1.0 DEFINITIONS

Throughout this document, the phrase “**Invitation for Quote**” shall be used interchangeably with the phrase “**Invitation to Bid**”.

Capitalized Terms not defined in these Instructions to Bidders shall have the meaning as defined in the Contract Documents.

1.1 Addenda are written or graphic instruments issued by the County via the Department prior to the submission of bids/quotes, which modify or interpret the Bidding Documents by additions, deletions, clarifications, or corrections or other type of modifications. Addenda will become part of the Contract Documents when the Contract is executed. Bidders, upon receiving Addenda, shall insert the same into the Bidding Documents.

1.2 An Additive or Deductive Bid Item is an amount stated in the Bid/Quote to be added to or deducted from the amount of the Base Bid/Quote if the corresponding change in the work, as described in the Bidding Documents, is accepted by the County.

1.3 An Annual Contract is a construction contract that is procured in a multi-step bid process. Step one of the process involves the qualification of contractors to perform certain types of work for the County on an as needed basis (“Qualification Application”). All contractors determined to be qualified by the Department (“Qualified Contractors”) may be awarded a contract to perform certain types of work for the County. Step two of the process involves Invitations for Quotes for specific projects that are sent to all Qualified Contractors for bid. A Qualified Contractor with the lowest responsive bid/quote to an Invitation for Quotes may be awarded a Work Order for a specific project under its annual contract.

1.4 The Base Bid is the sum stated in the Bid, or Quote, for which the Bidder offers to perform the Work described in the Bidding Documents as the base, to which Work may be added or from which Work may be deducted for sums stated in Additive or Deductive Bid Items.

1.5 The terms Bid or Quote shall be used interchangeably and mean a complete and properly signed offer to do the Work or designated portion thereof, for the sums stipulated therein, submitted in accordance with the Bidding Documents.

1.6 The term Bidder means one who submits a Bid/Quote directly to the County in response to an Invitation for Quotes under an Annual Contract, as distinguished from a sub-bidder who submits a bid to a Bidder.

1.7 Bidding Documents include the Invitation to Bid/Quote, Instructions to Bidders, Index of Drawings, the Bid Form and EBO Schedules, Bid Bond (when required) and Public Construction Bond and Form of Guarantee, the Contract Conditions (General, Supplemental, and Special), technical specifications, drawings, exhibits thereto and any Addenda issued prior to the date designated for receipt of bids/quotes.

1.8 The Contract Documents consist of the following documents which are incorporated

herein by reference:

- The completed Qualification Application package;
- Instructions to Bidders
- The Contract and any amendments thereto;
- The General Conditions to the Contract;
- Work Orders and any Change Orders thereto;
- Special Conditions for each Work Order;
- Invitation for Quote/Bid and any Addenda thereto; Completed Quotation Form and attachments including EBO Schedules; Bid Bond (when required) for each Work Order;
- Public Construction Bond and the Form of Guarantee for each Work Order,
- Technical Specifications, Addenda, Drawings/Plans and any revisions thereto for each Work Order.

1.9 The term **Contractor** or **Qualified Contractor** shall mean the person or entity who is the successful bidder, who executes a Work Order under an Annual Contract with Palm Beach County, and who is identified in the Work Order and Annual Contract and is referred to throughout the Contract Documents. Contractor may mean the Contractor or its authorized representative as the contract context requires.

1.10 The term **County** or **Owner** shall mean the Board of County Commissioners of Palm Beach County, Florida.

1.11 The term **Day** or **Days** shall mean a calendar day or calendar days unless specifically stated otherwise in the Contract Documents. A calendar day begins at 12:00:00 midnight and ends 24 hours later at 11:59:59 p.m.

1.12 The term **Department** shall mean the Palm Beach County, Facilities Development and Operations Department, Capital Improvements Division.

1.13 A **Lump Sum and Unit Price Bid** is the sum stated in the Bid/Quote for which the Bidder offers to perform the Work described in the Bidding/Quotation Documents containing lump sum and, where applicable, unit price work items. For the purpose of determining the Base Bid amount on a Lump Sum and Unit Price Bids, the unit price costs multiplied by the estimated quantities contained in the Bidding Documents and the lump sum shall be added together.

1.14 **Palm Beach County**, is a political subdivision of the State of Florida, as represented by its Board of County Commissioners (hereinafter called "County"). Where the word "approval" is mentioned, "approval" shall mean action by the Board of County Commissioners, or designated representative.

1.15 The term **Work** as used herein refers to the construction and services required by the Contract Documents for each project described in an Invitation for Quote and includes all permits, labor, materials, equipment, and services provided by the Contractor to fulfill the Contractor's obligations.

1.16 The term **Work Order** means a written amendment to an Annual Contract which awards a specific project to a Qualified Contractor.

2.0 LICENSES, BUSINESS TAX, POLICY REGARDING SUBCONTRACTORS

2.1 Licenses. Bidders and their proposed subcontractors of any tier regulated by the Florida Construction Industry Licensing Board or the Construction Industry Licensing Board of Palm Beach County shall be properly qualified and licensed/certified by the appropriate Board or Boards as required by Florida Statute Chapter 489, or Special Act, Laws of Florida Chapter 67-1876 prior to the time of submission of the Bid/Quote. The Bidder and subcontractors, including specialty contractors, are required to have an active State Contractors Certification or an active Palm Beach County Certificate of Competency at the time of Bid/Quote submittal. State of Florida Contractor's Certification /Registration license numbers or Palm Beach County Certificate Numbers must be listed at the applicable places on each Bid/Quote Form, if applicable. Any Bid/Quote that is submitted by a contractor who is not properly licensed/certified at the time the Bid/Quote is submitted, or which lists a subcontractor who is not properly licensed/certified at the time the Bid/Quote is submitted, will be rejected as non-responsive.

2.2 Business Tax. The Contractor, subcontractors of any tier, and specialty contractors must have a valid Palm Beach County business tax receipt at the time of Bid/Quote submission, except where provisions of F.S. 205.065 apply.

2.3 Bid Shopping. It is Palm Beach County's policy to discourage contractors from seeking new subcontractor pricing after the opening of bids, which practice is sometimes known as bid or subcontractor shopping. In order to facilitate this policy, Bidders may be required to identify in the Bid Documents the subcontractors in the categories listed in Attachment 3, if provided, which Bidder intends to use to perform the Work or state its intention to self-perform the Work contained in those categories.

2.3.1 No Contractor, having been awarded any Work Order under an Annual Contract based upon the Contractor's response to an Invitation to Bid/Quote or other solicitation for competitive selection wherein the Contractor listed the subcontractors which the Contractor intended to use in performing such Work Order, shall replace any subcontractor listed in the Contractor's response to such request without having first demonstrated good cause, acceptable to the County in its sole discretion. The replacement of any S/M/WBE subcontractor shall also conform to the requirements of Palm Beach County's EBO Ordinance and section 5.3.10 of these Instructions to Bidders.

2.3.2 No Contractor, having been awarded any Work Order under an Annual Contract based upon the Contractor's response to an invitation to bid/quote or other solicitation for competitive selection wherein the Contractor listed the elements of Work which the Contractor intended to perform with its own forces, shall perform such Work with a subcontractor without having first demonstrated good cause, acceptable to the County in its sole discretion, for utilizing such subcontractor.

2.3.3 Contractor agrees that neither the County's acceptance nor rejection of the Contractor's request to replace or add any subcontractor shall give rise to any liability of any kind on the part

of the County.

3.0 BIDDER'S REPRESENTATIONS

3.1 General Representations. Each Bidder by making its Bid/Quote represents that:

3.1.1 Bidder has satisfied itself, by personal examination of the location of the proposed Work and by thorough examination of the Contract Documents including the Invitation for Quote, that Bidder understands all requirements of the Work. In addition, Bidder has, to the extent Bidder determined to be necessary, satisfied itself regarding the accuracy of the estimate of the quantities of the Work to be done; and shall not at any time after the submission of a Bid/Quote dispute or complain of such estimate nor the nature or amount of Work to be performed. Bidder is familiar with, and certifies that all Work shall comply with, all Federal, State and Local laws, ordinances, rules and regulations that in any way affect the cost, progress or performance of the Work. Failure of a Bidder to be familiar with applicable laws, ordinances, rules and regulations will in no way relieve Bidder from the responsibility of complying with the applicable laws, ordinances, rules and regulations.

3.1.2 Bidder acknowledges and understands that certain informational drawings and reports may be referenced in the Invitation for Quote and are provided by the County for informational purposes only. Such informational reports and drawings are not part of the Contract Documents, but the Bidder may review the technical data contained therein for general information purposes only. The County does not represent that the conditions reflected in such informational reports and drawings are the conditions which Contractor will experience, but are based on best information available to the County.

3.1.3 Bidder assumes responsibility for having determined to its satisfaction, prior to the submission of its Bid/Quote, the conformation of the ground, the character and quality of the substrata, the types and quantity of materials to be encountered, the nature of the groundwater conditions, the character of equipment and facilities needed preliminary to and during the execution of the Work, the general and local conditions and all other matters which can in any way affect the Work of the project described in the Invitation for Quote. The prices established for the Work to be done will reflect all costs pertaining to the Work.

3.1.4 By submission of its Bid/Quote, each Bidder affirms that it has, at its own expense, performed any additional examinations, investigations, explorations, tests, or studies and obtained any additional information and data which pertain to the physical conditions (surface, subsurface and underground utilities) at or contiguous to the site or otherwise for the project described in the Invitation for Quote, prior to Bidding which may affect the cost, progress or performance of the Work and which the Bidder deems necessary to determine its Bid/Quote for performing the Work in accordance with the time, price, and other terms and conditions of the Contract Documents and/or it has satisfied itself with respect to such conditions and it shall make no claims against the County or the Architect/Engineer of Record if upon carrying out the Work it finds that the actual conditions do not conform to those indicated.

3.1.5 On request, the County will provide each Bidder access to the site for the project described in the Invitation for Quote to conduct such investigations and tests as each Bidder deems necessary for submission of its Bid/Quote at the pre-bid/quote meeting. Upon completion of such field investigations and tests, each Bidder shall completely restore disturbed areas to a condition equal to or better than the conditions which existed prior to performance of the field investigations and tests.

3.1.6 The lands upon which the Work is to be performed, rights-of-way and easements for access thereto and other lands designated for use by the Contractor in performing the Work will be identified in the Invitation for Quote for each project and other Contract Documents. All additional lands and access thereto required for temporary construction facilities or storage of materials, equipment and supplies are to be provided by the Contractor. Easements for permanent structures or permanent changes in existing structures are to be obtained and paid for by the County, unless otherwise provided in the Contract Documents.

3.1.7 The submission of a Bid/Quote in response to an Invitation for Quote for a specific project will constitute an incontrovertible representation by the Bidder that the Bidder has complied with every requirement of the Invitation for Quote and these Instructions to Bidders, that, without exception, the Bid/Quote is premised upon performing the Work required by the Contract Documents and that such means, methods, techniques, sequences, or procedures of construction as may be indicated in or required by the Contract Documents are sufficient in scope and detail to indicate and convey an understanding of all terms and conditions for performance of the Work.

3.1.8 The Bidder shall not be entitled to any additional compensation or time extensions based upon alleged differing conditions that in the opinion of the Architect/Engineer of Record and/or the County should have been reasonably anticipated by the Bidder.

3.1.9 The Bidder understands and agrees that the quantities of Work or material stated in unit price items are supplied only to give an indication of the general scope of the Work and the County does not expressly or by implication agree that the actual quantity of the Work or material will correspond therewith. The County reserves the right after award to increase or decrease the quantity of any unit price item by an amount up to and including twenty-five percent (25%) of the bid quantity, without a change in the unit price, and reserves the right to delete any bid item, in its entirety, or to add additional bid items up to and including an aggregate total amount not to exceed fifteen percent (15%) of the contract price.

3.2 Public Entities Crimes/Convicted Bidder List. As provided in Florida Statute 287.133(2)(a) a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in F.S.287.017 for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list. By entering into this contract or performing any work in furtherance hereof, the contractor certifies

that it, its affiliates, suppliers, subcontractors and consultants who will perform hereunder have not been placed on the convicted vendor list maintained by the State of Florida Department of Management Services within the 36 months immediately preceding the date hereof. This notice is required by F.S. 287.133 (3) (a).

3.3 EEO. The Bidder must be an equal employment opportunity employer. Each Bidder must complete and furnish with its Bid/Quote the statement titled "Statement of Participation in Contracts Subject to Nondiscrimination Clause", which is incorporated in the Bid/Quote Form.

3.3.1 Pursuant to Executive Order 11246, as amended, Palm Beach County does have an Affirmative Action Program in connection with equal employment opportunities. It is recommended that those Bidders who have not initiated an Affirmative Action Program give consideration toward pursuing such programs.

3.4 No Collusion; No Conflicts. The Bidder does hereby declare that it is the only person or persons interested in said Bid/Quote; that it is a genuine Bid/Quote not made in the interest of or on behalf of any undisclosed person, firm or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation; that it is made without any connection with any person submitting another bid for the same Invitation for Quote; that this Bidder has not directly or indirectly induced or solicited any other bidder to submit a false or sham bid; that the Bid is in all respects fair and without collusion, fraud, or mental reservations; that no official of the County or any person in the employ of the County is directly or indirectly interested in said Bid or in the supplies or work to which it relates, or in any portion of the profits thereof; and that Bidder has not sought by collusion to obtain for itself any advantage over any other bidder or over the County.

3.5 Scrutinized Companies.

3.5.1 As provided in F.S. 287.135, by entering into this Contract or performing any work in furtherance hereof, the Contractor certifies that it, its affiliates, suppliers, subcontractors and consultants who will perform hereunder, have not been placed on the Scrutinized Companies that boycott Israel List; or is engaged in a boycott of Israel, pursuant to F.S. 215.4725.

3.5.2 When contract value is greater than \$1 million: As provided in F.S. 287.135, by entering into this Contract or performing any work in furtherance hereof, the Contractor certifies that it, its affiliates, suppliers, subcontractors and consultants who will perform hereunder, have not been placed on the Scrutinized Companies With Activities in Sudan List or Scrutinized Companies With Activities in The Iran Petroleum Energy Sector List created pursuant to F.S. 215.473 or is engaged in business operations in Cuba or Syria.

3.5.3 If the County determines, using credible information available to the public, that a false certification has been submitted by the Contractor, this Contract may be terminated and a civil penalty equal to the greater of \$2 million or twice the amount of this Contract shall be imposed, pursuant to F.S. 287.135. Said certification must also be submitted at the time of Contract renewal, if applicable.

3.6 Non-Discrimination. The County is committed to assuring equal opportunity in the award of contracts and complies with all laws prohibiting discrimination. Pursuant to Palm Beach County Resolution R2017-1770, as may be amended, the Contractor warrants and represents that throughout the term of the Contract, including any renewals thereof, if applicable, all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, marital status, familial status, sexual orientation, gender identity or expression, or genetic information. Failure to meet this requirement shall be considered default of the Contract.

3.7 Commercial Non-Discrimination. The Bidder represents and warrants that it will comply with the County's Commercial Nondiscrimination Policy as described in Resolution 2017-1770 as amended. As part of such compliance, the Bidder shall not discriminate on the basis of race, color, national origin, religion, ancestry, sex, age, marital status, familial status, sexual orientation, gender identity or expression, disability, or genetic information in the solicitation, selection, hiring or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall the Bidder retaliate against any person for reporting instances of such discrimination. The Bidder shall provide equal opportunity for subcontractors, vendors and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the County's relevant marketplace in Palm Beach County. The Bidder understands and agrees that a material violation of this clause shall be considered a material breach of any resulting contract and may result in termination of the contract, disqualification or debarment of the Bidder from participating in County contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party.

All subcontractor agreements shall include a commercial non-discrimination clause.

3.8 VSS Registration Required. A Bidder must register in the County's Vendor Self Service ("VSS") at <https://pbcvssp.co.palm-beach.fl.us/webapp/vssp/AltSelfService> in order to bid on County contracts. If Bidder intends to use subcontractors, Bidder must also ensure that all subcontractors are registered as vendors in VSS. All subcontractor agreements must include a contractual provision requiring that the subcontractor register in VSS. County will not finalize a contract award until a contractor has certified that the contractor and all of its subcontractors are registered in VSS.

4.2.2 Bidders requiring clarification or interpretation of the Bidding Documents shall make a written request which shall reach the County at the address listed in the Invitation for Quote at least seven (7) calendar days prior to the date for receipt of Bids/Quotes. 4.2.4 Governing Order of Contract Documents. The Contract Documents include various divisions, sections and conditions which are essential parts for the Work to be provided by the successful Bidder. A requirement occurring in one is as binding as though occurring in all. They are intended to be complementary and to describe and provide for a complete project. In case of discrepancy, the following precedence will govern the interpretation of the Contract Documents:

- Work Orders and any Change Orders thereto;
- Special Conditions for each Work Order;
- Technical Specifications, Addenda, Drawings/Plans and any revisions thereto for each Work Order.
- Instructions to Bidders
- Invitation for Quote/Bid and any Addenda thereto; Completed Quotation Form and Attachments including EBO Schedules, and Bid Bond (when required) for each Work

- Order;
- Public Construction Bond and the Form of Guarantee(when required) for each Work Order,
- The Contract and any amendments thereto;
- The General Conditions to the Contract;
- The completed Qualification Application package.

Detailed plans shall have precedence over general plans. In the event that any conflicts cannot be resolved by reference to this Governing Order of Contract Documents provision, then Owner shall resolve the conflict in any manner which is acceptable to Owner and which comports with the overall intent of the Contract Documents.

4.2.5 Whenever reference is made to actions being performed with respect to dates and times set forth in the Invitation to Quote, such reference shall always be interpreted as including, by inference, “or as may be modified by pre-bid Addenda”.

The Bidder shall acknowledge receipt of each individual Addendum at the time of issuance and final receipt of all Addenda by completing the acknowledgment space provided on the Addendum Form. Failure to acknowledge receipt may result in rejection of a bid/quote.

Changes or additions to the Quote/Bid, recapitulations or changes in the Work bid upon, alternative proposals, or any other modifications of the Quote/Bid Form, Attachments to the Quote/Bid Form, or the Documents, which are not specifically called for in the Quote/Bid Documents may result in the County's rejection of the quote as non-responsive to the Invitation for Quote.

5.2 Bid Security, Project Bonds, Insurance

5.2.1 General. Bid Security is not required for Work Orders of less than \$200,000. The Public Construction Bond is waived for Work Orders less than \$200,000 where Bidder's cumulative open Work Orders do not exceed \$200,000. Any proposed Work Order which will cause a Bidder's cumulative open Work Orders to exceed \$200,000 shall require a Public Construction Bond. Any individual Work Order exceeding \$200,000 shall require a Public Construction Bond.

