlying utilities are also detailed within the Easement. (WUD Project 16-544) District 1 (MJ)

4. Staff recommends motion to approve: a Subordination of Utility Interests to the State of Florida Department of Transportation (FDOT). SUMMARY: On April 11, 2006, a utility easement for public utility facilities associated with the extension of the wastewater force main along Atlantic Avenue was granted to the County by the then Property Owner. The utility easement was recorded in the Official Records of Palm Beach County, ORB 20294, Page 438. The FDOT has an interest in a portion of this utility easement that has been determined to be necessary for highway purposes. The proposed use of these lands for highway purposes will require subordination of the interest claimed in such lands by the County to FDOT. FDOT has committed to pay to have the County’s facilities relocated in the future if necessary. The Water Utilities Department has determined that the subordination of utility interests will not affect any existing public utility facilities and therefore recommends the subordination. 1. Staff recommends motion to approve: annual contracts with the below listed construction vendors, for Palm Beach County Artificial Reef and Breakwater Annual Contract, Project No. 2018ERM03 for a period of two years:

   A) Coston Marine Services, Inc. (Contractor A) not to exceed $1,500,795; and

   B) McCulley Marine Services, Inc. (Contractor B) not to exceed $1,478,743.

   SUMMARY: These construction contracts are being established to construct artificial reefs in the Atlantic Ocean and inshore marine restoration projects. The County will authorize projects by contract work orders, when needed and adequately funded. Two bids were received. The Department of Environmental Resources Management recommends awarding the work to two contractors. This will provide redundancy and capacity for multiple, concurrent projects. The Small Business Enterprise (SBE) participation goal established by the SBE Ordinance (R2002-0064) is 15% overall. Contractor A, a Palm Beach County SBE, was the higher responsive, responsible bidder. Since it had 20% SBE participation and fell inside the range for the ranking of responsive bidder consideration, Contractor A was ranked lowest responsive bidder. Contractor B, a St. Lucie County company, was the next lowest responsive, responsible bidder with no SBE participation. The initial contract term is two years, which may be extended for an additional one year upon approval by the Board of County Commissioners. Countywide (DC)

1. **Staff recommends motion to:**

   A) **approve** a budget transfer of $15,952 within the $50 Million GO Waterfront Access Bond from the Burt Reynolds Park West Side Expansion project to the Okeeheelee Park Ski Lake Dock Replacement project; and

   B) **approve** a budget transfer of $165,135 within the $50 Million GO Waterfront Access Bond from Reserves to the Okeeheelee Park Ski Lake Dock Replacement project.

**SUMMARY:** Five competition ski lakes and associated service structures were constructed within Okeeheelee Park by the Department in the early 1980’s. The existing dock structures are utilized primarily by the public and the members of the Ski Club of the Palm Beaches for activities associated with water skiing. Heavy use over the years coupled with a marine environment has caused the structures to deteriorate to a point where replacement of the entire dock system is necessary. On May 1, 2018, (Budget Transfer 18-0601), $350,000 was transferred from the Park Improvement Fund to establish budget for the Okeeheelee Park Ski Lake Dock Replacement project to replace the wood/composite docks with new aluminum floating docks. The estimate to complete this project is $398,713 and this transfer will be adequate to fully fund the project and any unanticipated change orders or project modifications. Funding for this budget transfer is from the $50 Million GO Waterfront Access Bond fund and will exhaust the Bond reserves. **District 2 (AH)**

2. Staff recommends motion to approve:

   A) an amendment to the Infrastructure Surtax (IST) Project Plan approved by the Board of County Commissioners on April 4, 2017; and

   B) a budget transfer of $285,000 within the IST Fund to transfer $269,044 within the IST Fund and $15,956 from IST Department Reserves to fund the West Boynton Parking Lot Light Replacement Project.

