**Interlocal Agreement**

This Interlocal Agreement (“Agreement”) for information technology (“IT”) services is entered into this \_\_\_\_ day of \_\_\_\_\_, 2019, by and between City of Jacksonville (“LOCAL GOVERNMENT”) and Palm Beach County (“COUNTY”) a political subdivision of the State of Florida.

**WHEREAS**, Section 163.01, Florida Statutes, known as the “Florida Interlocal Cooperation Act of 1969,” authorizes local governments to make the most efficient use of their powers by enabling them to cooperate with other localities on a basis of mutual advantage and thereby to provide services and facilities that will harmonize geographic, economic, population and other factors influencing the needs and development of local communities; and

**WHEREAS**, Part I of Chapter 163, Florida Statutes, permits public agencies to enter into Agreements with each other to jointly exercise any power, privilege, or authority which such agencies share in common and which each might exercise separately; and

**WHEREAS**, the LOCAL GOVERNMENT and the COUNTY have recognized the need for the LOCAL GOVERNMENT to obtain IT services (“IT”) for the purpose of gaining access to IT resources at a cost savings due to the ability of COUNTY to leverage its resources for the greater good of citizens of COUNTY, the State of Florida, and any public sector organization that can benefit from these services; and

**WHEREAS**, in recognizing these facts, the LOCAL GOVERNMENT and the COUNTY desire to enter into such an agreement which provides for the joint use of such IT assets and establishes policies for its use by each organization.

**NOW, THEREFORE**, in consideration of the mutual covenants herein contained and for other good and valuable consideration, the parties do mutually agree as follows:

**Section 1     Purpose**

The purpose of this Agreement is to provide IT services to the LOCAL GOVERNMENT for the purposes described in the attached Exhibit A.

*Agreement with Palm Beach County and the City of Jacksonville*

**Section 2     Approval**

The COUNTY approves of the LOCAL GOVERNMENT's participation in the use of the COUNTY's IT resources and any other services as specified in the attached Exhibit A.

**Section 3     Exhibits**

The attached Exhibit A made a part hereof, delineates the services to be provided to the LOCAL GOVERNMENT by the COUNTY through its Information Systems Services (ISS) Department, identifies the roles and responsibilities of the COUNTY and the LOCAL GOVERNMENT in this regard, and sets forth an issue, communication, escalation and resolution process, as well as methodologies for billing and paying the quarterly service charges for IT services.

**Section B: Responsibilities for Application Services**

COUNTY shall be responsible for routine day-to-day management of Application and to provide a non-exclusive license for LOCAL GOVERNMENT to use Application. The COUNTY will develop, maintain and implement Application using appropriate technology, provide database services for development and production environments, and maintain existing Application to assure seamless business operations.

LOCAL GOVERNMENT will use the Application as a case tracking system for its Office of Inspector General (“OIG”) and shall be responsible to instruct and obligate its employees and agents to use the Application as a valuable asset of the COUNTY and agrees the Application shall not be used for any purposes other than in connection with the operations of LOCAL GOVERNMENT’s OIG as set forth in this Exhibit.

*Re: Palm Beach County Application Services*

**Section C:    Application Services Ownership**

The COUNTY shall own all rights, title and interest in and to the Application and materials, including but not limited to, software, data or information developed or provided by COUNTY and any methodologies, equipment, or processes used by the COUNTY to provide services to the LOCAL GOVERNMENT shall be deemed the sole and exclusive property of the COUNTY.

The data inputted by the LOCAL GOVERNMENT OIG is the property of the LOCAL GOVERNMENT and upon termination of the agreement the COUNTY shall assist the LOCAL GOVERNMENT to securely transfer the data as instructed by the LOCAL GOVERNMENT; and after such transfer, COUNTY shall destroy all copies of the LOCAL GOVERNMENT's data, including data existing on any back-up media, and not retain any of the LOCAL GOVERNMENT's data in any form. Any costs that the COUNTY incurs pursuant to this paragraph shall be reimbursed by LOCAL GOVERNMENT upon demand.