5.2.2 Bid Security. If requested in the Invitation for Quote, each Bid/Quote shall be accompanied by a BID SECURITY (in the form of, at Bidder's option, cashier's check, certified check, money order or Bid Bond in favor of the County) in the amount of at least five percent (5%) of the bid price pledging that the Bidder will within fourteen (14) Days after Notification from Owner, enter into a Work Order with the County on the terms stated in its Bid/Quote and will furnish bonds as described hereunder covering the faithful performance of the Work Order and the payment of all obligations arising thereunder. Should the Bidder refuse to enter into such Work Order or fail to furnish the required bonds and insurance, the amount of the bid security shall be forfeited to the County as liquidated damages, not as penalty. If a Bidder fails to execute a Work Order for a project, the Bidder may be suspended or debarred from bidding on future projects for a period of two (2) years, in accordance with the Palm Beach County Purchasing Ordinance. The County may further pursue any and all remedies available against the Contractor for damages resulting from its failure to enter into a Work Order.

5.2.2.1 If provided, the bid bond shall conform with Section 5.2.3 and be written on the Bid Bond form, included as part of the Bidding Documents, and the attorney-in-fact who executes the bond on behalf of the surety shall affix to the bond a certified and current copy of his/her power of attorney. If a bid bond is submitted on a form other than that provided, such submission may result in the bid being declared non-responsive. Checks and money orders shall be made payable to Palm Beach County Board of County Commissioners.

5.2.2.2 The County will have the right to retain the bid security of Bidders to whom an award is being, or may be, considered until either (a) the Work Order has been executed and the bonds and insurance have been furnished, or (b) the specified time has elapsed so that Bids may be withdrawn, or (c) all Bids have been rejected.

5.2.3 Bond Requirements

5.2.3.1 If requested by the Invitation for Quote or as required by Section 5.2.1, the Bidder shall furnish bonds covering the faithful performance of each Work Order under the Annual Contract and the payment of all obligations arising thereunder in such form and amount as the County may prescribe. Bonds may be secured through the Bidder's usual sources provided the Surety is authorized to do business in the State of Florida.

5.2.3.2 Prior to execution of a Work Order, and not later than fourteen (14) calendar Days after Notification from Owner, the successful Bidder shall furnish the following to the Department, on the forms provided in the Bidding Documents:

1. Public Construction Bond in the Amount of 100% of the Work Order

2. Guarantee

Such Public Construction Bond shall incorporate by reference all of the terms and conditions of the Contract Documents, including but not limited to the Contractor and Surety's obligation for liquidated damages as well as Surety's acknowledgment regarding any and all provisions addressing or regarding "no damages for delay", as provided for in the General Conditions.

5.2.3.3 The Surety Company, in addition to the above requirements, shall be currently listed with the United States Department of Treasury for an amount greater than the Work Order amount. The Contractor, at the time of its execution of a Work Order, shall provide, with its Contract Bonds, a copy of the Surety Company's current valid Certificate of Authority issued by the United States Department of the Treasury under SS 31, U.S.C. 9304-9308.

5.2.3.4 The bond and guarantee shall be written on forms included in the Contract Documents provided by the Department.

5.2.3.5 The Bidder shall require the attorney-in-fact who executes the required bonds on behalf of the Surety to affix thereto a certified and current copy of his Power of Attorney.

Prior to execution of a Contract and not later than fourteen (14) calendar Days after Notification from Owner, the successful Bidder shall furnish to the Department certificates of insurance evidencing the existence of current valid, and binding insurance policies for the limits and coverage in accordance with the requirements delineated in the Request for Quote and the General Conditions, where such insurance is to be provided by Contractor, or as otherwise modified within the Contract Documents, together with a declaration of deductible amounts applicable to each type of insurance provided, acceptable to County.

5.3 Equal Business Opportunity Program.

5.3.1 Policy. It is the policy of the Board of County Commissioners of Palm Beach County, Florida, (the Board) that all segments of its business population, including, but not limited to, small, local, minority and women owned businesses, have an equitable opportunity to participate in the County's procurement process, prime contract and subcontract opportunities. To that end, the Board adopted an Equal Business Opportunity Ordinance which is codified in Sections 2-80.20 through 2-80.30 (as may be amended) of the Palm Beach County Code, (EBO Ordinance) which sets forth the County's requirements for the EBO program, and which is incorporated in this solicitation. A bidder must comply with the requirements contained in this section for a bidder to be deemed responsive to the solicitation requirements. The provisions of the EBO Ordinance are applicable to this solicitation, and shall have precedence over the provisions of this solicitation in the event of a conflict.

5.3.2 Affirmative Procurement Initiatives (APIs). The APIs approved for solicitations under this Annual Contract, including any applicable SBE or MWBE goals, are set out on Attachment A to these Instructions to Bidders which attachment is incorporated herein by reference. Any bid for a Work Order under this Contract that fails to comply with the API requirements stated in the solicitation after the period allowed for waiver requests has lapsed shall be deemed non-responsive.

5.3.3 API Waiver Requests/Good Faith Efforts. If Bidder is unable to comply with the API requirements as set forth in the solicitation, such Bidder shall submit a request for a waiver or partial waiver at least (7) days prior to the bid due date as stated in the solicitation. Bidder shall submit the waiver request to the Office of EBO with a copy to the Department. *If a bidder requests a waiver from an API from the Office of EBO at least 7 days prior to the bid due date, then the bid due date will be extended pending the outcome of a waiver request. Additionally, if the waiver is granted, the solicitation will be amended accordingly and the due date extended again.*

Such waiver request shall include specified documentation that demonstrates satisfactory Good Faith Efforts (as defined below) were undertaken by Bidder to comply with the requirements as described under the selected API. The Good Faith Effort waiver request forms, included as **Attachment B to these Instructions to Bidders**, shall be reviewed by the Office of EBO within seven (7) days of receipt. The bid due date will be extended during this review period. If the Office of EBO determines that adequate Good Faith Efforts have been demonstrated by the Bidder to warrant a partial or total waiver of the API, then the solicitation shall be amended accordingly to reflect the partial or total waiver, and any bids received by the County in the interim shall be returned unopened. The amended solicitation shall then be advertised to all prospective Bidders and the bid due date extended. However, if the Office of EBO determines that the Bidder failed to submit documentation sufficient to demonstrate that Good Faith Efforts were undertaken by the Bidder to support its waiver or partial waiver request, the request for waiver or partial waiver shall be denied, and the solicitation shall remain unchanged. In the event of an adverse waiver or partial waiver request decision, the Bidder shall have the right to request reconsideration of the adverse decision by the Director of the Office of EBO, and if still aggrieved, shall be subsequently entitled to the process for an appeal to a Special Master as referenced in Section 2.-80.28 (b) of the EBO Ordinance. The solicitation due date shall be extended pending the EBO Director reconsideration and Special Master appeal process if requested.

Good Faith Efforts means documentation of the Bidder's intent to comply with the applicable APIs, including, but not limited to, the following: (1) documentation as stated in the solicitation reflecting the Bidder's commitment to comply with SBE or M/WBE goals as established by the Office of EBO for a particular contract; or (2) documentation of efforts made toward achieving EBO program goals (e.g., solicitations of bids/proposals/qualification statements from all qualified SBE firms or M/WBE firms listed in the Office of EBO's directory of certified SBE or M/WBE firms; correspondence from qualified SBE or M/WBE firms documenting their unavailability to perform SBE or M/WBE contracts; documentation of efforts to subdivide work into smaller quantities for subcontracting purposes to enhance opportunities for SBE or M/WBE firms; documentation of a Prime Contractor's posting of a bond covering the work of SBE or M/WBE subcontractors; documentation of efforts to assist SBE or M/WBE firms with obtaining financing, bonding or insurance required by the Bidder; and documentation of consultations with trade associations and consultants that represent the interests of SBE and/or M/WBEs in order to identify qualified and available SBE or M/WBE subcontractors). Scoring of Good Faith Efforts

documentation and administrative determinations regarding the adequacy of such Good Faith Efforts is the responsibility of the Office of EBO.

5.3.4 Bid Submission Documentation. S/M/WBE bidders, bidding as prime contractors, are advised that they must complete Schedule 1 listing the Work to be performed by their own workforce as well as the Work to be performed by any subcontractor, including S/M/WBE subcontractors. Failure to include this information on Schedule 1 will result in the participation by the S/M/WBE prime bidders own workforce NOT being counted towards meeting the S/M/WBE goal. This requirement applies even if the S/M/WBE contractor intends to perform 100% of the Work with their own workforce.

All Bidders are required to submit with their bid the appropriate EBO schedules in order to be deemed responsive to this solicitation. Fillable pdfs of all EBO forms can be found on the Office of EBO's website at <http://discover.pbcgov.org/oebo/Pages/Compliance-Programs.aspx>. EBO documentation to be submitted is as follows:

5.3.4.1 Schedule 1 - List of All Proposed Subcontractors, including S/M/WBE Participation. A completed Schedule 1 shall list the names of all subcontractors, including S/M/WBE subcontractors, intended to be used in performance of the Work Order, if awarded. This schedule shall also be used if an S/M/WBE prime bidder is utilizing any subcontractors.

5.3.4.2 Schedule(s) 2 - Letter(s) of Intent to Perform as a Subcontractor, including S/M/WBE Subcontractors. A Schedule 2 for each subcontractor, including each S/M/WBE subcontractor, listed on Schedule 1, shall be completed and executed by the proposed subcontractor. The type of Work to be performed by each subcontractor and the dollar value or percentage shall also be specified. Additional copies may be made as needed. A completed Schedule 2 is a binding agreement between the prime contractor and the subcontractor and should be treated as such.

Completed and submitted EBO forms are incorporated into and made a part of the Contract Documents.

5.3.5 S/M/WBE Certification. Only those firms certified by Palm Beach County at the time of bid opening shall be counted toward the established S/M/WBE goal. Upon receipt of a complete application, **IT TAKES UP TO NINETY (90) DAYS TO BECOME CERTIFIED AS AN S/M/WBE WITH PALM BEACH COUNTY.** It is the responsibility of the bidder to confirm the certification of any proposed S/M/WBE; therefore, it is recommended that bidders visit the Office of EBO's on-line Vendor Directory at <http://discover.pbcgov.org/oebo/Pages/Vendor-Directory.aspx> to verify S/M/WBE certification.

5.3.6 Counting S/M/WBE Participation.

Once a firm is determined to be an eligible S/M/WBE according to the Palm Beach County certification procedures, the Prime may count toward its S/M/WBE goals only that portion of the total dollar value of a contract performed by the S/M/WBE.

The Prime may count toward its S/M/WBE goal a portion of the total dollar value of a contract with a joint venture, eligible under the standards for certification, equal to the percentage of the ownership and control of the S/M/WBE partner in the joint venture.

The Prime may count toward its S/M/WBE goal the entire expenditures for materials and equipment purchased by an S/M/WBE subcontractor, provided that the S/M/WBE subcontractor has the responsibility for the installation of the purchased materials and equipment.

The Prime may count the entire expenditure to an S/M/WBE manufacturer (i.e., a supplier/distributor that produces goods from raw materials or substantially alters the goods before resale).

The Prime may count sixty percent (60%) of its expenditure to S/M/WBE suppliers/distributors that are not manufacturers.

The Prime may count toward its S/M/WBE goal second and third tiered S/M/WBE subcontractors, provided that the Prime submits a completed Schedule 2 form for each S/M/WBE subcontractor.

The Prime may only count towards its S/M/WBE goal the goods and services in which the S/M/WBE is certified.

A certified S/M/WBE Prime may count toward the established goal the goods and services in which it performs with its own work force. The Prime S/M/WBE shall submit a completed Schedule 1 and 2.

5.3.7 S/M/WBE Participation. Bidder represents and warrants that Bidder will meet the S/M/WBE participation percentages submitted in its bid with the subcontractors contained on Schedules 1 and 2 and at the dollar values specified. Bidder agrees to provide any additional information requested by the County to substantiate participation.

5.3.8 Post Bid Waiver Request. After submission of a bid, if Bidder, through no fault of its own, is unable to meet the S/M/WBE participation specified in its bid, then Bidder must immediately seek substitute S/M/WBEs to fulfill the requirements and obtain the approval of the EBO Director. If, after reasonable Good Faith Efforts, the Bidder is unable to find an acceptable substitute S/M/WBE, a post-bid opening waiver may be requested. The request shall document the reasons for the Bidder's inability to meet the goal requirement. In the event the Bidder is found not to have performed Good Faith Efforts in its attempt to find a suitable a substitute for the initial S/M/WBE proposed utilization, one (1) or more of the penalties and sanctions as set forth in Section 5.3.12 herein may be imposed by the Office of EBO.

5.3.9 Responsibilities after Contract Award. The successful Bidder is required to submit accurate progress payment information with each pay application regarding each of its subcontractors, including S/M/WBE subcontractors. The Department shall audit the reported payments to S/M/WBE and non-S/M/WBE subcontractors to ensure that the Contractors' reported subcontract participation is accurate. Absent a waiver from the Office of EBO, a Contractor's failure to reach the required level of S/M/WBE subcontracting shall be considered a material

breach of contract. In the event of Contractor non-compliance, the Contractor shall be subject to any penalties and sanctions available under the terms of the EBO Ordinance, its contract with the County, or by law.

The successful Bidder shall submit the following forms with each pay application:

5.3.9.1 Schedule 3 – Subcontractor Activity Form. This form shall be submitted by the prime contractor with each payment application when subcontractors, including S/M/WBE subcontractors, are utilized in the performance of the Work under this contract. This form shall contain the names of all subcontractors, including S/M/WBE subcontractors, specify the subcontracted dollar amount for each subcontractor approved change orders, revised subcontractor contract amount, including S/M/WBE contract amount, amount drawn this period, amount drawn to date, and payments to date issued to subcontractors. This form is intended to be utilized on all non-professional services contracts.

5.3.9.2 Schedule 4 – Subcontractor Payment Certification, including S/M/WBEs. A Schedule 4 for each subcontractor, including each S/M/WBE, shall be completed and signed by each subcontractor, including each S/M/WBE, after receipt of payment from the prime. The prime shall submit this Schedule 4 with each payment application submitted to the County to document payment issued to a subcontractor in the performance of the Work under this Contract.

The successful bidder shall submit a Subcontractor Activity Form (Schedule 3) and Subcontractor Payment Certification Forms (Schedule 4) with each payment application. **Failure to provide these forms may result in a delay in processing payment or disapproval of the invoice until they are submitted.** The Subcontractor Activity Form (Schedule 3) is to be filled out by the Prime Contractor and the Subcontractor Payment Certification Form (Schedule 4) is to be executed by each subcontractor to verify receipt of payment.

Upon letter notification by the County that the payment tracking system is automated, the prime contractor is required to input all subcontractor payment information directly into the County's contract information system prior to submitting a payment application.

5.3.10 S/M/WBE Substitutions after Work Order Award. After Work Order award, the successful bidder will only be permitted to replace a certified S/M/WBE subcontractor who is unwilling or unable to perform. Such substitution must be done with other certified S/M/WBEs in order to maintain the S/M/WBE percentages submitted with the bid. Requests for substitutions must be submitted to the Department issuing the bid and the Office of EBO for approval. Any desired change in the S/M/WBE participation schedule shall be approved in advance by the Office of EBO and shall indicate the Prime Contractor's Good Faith Efforts to substitute another certified S/M/WBE Subcontractor (as appropriate) to perform the work. Any desired changes (including substitutions or termination and self-performance) must be approved in writing in advance by the Office of EBO. Upon receiving approval of substitution for the S/M/WBE subcontractor, the Prime must submit a completed and signed Schedule 2 by the proposed S/M/WBE subcontractor. Subcontractors shall specify the type of Work to be performed, the cost or percentage shall also be specified. In the event the Prime Contractor is found not to have performed Good Faith Efforts in its attempt to find a suitable a substitute for the initial S/M/WBE proposed utilization, one (1) or

more of the penalties and sanctions as set forth in Section 5.3.12 herein may be imposed by the Office of EBO.

If the County's issuance of an alternate or change order on a project results in changes in the scope of Work to be performed by a S/M/WBE subcontractor listed at bid opening, the Prime must submit a modified, completed and signed Schedule 2 that specifies the revised scope of Work to be performed by the S/M/WBE, along with the price and /or percentage.

5.3.12 EBO Program Compliance, Enforcement, Penalties. Under the EBO Ordinance, the Office of EBO is required to implement and monitor S/M/WBE utilization during the term of any contract resulting from this solicitation. It is the County's policy that S/M/WBEs shall have the maximum feasible opportunity to participate in the performance of County contracts. All Bidders are required to comply with the EBO Ordinance which is incorporated herein by reference and are expected to comply with the APIs applicable to the solicitation, as well as the S/M/WBE utilization proposed by a Bidder in its Bid, as the utilization plan and APIs are automatically incorporated into and made a material component of the Contract Documents.

The Office of EBO and the Department shall have the right to request and review Contractor's books and records to verify Contractor's compliance with the Contract, adherence to the EBO Program and its Bid. The Office of EBO and the Department shall have the right to interview subcontractors and workers at the work site to determine Contract compliance. Contractor shall retain all books and records pertaining to this Contract, including, but not limited to, subcontractor payment records, for four (4) years after project completion date, or such longer time as may be required in other provisions of this Contract, and make such records available for inspection in Palm Beach County by the Office of EBO and the County at any reasonable time during the four (4) years.

The Director of the Office of EBO or designee may require such reports, information, and documentation from Contractor as are reasonably necessary to determine compliance with the EBO Ordinance requirements. Contractor shall correct all noncompliance issues within 15 calendar days of a written notice of noncompliance by the contracting department or the Office of EBO. If the Contractor does not resolve the non-compliance within 15 days of receipt of written notice of non-compliance, then the Director of the Office of EBO or designee may impose upon the non-complying party any or all of the following penalties:

- a. Suspension of contract;
- b. Withholding of funds;
- c. Termination of contract based upon a material breach of contract pertaining to EBO Program compliance;
- d. Suspension or Debarment of a respondent or bidder, contractor or other business entity from eligibility for providing goods or services to the County for a period not to exceed three (3) years; and
- e. Liquidated damages equal to the difference in dollar value of S/M/WBE participation as committed to in the contract, and the dollar value of S/M/WBE participation as actually achieved.

5.4 Local Preference.

5.4.1. In accordance with the Palm Beach County Local Preference Code, a preference will be given to Bidders having a permanent place of business in Palm Beach County. Local preference means that if the lowest responsive, responsible Bidder is a non-local business, then all bids received from responsive, responsible local Bidders are decreased by 5%, to a maximum of \$100,000 difference. The original bid amount is not changed; the 5% decrease is calculated only for the purposes of determining the local preference.

5.4.1.1 Glades Local Preference. If a project is located in the Glades area as defined in the Ordinance, a preference will be given to Bidders having a permanent place of business in the Glades area or to a local bidder who utilizes a Glades subcontractor(s) for a minimum of 15% of the total bid price. This preference takes precedence over the preference in Paragraph 5.4.1. If the lowest responsive, responsible Bidder is a non-Glades business, then all bids received from responsive, responsible Glades Bidders are decreased by 5%, to a maximum of \$100,000 difference. If the lowest responsive, responsible Bidder is a non-Glades business, then all bids received from responsive, responsible non-Glades, local Bidders that utilize Glades subcontractors for a minimum of 15% are decreased by 3%, and for a minimum of 30% are decreased by 4%, to a maximum of \$100,000 difference. The original bid amount is not changed; the decrease is calculated only for the purposes of determining the Glades local preference.

5.4.2. To receive a local preference, a business must have a permanent place of business in existence prior to the County's issuance of this Invitation for Quote. A permanent place of business means that the business' headquarters is located in Palm Beach County or for the Glades preference in the Glades area; or, the business has a permanent office or other site in Palm Beach County or Glades area where the business will produce a substantial portion of the goods or services to be purchased.