   SUMMARY: The purpose of this transfer is to address an immediate maintenance need for an IST project that was identified for funding in a future year. The replacement of parking lot lighting at West Boynton Park and Community Center is scheduled to be funded in FY 2022 in the amount of $285,000 through IST proceeds. These lights are failing more rapidly than anticipated and, if they become non-functional, would potentially pose a safety hazard to those utilizing the parking area given the reduction in illumination. The Parks and Recreation Department wishes to advance this project to FY 2019 so these potential safety issues can be addressed before additional failures. Conversely, the need to replace the racquetball courts at Haverhill Park has been diminished as a result of temporary repairs completed by the Parks and Recreation Department and can be delayed until FY 2022. This project was originally funded for $270,000 ($269,044) in FY 2018. Funds are available in the Parks Department IST Reserve to make up the $15,956 difference. The Sales Tax Oversight Committee reviewed this request at their November 15, 2018 meeting and approved it unanimously. This project is funded through the infrastructure sales tax. Countywide (AH)

The Criminal Justice Commission (CJC) approved recommendations made by the CJC’s Finance Committee to allocate these funds to the existing Palm Beach County Reentry Program. The JAG funds were held nationwide until June 26, 2018 due to a federal lawsuit. This award will retroactively compensate the County for the program expenditures during County FY18 and continue into FY19 until the funds are expended. The program provides transitional services to juveniles and adults reentering society from jail and prison. A competitive Request for Applications (RFA) was distributed and multiple agencies responded. Gulfstream Goodwill Industries, Inc., the City of Riviera Beach and The Lord’s Place, Inc., were selected as providers based on contracting, eligibility, project scope, budget, experience, administration/ organizational capacity and references. SUMMARY: Palm Beach County was awarded $2,000,000 from the John D. and Catherine T. MacArthur Foundation (the Foundation) on October 2, 2017 as an implementation site in the Foundation’s Safety and Justice Challenge (SJC). The goal of the SJC is to safely reduce Palm Beach County’s jail population of 2,210 by 16.7% by September 30, 2019 through five main and two supportive strategies which have been identified and are being implemented by our SJC Core Team of stakeholders. In 2016, 14% (3,528 defendants) of jail admissions were for FTA. Court reminder systems have proven very successful in other jurisdictions across the nation in reducing FTA’s by as much as 50%. This reminder system will be in addition to the existing Clerk’s Office paper notification process and will be done through text messages upon the defendant’s enrollment by signing a consent form required by the Federal Communications Commission. The vehicles being replaced were purchased in 2015 with Public Improvement Revenue Bond funds and have reached their end of life. D. OFFICE OF FINANCIAL MANAGEMENT AND BUDGET

1. Staff recommends motion to:

   A) adopt an ordinance of the Board of County Commissioners of Palm Beach County, Florida, amending the Palm Beach County Unified Land Development Code, Ordinance 2003-70, as amended, by amending Article 13, concerning countywide impact fee amount and certain benefit zones, as follows: Chapter B – County District, Regional, and Beach Parks Impact Fee; Chapter C – Fire-Rescue Impact Fee; Chapter D – Library Impact Fee; Chapter E – Law Enforcement Impact Fee; Chapter F – Public Buildings Impact Fee; Chapter G – School Impact Fee; Chapter H – Road Impact Fee; providing for repeal of laws in conflict; providing for inclusion in the Unified Land Development Code; providing for an effective date; and

   B) receive and file an Impact Fee Review Committee Report to the Board of County Commissioners.

   **SUMMARY:** At the Commission meeting on December 4, 2018, the BCC approved a motion to advertise a public hearing on proposed impact fee increases and adjustments. The approval provided for advertisement of proposed increases and adjustments to all of the fees to the full amount allowed under the ordinance with the exception of school impact fees and road impact fees for general office. Increases for these two components would be phased in over a two-year period beginning April 1, 2019 and April 1, 2020. The BCC also directed staff to meet with various construction and development industry representatives to discuss and consider a counterproposal to phase in all fees over a two-year period. Staff met with industry representatives December 19, 2018 and agreed to the counterproposal. For fees with increases, the compromise provides for half of the fee increase to take effect in 2019 and the remaining half to take effect one year later in 2020. The impact fee update also includes proposed revisions and adjustments to the roads, schools and park impact fee benefit zones. Fees were last increased June 14, 2014. Countywide (LB)