**Section D:    Application Connection and Availability**

The LOCAL GOVERNMENT will be provided with a connection to the Application as specified in this Exhibit. The COUNTY will make every reasonable effort to limit outages and Application inaccessibility during the hosted Application hours of availability as set forth in this Exhibit. If, during LOCAL GOVERNMENT's normal regular working hours, any outage lasts more than 4 continuous hours or more than 12 hours during any one week, excluding damage caused by disasters and any LOCAL GOVERNMENT network-related issues, LOCAL GOVERNMENT shall be entitled to an appropriate pro rata credit against the fees payable for the use of the Application under this Agreement.

**Section E:    Modifications to Application**

The COUNTY will be responsible for all Application modifications. The COUNTY, at its sole discretion, will determine and repair any Application defects, at LOCAL GOVERNMENT's expense. If the COUNTY is unable to repair the Application defects, the COUNTY will waive the sixty (60) day written notification provision within the Agreement should LOCAL GOVERNMENT elect to terminate the Agreement.

*Agreement with Palm Beach County and the City of Jacksonville*

*Re: Palm Beach County Application Services*

If the LOCAL GOVERNMENT proposes a modification to the Application, it shall, after obtaining all requisite LOCAL GOVERNMENT approvals, notify and submit applicable documents to the COUNTY for approval. If modifications are approved, the LOCAL GOVERNMENT shall work cooperatively with the COUNTY and be solely responsible for payment of all costs associated with such modifications.

The COUNTY shall review the modification proposals as soon as practicable and will render recommendations with regard to the proposed modification. Any modification that may cause disruption or interference of Application to users shall be coordinated with the appropriate technical staff of both the LOCAL GOVERNMENT and the COUNTY.

**Section F: Application Interference**

The COUNTY will determine cause of any Application interference. The COUNTY will utilize its best efforts to prevent any unanticipated Application interferences.

**Section G: Omitted**

**Section H: Application Security**

LOCAL GOVERNMENT and COUNTY will use best efforts to ensure that each Application user account is exclusively for that user and is kept confidential and that only users with authorized accounts are able to gain access to the Application.

The COUNTY recognizes that under section 119.0713(2), F.S., information relating to pending Inspector General audits and investigations may be confidential, and COUNTY shall take all reasonable precautions to comply with applicable confidentiality laws. COUNTY will direct and take all reasonable steps to insure that any COUNTY employee who encounters any such information during the course of performing the COUNTY's responsibilities under this agreement shall maintain the confidentiality of such information, which shall not be passed onto other COUNTY employees or any other person, unless necessary for performance of the terms of this Agreement or if required by applicable law. For LOCAL GOVERNMENT OIG accreditation purposes, upon request from LOCAL GOVERNMENT, COUNTY shall provide to LOCAL GOVERNMENT a report listing the names and positions of all individuals with access to any data

**Section J: Omitted**

**Section K: Protocol for Reporting Application Service Problems**

All Application issues should first be reported to the LOCAL GOVERNMENT's IT support staff. If the LOCAL GOVERNMENT's initial diagnosis of the reported problem indicates that it is related to an Application issue, the IT technician should report the Application problem, including any error messages, to the COUNTY Network Operations Center at 561-355-HELP (4357). All Application problems reported by the LOCAL GOVERNMENT will be recorded and tracked in the COUNTY's Automated Help Desk System from initial intake through problem resolution and service restoration. Response time service levels are established at the time the call is reported based on the severity of the issue. The service level target for problem diagnosis and response to the LOCAL GOVERNMENT is within one (1) hour of the reported problem, but this target is an aspirational goal and not an obligation incurred by COUNTY. The COUNTY also employs an escalation process for problems which are not resolved according to the established standards which may be utilized by LOCAL GOVERNMENT as appropriate.