5.4.3 A valid business tax receipt issued by the Palm Beach County Tax Collector will be used to verify that the business had a permanent place of business prior to the issuance of this Invitation for Quote. A Palm Beach County business tax receipt is required unless specifically exempted by law. In lieu of a Palm Beach County business tax receipt, the business' current business tax receipt issued to the business should be included in the response.

5.4.4 The Bidder must submit the attached "Certification of Business Location" and/or "Certification of Business Location – Glades Subcontractor" as applicable along with a copy of the Bidder's/subcontractor's business tax receipt at the time of bid submission. Failure to submit the certification may cause the Bidder to not receive a local or Glades local preference. Palm Beach County may require a Bidder to provide additional information for clarification purposes at any time prior to the award of the Work Order.

5.4.5 Responsibilities After Award – Substitutions. After award, the successful bidder will only be permitted to replace a Glades subcontractor who is unwilling or unable to perform. Such substitutions must be done with another Glades subcontractor in order to maintain the Glades subcontractor percentages submitted with the bid. Requests for substitutions must be submitted to the Department issuing the bid.

5.5 Timing of Submission of Bid Documents.

5.5.1 The Bid Documents listed below must be submitted by the date and time specified for the submission of bids/quotes in the Invitation for Quote. Submission of these documents after the date or time specified in the Invitation for Quote will result in the documents being rejected and returned to the Bidder.

1. Bid Form
2. Bid Bond (or Intent to Participate in Bond Waiver Program Bid Affidavit)
3. EBO Forms – Schedule 1 (List of all Proposed Subcontractors) and Schedule 2 (Letter(s) of Intent to Perform as a Subcontractor)

5.5.2 EBO Schedule 1 - List of Proposed Subcontractors which lists all subcontractors, including S/M/WBE subcontractors, to be used on the subject project, must be included with the Bid Documents. And, for each subcontractor that is listed in Schedule 1, Bidder must submit with its Bid Documents EBO Schedule 2 - Letter of Intent to Perform as Subcontractor.

5.5.3 Receipt of Schedule 1 by the County does not imply or grant approval for the use of any subcontractor. The Contractor is completely responsible for ensuring that all subcontractors performing Work pursuant to the Work Order are licensed and otherwise qualified.

5.6 Submission of Bids.

5.6.1 The Bid Documents package shall be enclosed in a sealed opaque envelope. The envelope shall be addressed as follows:

Such notice shall be in writing over the signature of the Bidder and received by the Department before the date and time set for submission of the Bid Documents; and it shall be worded so as not to reveal the amount of the original Bid/Quote.

5.7.3 Withdrawn Bids may be resubmitted up to the time designated for the opening of the Bid Documents provided that the resubmitted Bid/Quote is fully in conformance with these Instructions to Bidders.

5.7.4 Bid security shall be in an amount sufficient for the Bid as modified or resubmitted.

2. Collusion among or between bidders.
3. Unbalanced bids; that is bids in which the price bid is out of all proportion to the other bids received.

All contractors and subcontractors, identified in the Bid Documents, who work in trades required to be licensed or certified by the Palm Beach County Construction Industry Licensing Board are required to have such licenses or certificates in place at the time of Bid submission.

9.0 LIQUIDATED DAMAGES

If the Invitation for Bid/Quote indicates that liquidated damages apply to a project awarded under this Contract, then liquidated damages will be assessed at the rate(s) set forth in the Invitation for Bid/Quote. Owner and Contractor agree that time is of the essence in the performance of Work Orders under this Contract and agree that the damages which Owner will suffer in the event that Contractor finishes a Work Order under this Contract after the substantial completion date set forth in the Invitation for Bid/Quote are certain but will be difficult, if not impossible, to quantify. Therefore, Contractor and Owner agree that the rates set forth on an Invitation for Bid/Quote are a reasonable estimate of the amount of damages that Owner will suffer in the event Contractor fails to achieve certification of substantial completion of a project within the contract time for that Work Order. Contractor and Owner agree that these liquidated damages shall be assessed as damages, as provided in the Contract Documents, and that they are not, and shall never be considered to be, a penalty.

10.0 LOBBYING (for Bids that Exceed \$100,000)

10.1 Lobbyist Registration Ordinance. Bidders are advised that the "Palm Beach County Lobbyist Registration Ordinance" prohibits a bidder or anyone representing a bidder from communicating with any Commissioner or Commissioner's staff regarding its bid, i.e. a "Cone of Silence".

10.2 Cone of Silence. The "Cone of Silence" is in effect from the date/time of the deadline for submission of the bid, and terminates at the time that the Board of County Commissioners ("Board"), or a County Department authorized to act on behalf of the Board, awards or approves a contract or work order, rejects all bids, or otherwise takes action which ends the solicitation

process.

10.3 Exceptions. The exceptions to the "Cone of Silence" specifically include contract negotiations during any public meeting; contract negotiations between any County Employee and the intended awardee; public presentations made to the Board; or any written correspondence at any time with any County Employee, County Commissioners, or Advisory Board Member or selection committee member, unless specifically prohibited by the applicable competitive solicitation process.

10.4 Fines. Violations of this section of the Ordinance are punishable by a fine of \$250.00 per violation.

11.0 LIVING WAGE (for Bids that Exceed \$100,000)

11.1 Ordinance. For Bids that exceed \$100,000, and that are not subject to the Davis-Bacon Act or any related act or acts, as amended, that require the payment of Davis-Bacon Act wage rates, must comply with the Palm Beach County Living Wage Ordinance.

11.2 Definition. Living wage means a minimum wage of \$12.31 per hour effective October 1, 2018, through September 30, 2019. The living wage is adjusted annually on October 1 as provided for in the ordinance. The Contractor and all subcontractors shall pay the living wage to all employees directly providing construction-related services.

11.3 Certification Required. Before entering any construction contract or Work Order under an Annual Contract, the Contractor must provide a certificate to the Owner and each subcontractor must provide a certificate to the Contractor, stating that it will pay each employee no less than the living wage. A copy of the certificate must be made available to the public upon request. The certificate must include the following:

The name, address, and phone number of the prospective employer, a local contact person, and the specific project for which the construction contract or work order under an annual contract applies; The amount of the construction contract or work order under an annual contract; A brief description of the project or service provided under the construction contract or work order under an annual contract; A statement of the wage levels for prospective non-county employees; and A commitment to pay each employee a living wage.

The certificate form is provided with the Contract Documents.

11.4 Notice and Posting. The Contractor shall post a copy of the following statement at the work site in a prominent place where it can easily be seen by the employees: "NOTICE TO EMPLOYEES: If you are employed to provide certain services to Palm Beach County, your employer may be required by Palm Beach County law to pay you at least (insert the living wage hourly pay rate, as adjusted) per hour. If you are not paid this hourly rate, contact your supervisor and/or Palm Beach County Procurement and Project Implementation Group at (561) 233-2055." The preceding statement shall be printed in English, Spanish, and Creole, and shall be printed with black lettering on letter-size, white paper using a Times New Roman 14-point font, Courier New 14-point font, or Arial 14-point font. Posting requirements will not be required if the employer

attaches a copy of the preceding statement to the employee's first paycheck, and to subsequent paychecks at least every six (6) months thereafter. Employers shall supply a copy of the preceding statement to any employee upon request within a reasonable time. Employers shall forward a copy of the requirements of this ordinance to any person or business submitting a bid for a subcontract on any contract or work order covered by this ordinance.

11.5 Maintenance of Payroll Records. Each employer shall maintain payroll records and basic records relating thereto for each employee, and shall preserve them for a period of three (3) years. The records shall contain:

Each employee's name and address; Each employee's job title and classification; The number of hours worked each day by each employee; The gross wages and deductions made for each employee; and Annual wages paid to each employee.

11.6 Reporting Payroll. Every six (6) months the Contractor shall certify and file with the Owner, or with the general contractor for subcontractors, certification that all employees who worked on each construction contract or work order under an annual contract during the preceding six (6) month period were paid the living wage in compliance with this ordinance. Upon the Owner's request, the employer shall produce for inspection and copying the payroll records for any or all of its employees for the prior three (3) year period.

12.0 CRIMINAL HISTORY RECORDS CHECK

The Contractor, the Contractor's employees, subcontractors of the Contractor, employees of subcontractors, and suppliers shall comply with Palm Beach County Code, Section 2-371 - 2-377, the Palm Beach County Criminal History Records Check Ordinance ("Ordinance"), for unescorted access to critical facilities ("Critical Facilities") or criminal justice information facilities ("CJI Facilities") as identified in Resolution R-2003-1274, as amended. The Contractor is solely responsible for the financial, schedule, and/or staffing implications of this Ordinance. Further, the Contractor acknowledges that its Bid includes any and all direct or indirect costs associated with compliance with this Ordinance, except for the applicable FDLE/FBI fees that shall be paid by the COUNTY.

Refer to the Invitation for Quote for applicability of criminal history records check to a project awarded under this Contract.

Each individual undergoing a criminal justice background check is required to have his/her own unique email address in order to comply with security awareness training. If an employee of Contractor does not have his/her own unique email address, Contractor agrees to provide one to that employee.

Individuals passing the background check will be issued a badge. Contractor shall make every effort to collect the badges of its employees and its subcontractors' employees upon conclusion of the contract work and return them to the County. If the Contractor or its subcontractor terminates an employee who has been issued a badge, the Contractor must notify the County within 2 hours. At the time of termination, the Contractor shall retrieve the badge and return it to the County in a timely manner. The County reserves the right to suspend any Contractor that; 1) does not comply

with the requirements of County Code Section 2-371-2-377 as amended, 2) does not contact the County regarding a terminated Contractor employee or subcontractor employee within the stated time, or 3) fails to make a good faith effort in attempting to comply with the badge retrieval policy.

13.0 PALM BEACH COUNTY OFFICE OF THE INSPECTOR GENERAL

Palm Beach County has established the Office of the Inspector General in Palm Beach County Code, Section 2-421 – 2-440, as may be amended. The Inspector General's authority includes but is not limited to the power to review past, present and proposed County contracts, transactions, accounts and records, to require the production of records, and audit, investigate, monitor, and inspect the activities of the Contractor, its officers, agents, employees, and lobbyists in order to ensure compliance with contract specifications and detect corruption and fraud. Failure to cooperate with the Inspector General or interfering with or impeding any investigation shall be in violation of Palm Beach County Code, Section 2-421 - 2-440, as may be amended, and punished pursuant to Section 125.69, Florida Statutes, in the same manner as a second degree misdemeanor.

14.0 ANNUAL CONTRACTS – SPECIAL CONDITIONS

14.1 Magnitude of Work. Each bidder should fully understand that the Board of County Commissioners does not commit under this Annual Contract to award any specific amount of work during the contract period. Each Work Order under this Annual Contract will be lump sum or lump sum with certain unit prices and competitively quoted by multiple Qualified Contractors: *the magnitude of the work shall be determined by individual Work Orders issued against this Contract by Palm Beach County.*

The County reserves the right to award and use multiple contracts for this work.

The County reserves the right to limit the amount of awards based on the projected need of the County.

14.2 Method of Ordering (Qualified Annual Term Contract). The County will issue Work Orders against the Annual Contract on an as needed basis. All Qualified Contractors will be invited to submit a quote/bid for each potential Work Order except for an urgent repair, where only one contractor will be called out (every effort will be made to rotate invitations for urgent repairs, depending on existing warranty requirements and a Qualified Contractor's experience).

14.3 Scope Meeting. Each Work Order will be based upon on-site scoping meetings at the site of the proposed work. The scope meeting, in conjunction with any issued drawings and specifications and special conditions, will establish detailed requirements for the specific project, including timing requirements, access, specific materials and a tentative construction schedule.

14.4 Bids. Upon agreement of scope and quantities, all Qualified Contractors will submit their bids based upon the scope and quantities of the work and terms of the Contract Documents. Included in each bid shall be any proposed S/M/WBE participation, as further described in Section

5.3 hereof.

14.5 Work Order. The County may elect to issue a Work Order based upon the bid to the lowest, responsive, responsible Qualified Contractor after consideration of 1) applicable APIs, including any S/M/WBE preferences, and 2) local preferences. Each Work Order will specify the Work to be performed, its location, the compensation and a schedule for performance. Compensation will be paid by single payment or progress payments, depending on the project duration and value.

14.6 Participation. The County may disqualify a Qualified Contractor and/or terminate an Annual Contract with the Contractor, if the Contractor fails to submit bids for three (3) consecutive Invitations for Quotations.

14.7 Location of Work. The locations of the projects will vary and may be at any location within the boundaries of Palm Beach County.

14.8 Responsiveness. Contractor shall be on-site and actively engaged in the subject work within five (5) working days of the pre-construction meeting. For urgent repairs, the Contractor called must respond on-site within eight (8) hours or another Qualified Contractor will be called and the Annual Contract may be terminated at the option of the County. Contractor shall efficiently prosecute the Work with adequate personnel and equipment until completion.

14.9 Public Construction Bond. The Public Construction Bond is waived for Work Orders less than \$200,000 where Bidder's cumulative open Work Orders do not exceed \$200,000. Any proposed Work Order which will cause a Bidder's cumulative open Work Orders to exceed \$200,000 shall require a Public Construction Bond. Any individual Work Order exceeding \$200,000 shall require a Public Construction Bond. See Section 5.2 for more information on bonding.

14.10 Performance during Public Emergency. Contractor agrees and promises that during, and after, a public emergency, disaster, hurricane, flood or other act of God, the County shall be given "first priority" for all services under this Annual Contract. Contractor agrees to provide all services to County throughout the emergency/disaster on the terms and conditions provided in the Contract Documents and with a priority above, and a preference over, work to the private sector. Contractor shall furnish a 24-hour phone number to the County in the event of an emergency. Failure to provide the stated priority/preference during an emergency/disaster shall constitute a breach of the Annual Contract.

14.11 Work Order Close-Out and Final Payment. As a condition to final payment for each Work Order, Contractor shall furnish to the County's Authorized Representative, the following documents, each in a form acceptable to the County:

- Final Releases of Claim from all subcontractors and suppliers, as may be applicable;
- Consent of Surety to Final Payment on Work Order, if project was bonded;
- Documentation of required notifications to federal, state, county, and municipal agencies;
- Conditional Release of Claim from the Contractor;

- All Warranties.

14.12 General Conditions. Contractor shall refer to the General Conditions of the Contract for detailed information on payment, prosecution of the Work, warranty, indemnity, insurance, confidential information, substantial completion, final acceptance and other matters. When the General Conditions refer to requirements under the Contract or Contract Documents that are applicable to the Project; the Work; the site; the Contract Sum/Price; the schedule; the Contract Time or Completion Date; the General Conditions shall be read to mean the requirement applies to a project; work; site; the compensation; the schedule, time or completion date under each individual Work Order issued pursuant to the Annual Contract.

15.0 DEPARTMENT SPECIFIC INSTRUCTIONS

ATTACHMENT A TO INSTRUCTIONS TO BIDDERS

AFFIRMATIVE PROCUREMENT INITIATIVES FOR CONSTRUCTION PROCUREMENT ("API"s)

The API(s) approved for this contract are selected below by ☒. Any bid that fails to comply with the API requirements after the period allowed for waiver requests has lapsed shall be deemed non-responsive. Capitalized terms are defined in the EBO Ordinance. Fillable pdfs of all EBO forms can be found on the OEBO website at <http://discover.pbcgov.org/oebo/Pages/Compliance-Programs.aspx>. Waiver request and Good Faith Efforts forms are attached to the Instructions to Bidders as Attachment B. Also, see the EBO Ordinance and Countywide PPM CW-O-043 for further information on APIs.

☐ **SBE Sheltered Market for Small Construction Contracts**

Work Orders \$100,000 and below under this Contract are reserved for competition among only certified SBEs.

Small prime Construction Contracts (single trade or multi-trade) valued at or below \$100,000 may be reserved for sheltered market competition where only certified SBEs are eligible to submit bids or quotes.

☐ **SBE Subcontracting Program**

A 20% SBE subcontracting participation goal is established for Work Orders under this Contract.

A minimum mandatory goal of 20% of the total estimated dollar value of each Work Order under this Contract shall be subcontracted to SBEs, however the EBO Office shall reduce or waive this goal when there is inadequate availability of SBE prime and / or Subcontractor firms.

☐ **SBE Price Preference (Contracts with no opportunity for subcontract, i.e., single trade)**

The Work Orders under this Contract shall be awarded to the lowest responsive, responsible respondent or bidder unless a certified SBE's bid is within the ten (10) percent of the lowest non-small business bid, in which case the award shall be made to the certified small business respondent or bidder submitting the lowest responsive, responsible bid at the price that it bid.

☐ **M/WBE Subcontracting Goal**

_____ percent (0 to 40%) of each Work Order under this Contract shall be subcontracted to certified M/WBEs owned by African American, Hispanic American, Asian American, Native American, and non-minority women persons.

Up to 40% of each Work Order under this Contract as noted above, shall be subcontracted to eligible M/WBEs (i.e., certified M/WBE firms owned by African American, Hispanic American, Asian American, Native American, and non-minority women persons). However the EBO Office shall reduce or waive this goal when there is inadequate availability of M/WBE prime and / or Subcontractor firms.

Explanation of GSC's reasons for applying this API:

☐ **M/WBE Segmented Subcontracting Goals**

_____ % of the M/WBE subcontracting goal shall be achieved through the utilization

of certified M/WBEs owned by ☐ African American, ☐ Hispanic American, ☐ Asian American, ☐ Native American, and ☐ non-minority women persons (check applicable).

M/WBE Segmented Subcontracting Goals are established on an individual County Contract wherein an overall combined M/WBE goal is accompanied by subsets of one or more smaller goals that specifically target the participation of a particular segment of Minority Group Member segments or the WBE segment based upon that segment's relative availability. Such segmented goals shall specifically target the participation of a particular segment of business enterprises owned and controlled by women or certain Minority Group Members (e.g., African-Americans, Hispanic-Americans, Asian-Americans, or Native Americans) based upon relative availability, as well as the existence of consistently and significantly greater patterns of underutilization and disparity within an industry as compared to other gender and Minority Group Member categories of M/WBEs. (For example, if an overall M/WBE subcontracting goal is set at 38% on a given Contract, the segmented subcontracting goal may require that at least 23% of that 38% shall be satisfied through the utilization of African American and Hispanic Subcontractors.). The EBO Office shall reduce or waive this goal when there is inadequate availability of M/WBE prime and / or Subcontractor firms.

Explanation of GSC's reasons for applying this API:

☐ **M/WBE Joint Venture/Partnership/Teaming Incentive for Contracts (greater than \$2.5 million)**

_____ percent (0 to 20%) of total available evaluation points shall be applied for qualifying M/WBE joint ventures wherein the certified M/WBE joint venture partner owns fifty (50) percent or greater, and performs fifty (50) percent or greater of the work, of the overall joint venture. Proportionately fewer evaluation preference points would be awarded to the joint venture based upon lesser percentages of ownership by the M/WBE partner.