5. REGULAR AGENDA

A. ADMINISTRATION

1. **Staff recommends motion to authorize:** the County Administrator to pre-register Palm Beach County in the “SolarTogether” program offered by Florida Power & Light Company (FPL), no later than January 25, 2019, providing for the County’s intent to subscribe for the maximum allocation deemed appropriate by the County Administrator to secure solar-generated electric power via universal solar capacity built by FPL specifically for this program. **SUMMARY:** FPL recently announced its “SolarTogether” shared solar program. Large energy users are invited to subscribe to FPL’s program and share in the benefits of off-site solar energy production. This program will further establish Palm Beach County’s commitment to sustainability and climate resilience by helping the County reduce its annual greenhouse gas emissions while lowering its energy costs. Participants will receive solar energy credits at a rate that increases annually in exchange for a fixed-rate subscription fee based on the participant’s subscription share. The greater the subscription share, the greater the subscription credit. Program steps are as follows:

1) Interested customers pre-register by January 25, 2019, with their desired subscription level (up to 100% of the customer’s FPL electricity demand).

2) FPL enrolls pre-registered participants on a first-come, first-served basis up to the designed solar capacity.

3) FPL builds the SolarTogether off-site systems, expected to be complete in 2020.

4) Once the solar system is complete, participants receive a monthly solar credit that increases annually in exchange for a monthly subscription fee.

5) Eventually, the subscription credit exceeds the subscription cost, expected to be between Year 3 and Year 5 of program participation.

The cost to participate is based on a monthly subscription charge of $6.76 per kW. The monthly subscription credit is $.0308 per kWh attributed to the customer, which is based on subscription share and solar energy produced. The credit will increase each year by 1.45%. FPL estimates participants will get a net bill reduction between three to five years and a simple payback of five to seven years. Program demand will likely exceed capacity, as other South Florida counties have already signed up to participate. The Office of Resilience is helping to facilitate participation of FPL’s SolarTogether program across County departments to catalyze sustainability efforts. PBCWUD would like to subscribe to an annual minimum of 1,000 kW (or 1 MW) of solar-generated electric power through FPL’s SolarTogether program, which is a 83.3 kW monthly subscription share. Funding is available in PBCWUD’s anticipated FY2020 and ongoing budget to support the additional $6,760 annual cost. Other County departments with FPL electricity accounts might ask to join the program as well. **Countywide** (RPB)

3. **Staff recommends motion to approve:** an Interlocal Agreement with the Health Care District of Palm Beach County and the Palm Beach County Board of County Commissioners, relating to the Addiction Stabilization Center (ASC), for the period January 15, 2019 through January 14, 2020, in an amount not to exceed $1,000,000, for the purpose of providing a revenue guarantee for the establishment of the ASC facility.  
   **SUMMARY:** On February 6, 2018, the Board approved the concept of an ASC with an Emergency Room component, and authorized staff to work with the Healthcare District and other community partners in order to find an appropriate location for the facility and ensure its establishment in the County. This followed an unsuccessful attempt to locate the ASC at the County’s “Stockade” facility, due to licensing regulations in accordance with Florida’s Agency for Health Care Administration (ACHA) and non-practical renovations that would have been required. The ASC will provide an exemplary model that will help address the critical and immediate need for the care of individuals affected by opioids or other addictive substances. It will provide a central location with an emergency room component that will allow for lifesaving overdose intervention and a behavioral health component, which will include immediate psychiatric identification of the best treatment to assist patients in addressing their addiction moving forward. The Health Care District will also open an additional Medicine Assisted Treatment outpatient clinic, which will be co-located on the property. **Countywide (HH)**

