Dear Supervisors of Elections and Staff:

The 2018-19 Federal Election Activities Grant is now available. County Supervisor of Elections offices can begin applying for funds at this time by using the Department of State's grants website, DOSGrants.com. These funds are made available through specific appropriation 3081 of the 2018-19 General Appropriations Act (see Section 6, Chapter 2018-9, Laws of Florida). The funds will be distributed to Supervisors with a minimum payment of \$5,000 per county, with additional funds allocated based on the voting age population of each county as of the last decennial census.

As with prior years the funds can be spent on one or more of the following federal election activity categories:

- Voter Education;
- Poll Worker Training;
- Standardizing Election Results Reporting;
- Other Federal Election Administration Activities, as approved by the Department of State.

As a reminder, if you still have HAVA funds from prior disbursements, please use those first before spending more current funds. Expending prior years' funds including accrued interest means fewer reports to submit, fewer funds to track, fewer potential bank fees to pay for multiple accounts, and less time before you can dispose of your records.

If you have any questions, please do not hesitate to contact our office.

**C. Request and Disbursement Process**

The Department shall distribute to each eligible Sub-recipient upon request and submission of a completed grant application a minimum payment amount of five thousand dollars (\$5,000) plus a proportional amount based on the voting age population in the Sub-recipient's county. See **Attachment B**. The amount per county is based on the aggregated remaining amount of the total grant for the 67 Sub-recipients divided by the total number of voting age population for the State in the most recent decennial census and then multiplied by the respective county's voting age population.

To receive funds, the Sub-recipient shall submit a complete grant application no later than June 1, 2019, using the Department of State's Online Grants Program at <https://www.dosgrants.com>. The application must contain a description of the plan to be implemented. If a county has remaining funds from one or more prior federal election activities grant distributions, as part of their application for 2018-2019 funds, the sub-recipient shall provide an explanation as to why those funds have yet to be expended.

Additionally, before the Sub-recipient may receive funds, the Sub-recipient must submit the following:

1. A completed ED Form GCAS-009 (6/88), entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion Lower Tier Covered Transactions", and attached hereto as **Attachment C**. [Executive Order 12549, Debarment and Suspension, 45 CFR 1183.35, prohibits the disbursement of federal funds to the intended recipient of such funds or to any sub-recipient thereunder unless such recipient and each sub-recipient, if any, certify that they are not excluded or disqualified from receiving federal funds by any federal department or agency.]
2. A completed "Certificate of Equipment for Casting and Counting Ballots" (DS-DE 135, Effective 8/16), attached hereto as **Attachment D**. This is required if the request, in part or in full, is to use HAVA funds for the purpose of purchasing emerging or enhancing software and hardware technology.

MOA # 2018-2019-0003-

3. A completed "Matching Funds Certification" (DS-DE 127), attached hereto as **Attachment E**. The form certifies that the county governing body shall provide addition matching funds in an amount equal to fifteen percent (15%) of the amount to be received from the state. If the county governing body fails to appropriate the matching funds, the Supervisor must return to the Department all funds received under this agreement.

#### **D. Reporting**

The Sub-recipient must submit an annual expenditure report that includes supporting documentation evidencing allowable expenses no later than July 31, 2019 and again on July 31, 2020. The Sub-recipient must provide a final expenditure report including submitting supporting documentation evidencing allowable expenses no later than December 31, 2020 and written confirmation that all remaining previously distributed grant funds remaining were expended first. Supporting documentation shall include invoices, canceled checks, purchase orders, vendor contracts, sample publications, and other records that detail the services or products provided and the costs of such services and/or products. Documentation must account for all expenditures made from grant funds awarded under this agreement. Documentation must also provide details regarding matching funds and any interest earned. Failure to submit the report may result in immediate notice to return all funds, including any interest accrued. Any funds determined not to be expended in accordance with this agreement shall be returned, including any interest earned, to the Department within 30 days of written notice. All funds returned shall revert to the Federal Grants Trust Fund.

Using the Form DS-DE 129, the Sub-recipient shall report annually to the Department any unspent funds remaining on June 30 of each fiscal year. The Sub-recipient shall submit the annual report no later than July 31 of every year until funds are fully expended, or returned, whichever is earlier.

#### **E. Restrictions**

Sub-recipient shall not use any funds received hereunder to support lobbying activities to influence proposed or pending federal or state legislation or appropriations, but this does not affect the right of the Sub-recipient, or that of any other organization to petition Congress, or any other level of Government, through the use of other resources.