For "best value" Contracts wherein low price is not the only criterion for award, the incentive may be for up to twenty (20) percent of one hundred (100) evaluation points to be reserved for qualifying M/WBE joint ventures wherein the certified M/WBE joint venture partner owns fifty (50) percent or greater, and performs fifty (50) percent or greater of the work, of the overall joint venture. Proportionately fewer evaluation preference points would be awarded to the joint venture based upon lesser percentages of ownership by the M/WBE partner.

Explanation of GSC's reasons for applying this API:

☐ **M/WBE Evaluation Preference for "Best Value" RFPs (Formal Solicitations)**

_____ percent (0 to 15%) of the evaluation points are reserved as a preference for proposals submitted by certified M/WBE firms.

Evaluation panels shall assign point preferences equal to up to 15% of the total points assigned for the evaluation, scoring and ranking of construction-related proposals submitted by those certified M/WBE firms. An M/WBE that is awarded a prime Contract under this program may not subcontract more than forty-nine (49) percent of the Contract value to a non-S/M/WBE firm.

Explanation of GSC's reasons for applying this API:

The Provisions of this Attachment shall take precedence and control over any inconsistent or conflicting provisions in the Contract Documents.

1. Commercial Non-Discrimination. The Bidder represents and warrants that it will comply with the County's Commercial Nondiscrimination Policy as described in Resolution 2017-1770 as amended. As part of such compliance, the Bidder shall not discriminate on the basis of race, color, national origin, religion, ancestry, sex, age, marital status, familial status, sexual orientation, gender identity or expression, disability, or genetic information in the solicitation, selection, hiring or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall the Bidder retaliate against any person for reporting instances of such discrimination. The Bidder shall provide equal opportunity for subcontractors, vendors and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the County's relevant marketplace in Palm Beach County. The Bidder understands and agrees that a material violation of this clause shall be considered a material breach of any resulting contract and may result in termination of the contract, disqualification or debarment of the Bidder from participating in County contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party.

The Bidder acknowledges and agrees that all subcontractor agreements shall include a commercial non-discrimination clause.

2. VSS Registration Required. A Bidder must register in the County's Vendor Self Service ("VSS") at <https://pbcvssp.co.palm-beach.fl.us/webapp/vssp/AltSelfService> in order to bid on County contracts. If Bidder intends to use subcontractors, Bidder must also ensure that all subcontractors are registered as vendors in VSS. All subcontractor agreements must include a contractual provision requiring that the subcontractor register in VSS. County will not finalize the award of a Work Order until a contractor has certified that the contractor and all of its subcontractors are registered in VSS.

3. Section 5.2.1 of the Instructions to Bidders in the Contract Documents is replaced with the following:

5.2.1 General. Bid Security is not required for Work Orders of less than \$200,000. The Public Construction Bond is waived for Work Orders less than \$200,000 where Bidder's cumulative open Work Orders do not exceed \$200,000. Any proposed Work Order which will cause a Bidder's cumulative open Work Orders to exceed \$200,000 shall require a Public Construction Bond. Any individual Work Order exceeding \$200,000 shall require a Public Construction Bond.

4. Section 5.3 of the Instructions to Bidders in the Contract Documents is replaced with the following:

5.3 Equal Business Opportunity Program.

5.3.1 Policy. It is the policy of the Board of County Commissioners of Palm Beach County, Florida, (the Board) that all segments of its business population, including, but not limited to, small, local, minority and women owned businesses, have an equitable opportunity to participate in the County's procurement process, prime contract and subcontract opportunities. To that end, the Board adopted an Equal Business Opportunity Ordinance which is codified in Sections 2-80.20 through 2-80.30 (as may be amended) of the Palm Beach County Code, (EBO Ordinance) which sets forth the County's requirements for the EBO program, and which is incorporated in this solicitation. A bidder must comply with the requirements contained in this section for a bidder to be deemed responsive to the solicitation requirements. The provisions of the EBO Ordinance are applicable to this solicitation, and shall have precedence over the provisions of this solicitation in the event of a conflict.

5.3.2 Affirmative Procurement Initiatives (APIs). The APIs approved for this solicitation, including any applicable SBE or M/WBE goals, are set out on Attachment B to the Invitation for Bid/Quote which attachment is incorporated herein by reference. Any bid that fails to comply with the API requirements stated in this solicitation after the period allowed for waiver requests has lapsed shall be deemed non-responsive.

5.3.3 API Waiver Requests/Good Faith Efforts. If Bidder is unable to comply with the API requirements as set forth in this solicitation, such Bidder shall submit a request for a waiver or partial waiver at least (7) days prior to the bid due date as stated in the solicitation. Bidder shall submit the waiver request to the Office of EBO with a copy to the Department. *If a bidder requests a waiver from an API from the Office of EBO at least 7 days prior to the bid due date, then the bid due date will be extended pending the outcome of a waiver request. Additionally, if the waiver is granted, the solicitation will be amended accordingly and the due date extended again.*

Such waiver request shall include specified documentation that demonstrates satisfactory Good Faith Efforts (as defined below) were undertaken by Bidder to comply with the requirements as described under the selected API. The Good Faith Effort waiver request, shall be reviewed by the Office of EBO within seven (7) days of receipt. The bid due date will be extended during this review period. If the Office of EBO determines that adequate Good Faith Efforts have been demonstrated by the Bidder to warrant a partial or total waiver of the API, then the solicitation shall be amended accordingly to reflect the partial or total waiver, and any bids received by the County in the interim shall be returned unopened. The amended solicitation shall then be advertised to all prospective Bidders and the bid due date extended. However, if the Office of EBO determines that the Bidder failed to submit documentation sufficient to demonstrate that Good Faith Efforts were undertaken by the Bidder to support its waiver or partial waiver request, the request for waiver or partial waiver shall be denied, and the solicitation shall remain unchanged. In the event of an adverse waiver or partial waiver request decision, the Bidder shall have the right to request reconsideration of the adverse decision by the Director of the Office of EBO, and if still aggrieved, shall be subsequently entitled to the process for an appeal to a Special Master as referenced in Section 2.-80.28 (b) of the EBO Ordinance. The solicitation due date shall be extended pending the EBO Director reconsideration and Special Master appeal process if requested.

Good Faith Efforts means documentation of the Bidder's intent to comply with the applicable APIs, including, but not limited to, the following: (1) documentation as stated in the solicitation reflecting the Bidder's commitment to comply with SBE or M/WBE goals as established by the Office of EBO for a particular contract; or (2) documentation of efforts made toward achieving EBO program goals (e.g., solicitations of bids/proposals/qualification statements from all qualified SBE firms or M/WBE firms listed in the Office of EBO's directory of certified SBE or M/WBE firms; correspondence from qualified SBE or M/WBE firms documenting their unavailability to perform SBE or M/WBE contracts; documentation of efforts to subdivide work into smaller quantities for subcontracting purposes to enhance opportunities for SBE or M/WBE firms; documentation of a Prime Contractor's posting of a bond covering the work of SBE or M/WBE subcontractors; documentation of efforts to assist SBE or M/WBE firms with obtaining financing, bonding or insurance required by the Bidder; and documentation of consultations with trade associations and consultants that represent the interests of SBE and/or M/WBEs in order to identify qualified and available SBE or M/WBE subcontractors). Scoring of Good Faith Efforts documentation and administrative determinations regarding the adequacy of such Good Faith Efforts is the responsibility of the Office of EBO.

5.3.4 Bid Submission Documentation. S/M/WBE bidders, bidding as prime contractors, are advised that they must complete Schedule 1 listing the Work to be performed by their own workforce as

well as the Work to be performed by any subcontractor, including S/M/WBE subcontractors. Failure to include this information on Schedule 1 will result in the participation by the S/M/WBE prime bidders own workforce NOT being counted towards meeting the S/M/WBE goal. This requirement applies even if the S/M/WBE contractor intends to perform 100% of the Work with their own workforce.

All Bidders are required to submit with their bid the appropriate EBO schedules in order to be deemed responsive to this solicitation. EBO documentation to be submitted is as follows:

5.3.4.1 Schedule 1 - List of All Proposed Subcontractors, including S/M/WBE Participation. A completed Schedule 1 shall list the names of all subcontractors, including S/M/WBE subcontractors, intended to be used in performance of the contract, if awarded. This schedule shall also be used if an S/M/WBE prime bidder is utilizing any subcontractors.

5.3.4.2 Schedule(s) 2 - Letter(s) of Intent to Perform as a Subcontractor, including S/M/WBE Subcontractors. A Schedule 2 for each subcontractor, including each S/M/WBE subcontractor, listed on Schedule 1, shall be completed and executed by the proposed subcontractor. The type of Work to be performed by each subcontractor and the dollar value or percentage shall also be specified. Additional copies may be made as needed. A completed Schedule 2 is a binding agreement between the prime contractor and the subcontractor and should be treated as such.

Completed and submitted EBO forms are incorporated into and made a part of the Contract Documents.

5.3.5 S/M/WBE Certification. Only those firms certified by Palm Beach County at the time of bid opening shall be counted toward the established S/M/WBE goal. Upon receipt of a complete application, **IT TAKES UP TO NINETY (90) DAYS TO BECOME CERTIFIED AS AN S/M/WBE WITH PALM BEACH COUNTY.** It is the responsibility of the bidder to confirm the certification of any proposed S/M/WBE; therefore, it is recommended that bidders visit the on-line S/M/WBE Directory at www.pbcgov.org/osba to verify S/M/WBE certification.

5.3.6 Counting S/M/WBE Participation. Once a firm is determined to be an eligible S/M/WBE according to the Palm Beach County certification procedures, the Prime may count toward its S/M/WBE goals only that portion of the total dollar value of a contract performed by the S/M/WBE.

The Prime may count toward its S/M/WBE goal a portion of the total dollar value of a contract with a joint venture, eligible under the standards for certification, equal to the percentage of the ownership and control of the S/M/WBE partner in the joint venture.

The Prime may count toward its S/M/WBE goal the entire expenditures for materials and equipment purchased by an S/M/WBE subcontractor, provided that the S/M/WBE subcontractor has the responsibility for the installation of the purchased materials and equipment.

The Prime may count the entire expenditure to an S/M/WBE manufacturer (i.e., a supplier/distributor that produces goods from raw materials or substantially alters the goods before resale).

The Prime may count sixty percent (60%) of its expenditure to S/M/WBE suppliers/distributors that are not manufacturers.

The Prime may count toward its S/M/WBE goal second and third tiered S/M/WBE subcontractors, provided that the Prime submits a completed Schedule 2 form for each S/M/WBE subcontractor.

The Prime may only count towards its S/M/WBE goal the goods and services in which the SBE is certified.

A certified S/M/WBE Prime may count toward the established goal the goods and services in which it performs with its own work force. The Prime S/M/WBE shall submit a completed Schedule 1 and 2.

5.3.7 S/M/WBE Participation. Bidder represents and warrants that Bidder will meet the S/M/WBE participation percentages submitted in its bid/quote with the subcontractors contained on Schedules 1 and 2 and at the dollar values specified. Bidder agrees to provide any additional information requested by the County to substantiate participation.

5.3.8 Post Bid Waiver Request. After submission of a bid, if Bidder, through no fault of its own, is unable to meet the S/M/WBE participation specified in its bid, then Bidder must immediately seek substitute S/M/WBEs to fulfill the requirements and obtain the approval of the EBO Director. If, after reasonable Good Faith Efforts, the Bidder is unable to find an acceptable substitute S/M/WBE, a post-bid opening waiver may be requested. The request shall document the reasons for the Bidder's inability to meet the goal requirement. In the event the Bidder is found not to have performed Good Faith Efforts in its attempt to find a suitable substitute for the initial S/M/WBE proposed utilization, one (1) or more of the penalties and sanctions as set forth in Section 5.3.12 herein may be imposed by the Office of EBO.

5.3.9 Responsibilities after Award of Work Order. The successful Bidder shall submit the following forms with each pay application:

5.3.9.1 Schedule 3 – Subcontractor Activity Form. This form shall be submitted by the prime contractor with each payment application when subcontractors, including S/M/WBE subcontractors, are utilized in the performance of the Work Order. This form shall contain the names of all subcontractors, including S/M/WBE subcontractors, specify the subcontracted dollar amount for each subcontractor approved change orders, revised subcontractor contract amount, including S/M/WBE contract amount, amount drawn this period, amount drawn to date, and payments to date issued to subcontractors. This form is intended to be utilized on all non-professional services contracts.

5.3.9.2 Schedule 4 – Subcontractor Payment Certification, including S/M/WBEs. A Schedule 4 for each subcontractor, including each S/M/WBE, shall be completed and signed by each subcontractor, including each S/M/WBE, after receipt of payment from the prime. The prime shall submit this Schedule 4 with each payment application submitted to the County to document payment issued to a subcontractor in the performance of the Work Order.

The successful bidder shall submit an Subcontractor Activity Form (Schedule 3) and Subcontractor Payment Certification Forms (Schedule 4) with each payment application. **Failure to provide these forms may result in a delay in processing payment or disapproval of the invoice until they are submitted.** The Subcontractor Activity Form (Schedule 3) is to be filled out by the Prime Contractor and the Subcontractor Payment Certification Form (Schedule 4) is to be executed by each subcontractor to verify receipt of payment.

Upon letter notification by the County that the payment tracking system is automated, the prime contractor is required to input all subcontractor payment information directly into the County's contract information system prior to submitting a payment application.

5.3.10 S/M/WBE Substitutions after Award of Work Order. After award of a Work Order, the successful bidder will only be permitted to replace a certified S/M/WBE subcontractor who is unwilling or unable to perform. Such substitution must be done with other certified S/M/WBEs in order to maintain the S/M/WBE percentages submitted with the bid. Requests for substitutions must be submitted to the

Department issuing the bid and the Office of EBO for approval. Any desired change in the S/M/WBE participation schedule shall be approved in advance by the Office of EBO and shall indicate the Prime Contractor's Good Faith Efforts to substitute another certified S/M/WBE Subcontractor (as appropriate) to perform the work. Any desired changes (including substitutions or termination and self-performance) must be approved in writing in advance by the Office of EBO. Upon receiving approval of substitution for the S/M/WBE subcontractor, the Prime must submit a completed and signed Schedule 2 by the proposed S/M/WBE subcontractor. Subcontractors shall specify the type of Work to be performed, the cost or percentage shall also be specified. In the event the Prime Contractor is found not to have performed Good Faith Efforts in its attempt to find a suitable a substitute for the initial S/M/WBE proposed utilization, one (1) or more of the penalties and sanctions as set forth in Section 5.3.12 herein may be imposed by the Office of EBO.

5.3.11 Change Orders and Modifications. If the County's issuance of an alternate or change order on a project results in changes in the scope of Work to be performed by a S/M/WBE subcontractor listed at bid opening, the Prime must submit a modified, completed and signed Schedule 2 that specifies the revised scope of Work to be performed by the S/M/WBE, along with the price and /or percentage.

5.3.12 EBO Program Compliance, Enforcement, Penalties. Under the EBO Ordinance, the Office of EBO is required to implement and monitor S/M/WBE utilization during the term of any contract resulting from this solicitation. It is the County's policy that S/M/WBEs shall have the maximum feasible opportunity to participate in the performance of County contracts. All Bidders are required to comply with the EBO Ordinance and shall be expected to comply with the APIs applicable to this solicitation, as well as the S/M/WBE utilization proposed by a Bidder in its Bid, which utilization plan forms a part of any resulting Work Order.

The Office of EBO and the Department shall have the right to request and review Contractor's books and records to verify Contractor's compliance with the Contract, adherence to the EBO Program and its Bid. The Office of EBO and the Department shall have the right to interview subcontractors and workers at the work site to determine Contract compliance. Contractor shall retain all books and records pertaining to this Contract, including, but not limited to, subcontractor payment records, for four (4) years after project completion date, or such longer time as may be required in other provisions of this Contract, and make such records available for inspection in Palm Beach County by the Office of EBO and the County at any reasonable time during the four (4) years.

The Director of the Office of EBO or designee may require such reports, information, and documentation from Contractor as are reasonably necessary to determine compliance with the EBO Ordinance requirements. Contractor shall correct all noncompliance issues within 15 calendar days of a written notice of noncompliance by the contracting department or the Office of EBO. If the Contractor does not resolve the non-compliance within 15 days of receipt of written notice of non-compliance, then the Director of the Office of EBO or designee may impose upon the non-complying party any or all of the following penalties:

- a. Suspension of contract;
- b. Withholding of funds;
- c. Termination of contract based upon a material breach of contract pertaining to EBO Program compliance;
- d. Suspension or Debarment of a respondent or bidder, contractor or other business entity from eligibility for providing goods or services to the County for a period not to exceed three (3) years; and

- e. Liquidated damages equal to the difference in dollar value of S/M/WBE participation as committed to in the contract, and the dollar value of S/M/WBE participation as actually achieved.

4. The first paragraph of General Condition Number 68.3 in the Contract Documents is amended to state the following:

68.3 If the pay estimate and support data are not approved, the Contractor is required to submit new, revised or missing information according to the Owner's instructions. Otherwise, the Contractor shall prepare and submit to Owner an invoice in accordance with the estimate as approved. Owner will pay Contractor, in accordance with Local Government Prompt Payment Act (FS 218.70). Owner shall provide Contractor with a written notice of disputed pay request within 10 business days after receipt of such pay request which clearly states any and all deficiencies in Contractor's pay request that will prevent prompt processing and issuance of payment. To the extent there is an undisputed portion of the pay request that can be paid, the Owner shall proceed with prompt payment of that portion of the pay request. In the event any dispute with respect to any payment or pay request cannot be resolved between the Contractor and Owner's project staff, Contractor may, in accordance with the alternative dispute resolution requirements of Florida Statute section 218.72, et. seq., demand in writing a meeting with and review by the department director. In the absence of the department director, a deputy director may conduct the meeting and review. Such meeting and review shall occur within ten (10) business days of receipt by Owner of Contractor's written demand. The department director, or deputy director, shall issue a written decision on the dispute within ten (10) business days of such meeting. This decision shall be deemed the Owner's final decision for the purpose of the Local Government Prompt Payment Act. Contractor must remit undisputed payment due for labor, services, or materials furnished by subcontractors and suppliers hired by the Contractor, within 10 days after the contractor's receipt of payment from the County pursuant to Section 218.70, Florida Statutes. Contractor shall provide subcontractors and suppliers hired by Contractor with a written notice of disputed invoice within 5 business days after receipt of invoice which clearly states the reasons for the disputed invoice.

☐ **SBE Sheltered Market for Small Construction Contracts**

Under this contract, Work Orders \$100,000 and below are reserved for competition among only certified SBEs. Small prime construction contracts (single trade or multi-trade) valued at or below \$100,000 may be reserved for sheltered market competition where only certified SBEs are eligible to submit bids or quotes.

☐ **SBE Subcontracting Program**

A minimum mandatory goal of 20% SBE participation is established for this contract. The EBO Office shall reduce or waive this goal when there is inadequate availability of SBE prime and / or subcontractor firms. Respondents/bidders may request such waivers at least seven (7) days prior to bid opening based on submission of adequate Good Faith Efforts documentation.