4. **Staff recommends motion to approve:** A) the creation of two temporary positions within the Department of Housing and Economic Sustainability (DHES) to intake, process, underwrite and close homebuyer files through the Workforce Housing Program (WHP), B) a budget transfer of $100,000 from the General Fund Contingency Reserves; and C) a budget amendment of $100,000 to the Economic Development Fund to provide a revenue guarantee for the establishment of the ASC facility.  
   **SUMMARY:** Staff is requesting the approval of contingency funding in an amount not to exceed $100,000 to retain dedicated staff in DHES to work on the WHP initiative, which is very labor intensive. DHES undertook implementation of the WHP for-sale component with its existing staff in August 2017. As this was a new initiative, the first major tasks included developing the WHP operating procedures, marketing tools, program guidelines, application intake regulations and closing processes. DHES developed the operating infrastructure in collaboration with Planning and County Attorney staff, the then two participating WHP developers and their preferred lenders. In March of 2018, DHES kicked off its mandatory WHP orientation sessions for potential buyers and, to date, have conducted 18 such sessions at various locations. Approximately 389 prospective buyers have gone through the orientation sessions and been certified to move through the developer-lender qualifying processes. Thirty-seven of the certified applicants have been subsequently income certified to purchase a WHP unit. Of which, 14 of those individuals have closed on homes. DHES is now in the process of holding its first WHP housing tour, which is scheduled for Saturday, January 26th at Silverwood Estates Townhomes. Given the intensity of the WHP program and the defined time frames by which the units must be sold at the WHP price points, DHES existing staff has been strained with balancing its implementation with their regular workload of administering state and federal program initiatives. Therefore, there is a pressing need to hire dedicated staff to perform WHP functions and to relieve the existing staff to return to performing their regular assignments. Staff envisions hiring two employees on either a part time or full time basis as needed. The ongoing need for the positions will be evaluated and addressed for further consideration in the proposed FY2019-2020 budget process. Staff is requesting the Board’s approval. **Countywide (JB)**

   **Summary:** On October 3, 1985, the Board of County Commissioners (BCC) adopted Ordinance No. 85-39, which created the Florida Atlantic Research & Development Authority. The Authority is comprised of seven members: three Palm Beach County representatives, three Broward County representatives and the President of Florida Atlantic University or designee. Representatives must be employed in the private sector and reside in the County in which they represent. Even though this is an at-large appointment, historically, staff has requested nominations for the Authority from the District 4 Commissioner, and Commissioner Weinroth has nominated Frederick Yentz. The current diversity of the two Palm Beach County representatives is: two Caucasian males. Mr. Yentz is a Caucasian male. **Countywide (HH)**
Staff recommends motion to:

A) adopt a resolution authorizing a nine month extension of the term of the Governmental Center Lease Agreement with LJL Food Management, Inc., a Florida Corporation, d/b/a Tina’s Café;

B) approve a sixth amendment to the Governmental Center Lease Agreement with Tina’s Café’s (R2002-0829); and

C) direct staff to conduct a new Request for Proposal (RFP) for food service operations at the Robert Weisman Palm Beach County Governmental Center.