**Section L: Application Service and Maintenance**

The COUNTY will make reasonable efforts to notify the LOCAL GOVERNMENT as to the time of any planned service, maintenance or repair work to hosted Application. COUNTY represents that it has verified that neither the COUNTY nor the COUNTY's contractors, nor any of their respective employees, agents, or representatives who have been convicted or who are currently under investigation for a crime delineated in Florida Statutes §435.04 shall have access to LOCAL GOVERNMENT-owned buildings under the Agreement.

**Section 4     Term**

The term of this Agreement including Exhibit A, unless terminated as provided herein, is for a period of three (3) years. The effective date is the date of approval by the Board of County Commissioners.

**Section 5     Resale of IT Services**

The City shall not share or resell any portion of the County's IT Infrastructure or Services in any manner not approved of in this Agreement or without explicit written consent from Palm Beach County, which consent shall not be unreasonably withheld.

**Section 6     Termination for Convenience**

to terminate this Agreement, so as to allow the non-terminating party the maximum amount of time to make alternative plans to replace the lost services/revenue. In such event, the terminating party shall pay all sums due through the effective date of the termination.

**Section 7     Indemnification and Hold Harmless**

The City and the County recognize their respective liability for certain tortious acts of its agents, officers, employees, and invitees, and agree to be responsible, respectively, for all claims, liability, losses, and/or causes of action that may arise from any negligent act or omission due to the acts of its agents, servants, or employees. Such liability is subject to the provisions of law, including the limits included in Section 768.28, Florida Statutes, which sets forth the partial waiver of sovereign immunity to which governmental entities are subject. It is expressly understood that this provision shall not be construed as a waiver of any right or defense that the parties have under Section 768.28 or any other statute.

The parties to this Agreement acknowledge the potential of unlawful hacking to gain surreptitious access into confidential systems. The County has deployed reasonable steps and safeguards as part of a Network security program, but these systems may not be able to defeat every attempt to gain unlawful access to applications or data. Each party is responsible for protecting its own applications, databases, and servers. Each party, however, shall review each other's security procedures and notify each other with reasonable promptness of concerns or issues regarding the same. The County shall notify the City immediately if it learns that City's data hosted by County under this Agreement has been, or may have been, the subject of a security breach of any kind which may compromise the confidentiality of City's data.

Insurance requirements are identified by the services obtained and are included in the Exhibit(s).

**Section 9     Damage Caused by Disasters**

Should the County's IT infrastructure be damaged or destroyed by a natural or man-made event to the extent that the cost to repair or replace these services becomes economically unfeasible, this Agreement is automatically terminated at the sole discretion of the County, unless the

governing bodies of both the City and County authorize its continuation and associated funding to repair or restore the affected area(s).

**Section 10    Miscellaneous**

No provision in this Agreement shall provide to any person not a party to this Agreement any remedy, claim, or cause of action, or create any third-party beneficiary rights against either party. In the event that any one or more of the provisions in this Agreement shall for any reason be held to have no force and effect, this Agreement shall, if possible, be interpreted in a manner so as to effectuate the intention of the parties. Provisions contained in this Agreement that, by their sense and context, are intended to survive the suspension or termination of this Agreement shall so survive. All disputes related to this Agreement shall in the first instance be referred to the appropriate executives of each party for resolution.

## **EXHIBIT A**

### **PALM BEACH COUNTY INFORMATION SYSTEMS SERVICES APPLICATION SERVICES**

The purpose of this Exhibit is to delineate the application services to be provided to the City of Jacksonville ("City") by Palm Beach County Information Systems Services ("County") to identify the roles and responsibilities of the County and the City in this regard, to establish a problem resolution and issue escalation procedure, and to specify associated costs and payment requirements.

#### **Section A: General Requirements for Application Services**

Application Services must be approved by both County and the City if said connection affects the County network. However, all Application Services must meet the agreed-upon technical specifications.

County shall facilitate and conduct the functions involved in direct City interface, provide application development, project management and consulting services. Focus is directed to City needs in a shared partnership role in providing timely and cost effective end user information solutions.