☒ **SBE Price Preference For Single Trade Construction**

The work orders under this contract shall be awarded to the lowest, responsive, responsible bidder unless a certified SBE's bid is within ten percent (10%) of the lowest non-SBE bid, in which case the award shall be made to the certified SBE bidder. Construction contracts where there are no opportunities for subcontracting (i.e. single trade), may include a provision requiring awards of the contract to be made to the lowest responsive, responsible respondent or bidder unless a certified SBE's bid is within ten (10) percent of the lowest non-small business bid, in which case the award shall be made to the certified small business bidder submitting the lowest responsive, responsible bid at the price that it bid.

☐ **M/WBE Subcontracting Goal***

_____ % (Up to 40%) of this Contract shall be subcontracted to certified M/WBEs owned by African American, Hispanic American, Asian American, Native American, or non-minority women persons. The EBO Office shall reduce or waive this goal when there is inadequate availability of M/WBE prime and / or subcontractor firms. Respondents/bidders may request such waivers at least seven (7) days prior to bid opening based on submission of adequate Good Faith Efforts documentation. In the absence of a waiver granted by the Office of EBO, a respondent/bidder who does not commit to satisfying the M/WBE subcontracting goal shall be considered non-Responsive.

☐ **M/WBE Segmented Subcontracting Goals***

_____ % of the M/WBE subcontracting goal shall be achieved through the utilization of certified M/WBEs owned by ☐ African American, ☐ Hispanic American, ☐ Asian American, ☐ Native American, and ☐ non-minority women persons (check applicable). M/WBE Segmented Subcontracting Goals are established on an individual County contract wherein an overall combined M/WBE goal is accompanied by subsets of one or more smaller goals that specifically target the participation of a particular segment of Minority Group Member segments or the WBE segment based upon that

segment's relative availability. Such segmented goals shall specifically target the participation of a particular segment of business enterprises owned and controlled by women or certain Minority Group Members (e.g., African-Americans, Hispanic-Americans, Asian-Americans, or Native Americans) based upon relative availability, as well as the existence of consistently and significantly greater patterns of underutilization and disparity within an industry as compared to other gender and Minority Group Member categories of M/WBEs. (For example, if an overall M/WBE subcontracting goal is set at 38% on a given contract, the segmented subcontracting goal may require that at least 23% of that 38% shall be satisfied through the utilization of African American and Hispanic subcontractors.) The EBO Office shall reduce or waive this goal when there is inadequate availability of M/WBE prime and / or subcontractor firms. Respondents/bidders may request such waivers at least seven (7) days prior to bid opening based on submission of adequate Good Faith Efforts documentation. **In the absence of a waiver granted by the Office of EBO, a respondent/bidder who does not commit to satisfying the M/WBE segmented subcontracting goals shall be considered non-Responsive.**

Incentives are established to promote joint ventures, partnerships, or teaming arrangements between larger established firms and M/WBE firms, or between and among SBE and M/WBE firms. For RFPs, the incentive may be for up to twenty percent (20%) of one hundred evaluation points to be reserved for qualifying M/WBE joint ventures where the certified M/WBE joint venture partner owns 50% or greater, and performs 50% or greater of the work, of the overall joint venture. Proportionately fewer evaluation preference points would be awarded to the joint venture based upon lesser percentages of ownership by the M/WBE partner.

☐ **M/WBE Evaluation Preference for RFPs for Prime M/WBE firms**

_____ (Up to 15%) of the evaluation points are reserved as a preference for proposals submitted by certified M/WBE firms. Evaluation panels shall assign point preferences equal to up to 15% of the total points assigned for the evaluation, scoring and ranking of construction-related proposals submitted by those certified M/WBE firms. An M/WBE awarded a prime contract may not subcontract more than 49% of the contract value to a non-M/WBE firm.

1. a. **SECTION II - WHO IS AN INSURED** is amended to add as an additional insured any person or organization:
 - (1) Whom you are required to add as an additional insured on this policy under a written contract or written agreement relating to your business; or
 - (2) Who is named as an additional insured under this policy on a certificate of insurance.
- b. The written contract, written agreement, or certificate of insurance must:
 - (1) Require additional insured status for a time period during the term of this policy; and
 - (2) Be executed prior to the "bodily injury", "property damage", or "personal and advertising injury" leading to a claim under this policy.
- c. If, however:
 - (1) "Your work" began under a letter of intent or work order; and
 - (2) The letter of intent or work order led to a written contract or written agreement within 30 days of beginning such work; and
 - (3) Your customer's customary contracts require persons or organizations to be named as additional insureds;

we will provide additional insured status as specified in this endorsement.
2. The insurance provided under this endorsement is limited as follows:
 - a. That person or organization is an additional insured only with respect to liability caused, in whole or in part, by:
 - (1) Premises you:
 - (a) Own;
 - (b) Rent;
 - (c) Lease; or
 - (d) Occupy;
 - (2) Ongoing operations performed by you or on your behalf. Ongoing operations does not apply to "bodily injury" or "property damage" occurring after:

- (a) All work to be performed by you or on your behalf for the additional insured(s) at the site of the covered operations is complete, including related materials, parts or equipment (other than service, maintenance or repairs); or
 - (b) That portion of "your work" out of which the injury or damage arises is put to its intended use by any person or organization other than another contractor working for a principal as a part of the same project.
- (3) Completed operations coverage, but only if:
- (a) The written contract, written agreement, or certificate of insurance requires completed operations coverage or "your work" coverage; and
 - (b) This coverage part provides coverage for "bodily injury" or "property damage" included within the "products-completed operations hazard".

However, the insurance afforded to such additional insured only applies to the extent permitted by law.

- b. If the written contract, written agreement, or certificate of insurance:
- (1) Requires "arising out of" language; or
 - (2) Requires you to provide additional insured coverage to that person or organization by the use of either or both of the following:
 - (a) Additional Insured – Owners, Lessees or Contractors – Scheduled Person Or Organization endorsement CG 20 10 10 01; or
 - (b) Additional Insured – Owners, Lessees or Contractors – Completed Operations endorsement CG 20 37 10 01;
- then the phrase "caused, in whole or in part, by" in paragraph 2.a. above is replaced by "arising out of".
- c. If the written contract, written agreement, or certificate of insurance requires you to provide additional insured coverage to that person or organization by the use of:
- (1) Additional Insured – Owners, Lessees or Contractors – Scheduled Person Or Organization endorsement CG 20 10 07 04 or CG 20 10 04 13; or
 - (2) Additional Insured – Owners, Lessees or Contractors – Completed Operations endorsement CG 20 37 07 04 or CG 20 37 04 13; or
 - (3) Both those endorsements with either of those edition dates; or
 - (4) Either or both of the following:
 - (a) Additional Insured – Owners, Lessees or Contractors – Scheduled Person Or Organization endorsement CG 20 10 without an edition date specified; or
 - (b) Additional Insured – Owners, Lessees or Contractors – Completed Operations endorsement CG 20 37 without an edition date specified;

then paragraph 2.a. above applies.

- d. Premises, as respects paragraph 2.a.(1) above, include common or public areas about such premises if so required in the written contract or written agreement.
- e. Additional insured status provided under paragraphs 2.a.(1)(b) or 2.a.(1)(c) above does not extend beyond the end of a premises lease or rental agreement.
- f. The limits of insurance that apply to the additional insured are the least of those specified in the:
 - (1) Written contract;
 - (2) Written agreement;
 - (3) Certificate of insurance; or
 - (4) Declarations of this policy.

The limits of insurance are inclusive of and not in addition to the limits of insurance shown in the Declarations.

Includes copyrighted material of Insurance Services Office, Inc.

- g. The insurance provided to the additional insured does not apply to "bodily injury", "property damage", or "personal and advertising injury" arising out of an architect's, engineer's, or surveyor's rendering of, or failure to render, any professional services, including but not limited to:

(1) The preparing, approving, or failing to prepare or approve:

However, no state or political subdivision is an insured with respect to:

- (1) "Bodily injury", "property damage", and "personal and advertising injury" arising out of operations performed for the state or municipality; or
- (2) "Bodily injury" or "property damage" included within the "products-completed operations hazard."

- i. Any person or organization who is the lessor of equipment leased to you to whom you are obligated by virtue of a written contract to provide insurance such as is afforded by this policy, but only with respect to their liability arising out of the maintenance, operation or use of such equipment by you or a subcontractor on your behalf with your permission and under your supervision.

However, no such person or organization is an insured with respect to any "occurrence" that takes place after the equipment lease expires.

- j. Any architect, engineer, or surveyor engaged by you but only with respect to liability arising out of your premises or "your work."

However, no architect, engineer, or surveyor is an insured with respect to "bodily injury," "property damage," or "personal and advertising injury" arising out of the rendering of or the failure to render any professional services by or for you, including:

- (1) The preparing, approving, or failing to prepare or approve maps, drawings, opinions, reports, surveys, change orders, designs or specifications; or
- (2) Supervisory, inspection, or engineering services.

This paragraph j. does not apply if form CG 70 48, Contractors Blanket Additional Insured Endorsement, is attached to the policy.

- k. Any manager, owner, lessor, mortgagee, assignee or receiver of premises, including land leased to you, but only with respect to liability arising out of the ownership, maintenance or use of that part of the premises or land leased to you.

However, no such person or organization is an insured with respect to:

- (1) Any "occurrence" that takes place after you cease to occupy that premises, or cease to lease the land; or
 - (2) Structural alteration, new construction or demolition operations performed by or on behalf of that person or organization.
3. Any organization you newly acquire or form, other than a partnership, joint venture or limited liability company and over which you maintain ownership or majority interest, will qualify as a Named Insured if there is no other similar insurance available to that organization. However:
 - a. Coverage under this provision is afforded until the end of the policy period.
 - b. Coverage **A** does not apply to "bodily injury" or "property damage" that occurred before you acquired or formed the organization.
 - c. Coverage **B** does not apply to "personal and advertising injury" arising out of an offense committed before you acquired or formed the organization.
 - d. Coverage **A** does not apply to "product recall expense" arising out of any withdrawal or recall that occurred before you acquired or formed the organization.
 4. Any person or organization (referred to below as vendor) with whom you agreed, because of a written contract or agreement to provide insurance is an insured, but only with respect to "bodily injury" or "property damage" arising out of "your products" that are distributed or sold in the regular course of the vendor's business.

However, no such person or organization is an insured with respect to:

- a. "Bodily injury" or "property damage" for which the vendor is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages that the vendor would have in the absence of the contract or agreement.
- b. Any express warranty unauthorized by you;
- c. Any physical or chemical change in "your product" made intentionally by the vendor;
- d. Repackaging, except when unpacked solely for the purpose of inspection, demonstration, testing, or the substitution of parts under instructions from the manufacturer, and then repackaged in the original container;
- e. Any failure to make such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of "your products";
- f. Demonstration, installation, servicing or repair operations, except such operations performed at the vendor's premises in connection with the sale of "your product";

- g. "Your products" which, after distribution or sale by you, have been labeled or relabeled or used as a container, part or ingredient of any other thing or substance by or for the vendor.
- h. "Bodily injury" or "property damage" arising out of the sole negligence of the vendor for its own acts or omissions or those of its employees or anyone else acting on its behalf. However, this exclusion does not apply to:
 - (1) The exceptions contained in subparagraphs d. or f.; or
 - (2) Such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products.

This insurance does not apply to any insured person or organization from which you have acquired "your products", or any ingredient, part, or container, entering into, accompanying or containing "your products".

No person or organization is an insured with respect to the conduct of any current or past partnership, joint venture or limited liability company that is not shown as a Named Insured in the Declarations.

11. INCIDENTAL MALPRACTICE LIABILITY

As respects provision 10., **SECTION II - WHO IS AN INSURED**, paragraph 2.a.(1)(d) does not apply to any nurse, emergency medical technician or paramedic employed by you to provide medical or paramedical services, provided that you are not engaged in the business or occupation of providing such services, and your "employee" does not have any other insurance that would also cover claims arising under this provision, whether the other insurance is primary, excess, contingent or on any other basis.

Under **SECTION III - LIMITS OF INSURANCE**, provisions 12. through 14. of this endorsement amend the policy as follows:

12. AGGREGATE LIMITS PER PROJECT

The General Aggregate Limit applies separately to each of your construction projects away from premises owned by or rented to you.

13. INCREASED MEDICAL PAYMENTS LIMIT AND REPORTING PERIOD

- A. The requirement under **SECTION I - COVERAGE C MEDICAL PAYMENTS** that expenses be incurred and reported to us within one year of the date of the accident is changed to three years.
- B. **SECTION III - LIMITS OF INSURANCE**, paragraph 7., the Medical Expense Limit, is subject to all of the terms of **SECTION III - LIMITS OF INSURANCE** and is the greater of:
 - 1. \$10,000; or
 - 2. The amount shown in the Declarations for Medical Expense Limit.
- C. This provision 13. does not apply if **COVERAGE C MEDICAL PAYMENTS** is excluded either by the provisions of the Coverage Form or by endorsement.

14. DAMAGE TO PREMISES RENTED TO YOU - SPECIFIC PERILS

- A. The word fire is changed to "specific perils" where it appears in:
 - 1. The last paragraph of **SECTION I - COVERAGE A**, paragraph 2. **Exclusions**;
 - 2. **SECTION IV**, paragraph 4.b. **Excess Insurance**.
- B. The Limits of Insurance shown in the Declarations will apply to all damage proximately caused by the same event, whether such damage results from a "specific peril" or any combination of "specific perils."
- C. The Damage To Premises Rented To You Limit described in **SECTION III - LIMITS OF INSURANCE**, paragraph 6., is replaced by a new limit, which is the greater of:
 - 1. \$1,000,000; or

2. The amount shown in the Declarations for Damage To Premises Rented To You Limit.

- D. This provision 14. does not apply if the Damage To Premises Rented To You Limit of **SECTION I - COVERAGE A** is excluded either by the provisions of the Coverage Form or by endorsement.

Under **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS**, provisions 15. through 17. of this endorsement amend the policy as follows:

15. KNOWLEDGE OF OCCURRENCE

Under **2. Duties In The Event Of Occurrence, Offense, Claim, Or Suit**, paragraph **a.** is deleted and replaced and paragraphs **e.** and **f.** are added as follows:

- a.** You must see to it that we are notified as soon as practicable of an "occurrence" or an offense, regardless of the amount, which may result in a claim. Knowledge of an "occurrence" or an offense by your "employee(s)" shall not, in itself, constitute knowledge to you unless one of your partners, members, "executive officers", directors, or managers has knowledge of the "occurrence" or offense. To the extent possible, notice should include:
- (1) How, when and where the "occurrence" or offense took place;
 - (2) The names and addresses of any injured persons and witnesses; and
 - (3) The nature and location of any injury or damage arising out of the "occurrence" or offense.
- e.** If you report an "occurrence" to your workers compensation carrier that develops into a liability claim for which coverage is provided by the Coverage Form, failure to report such an "occurrence" to us at the time of the "occurrence" shall not be deemed a violation of paragraphs **a.**, **b.**, and **c.** above. However, you shall give written notice of this "occurrence" to us as soon you become aware that this "occurrence" may be a liability claim rather than a workers compensation claim.
- f.** You must see to it that the following are done in the event of an actual or anticipated "covered recall" that may result in "product recall expense":
- (1) Give us prompt notice of any discovery or notification that "your product" must be withdrawn or recalled. Include a description of "your product" and the reason for the withdrawal or recall;
 - (2) Cease any further release, shipment, consignment or any other method of distribution of like or similar products until it has been determined that all such products are free from defects that could be a cause of loss under the insurance.

16. UNINTENTIONAL FAILURE TO DISCLOSE HAZARDS

Paragraph **6. Representations** is deleted and replaced with the following:

6. Representations

By accepting this policy, you agree:

- a.** The statements in the Declarations are accurate and complete;
- b.** Those statements are based upon representations you made to us;
- c.** We have issued this policy in reliance upon your representations; and
- d.** This policy is void in any case of fraud by you as it relates to this policy or any claim under this policy.

We will not deny coverage under this coverage part if you unintentionally fail to disclose all hazards existing as of the inception date of this policy. You must report to us any knowledge of an error or omission in the description of any premises or operations intended to be covered by the Coverage Form as soon as practicable after its discovery. However, this provision does not affect our right to collect additional premium or exercise our right of cancellation or nonrenewal.

17. TRANSFER OF RIGHTS (BLANKET WAIVER OF SUBROGATION)

Paragraph 8. **Transfer of Rights Of Recovery Against Others To Us** is deleted and replaced with the following:

8. If the insured has rights to recover all or part of any payment we have made under this Coverage Form, those rights are transferred to us. The insured must do nothing after loss to impair them. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them. However, if the insured has waived rights to recover through a written contract, or if "your work" was commenced under a letter of intent or work order, subject to a subsequent reduction to writing with customers whose customary contracts require a waiver, we waive any right of recovery we may have under this Coverage Form.

18. EXTENDED NOTICE OF CANCELLATION AND NONRENEWAL

Paragraph 2.b. of A. **Cancellation** of the **COMMON POLICY CONDITIONS** is deleted and replaced with the following:

- b. 60 days before the effective date of the cancellation if we cancel for any other reason.

Under **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Paragraph 9. **When We Do Not Renew** is deleted and replaced with the following:

9. When We Do Not Renew

If we decide not to renew this Coverage Part, we will mail or deliver to the first Named Insured shown in the Declarations written notice of the nonrenewal not less than 60 days before the expiration date.

If notice is mailed, proof of mailing will be sufficient proof of notice.

COMMON POLICY CONDITIONS - CANCELLATION, Paragraph A.2. is replaced by the following:

2. We may cancel this policy by mailing or delivering to the first Named Insured written notice of cancellation at least:
 - a. 10 days before the effective date of cancellation if we cancel for nonpayment of premium; or
 - b. 60 days before the effective date of cancellation if we cancel for any other reason.

2. BROAD FORM INSURED

SECTION II - LIABILITY COVERAGE A.1. WHO IS AN INSURED is amended by the addition of the following:

- d. Any organization you newly acquire or form, other than a partnership, joint venture or limited liability company, and over which you maintain ownership or a majority interest, will qualify as a Named Insured. However,
 - (1) Coverage under this provision is afforded only until the end of the policy period;
 - (2) Coverage does not apply to "accidents" or "loss" that occurred before you acquired or formed the organization; and
 - (3) Coverage does not apply to an organization that is an "insured" under any other policy or would be an "insured" but for its termination or the exhausting of its limit of insurance.
- e. Any "employee" of yours using:
 - (1) A covered "auto" you do not own, hire or borrow, or a covered "auto" not owned by the "employee" or a member of his or her household, while performing duties related to the conduct of your business or your personal affairs; or
 - (2) An "auto" hired or rented under a contract or agreement in that "employee's" name, with your permission, while performing duties related to the conduct of your business. However, your "employee" does not qualify as an insured under this paragraph (2) while using a covered "auto" rented from you or from any member of the "employee's" household.
- f. Your members, if you are a limited liability company, while using a covered "auto" you do not own, hire, or borrow, while performing duties related to the conduct of your business or your personal affairs.
- g. Any person or organization with whom you agree in a written contract, written agreement or permit, to provide insurance such as is afforded under this policy, but only with respect to your covered "autos".

This provision does not apply:

 - (1) Unless the written contract or agreement is executed or the permit is issued prior to the "bodily injury" or "property damage";

Includes copyrighted material of Insurance Services Office, Inc.