SUMMARY: LJL Food Management, Inc., d/b/a Tina’s Café, has been the food service provider operating in the Governmental Center Parking Garage since 2005. The current Lease Agreement with Tina’s Café will expire on January 31, 2019. On October 16, 2018, (Agenda Item 5D-4) the Board did not support staff’s recommendation to allow the lease to expire and convert the space for use by County Departments. The Board indicated that a full service restaurant is an important amenity for the Governmental Center. The Board requested that Tina’s provide more detailed information on its capital expenditures to assist the Board in deciding whether to extend the Lease with Tina’s or issue a new RFP. On November 13, 2018, Tina’s responded with the letter attached to this agenda item as Attachment 2 which included a petition of support for extending the Lease with Tina’s and identified expenses of approximately $20,000 to bring a Fire Suppression system up to code, and cited various other maintenance expenses of $10,000 without providing any supporting documentation. Staff reviewed Tina’s claimed expenses against our records. On January 6, 2012 and again on February 25, 2015 Tina’s was cited by West Palm Beach Fire Department for continued code violations associated with its fire suppression system. According to building permits, the cost to cure these violations was $4,849. Annual financial statements which Tina’s is required to provide identify annual repairs and maintenance expenditures of $7,187 in 2017, $6,432 in 2016, $12,140, in 2015 and $6,835 in 2014. Staff recommends that the County conduct an open and competitive RFP process for selection of a food service vendor. Typically the County promotes periodic rebidding of County service contracts to provide opportunities to new vendors to compete for County contracts. This vendor has been in place for 13 years. Additionally, there is a long history of Tina’s defaulting on payment of rent (even after rental reductions) and otherwise failing to comply with its obligations under the lease. Currently, Tina’s is late paying rent for December and is required to pay $6,917 of deferred rent on January 1, 2019. Conducting a new competitive RFP will identify whether other vendors could provide better meal selection, service and pricing, and would also ensure that the rental rate is competitive. 2. **Staff recommends motion to approve:** a Concessionaire Lease Agreement with Rick Macci Academy, Inc. d/b/a Rick Macci Tennis Academy, a Florida corporation, for the operation of a tennis, racquetball and pro shop concession at Burt Aaronson South County Regional Park for $18,000/year ($1,500/month) for the period of January 15, 2019 through January 14, 2039. **SUMMARY:** The Parks and Recreation Department desires to continue to provide tennis and racquetball services at Burt Aaronson South County Regional Park through a concession operation. The current Concessionaire Service Agreement (R2014-1635) expired on October 31, 2018, but has been extended on a month to month basis until this new Concessionaire Lease Agreement is finalized (R2018-1684). A Request For Proposals (RFP) was issued in May 2018. Proposals were received from Rick Macci Academy, Inc., Rodriguez & Partners, LLC and W Boca Raton Tennis Academy, LLC. A Selection Committee reviewed the proposals and ranked Rick Macci Academy, Inc. the highest. The guaranteed annual rent is $18,000/year ($1,500/month), with annual 2% increases. Rick Macci Academy, Inc. has proposed making $2,581,000 in capital improvements which includes clear span structures, additional courts, landscaping, improvements to the existing pro shop, and a 4,300 sf building for a fitness center, tennis museum, snack/ juice bar lounge, and pro shop. The term of the Concessionaire Lease Agreement is for 20 years, with no options to extend. Rick Macci Academy, Inc. has posted a $2,500 security deposit. The Parks and Recreation Department will manage and administer the Concessionaire Lease Agreement. Pursuant to the extension to the term of the Concessionaire Service Agreement, dated October 16, 2018 (R2018-1684), with Tennis Insights, Inc., a 15 day notice to terminate the existing Concessionaire Service Agreement, effective January 15, 2019, was sent by the Parks and Recreation Department. 1. **Staff recommends motion to adopt:** a resolution of the Board of County Commissioners, Palm Beach County, Florida repealing and replacing Resolution No. R2014-1097; Expanding the uses of Victims of Crime Emergency Support Fund. **SUMMARY:** Palm Beach County Victims of Crime Emergency Support Fund (the Victim Fund), is funded by private donations, lawfully mandated fines and penalties and revenue received from a DUI Diversion Program operated by the Office of the State Attorney. The purpose of the fund is for providing emergency financial assistance to victims of crime, surviving family members and their families, staff training and development and awareness/recognition events. The fund currently has a balance of $543,866 and increases by approximately $100,000 each year. Additionally, the average amount expended per fiscal year is $25,000 due to limitations set forth in the current resolution. It is being requested to expand the use of the Victim Fund per fiscal year as follows: 1) Increase funds from $0 to $40,000 to support a Violent Crimes Rape Crisis Helpline that is answered by trained counselors on a 24-hour basis to provide active listening and supportive counseling to victims of violent crime who are in crisis. A grant previously funded a portion of the Helpline; however that grant no longer allocates funding for the Helpline; 2) Increase funds from $5,000 to $40,000 for professional development to allow additional staff to attend conferences and trainings to maintain certifications that are a requirement of their job and to purchase educational and training equipment/materials and to purchase equipment and supplies for use at the sexual assault forensic exam site(s); and 3) Increase funds from $5,000 to $15,000, for events/awareness to allow for advertising through bus shelters, billboards, radio spots and public service announcements to promote services for victims of violent crime. Issuing of ID badges began in April of 2016, with nearly 11,000 applications processed. Over the course of administering the ordinance and with input from the Criminal Justice Commission Elder Abuse Prevention Task Force, several areas were identified that require revision to improve the efficacy of the ordinance. Highlighted revisions include the following: 1) prohibiting the advertisement of caregiver services without a valid Home Caregiver ID badge, 2) defining certain terms: Home Care Business, Partner, and Home Caregiver ID badge, 3) extending exemptions to court appointed guardians and persons working under the direction and control of specified Florida Agency for Health Care Administration (ACHA) licensed facilities, 4) including clerk/court staff, Florida Department of Children and Families, and Florida Department of Elder Affairs as personnel authorized to inspect the license, 5) adding language for processing civil citations, 6) creating a requirement for Home Care Businesses to require each Home Caregiver to provide proof of a valid Home Caregiver ID badge prior to assignment, 7) creating a violation for a Home Care Business to provide or make available the services of Home Caregiver without having a Home Caregiver ID badge, 8) creating a violation for the failure of the agency, registry or provider to notify the Division within 15 days of the caregiver’s ineligibility, discontinuance from employment or placement, or leave of absence, 9) replacing the term “license” with “Home Caregiver ID badge”, and 10) adding a verification option for level two background checks using the Agency for Health Care Administration licensing database. The proposed revisions to the Home Caregiver Ordinance were presented to the League of Cities on November 28, 2018 with no objections and supported by the Criminal Justice Commission on December 17, 2018. **Countywide (LDC)**