If the Sub-recipient expends any funds on expenses that are not allowable, the Sub-recipient must reimburse immediately the Department the funds, not otherwise expended for allowable costs, including any interest earned during the term of this agreement.

The Sub-recipient must establish and maintain the grant funds in an interest bearing account in a "qualified public depository" as defined by section 280.02(26), Florida Statutes. The Sub-recipient must segregate the funds in a separate account established to hold only such funds. Sub-recipient must comply with the applicable requirements of chapter 280, including but not limited to:

- The execution and retention in your official records of a Public Deposit Identification and Acknowledgement Form.
- The submission each year by November 30<sup>th</sup> of a Public Depositor Annual Report to the Chief Financial Officer (DFS-J1-1009)

For more information refer to the Department of Financial Services Collateral Management for Governmental Units webpage or contact the Program Administrator at 850-413-3167.

MOA # 2018-2019-0003- 

### III. Payments

The Sub-recipient is encouraged to use electronic funds transfer (EFT) to receive payment as an alternative to receipt of payment by warrant. All Sub-recipients wishing to receive funds through electronic funds transfer must submit a Direct Deposit Authorization form to the Florida Department of Financial Services. If EFT has already been set up for your organization, you do not need to submit another authorization form unless you have changed bank accounts.

### IV. Monitoring, Audits, and Audit Reporting

The administration of resources awarded to the Sub-recipient, as indicated on **Attachment F**, may be subject to monitoring, audits and reporting requirements herein.

#### A. Monitoring

In addition to reviews of audits conducted in accordance with OMB Circular A-133, as revised, and Section 215.97, F.S., (see Part B "Audits") monitoring procedures may include, but not be limited to, on-site visits by Department staff, limited scope audits as defined by OMB Circular A-133, as revised, and/or other procedures. By entering into this agreement, the Sub-recipient agrees to comply and cooperate with any monitoring procedures/processes the Department deems appropriate.

#### B. Audits

1. *Federally Funded Audits* (OMB Circular A-133, as revised in supplemental 2017.)

In the event that the Sub-recipient expends \$750,000 or more in Federal awards in its fiscal year, the Sub-recipient **is required to** have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. In determining the Federal awards expended in its fiscal year, the Sub-recipient shall consider all sources of Federal awards, including Federal resources received from the Department. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by OMB Circular A-133, as revised. An audit conducted by the Auditor General must satisfy the requirements of Subpart E of OMB Circular A-133, as revised. In connection with the audit requirements the Sub-recipient shall fulfill the responsibilities of an auditee as provided in Subpart C of OMB Circular A-133, as revised.

If the Sub-recipient expends less than \$750,000 in Federal awards in its fiscal year, an audit **is not required**. The Sub-recipient, however, must make records available for review or audit upon request by appropriate officials of U.S. Election Assistance Commission, the Department, and the General Accounting Office (GAO). If the Sub-recipient elects to have an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, the cost of the audit must be paid from non-federal resources (i.e., resources obtained from other than Federal entities).

2. *Other audits*

The Department may conduct a limited scope audit of federal funds as defined by OMB Circular A-133 (as revised) or other financial analysis or review of federal funds as permitted by federal law. In the event the Department determines that a limited scope audit or other type of audit of the Sub-recipient is appropriate, the Sub-recipient agrees to comply with any additional instructions provided by Department staff to the Sub-recipient regarding such audit. If the Department determines that federal funds received under this Agreement were used for any unauthorized purpose or that the Sub-recipient did not comply with this agreement or state or federal requirements for receipt, expenditure, or accounting, the Sub-recipient must return or repay these federal funds in an amount sufficient to ensure or obtain compliance, including expenses for any corrective or remedial action.

MOA # 2018-2019-0003- 

The Sub-recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Department of State, Chief Financial Officer (CFO) or Auditor General.

3081 SPECIAL CATEGORIES

GRANTS AND AIDS - FEDERAL ELECTION ACTIVITIES (HELP AMERICA VOTE ACT)

FROM FEDERAL GRANTS TRUST FUND . . . \$2,000,000

Funds in Specific Appropriation 3081 shall be distributed to county supervisors of elections to be used for election administration activities such as voter education; pollworker training; standardizing elections results reporting; or other federal election administrative activities as approved by the Department of State.

County supervisors of elections will receive funds only after providing the Department of State a detailed description of the programs that will be implemented. Funds distributed to county supervisors of elections require a certification from the county that matching funds will be provided in an amount equal to fifteen percent of the amount to be received from the state.