- (2) To any person or organization included as an insured by an endorsement or in the Declarations; or
- (3) To any lessor of "autos" unless:
 - (a) The lease agreement requires you to provide direct primary insurance for the lessor;
 - (b) The "auto" is leased without a driver; and
 - (c) The lease had not expired.

Leased "autos" covered under this provision will be considered covered "autos" you own and not covered "autos" you hire.

- h. Any legally incorporated organization or subsidiary in which you own more than 50% of the voting stock on the effective date of this endorsement.

This provision does not apply to "bodily injury" or "property damage" for which an "insured" is also an insured under any other automobile policy or would be an insured under such a policy, but for its termination or the exhaustion of its limits of insurance, unless such policy was written to apply specifically in excess of this policy.

3. COVERAGE EXTENSIONS - SUPPLEMENTARY PAYMENTS

Under SECTION II - LIABILITY COVERAGE, A.2.a. Supplementary Payments, paragraphs (2) and (4) are deleted and replaced with the following:

- (2) Up to \$2500 for the cost of bail bonds (including bonds for related traffic law violations) required because of an "accident" we cover. We do not have to furnish these bonds.
- (4) All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to \$500 a day because of time off from work.

4. AMENDED FELLOW EMPLOYEE EXCLUSION

SECTION II - LIABILITY COVERAGE, B. EXCLUSIONS, paragraph 5. FELLOW EMPLOYEE is deleted and replaced by the following:

"Bodily injury" to any fellow "employee" of the "insured" arising out of and in the course of the fellow "employee's" employment or while performing duties related to the conduct of your business. However, this exclusion does not apply to your "employees" that are officers or managers if the "bodily injury" results from the use of a covered "auto" you own, hire or borrow. Coverage is excess over any other collectible insurance.

5. HIRED AUTO PHYSICAL DAMAGE COVERAGE AND LOSS OF USE EXPENSE

A. Under SECTION III - PHYSICAL DAMAGE COVERAGE, A. COVERAGE, the following is added:

If any of your owned covered "autos" are covered for Physical Damage, we will provide Physical Damage coverage to "autos" that you or your "employees" hire or borrow, under your name or the "employee's" name, for the purpose of doing your work. We will provide coverage equal to the broadest physical damage coverage applicable to any covered "auto" shown in the Declarations, Item Three, Schedule of Covered Autos You Own, or on any endorsements amending this schedule.

B. Under SECTION III - PHYSICAL DAMAGE COVERAGE, A.4. COVERAGE EXTENSIONS, paragraph b. Loss of Use Expenses is deleted and replaced with the following:

b. Loss Of Use Expenses

For Hired Auto Physical Damage, we will pay expenses for which an "insured" becomes legally responsible to pay for loss of use of a vehicle rented or hired without a driver, under a written rental contract or agreement. We will pay for loss of use expenses if caused by:

- (1) Other than collision, only if the Declarations indicate that Comprehensive Coverage is provided for any covered "auto";
- (2) Specified Causes of Loss, only if the Declarations indicate that Specified Causes Of Loss Coverage is provided for any covered "auto"; or

- (3) Collision, only if the Declarations indicate that Collision Coverage is provided for any covered "auto".

However, the most we will pay for any expenses for loss of use is \$30 per day, to a maximum of \$2,000.

- C. Under **SECTION IV – BUSINESS AUTO CONDITIONS**, paragraph **5.b. Other Insurance** is deleted and replaced by the following:

- b. For Hired Auto Physical Damage Coverage, the following are deemed to be covered "autos" you own:

1. Any covered "auto" you lease, hire, rent or borrow; and
2. Any covered "auto" hired or rented by your "employee" under a contract in that individual "employee's" name, with your permission, while performing duties related to the conduct of your business.

However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto", nor is any "auto" you hire from any of your "employees", partners (if you are a partnership), members (if you are a limited liability company), or members of their households.

6. LOAN OR LEASE GAP COVERAGE

Under **SECTION III - PHYSICAL DAMAGE COVERAGE, A. COVERAGE**, the following is added:

If a covered "auto" is owned or leased and if we provide Physical Damage Coverage on it, we will pay, in the event of a covered total "loss", any unpaid amount due on the lease or loan for a covered "auto", less:

- (a) The amount paid under the Physical Damage Coverage Section of the policy; and

- (b) Any:

- (1) Overdue lease or loan payments including penalties, interest or other charges resulting from overdue payments at the time of the "loss";
- (2) Financial penalties imposed under a lease for excessive use, abnormal wear and tear or high mileage;
- (3) Costs for extended warranties, Credit Life Insurance, Health, Accident or Disability Insurance purchased with the loan or lease;

4. Coverage Extensions

- (a) We will pay up to \$75 per day to a maximum of \$2000 for transportation expense incurred by you because of covered "loss". We will pay only for those covered "autos" for which you carry Collision Coverage or either Comprehensive Coverage or Specified Causes of Loss Coverage. We will pay for transportation expenses incurred during the period beginning 24 hours after the covered "loss" and ending, regardless of the policy's expiration, when the covered "auto" is returned to use or we pay for its "loss". This coverage is in addition to the otherwise applicable coverage you have on a covered "auto". No deductibles apply to this coverage.
- (b) This coverage does not apply while there is a spare or reserve "auto" available to you for your operation.

8. AIRBAG COVERAGE

SECTION III - PHYSICAL DAMAGE, B. EXCLUSIONS, Paragraph 3. is deleted and replaced by the following:

We will not pay for "loss" caused by or resulting from any of the following unless caused by other "loss" that is covered by this insurance:

- a. Wear and tear, freezing, mechanical or electrical breakdown. However, this exclusion does not include the discharge of an airbag.
- b. Blowouts, punctures or other road damage to tires.

9. GLASS REPAIR - WAIVER OF DEDUCTIBLE

SECTION III - PHYSICAL DAMAGE COVERAGE, D. DEDUCTIBLE is amended to add the following:

No deductible applies to glass damage.

11. KNOWLEDGE OF ACCIDENT

SECTION IV - BUSINESS AUTO CONDITIONS, A. LOSS CONDITIONS, 2. DUTIES IN THE EVENT OF ACCIDENT, CLAIM, SUIT OR LOSS, paragraph a. is deleted and replaced by the following:

- a. You must see to it that we are notified as soon as practicable of an "accident", claim, "suit" or "loss". Knowledge of an "accident", claim, "suit" or "loss" by your "employees" shall not, in itself, constitute knowledge to you unless one of your partners, executive officers, directors, managers, or members (if you are a limited liability company) has knowledge of the "accident", claim, "suit" or "loss". Notice should include:
 - (1) How, when and where the "accident" or "loss" occurred;
 - (2) The "insured's" name and address; and
 - (3) To the extent possible, the names and addresses of any injured persons and witnesses.

12. TRANSFER OF RIGHTS (BLANKET WAIVER OF SUBROGATION)

SECTION IV - BUSINESS AUTO CONDITIONS A.5. TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US is deleted and replaced by the following:

If any person or organization to or for whom we make payment under this Coverage Form has rights to recover damages from another, those rights are transferred to us. That person or organization must do everything necessary to secure our rights and must do nothing after "accident" or "loss" to impair them. However, if the insured has waived rights to recover through a written contract, or if your work was commenced under a letter of intent or work order, subject to a subsequent reduction in writing with customers whose customary contracts require a waiver, we waive any right of recovery we may have under this Coverage Form.

13. UNINTENTIONAL FAILURE TO DISCLOSE HAZARDS

SECTION IV - BUSINESS AUTO CONDITIONS, B. GENERAL CONDITIONS, 2. CONCEALMENT, MISREPRESENTATION OR FRAUD is amended by the addition of the following:

We will not deny coverage under this Coverage Form if you unintentionally fail to disclose all hazards existing as of the inception date of this policy. You must report to us any knowledge of an error or omission in your representations as soon as practicable after its discovery. This provision does not affect our right to collect additional premium or exercise our right of cancellation or non-renewal.

A. Coverage

1. We will pay, with respect to a covered "auto" described in the above Schedule, for "loss" to any electronic equipment that receives or transmits audio, visual or data signals and that is not designed solely for the reproduction of sound. This coverage applies only if the equipment is permanently installed in the covered "auto" at the time of the "loss" or the equipment is removable from a housing unit that is permanently installed in the covered "auto" at the time of "loss", and such equipment is designed to be solely operated by use of the power from the "auto's" electrical system, in or upon the covered "auto".

D. Deductible

1. If "loss" to the audio, visual or data electronic equipment or accessories used with this equipment, as described in paragraph A. above, is the result of a "loss" to the covered "auto" under this Coverage Form's Comprehensive or Collision Coverage, then for each covered "auto" our obligation to pay for, repair, return or replace damaged or stolen property will be reduced by the applicable deductible shown in the Declarations. Any Comprehensive Coverage deductible shown in the Declarations does not apply to "loss" to audio, visual or data electronic equipment caused by fire or lightning.
2. If "loss" to the audio, visual or data electronic equipment or accessories used with this equipment, as described in paragraph A. above, is the result of a "loss" to the covered "auto" under this Coverage Form's Specified Causes of Loss Coverage, then for each covered "auto" our obligation to pay for, repair, return or replace damaged or stolen property will be reduced by the applicable deductible shown in the Schedule of this endorsement.

GENERAL CONDITIONS

GC 1 EFFECTIVE DATE/ENTIRE AGREEMENT

1.1 This Contract is expressly contingent upon the approval of the Palm Beach County Board of County Commissioners and shall become effective only when signed by all parties and approved by the Palm Beach County Board of County Commissioners.

1.2 This Contract (which consists of the Contract Documents and the Construction Documents) embodies the entire agreement between Owner and Contractor and supersedes all other writings, oral agreements, or representations. The parties shall not be bound by or be liable for any statement, representation, promise, inducement or understanding of any kind or nature not set forth herein. No changes, amendments or modifications of any of the terms or conditions of the Contract shall be valid unless reduced to writing and signed by both parties.

GC 2 INDEPENDENT CONTRACTOR

2.1 Contractor represents that it is fully experienced and properly qualified to perform the class of Work provided for herein, and that it is properly licensed, equipped, organized and financed to perform such Work.

2.2 Contractor shall act as an independent contractor and not as the agent of Owner in performing the Contract, maintaining complete control over its employees and all of its suppliers and subcontractors. Nothing contained in this Contract or any subcontract awarded by Contractor shall create any contractual relationship between any such supplier or subcontractor and Owner. Contractor shall perform all Work in accordance with its own methods subject to compliance with the Contract. Contractor represents that all subcontractor agreements entered into shall incorporate by reference the terms and conditions of this Contract, and further warrants that the Owner is an **intended express third party beneficiary** of any such subcontract.

2.3 Except as specifically and expressly provided for herein, no provision of this Contract is intended to, or shall be construed to, create any third party beneficiary or to provide any rights to any person or entity not a party to this Contract.

GC 3 AUTHORIZED REPRESENTATIVES

3.1 Before starting Work, Contractor shall designate a competent, authorized representative acceptable to Owner to represent and act for Contractor and shall inform Owner in writing, of the name and address of such representative together with a clear definition of the scope of his authority to represent and act for Contractor and shall specify any and all limitations of such authority. At the Preconstruction Conference, Contractor shall provide resumes of key personnel for Owner's approval. Contractor shall keep Owner informed of any subsequent changes in the foregoing. Such representative shall be present or duly represented at the site of work at all times when Work is actually in progress. During periods when Work is suspended, arrangements for an authorized representative acceptable to Owner shall be made for any emergency Work which may

be required. All notices, determinations, instructions and other communications given to the authorized representatives of the Contractor shall be binding upon Contractor. Nothing contained herein shall be construed as modifying the Contractor's duty of supervision and fiscal management as provided for by Florida law. The Owner shall designate an authorized representative who will have limited authority to act for the Owner. The Owner will notify the Contractor in writing of the name of such representative(s). The Owner's representative will be a member of the County's Facilities Development and Operations Department. Facility Users (as that term is defined in SC2 of the Special Conditions) are not authorized Owner representatives. Any Work performed by the Contractor without proper authorization or at the sole direction of a User, is performed at the Contractor's risk, and the County shall have no obligation to compensate the Contractor for such Work. The Owner has the right to assign various responsibilities of the Owner to the Architect/Engineer of Record, and can do so at any time during the duration of this Contract with written notice to the Contractor. The Architect/Engineer of Record will provide answers to RFIs, issue Field Bulletins and Field Instructions, and other related duties, and the Contractor agrees to cooperate with the Architect/Engineer.

3.2 The Contractor's Authorized Representative, qualifying agents, project managers, superintendents and supervisors are all subject to prior and continuous approval of the Owner. If, at any time during the term of the Contract, any individual nominally performing any of the positions named above is, for any reason or no reason at all, unacceptable to the Owner, Contractor shall replace the unacceptable personnel with personnel acceptable to the Owner at no additional cost to the Owner.

GC 4 NOTICES

4.1 Any notices provided for hereunder shall be in writing and may be served either personally on the authorized representative of the receiving party at the jobsite or by certified mail to that party at the addresses shown below:

4.2 These addresses may be changed by either of the parties by written notice to the other.

GC 5 LAWS AND REGULATIONS

5.1 Contractor and its employees and representatives shall at all times comply with all applicable laws, codes, ordinances, statutes, rules or regulations in effect at the time Work is performed under this Contract.

5.2 If, during the term of this Contract, there are any changed or new laws, ordinances or regulations not known or foreseeable at the time of signing this Contract which become effective and which affect the cost or time of performance of the Contract, Contractor shall immediately notify Owner in writing and submit detailed documentation of such effect in terms of both time and cost of performing the Contract. Upon concurrence by Owner as to the effect of such changes, an adjustment in the compensation and/or time of performance will be made.

5.3 If any discrepancy or inconsistency should be discovered between the Contract and any law, ordinance, regulation, order or decree, Contractor shall immediately report the same in writing to Owner who will issue such instructions as may be necessary.

5.4 However, it shall not be grounds for a Change Order that the Contractor was unaware of or failed to investigate the rules, codes, regulations, statutes, and all ordinances of all applicable governmental agencies having jurisdiction over the Project or the Work.

5.5 Owner shall not be liable for any costs, delays or damages which Contractor incurs as a result of the actions or orders of any other governmental entity or agency.

GC 6 STANDARDS AND CODES

6.1 Wherever references are made in the Contract to standards or codes in accordance with which Work is to be performed or tested, the edition or revision of the standards or codes current on the effective date of this Contract shall apply, unless otherwise expressly set forth. Unless otherwise specified, reference to such standards or codes is solely for implementation of the technical portions of such standards and codes. In case of conflict among any referenced standards and codes or between any referenced standards and codes the Owner will determine which shall govern. Contractor acknowledges that compliance with code requirements represents minimum standards for construction and is not evidence that the Work has been completed in accordance with the Contract.

GC 7 CODE RELATED INSPECTIONS

7.1 The Contractor recognizes that the Palm Beach County Department of Planning, Zoning, and Building (PZ&B) is a separate department within the County that is charged with the inspection of improvements to real property for code compliance. If the improvements to be made by the Contractor pursuant to this Contract will be subject to inspection by PZ&B, the Contractor agrees that it will not assert as a County caused delay or as a defense of any delay on the part of the Contractor, any good faith action or series of actions on the part of PZ&B, including, but not limited to PZ&B's refusal to accept any portion of the Contractor's Work.

GC 8 GOVERNING LAW

8.1 The Contract shall be governed by the laws of the State of Florida and venue of any action shall be in Palm Beach County, Florida.

GC 9 RIGHTS AND REMEDIES; NO THIRD PARTY BENEFICIARIES

9.1 The duties and obligations imposed by the Contract and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available at law or in equity or by statute or otherwise.

9.2 Except as specifically and expressly provided for herein, no provision of this Contract is intended to, or shall be construed to, create any third party beneficiary or to provide any rights to any person or entity not a party to this Contract.

GC 10 COMMERCIAL ACTIVITIES

10.1 Contractor shall not establish any commercial activity or issue concessions or permits of any kind to third parties for establishing commercial activities on lands owned or controlled by Owner. Contractor shall not allow its employees to engage in any commercial activities on the site.

GC 11 COOPERATION WITH OTHERS

11.1 Owner and other contractors and subcontractors may be working at the site during the performance of this Contract. Contractor shall fully cooperate with the Owner, Owner's Authorized Representative, and other contractors to avoid any delay or hindrance of their Work. Owner may require that certain facilities be used concurrently by Contractor and other parties and Contractor shall comply with such requirements.

11.2 If any part of the Contractor's Work depends on proper execution or results from any work performed by the Owner or any separate contractor, the Contractor shall, prior to proceeding with the Work, promptly report to the Owner any apparent discrepancies or defects in such other work that render it unsuitable for such proper execution and results. Failure of the Contractor to report such discrepancies or defects shall constitute an acceptance of the Owner's separate contractors' work as fit and proper to receive its Work, except as to defects which may subsequently become apparent in such work performed by others. Any costs caused by defective or ill-timed work of others shall be borne by the Contractor unless Contractor gives written notice to Owner, if reasonably possible, prior to proceeding with the Work and in any event within three days of commencement of Work. In no event shall the Owner be liable to the Contractor for delay damages.

12.1 The below listed documents are to be used by the Contractor and Owner during the administration of this Contract. Additional administrative forms may supplement this list upon written notice by the Owner (or Owner's Authorized Representative). Owner reserves the right to

The Contract Sum and any agreed variations thereof shall include all taxes imposed by law. Contractor shall make any and all payroll deductions required by law. Contractor herein indemnifies and holds the Owner harmless from any liability on account of any and all such taxes, levies, duties, assessments and deductions. The indemnity provision of this section shall survive the termination or expiration of this Contract.

GC 15 FEES

15.1 Owner will be responsible for the following fees associated with this Project: utility connection fees, utility installation fees (including FPL), and water meter charges except for fees/permits associated with Contractor mobilization which have not been waived by Owner. Contractor shall advise Owner ten (10) days in advance of requirement for any fee amount. Water and/or sanitary sewer service capacity charges will also be paid directly by the Owner. There are no impact fees pursuant to Palm Beach County's Impact Fee Ordinance associated with this Project.

GC 16 UTILITIES

16.1 The Contractor shall, at its expense, arrange for, develop and maintain all utilities in work areas to meet the requirements of the Contract. Such utilities shall be furnished by Contractor at no additional cost to the Owner, and shall include, but not be limited to, the following:

- A. Public telephone service for the Contractor's use.
- B. Construction power as required at each point of construction.
- C. Water as required throughout the construction.

16.2 Prior to County's final acceptance of the Work the Contractor shall, at its expense, satisfactorily remove and dispose of all temporary utilities developed to meet the requirements of the Contract. The Owner will assume the utility costs directly related to its usage of areas in which the Work has been certified as Substantially Complete.

16.3 The Owner will pay the user fee for water meter(s). The Contractor will include in the base bid the labor, material and equipment costs to install the meter(s).

16.4 Contractor shall arrange for activating permanent power, water, and sanitary service to the Project prior to Substantial Completion. This includes legal sketches and descriptions for easement as well as record drawings' requirements required by utility companies. Owner will assume utility costs at Substantial Completion.