SUMMARY: On August 14, 2018, the Board of County Commissioners (BCC) conceptually approved (R2018-1253) an economic development incentive for the Company totaling $45,000. This agreement discloses the name of the Company, MobileHelp, LLC, previously referred to as Project Mercury. The Company provides medical personal emergency response services. The Agreement requires a performance security in the form of either a clean, irrevocable Letter of Credit or Cash Bond equal to the full amount of the maximum incentive to be awarded to the Company. In addition, the Agreement states that in the event the Company fails to satisfy job creation requirements but fulfills all other applicable requirements, the Company shall forfeit a pro-rata share of the incentive amount due for the number of jobs created. If the Company's fulfillment of the job creation requirement falls below 80%, the County has the right, in its sole discretion to terminate the Agreement. On July 8, 2018, the Department of Housing and Economic Sustainability issued Request for Proposals HES.2018.1 (RFP) making $1,145,886 in HOME Program funds available for the creation of affordable rental housing through new construction or rehabilitation, with or without acquisition. A selection committee consisting of five voting members met at a public meeting held on September 26, 2018, and recommended that: a) IOP be awarded $572,943 (50%) of the funds for the rehabilitation of six of 129 units known as the Isles of Pahokee Phase II in Pahokee; b) Adopt-A-Family be awarded $343,765 (30%) for the new construction of four of 14 housing units known as Third Avenue Homes in Lake Worth; and c) Neighborhood Renaissance Inc. be awarded $229,178 (20%) of the funds for the construction of four of a 36 unit multi-family rental complex known as Mango Cove in unincorporated Palm Beach County. Staff is recommending the BCC awards the $1,145,886 among two of the projects as follows: $802,121 (70%) for IOP, as it was the highest ranked project by the selection committee and is located in the Glades region where there is a critical need for senior housing, and $343,765 (30%) to Adopt-A-Family. No funding is recommended for Mango Cove as in 2016, the project was fully funded in part with the use of program income from the sale of foreclosed homes NRI purchased and rehabilitated with a $12M Neighborhood Stabilization Program 2 allocation approved by the BCC in 2011. The BCC has the sole authority to modify, reject, or approve funding recommendations under the RFP. Agencies approved for the HOME allocations by the BCC would be provided the funds in the form of a repayable loan. The HOME funded units will be rented to households with incomes no greater than 80% of Area Median Income (AMI). To facilitate project implementation, staff requests authorization for the County Administrator, or designee, to execute the funding agreements and related documents. BCC approval of the staff recommendation is requested. These are Federal HOME Program grant funds which require a 25% local match provided by State SHIP funds, Districts 2, 3 & 6 (JB)

"If a person decides to appeal any decision made by this Commission with respect to any matter considered at this meeting or hearing, he will need a record of the proceedings, and that, for such purpose, he may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based."