Also, before a county supervisor of elections receives funds for any software or hardware technology, including, but not limited to, any emerging technology that enhances or facilitates the delivery of absentee ballots, the casting and counting of valid votes, voting system audits or recount processes, and the certification of accurate and complete official election results, the software or technology must first be certified or approved, whichever is applicable, by the Department of State. Additionally, before the supervisor can receive funds for emerging or enhancing technology, the county supervisor of elections and the chairperson of the county governing body must certify that the county has purchased and made available sufficient equipment for casting and counting ballots to meet the needs of the county electors including reducing the wait time at the polls during the early voting period and on election day for the next regularly scheduled general election.

To be eligible, a county must segregate federal funds and required county matching dollars in a separate account established to hold only such funds. Funds in this account must be used only for the activities for which the funds were received. Funds shall remain in the account to be used for the same purposes for subsequent years or until such funds are expended. Supervisors of elections shall report to the Department of State any unspent funds remaining on June 30 of each fiscal year.

EXHIBIT 1 to this agreement indicates Federal resources awarded through the Department of State by this agreement. 3. If the Supervisor expends less than \$300,000 (*\$500,000 for fiscal years ending after December 31, 2003*) in Federal awards in its fiscal year, an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, is not required. #### **PART II: STATE FUNDED**

This part is applicable if the Supervisor is a non-state entity as defined by Section 215.97(2), Florida Statutes.

1. In the event that the Supervisor expends a total amount of state financial assistance equal to or in excess of \$500,000 in any fiscal year of such Supervisor (for fiscal years ending September 30, 2004 or thereafter), the Supervisor must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, Florida Statutes; applicable rules of the Department of Financial Services; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. EXHIBIT 1 to this agreement indicates state financial assistance awarded through the Department of State by this agreement. In determining the state financial assistance expended in its fiscal year, the Supervisor shall consider all sources of state financial assistance, including state financial assistance received from the Department of State, other state agencies, and other non-state entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a non-state entity for Federal program matching requirements.
2. In connection with the audit requirements addressed in Part II, paragraph 1, the Supervisor shall ensure that the audit complies with the requirements of Section 215.97(8), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.
3. If the Supervisor expends less than \$500,000 in state financial assistance in its fiscal year (for fiscal years ending September 30, 2004 or thereafter), an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. In the event that the Supervisor expends less than \$500,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the Supervisor's resources obtained from other than State entities).

**Exhibit - 2**

**December 3, 2014**

**CHIEF FINANCIAL OFFICER'S MEMORANDUM NO. 03 (2014 - 2015)**

**SUBJECT: COMPLIANCE REQUIREMENTS FOR AGREEMENTS**

This memorandum supersedes the Chief Financial Officer's Memorandum No. 4 (2005-2006) **minimum** requirements and confirms state agencies must follow for proper accountability over state and federal resources. While the State is accountable to the federal government, sub-recipients of federal financial assistance must be accountable to the State. Recipients/sub-recipients of state financial assistance must also be accountable to the State.

**FEDERAL FUNDS**

This memorandum is applicable to discretionary grants, which the State receives from the federal government. Applicability to federal entitlement programs or formula based awards should be determined on a case by case basis pursuant to federal regulations for these programs.

State agencies must determine whether they are passing on federal awards in the form of federal financial assistance to sub-recipients or procuring goods and services from a contractor. This determination is critical for the proper accountability over federal financial assistance, which is passed on to sub-recipients. State agencies will use the criteria established in Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, Code of Federal Regulations Title 2, Part 200.330 to make this determination. Agencies must retain documentation to support this determination.

In 2005 the Office of Federal Financial Management confirmed to the Department of Financial Services, if the State receives an award of federal financial assistance in the form of a grant or cooperative agreement, any sub-award for the purpose of the grant is subject to the rules applicable to the grant, **even if the sub-award is on a fixed price basis**. Agreements (sub-awards) with sub-recipients of federal financial assistance must require compliance with the published requirements entitled Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (also known as the Super Circular), Code of Federal Regulations Title 2, Part 200 (2 CFR, Part 200). This guidance supersedes and consolidates the requirements from the Office of Management and Budget (OMB) Circulars A-21, A-87, A-110, A-122, A-89, A-102 and A-133 and is effective for awards or increments of awards issued on or after December 26, 2014.

The Super Circular also applies to **sub-awards** made by State and local governments to an organization covered by the circular and provides that:

- a. A grant may be charged only allowable costs resulting from obligations incurred during the specified funding period.