GC 17 SUCCESSORS, ASSIGNS AND ASSIGNMENT

17.1 The Owner and the Contractor each binds itself, its officers, directors, qualifying agents, partners, successors, assigns and legal representatives to the other party hereto and to the partners, successors, assigns and legal representatives of such other party in respect to all covenants, agreements and obligations contained in the Contract. It is agreed that the Contractor shall not assign, transfer, convey or otherwise dispose of the Contract or its right, title or interest in or to the same or any part thereof, or allow legal action to be brought in its name for the benefit of others, without the prior written consent of the Owner and concurred to by the sureties.

GC 18 EXAMINATION OF CONTRACTOR'S RECORDS

18.1 The Owner shall, until the expiration of four years after final payment under this Contract, have access to, and the right to examine any directly pertinent books, documents, papers and records of the Contractor involving transactions relating to this Contract, and to make copies, excerpts and transcriptions thereof.

GC 19 COORDINATION AND CORRELATION OF DRAWINGS AND SPECIFICATIONS

19.1 The Contractor represents that the Contractor, subcontractors, material and equipment suppliers have compared phasing, demolition, architectural, structural, mechanical, electrical, plumbing, civil and site drawings and specifications and have compared and reviewed all general and specific details on the drawings and that all conflicts, discrepancies, errors and omissions, which are within the commonly accepted knowledge base of a licensed general contractor, subcontractors, trades persons, manufacturers or other parties required to carry out the Work

involved in this Contract, have been either corrected or clarified prior to execution of this Contract.

19.2 The Contractor represents that the Contract Sum represents the total cost for complete and functional systems as depicted in or reasonably inferable from the plans and specifications and therefore, the Contractor's review and comparison of all drawings has taken into consideration the total and complete functioning of all systems.

GC 20 PERMIT DRAWINGS AND SPECIFICATIONS

20.1 The Contractor shall provide the Owner with two (2) complete sets of the permitted drawings and addendum within five (5) days of issuance by the appropriate building official. If the permitted set of drawings changes the scope of the Work to be performed, the Contractor shall notify the Owner, and Architect/Engineer of Record within thirty (30) days of receipt of the permitted drawings and such notification shall contain a written description of the change and the cost and time associated with such change, if any. Failure to provide such notice within thirty (30) days shall be a complete waiver by the Contractor of all additional cost and time and the Contractor shall perform the Work at its expense and complete the Work in accordance with the schedule and in no event shall Contractor recover delay or consequential damages.

20.2 The Contractor shall, immediately upon receipt of the permitted drawings, check all drawings furnished and shall promptly notify Owner of any illegibility, errors, omissions or discrepancies discovered in such drawings. The Contractor shall perform Work only in accordance with the permitted drawings and any subsequent revisions thereto. The Contractor will be furnished free of charge five (5) copies of drawings, Contract Documents and Construction Documents at the Pre-Construction Meeting. GC 21 CONTRACT INTERPRETATION

21.1 All claims of Contractor and all questions the Contractor may have concerning interpretation or clarification of this Contract or its acceptable fulfillment shall be submitted immediately in writing to Owner for resolution. Owner, or its representatives, will render its determination concerning such resolution, which determination shall be considered final and conclusive unless Contractor files a written protest pursuant to GC 22 "DISPUTES". The Contractor's protest shall state clearly and in detail the basis thereof. Owner will consider Contractor's protest and render its decision thereon within twenty-one (21) calendar days. If Contractor does not agree with the Owner's decision, the Contractor shall immediately deliver written notice to that effect to the Owner.

21.2 Contractor is solely responsible for requesting instructions or interpretations and is solely liable for any cost and/or expenses arising from its failure to do so. Contractor's failure to protest Owner's determinations, instructions, clarifications or decisions within fourteen (14) calendar days after receipt thereof shall constitute a waiver by Contractor of all its rights to further protest, judicial or otherwise.

GC 22 DISPUTES

22.1 Any dispute relating to a question of fact arising under this Contract shall be resolved through good faith efforts upon the part of Contractor and Owner or its representatives. At all times, Contractor shall carry on the Work and maintain its progress schedule in accordance with the requirements of the Contract and the determination of the Owner or its representatives, pending resolution of any dispute. Any dispute that is not disposed of by mutual agreement shall be decided by the Owner or its representatives who shall reduce such decision to writing. The decision of the Owner or its representatives shall be final and conclusive. Contractor's failure to protest Owner's determinations, instructions, clarifications or decisions within fourteen (14) calendar days after receipt thereof shall constitute a waiver by Contractor of all its rights to further protest, judicial or otherwise.

22.2 In no event will a dispute, the filing of a protest, claim or appeal, or the resolution or litigation thereof, relieve the Contractor from its obligations to timely perform the Work required by the Contract and to maintain the progress schedule in accordance with the Contract.

GC 23 SUSPENSION

23.1 Owner may, at its sole option, decide to suspend at any time the performance of all or any portion of Work to be performed under the Contract. Contractor will be notified of such decision by Owner in writing. Such notice of suspension of Work may designate the amount and type of plant, labor and equipment to be committed to the work site. During the period of suspension, Contractor shall use its best efforts to utilize its plant, labor and equipment in such a manner as to minimize costs associated with suspension.

23.1.1 Upon receipt of any such notice, Contractor shall, unless the notice requires otherwise:

1. immediately discontinue Work on the date and to the extent specified in the notice;
2. place no further orders or subcontracts for material, services, or facilities with respect to suspended Work other than to the extent required in the notice;
3. promptly make every reasonable effort to obtain suspension, upon terms satisfactory to Owner, of all orders, subcontracts and rental agreements to the extent they relate to performance of Work suspended;
4. continue to protect and maintain the Work including those portions on which Work has been suspended, and
5. take any other reasonable steps to minimize costs associated with such suspension.

23.1.2 As full compensation for such suspension, Contractor will be reimbursed for the following verifiable costs (without profit), without duplication of any item, to the extent that such costs directly result from such suspension of Work:

1. A standby charge to be paid to Contractor during the period of suspension of Work which standby charge shall be sufficient to compensate Contractor for keeping, to the extent required in the notice, its organization and equipment committed to the Work in a standby status;
2. All reasonable costs associated with mobilization and demobilization of Contractor's plant, forces and equipment;

3. An equitable amount to reimburse Contractor for the cost of maintaining and protecting that portion of the Work upon which Work has been suspended; and
4. If as a result of any such suspension of Work the cost to Contractor of subsequently performing Work is increased or decreased, an equitable adjustment will be made in the cost of performing the remaining portion of Work.

23.2 In no event shall the Contractor be entitled to assert a claim for home office overhead in accordance with the Eichleay Formula or otherwise, in the event of an Owner suspension. Upon receipt of notice to resume suspended Work, Contractor shall immediately resume performance of the suspended Work to the extent required in the notice. Any claim on the part of Contractor for time and/or compensation arising from suspension shall be made within twenty-one (21) calendar days after receipt of notice to resume Work and Contractor shall submit for review a revised construction schedule. No adjustment shall be made for any suspension to the extent that performance would have been suspended, delayed, or interrupted by any Contractor non-compliance with the requirements of this Contract.

GC 24 DECLARATION OF DEFAULT

24.1 The failure of the Contractor to supply enough properly skilled workers or material, or to make prompt payment to subcontractors or for materials or labor or to obey laws, ordinances, rules, regulations or orders of public agencies having jurisdiction, or to comply in any way with the Contract, shall be sufficient grounds for the Owner to find the Contractor in substantial default and that sufficient cause exists to terminate the Contract and to withhold payment or any part thereof until the cause or causes giving rise to the default have been eliminated by the Contractor and approved by the Owner. If a finding of default is made, the Contractor and its Surety shall remain responsible for performance of the requirements of the Contract unless and until the Owner terminates the Contract. Upon a finding of default, the Owner shall set a reasonable time within which the Contractor and its surety shall eliminate the cause or causes of default. When the basis for finding of default no longer exists, the Owner shall notify the Contractor and its surety in writing that the default has been corrected and that the Contractor is no longer in default. If the Contractor fails to correct the default within the time allowed, the Owner may terminate the Contract and the employment of the Contractor, without otherwise waiving its rights against the Contractor or its surety.

GC 25 TERMINATION FOR DEFAULT

25.1 Notwithstanding any other provisions of this Contract, Contractor shall be considered in default of its contractual obligations under this Contract if it:

- A. Performs Work which fails to conform to the requirements of this Contract;
- B. Fails to meet the Contract schedule or fails to make progress so as to endanger performance of this Contract;
- C. Abandons or refuses to proceed with any or all Work including modifications directed pursuant to the clause entitled "CHANGES"; or
- D. Fails to fulfill any of the terms of this Contract.

25.2 Upon the occurrence of any of the foregoing, Owner or its authorized representatives shall notify Contractor in writing of the nature of the failure and of Owner's intention to either terminate the Contract for default, or to declare the Contractor to be in default and make demand upon its surety to perform, at its sole option.

25.3 If Contractor or its surety(ies) does not commence to cure such failure within three (3) calendar days from receipt of notification, or sooner if consideration of safety to persons is involved, or if Contractor or its surety(ies) fails to provide satisfactory evidence that such default will be corrected, Owner may, without notice to Contractor's surety(ies), if any, terminate in whole or in part Contractor's right to proceed with Work by written notice and prosecute the Work to completion by contract or by any other method deemed expedient. Owner may take possession of and utilize any materials, plant, tools, equipment, and property of any kind furnished by Contractor and necessary to complete the Work.

25.4 Contractor and its sureties, if any, shall be liable jointly and severally for all costs in excess of the contract price for such terminated work reasonably and necessarily incurred in the completion of the Work as scheduled, including cost of administration of any contract awarded to others for completion and for liquidated damages.

25.5 Upon termination for default Contractor shall:

- A. immediately discontinue Work on the date and to the extent specified in the notice and place no further purchase orders or subcontracts to the extent that they relate to the performance of Work terminated;
- B. inventory, maintain and turn over to Owner all materials, plant, tools, equipment, and property furnished by Contractor or provided by Owner for performance of Work;
- C. promptly obtain cancellation upon terms satisfactory to Owner of all purchase orders, subcontracts, rentals, or any other agreements existing for performance of the terminated Work or assign those agreements to Owner as directed;

GC 26 OPTIONAL TERMINATION

26.1 Owner may, at its option, terminate the Contract, in whole or in part at any time by written notice thereof to Contractor, whether or not Contractor is in default. Upon any such termination, Contractor hereby waives any claims for damages from the optional termination, including loss of anticipated profits, on account thereof, but as the sole right and remedy of Contractor, Owner shall pay Contractor in accordance with the subparagraphs below, provided, however, that those provisions of the Contract which by their very nature survive final acceptance under the Contract shall remain in full force and effect after such termination.

1. Immediately discontinue Work on the date and to the extent specified in the notice;

 5. The Contractor shall include in all subcontracts, equipment leases and purchase orders, a provision requiring the subcontractor, equipment lessor or supplier, to consent to the assignment of their Subcontract to the Owner;
 6. Assist Owner, as specifically requested in writing, in the maintenance, protection and disposition of property acquired by Owner under the Contract; and

 2. The reasonable cost of settling and paying claims arising out of the termination of Work under subcontracts or orders as provided in subparagraph A.3. above.
 3. Any other reasonable costs which can be verified to be incidental to such termination of Work.

26.2 The foregoing amounts will include a reasonable sum, under all of the circumstances, as profit for all Work satisfactorily performed by Contractor.

26.3 Contractor shall submit within 30 days after receipt of notice of termination, a proposal for an adjustment to the Contract price including all incurred costs described herein. Owner shall review, analyze, and verify such proposal, and negotiate an equitable adjustment, and the Contract

shall be amended in writing accordingly.

GC 27 EXTENSION OF TIME/NO DAMAGES FOR DELAY

27.1 If the Contractor's performance of this Contract is delayed, which delay is beyond the reasonable control and without the fault or negligence of the Contractor or its subcontractors, or by changes ordered in the Work and in either event where such delay or change in the Work impacts the Critical Path, then the Contract time shall be extended by Change Order as determined by the Owner.

27.2 The Contractor must request the extension of time in writing and must provide the following information within the time periods stated hereafter. Failure to submit such information and in compliance with the time requirements hereinafter stated, shall constitute a waiver by the Contractor and a denial of the claim for extension of time:

- A. Nature of the delay or change in the Work;
- B. Dates of commencement/cessation of the delay or change in the Work;
- C. Activities on the progress schedule current as of the time of the delay or change in the Work affected by the delay or change in the Work;
- D. Identification and demonstration that the delay or change in Work impacts the Critical Path (submittal of CPM schedule);
- E. Identification of the source of delay or change in the Work;
- F. Anticipated impact extent of the delay or change in the Work; and
- G. Recommended action to minimize the delay.

27.2.1 The Contractor acknowledges and agrees that the evaluation of time extensions will be based upon the following criteria:

- 1. All schedule updates, submittals and other requirements of this General Condition have been met;
- 2. The delay must be beyond the control of the Contractor and subcontractors and due to no direct or indirect fault of the Contractor;
- 3. The delay which is the subject of the time extension must result in a direct delay to the Critical Path;
- 4. The schedule must clearly display that the Contractor has used, in full, all the float time, except for Owner initiated changes. Float time is not for the exclusive use of either the Contractor or the Owner; and
- 5. If adverse weather conditions are the basis for a claim for additional time, such claim shall be submitted within thirty (30) days of occurrence and shall be documented by data substantiating that weather conditions were abnormal for the period of time required for completion of the Work, could not have been reasonably anticipated, and that weather conditions had an adverse effect on the scheduled construction.

27.3 The Owner's determination as to the total number of days of contract extension will be based upon the computer produced construction schedule current at the time of the delay event.

27.4 The Contractor shall not be entitled to any extension of time for delays resulting from any cause unless it shall have notified the Owner in writing within twenty-four hours (24) after the commencement of such delay or 96 hours of knowledge of a potential delay, whichever is earlier. In any event, within seven (7) days of commencement of the delay, the Contractor shall provide in writing the information stated above.

27.5 The Contractor shall not be entitled to and hereby waives, any and all damages which it may suffer by reason of Act of God, unforeseen condition, delay, acceleration, cardinal changes, loss of efficiency or any other impacts to the Work or time of performance and further, hereby waives all damages which it may suffer by reason of these events, including, but not limited to lost profits, overhead (whether determined by the Eichleay Formula or otherwise), increased insurance costs, loss of bonding capacity or lost profits on alternate or unperformed contracts, supervision, or home office expense. Contractor hereby affirms that the extension of time granted herein is the Contractor's sole and exclusive remedy. Apart from extension of time, no payment of claim for damages shall be made to the Contractor as compensation for damages for any delays or hindrances from any cause whatsoever in the progress of the Work whether such delay is avoidable or unavoidable.

27.6 For all changes in the Work in which the Contractor claims entitlement to a time extension, the Contractor shall provide to the Owner the same information as required above within seven (7) days of the issuance of the request for Change Order or direction to change the scope of the Work and the Contractor's failure to provide such information shall constitute a waiver by the Contractor and a denial of any time extension for that change in the Work. Further, upon execution by the Owner of any Change Order where no time extension has been requested and/or granted, that Change Order shall constitute a complete waiver of all claims for dollars or for any extension of time related to that Work, or any Work impacted by the change.

GC 28 WARRANTY

28.1 Unless otherwise provided elsewhere in the Contract, all materials and equipment incorporated into any Work covered by the Contract shall be new and, where not specified, of the highest grade of quality for their intended use, and all workmanship shall be in accordance with construction drawings and specifications.

The Contractor is solely responsible for ensuring that all warranty Work is completed in the manner described above. If the Owner agrees, in writing, a subcontractor may be the point of contact for notices regarding warranty items, but such agreement shall not absolve the Contractor of his responsibility.

This section shall not relieve the Contractor of its responsibilities for the performance of the original Work in accordance with the requirements of the Contract Documents and will not limit the County's remedies at law, in equity or under Contract.

Additionally, the terms of a later signed manufacturer's warranty shall not modify or abridge the Contractor's warranties (express or implied), Contractor's performance, or

Contractor's duties and liabilities under the Contract Documents and shall not limit or restrict the County's remedies or damages at law, in equity, or under contract.

28.9 Contractor and its surety or sureties shall be liable for the satisfaction and full performance of the Contract Documents and the warranties therein and any damage to other parts of the Work caused by the Contractor's failure to perform pursuant to the Contract Documents and this general condition.

GC 35 CONTRACTOR INGRESS AND EGRESS

35.1 Contractor's access to the work area will be permitted only through approaches which will be designated by Owner, and then only in such manner that Contractor's traffic will not interfere with Owner's operations. Contractor shall, at all times, maintain free unimpeded ingress and egress at the site. Contractor personnel are not to enter into any areas of the jobsite other than work areas and areas of designated access.

GC 36 PRECONSTRUCTION CONFERENCE

36.1 As soon as practicable after award of this Contract and prior to commencing any Work, a pre-construction conference will be arranged by the Owner. In attendance at said conference will be Owner and any of its representatives as may be deemed advisable. The purpose of said conference is to determine procedures related to the smooth progress of the Project and to review any items requiring clarification. Procedures for processing and distribution of all documents and correspondence related to the Contract will be established. A schedule of values (conforming to the requirements of GC 68) must be submitted to the Owner no later than the time and date of the pre-construction conference.

GC 37 CONTRACTOR MEETINGS

37.1 The Contractor shall, at its expense, as requested by Owner, attend any and all meetings called by Owner to discuss the Work under the Contract. Such meetings shall be conducted and recorded by the Owner with typed minutes of each meeting distributed to all attendees.

GC 38 NOT USED

GC 39 DELIVERY, UNLOADING AND STORAGE

39.1 Contractor shall, at its expense, receive, unload, store in a secure place, and deliver from storage to the construction site all materials, plant and equipment required for the performance of the Contract. The storage facilities, methods of storing and security provisions shall meet Owner's approval and manufacturer's recommendations. Materials and equipment subject to degradation by outside exposure shall be stored in a weather tight enclosure provided by Contractor at its

expense.

GC 40 CONTRACTOR'S WORK AREA

40.1 All Contractors' work areas on the jobsite will be assigned by Owner. Contractor shall confine its office, shops, storage, assembly and equipment and vehicle parking to the areas so assigned. Before commencing Work, the Contractor shall provide a temporary office on the site of the Work, which shall have a telephone where a representative of the Contractor may be reached at all times during normal working hours. Should Contractor find it necessary or advantageous to use any additional land outside the Project site for any purpose whatever, Contractor shall, at its expense, provide and make its own arrangements for the use of such additional land.

GC 41 CONTRACTOR'S PLANT, EQUIPMENT AND FACILITIES

41.1 Contractor shall provide and use on any Work only such construction plant and equipment as are capable of producing the quality and quantity of Work and materials required by the Contract and within the time or times specified in the Contract. Before proceeding with any Contract Work or with erection of any facilities, including but not limited to temporary structures, machinery, equipment, offices and warehouses, Contractor shall furnish Owner such information and drawings relative to such equipment, plant facilities as Owner may request.

41.2 Upon written order of Owner, Contractor shall discontinue operation of unsatisfactory plant and equipment or facilities and shall either modify or remove the unsatisfactory items from the site. Contractor shall not remove construction plant or equipment from the site before the Work is finally accepted without Owner's written approval. Such approval shall not be unreasonably withheld.