County shall provide the City with access to the hosted Application on a best-effort basis and otherwise provided herein.

#### **Section B: Responsibilities for Application Services**

County shall be responsible for routine day-to-day management of Application and provide a non-exclusive license for City to use Application. The County will develop, maintain and implement Application using appropriate technology, provide database services for development and production environments that are cost effective and provide end-user information solutions, and maintain existing Application to assure seamless business operations.

*Agreement with Palm Beach County and the City of Jacksonville*

*Re: Palm Beach County Application Services*

City will use the Application as a case tracking system for its Office of Inspector General and is responsible to instruct and obligate its employees and agents to use the Application as a valuable asset of the County and agrees the Application shall not be used for any purposes other than in connection with the operations of City's Office of Inspector General as set forth in this Exhibit.

**Section C: Application Services Ownership**

The County shall own all rights, title and interest in and to the Application and materials, including but not limited to, software, data or information developed or provided by County and any methodologies, equipment, or processes used by the County to provide services to the City shall be deemed the sole and exclusive property of the County.

The data inputted by OIG City of Jacksonville is the property of the City of Jacksonville and upon termination of the agreement the County shall for no additional cost assist the City of Jacksonville to securely transfer the data as instructed by the City of Jacksonville, and after such transfer, County shall destroy all copies of the City's data, including data existing on any back-up media, and not retain any of the City's data in any form.

**Section D: Application Connection & Availability**

The City will be provided with a connection to the Application as specified in this Exhibit. The County will make every reasonable effort to limit outages and Application inaccessibility during the hosted Application hours of availability as set forth in this Exhibit. If, during City's normal regular working hours, any outage lasts more than 4 continuous hours or more than 12 hours during any one week, excluding damage caused by disasters and any City network related issues, City shall be entitled to an appropriate credit against the fees payable for the use of the Application under this Agreement.

**Section E: Modifications to Application**

The County will be responsible for all Application modifications. The County, at its sole discretion, will determine and repair any Application defects at its own expense. If the County is unable to repair the Application defects, the County will waive the sixty (60) day written notification provision within Agreement should City elect to terminate Agreement.

***Agreement with Palm Beach County and the City of Jacksonville***

***Re: Palm Beach County Application Services***

If the City proposes a modification to the Application, it shall, after obtaining all requisite City approvals, notify and submit applicable documents to the County for approval. If modifications are approved, the City shall work cooperatively with the County and be solely responsible for payment of all costs associated with such modifications, unless there is a prior agreement with the County to participate in a cost-sharing arrangement for the modification.

The County shall review the modification proposals as soon as practicable and will render recommendations with regard to the proposed modification. Any modification that may cause disruption or interference of Application to users shall be coordinated with the appropriate technical staff of both the City and the County. The County agrees to perform such work at a time and manner to minimize disruption and interference to the Application users.

**Section F: Application Interference**

The County will determine cause of Application interference. The County will utilize its best efforts to prevent any unanticipated Application interferences.

**Section G: Omitted**

**Section H: Application Security**

City and County will each ensure that each Application user account is exclusively for that user and is kept confidential and that only users with authorized accounts are able to gain access to the Application. The City and the County shall each comply with all governmental rules and regulations, including Health Insurance Portability and Accountability Act (HIPAA), if applicable, in the collection, handling and transfer of data stored within the Application.

The County recognizes that under section 119.0713(2), F.S., information relating to pending Inspector General audits and investigations is confidential and shall take all reasonable precautions to protect the confidentiality of such information. County will prevent employees of County's Office of Inspector General and all other County employees other than employees of County's Information Systems Services Department with a need to know from gaining access to the City's data and information. County will direct and take all reasonable steps to insure that any County employee who encounters any such information during the course of performing the County's responsibilities under this agreement shall maintain the confidentiality of such

information, which shall not be passed onto other County employees or any other person.