- b. Any balance of unobligated cash that has been advanced or paid that is not authorized to be retained for other projects must be refunded to the federal government.
- c. Any funds paid in excess of the amount to which the recipient is finally determined to be entitled, under the terms and conditions of the award, constitutes a debt to the Federal government.

Agreements with vendors must be procured in a manner that ensures a fair and reasonable price to the Federal government and compliance with applicable rules and regulations, including, but not limited to:

- a. 2 CFR, Part 200
  - b. Section 287.057, Florida Statutes (F.S.)
  - c. Section 215.917, F.S.
  - d. Section 216.3475, F.S.
- (1) Non-competitive procurements and competitive procurements that result in less than 2 responses must be supported by a detailed cost analysis. Cost must be reasonable, necessary and allowable in accordance with state and federal laws, rules and regulations. Agencies must maintain documentation to evidence the agency's review of individual cost elements included on the detailed budget submitted by the person or entity awarded funding.

#### STATE FUNDS

State agencies must determine whether they are awarding state financial assistance to a recipient or procuring goods and services from a vendor. State agencies will use the Florida Single Audit Checklist for Non-state Organizations – Recipient/Sub-recipient vs Vendor Determination to make this determination. Agencies must retain copy of the checklist.

Agreements with recipients of state financial assistance, **even if awarded on a fixed price basis**, must require:

- a. Compliance with Section 215.97, F.S.
- b. Compliance with Section 215.971, F.S.
- c. Expenditures of state financial assistance be in compliance with laws, rules and regulations applicable to expenditures of State funds, including, but not limited to, the Reference Guide for State Expenditures

Agreements involving the State University System, the Florida Community College System, district school board, or charter schools using state funds must be procured in a manner that ensures a fair and reasonable price to the State and compliance with applicable rules and regulations, including, but not limited to:

- a. Section 216.3475, F.S.
- (1) Non-competitive procurements and competitive procurements that result in less than two (2) responses must be supported by a detailed cost analysis. Cost must be reasonable, necessary and allowable in accordance with state laws, rules and regulation. Agencies must maintain documentation to evidence the agency's review of individual cost elements included on the detailed budget submitted by the person or entity awarded funding.

- b. May be fixed price contract that entitles the provider to receive compensation of the fixed contract amount upon completion of all deliverables.
- c. May be fixed rated per unit contract that entitles the provider to receive compensation for each deliverable provided.
- d. May be a cost reimbursable contract that entitles the provider to receive compensation for actual allowable costs incurred in performing contract deliverables.
- e. May be a combination of b, c and d.

Agreements with vendors must be procured in a manner that ensures a fair and reasonable price to the State and compliance with applicable rules and regulations, including, but not limited to:

- a. Section 287.057, F.S.
- b. Section 216.3475, F.S.
  - (1) Non-competitive procurements and competitive procurements that result in less than two (2) responses must be supported by a detailed cost analysis. Costs must be reasonable, necessary and allowable in accordance with state laws, rules and regulations. Agencies must maintain documentation to evidence the agency's review of individual cost elements included on the detailed budget submitted by the person or entity awarded funding.

FLORIDA HAS CLOSED PRIMARIES which means that unlike municipal, general and special elections, you may only vote for candidates of the party in which you are registered. There is only one exception - if all candidates running for an office have the same party affiliation, and the winner has no opposition in the general election, then all registered voters may vote for that office in the primary. If there are opposition candidates (such as Democrat or GOP) or ballot races) or issues (such as referendums) on the ballot, all voters may vote for these regardless of party affiliation. In general elections, all registered voters may vote for all races and issues. If you are unsure about your eligibility to vote for any races or issues in an election, call the office and our staff will be glad to help.

FLORIDA TIENE PRIMARIAS CERRADAS, lo cual quiere decir que a diferencia de elecciones municipales, generales y especiales, sólo puede votar por los candidatos del partido en el que está inscrito. Solo existe una excepción - si todos los candidatos a un puesto son miembros del mismo partido político, y el ganador no tiene oposición en las elecciones generales, entonces todo elector inscrito puede votar en esta contienda. En las elecciones primarias si hay candidatos no afiliados (tal como demócratas y republicanos) o de la junta, asamblea o asuntos (tales como referendums) en la boleta, todo elector puede votar por éstos sin importar su afiliación política. En las elecciones generales, todo elector puede votar por todos los cargos y asuntos. Si no está seguro acerca de su elegibilidad de votar por alguna contienda inscrito en las elecciones, llame a nuestra oficina y nuestro personal le ayudará con gusto.