GC 42 CONTRACTOR-FURNISHED MATERIALS, EQUIPMENT AND WORKMANSHIP

42.1 Only new, unused items of recent manufacture, of designated quality, but in no event less than the standard quality for the improvements, free from defects, will be accepted. Rejected items shall be removed immediately from the Work and replaced with items of specified quality. Failure by Owner to order removal of rejected materials and equipment shall not relieve Contractor from responsibility for quality of the materials supplied or from any other obligation under the Contract.

42.2 Contractor shall continuously check architectural and structural clearances for accessibility of equipment and mechanical and electrical systems. No allowance of any kind will be made for Contractor's negligence to foresee means of installing equipment into position inside structures.

42.3 No Work defective in construction or quality, or deficient in meeting any requirement of the Contract drawings and specifications will be acceptable regardless of Owner's failure to discover or to point out defects or deficiencies during construction; nor will the presence of field representatives at the Work or the satisfaction of the Work meeting applicable code requirements relieve Contractor from responsibility for the quality and securing progress of Work as required by the Contract. The Owner shall notify the Contractor of defective or unacceptable Work if the Owner discovers such. Defective Work revealed within the time required by warranties (whether

expressed or implied) shall be remedied in accordance with the General Conditions Section entitled, "WARRANTY". No payment, whether partial or final, shall be construed as an acceptance of defective Work or improper materials.

42.4 Contractor shall waive "common practice" and "common usage" as construction criteria wherever details and specifications or governing codes and ordinances require greater quantity or better quality than common practices and common usage would require. Contractor shall order and schedule delivery of materials in reasonable time to avoid delays in construction. Delays in delivery of equipment or material purchased by the Contractor or its subcontractors shall not be considered as a cause for an adjustment of the Contract Time or a basis for damages or compensation. The Contractor shall be fully responsible for the timely ordering, scheduling, expediting, delivery, and installation of all equipment and materials. If an item is found to be unavailable, Contractor shall notify Owner immediately of recommended substitute(s) to permit Owner's selection of a suitable substitute.

42.5 Owner will exercise sole authority for determining conformance of workmanship, materials, equipment and systems with the requirements of the Contract. Review and approval of all items proposed by Contractor for incorporation into the Work will be by Owner. This function by Owner will apply both to approvals for the Contract as initially signed, and to approvals for changes to the Contract by modifications during progress of the Work. Reference to manufacturers' names, brands and models is to establish the type and quality desired. Substitutions may be permitted unless specifically noted otherwise and in accordance with GC 43 below.

42.6 When materials, equipment, or systems are specified by performance only, without reference to specific manufacturer's brands or models, Contractor shall submit its own choice for Owner's review and approval, supported by sufficient evidence of conformity with the Contract.

GC 43 SUBSTITUTIONS

43.1 Prior to proposing any substitute item, Contractor shall satisfy itself that the item proposed is, in fact, equal or better to that specified, that such item will fit into the space allocated, that such item affords comparable ease of operation, maintenance and service, that the appearance, longevity and suitability for the climate are comparable, and that by reason of cost savings, reduced construction time, or similar demonstrable benefit, the substitution of such item will be in Owner's interest, and will in no way impact detrimentally upon the Project completion date and schedule.

43.2 The burden of proof of equality of a proposed substitution for a specified item shall be upon Contractor. Contractor shall support its request with sufficient test data and other means to permit Owner to make a fair and equitable decision on the merits of the proposal. Contractor shall submit drawings, samples, data and certificates and additional information as may be required by the Owner for proposed substitute items as required by GC 46 "CONTRACTOR FURNISHED DRAWINGS, DATA & SAMPLES".

43.3 Any item by a manufacturer other than those specified or of brand name or model number or of generic species other than those specified will be considered a substitution. Owner will be the sole judge of whether or not the substitution is equal in quality, utility and economy to that

specified. Contractor shall allow an additional 15 days for Owner's review of substitution. All requests for substitutions with submittal data must be made at least fifty (50) days prior to the time Contractor must order, purchase or release for manufacture or fabrication. Materials and methods proposed as substitutions for specified items shall be supported by certification of their approval for use by all governmental agencies having jurisdiction over use of specific material or method. Substitutions may not be permitted in those instances where the products are designed to match artistic design, specific function or economy of maintenance. Approval of a substitution shall not relieve Contractor from responsibility for compliance with all requirements of the Contract. Contractor shall coordinate the change with all trades and bear the expense for any changes in other parts of the Work caused by any substitutions.

43.4 If Owner rejects Contractor's substitute item on the first submittal, Contractor may make only one additional request for substitution in the same category. On the second request, and all future requests, the Contractor shall be invoiced the expenses (including Owner, and Design Professionals cost and overhead) involved in reviewing submittal data.

GC 44 EXPEDITING

44.1 The equipment and material furnished under this Contract may be subject to expediting by Owner. Owner shall be allowed reasonable access to the shops, factories, and other places of business of the Contractor and its subcontractors and suppliers, for expediting purposes. As required by Owner, Contractor shall supply schedules and progress reports for Owner's use in expediting and Contractor shall cooperate with Owner and require its subcontractors and suppliers to cooperate with Owner in such expediting. Any expediting performed by Owner shall not relieve Contractor of its sole and primary responsibility for timeliness of delivery of the equipment and material to be furnished under this Contract.

GC 45 FIELD LAYOUT OF WORK

45.1 All Work under this Contract shall be constructed in accordance with the lines and grades shown on the Construction Drawings or as approved by the Owner in writing. Elevation of existing ground, structures and appurtenances are believed to be reasonably correct but are not guaranteed to be absolute and therefore are presented only as an approximation.

45.2 All survey work for construction control purposes shall be made by a land surveyor registered in the State of Florida with demonstrated experience in the Project area who shall be employed by the Contractor at its expense. The Contractor shall establish all base lines for the location of the principal component parts of the Work together with permanent bench marks and temporary bench marks adjacent to the Work. Based upon the information provided by the Construction Drawings, the Contractor shall develop and make all detail surveys necessary for construction including establishment or construction of grid coordinates as shown on the Construction Drawings, location of property boundaries, stakes for all working points, lines and elevations. Contractor shall furnish survey, sketch and legal necessary for utility easements.

45.3 The Contractor shall have the responsibility to carefully preserve all bench marks, reference points and stakes. In case of destruction thereof by the Contractor resulting from its

negligence, or for any other reason, Contractor shall be held liable for any expense and damage resulting therefrom and shall be responsible for any mistakes that may be caused by the unnecessary loss or disturbance of such bench marks, reference points and stakes. Existing or new control points, property markers, and monuments that will be established or are destroyed during the normal course of construction shall be re-established by the Contractor, and all reference ties recorded therefore shall be furnished to the Owner. All computations necessary to establish the exact position of the Work shall be made and preserved by the Contractor.

GC 46 CONTRACTOR FURNISHED DRAWINGS, DATA AND SAMPLES

46.1 Review and permission to proceed by Owner as stated in this Contract does not constitute acceptance or approval of design details, calculations, analyses, test methods, certificates or materials developed or selected by the Contractor and does not relieve Contractor from full compliance with contractual obligations. Drawings, samples, catalogues, data and certificates required to be submitted to the Owner for review, shall be submitted attached to forms provided by Owner.

46.2 Transmittals from the Contractor to the Owner shall be numbered sequentially and the submittal number shall be referenced. Submittal drawings (shop, erection or setting diagrams) and schedules, required for work of various trades, shall be checked before submission by technically qualified employees of Contractor for accuracy, completeness and compliance with Contract requirements. These drawings and schedules shall be stamped and signed by Contractor certifying to such check. The certification stamp shall read as follows:

"I certify that I have checked this submittal for accuracy, completeness and compliance with Contract requirements, and it has been coordinated with all other submittals and the Contract."

46.3 Drawings

46.3.1 Where drawings are required for (a) fabrication of Contractor furnished equipment; (b) installing Contractor furnished material or equipment; or (c) planning and performance of the Work under Contract; such drawings shall be originally generated and submitted by and at the expense of the Contractor before fabrication, installation or performance is commenced. Each submittal shall be made not less than thirty-five (35) calendar days prior to the time that the drawings are required in accordance with the schedule. Contractor must allow at least 21 calendar days for review by Owner. Such drawings shall include, but not be limited to, matchmarks, erection diagrams and other details, such as field connections for proper installation, erection of the equipment, and performance of the Work.

46.3.2 For drawings greater in size than 11" x 17", one reproducible and four copies shall be

submitted to the Owner by and at the expense of the Contractor. The Owner will be the sole judge of the adequacy of the quality of the reproducible and prints and may reject reproducibles and/or prints on the basis of quality alone. Such drawings will not be folded, but will be transmitted in mailer rolls manufactured expressly for that purpose. The reproducible with the Owner's review comments will be returned to the Contractor. A reproducible copy of the drawings equal to or less than 11" x 17" is not necessary, but five copies of the unfolded drawings must be transmitted to the Owner.

46.3.3 If drawings show variations from the Contract requirements, the Contractor shall describe such variations in writing, separate from the drawings, at the time of submission. If the Owner approves any such variation(s), it will issue an appropriate Contract modification, except that, if the variation is minor and does not involve a change in price or in time of performance, a modification need not be issued.

46.3.4 Drawings of a specific piece of equipment shall identify components with the manufacturer's part number or reference drawing clearly indicated. If reference drawing numbers are used, the review date of such drawings shall be included. Drawings shall indicate design dimensions, maximum and minimum allowable operating tolerances on all major wear fits, i.e. - rotating, reciprocating or intermittent sliding fits between shafts or stems and seals, guides and pivot pins. The sequence of submission of all drawings shall be such that all information is available for reviewing each drawing when it is received.

46.3.5 All drawings submitted by the Contractor shall be certified and dated by the Contractor on the face of each drawing to be correct, accurate and shall be furnished in accordance with requirements of the specifications. Owner will conduct a review of Contractor's drawings and a drawing marked with one of the following review comments will be returned to the Contractor.

1. No exceptions taken.
2. Make corrections noted. No re-submittal.
3. Make corrections noted. Resubmit.
4. Rejected.
5. Not required for review.

46.3.6 The Contractor must incorporate the changes indicated, resubmit and obtain a Code 1 or 2 notation before release for shipment can be granted.

46.4 Samples

46.4.1 Samples are physical examples which illustrate materials, equipment or workmanship and establish standards by which the Work will be judged. Samples of all items of related systems (i.e. adjacent surfaces requiring similar colors but manufactured of different materials) must be submitted in the same time frame before the approval process can begin.

46.4.2 Where samples are required, they shall be submitted by and at the expense of the Contractor. Such submittal shall be made not less than thirty-five (35) calendar days prior to the time that the materials represented by such samples need to be ordered for incorporation into any

Work in accordance with the schedule. Contractor must allow at least 21 calendar days for Owner's review. Materials represented by such samples shall not be manufactured, delivered to the site or incorporated into any Work without such review. Each sample shall bear a label showing the Contractor's name, date submitted, project name, name of the item, manufacturer's name, brand name, model number, supplier's name, and reference to the appropriate drawing, technical specification section and paragraph number, all as applicable.

46.4.3 Samples which have been reviewed may, at Owner's option, be returned to the Contractor for incorporation into the Work.

46.5 Catalogues, Data and Certificates

46.5.1 Where catalogues, data or certificates are required, five (5) copies of each shall be submitted by and at the expense of the Contractor. Such submittal shall be made not less than thirty-five (35) calendar days prior to the time that the materials represented by such catalogues, data or certificates must be ordered for incorporation into any Work in accordance with the CPM schedule. Allow at least twenty-one (21) calendar days for Owner's review. Material represented by such shall not be fabricated, delivered to the site or incorporated into any Work without such review.

46.5.2 Certificates shall clearly identify the material being certified and shall include but not be limited to providing the following information: Contractor's name, project name, name of the item, manufacturer's name, and reference to the appropriate drawing, technical specification section and paragraph number all as applicable. All catalogues, data and certificates submitted by the Contractor shall be certified and dated by the Contractor on the face of each catalogue, data and certificate to be correct and shall be furnished in accordance with these requirements and the requirements of the technical specifications, on forms provided by the Owner. Owner will conduct a review of Contractor's catalogues, data, and certificates and one copy marked with the review comments listed above will be returned to the Contractor.

GC 47 CONSTRUCTION SCHEDULE

47.1 For projects valued at less than \$500,000 or have a total construction time of less than 120 days, a bar chart type schedule may be submitted in lieu of the CPM schedule specified below. All other requirements regarding content, submittals, and updates shall remain.

47.2 The Project shall be monitored by a detailed critical path method scheduling system. This system shall be the basis for the evaluation of all Contractor performance. The Contractor shall, at least seven (7) calendar days prior to the pre-construction conference, submit to Owner for acceptance a short-term Schedule in the form of a 3-month bar chart indicating the initial activities of the Project including submittals. This short-term Schedule must be accepted by the Owner prior to application for the first progress payment. The Contractor, shall within (30) calendar days from and after the Contractor's receipt of written notice to proceed, and before the first progress payment is approved for payment by the Owner, submit to Owner for acceptance a detailed fabrication and construction schedule based on a critical path analysis of construction activities and sequential operations needed for the orderly performance and completion of any separable parts of any and

all Work in accordance with the Contract (the Critical Path or CPM schedule). The total project duration of the CPM schedule shall equal the contract duration(s) specified in the Bid Form.

47.3 The CPM schedule and all reports shall be prepared with computer software by Microsoft Project, Primavera Project Planner, or Primavera SureTrak.

47.4 The construction schedule shall be complete in all respects, covering, in addition to activities and interfaces with other contractors at the site of Work, offsite activities such as design, fabrication, an allowance for weather delays, submittals, procurement and jobsite delivery of Contractor furnished material and equipment. The schedule shall be a Critical Path Method (CPM) type network drawn to a time scale using arrow or precedence type diagramming. The construction schedule activities shall mirror the payment application breakdown.

The construction schedule shall include the following:

1. Brief description of each activity.
2. All submittals, samples, approvals, fabrication, and deliveries for equipment and materials. Allow no more than 60 days float between submittal approval and beginning of fabrication.
3. Activities showing scheduled start and finish, late start and finish, and float.
4. Relations between activities.
5. Duration of activities. No activity should be scheduled for more than 20 workdays, unless approved by the Owner.
6. Contractual and other major milestones including phasing.

9. Owner activities or activities by others which will affect the Contractor's Work.

47.5 Upon acceptance of the original CPM Schedule, the Early Start and Early Finish dates for all activities shall be fixed as Planned Start and Planned Finish dates. Any further revisions to the schedule must be submitted in writing and approved by the Owner.

47.6 The detailed CPM schedule submittal shall include five (5) color copies of the following:

47.7 The detailed CPM Schedule shall be updated monthly and submitted along with an updated computer diskette with the Application for Payment. Contractor shall meet with the Owner and Architect/Engineer of Record to review and verify:

1. Actual start and finish dates for completed activities.
2. Remaining duration required to complete each activity started, scheduled to start, but not completed.
3. Logic and time, for Change Orders that are to be incorporated into the diagram and computer produced schedules.
4. Percentage for completed and partially completed activities.

47.8 If requested by the Owner's Authorized Representative, the Contractor shall submit a written narrative report as a part of its monthly review and update in a form agreed upon by the Contractor and the Owner. When requested, the narrative report shall include a description of problem areas; current and anticipated delaying factors and their estimated impact on performance of other activities and completion dates; and an explanation of corrective action taken or proposed.

47.9 The Contractor shall have in its employ for the length of this Project, at least one qualified scheduling specialist whose responsibility as to this Contract will be to prepare, plan and draft the construction schedules, monitor the construction progress, analyze scheduling problems for resolution, update the Construction Schedule as required in the Contract, and maintain updated information as required regarding the interface with other contracts.

1. Increase construction manpower in such quantities and crafts as necessary to eliminate the backlog of Work.
2. Increase the number of working hours per shift, shifts per working day, working days per week, the amount of construction equipment, or any combination of the foregoing to eliminate the backlog of Work.

unauthorized cutting of trees and vegetation, including, without limitation, damage arising from the performance of its Work through operation of equipment or stockpiling of materials. All cost in connection with any repairs or restoration necessary or required by reason of any such damage or unauthorized cutting shall be borne by Contractor.

GC 51 LABOR

51.1 Contractor is solely and exclusively responsible for the supervision and control of all Contractor's personnel on site. All costs of any nature resulting from the suspension, by whomsoever incurred, shall be borne by the Contractor.

53.1.4 The Contractor is solely and exclusively responsible for supervising all workers at the job site including ensuring the use of proper safety equipment by the workers for the duties performed. If the Owner receives notice or is made aware

that the Contractor has failed in its duty to ensure that proper safety equipment is used by the workers, then the Owner shall have the right, but not the obligation, to suspend Work until the Contractor corrects the unsafe work practice. All costs of any nature resulting from the suspension, by whomsoever incurred, shall be borne by the Contractor.

53.1.5 To the extent permitted by, and in accordance with the provisions of Florida Statute 725.06, the Contractor shall defend, indemnify and hold the Owner, Design Professional, the Owner's Representative and their respective officers, directors, agents, employees and assigns, harmless from and against any and all liability, public or private, penalties, contractual or otherwise, losses, damages, costs, attorneys' fees, expenses, causes of action, claims or judgments resulting either in whole or in part from any failure of the Contractor, its subcontractors or sub-subcontractors or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, to comply with the provisions of this General Condition.

53.1.6 To the extent permitted by, and in accordance with the provisions of Florida Statute 725.06, the Contractor shall not raise as a defense to its obligation to indemnify under this General Condition any contributing negligence of any of those indemnified hereunder, it being understood and agreed that no such contributing negligence shall relieve the Contractor from its liability to so indemnify nor entitle the Contractor to any contribution, either directly or indirectly, by those indemnified hereunder.

53.1.7 In any and all claims against those indemnified hereunder by any employee of the Contractor, any Subcontractor or Sub-subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this Paragraph shall not be limited in any way to any limit(s) on the amount or type of damage, compensation or benefits payable by or for the Contractor or any Subcontractor or Sub-subcontractor under any workers' compensation acts, disability benefit acts or other employee benefit acts.

53.1.8 The indemnity provisions of this section shall survive the termination or expiration of this Contract.

53.2 Protection of Work and Property; Responsibility for Loss

53.2.1 The Contractor shall, throughout the performance of the Contract, maintain adequate and continuous protection of all completed Work and temporary facilities against loss or damage from whatever cause, shall protect the property of the Owner and third parties from loss or damage from whatever cause arising out of the performance of the Contract and shall comply with the requirements of the Owner and its insurance carriers and with all applicable laws, codes, rules and regulations with respect to the prevention of loss or damage to the property. The Owner, their representatives or insurance carriers may, but shall not be required, to make periodic patrols of the Job Site as a part of its normal safety, loss control and security programs. In such event, however, the Contractor shall not be relieved of its aforesaid responsibilities and the Owner shall not assume, nor shall it be deemed to have assumed, any responsibility otherwise imposed upon the Contractor by this Contract.

53.2.2 Until final acceptance of the Work by the Owner pursuant to GC 72 of this Contract, the Contractor shall have full and complete charge and care of and, except as otherwise provided in this subparagraph, shall bear all risk of loss of, and injury or damage to, the Work or any portion thereof (specifically including Owner furnished supplies, equipment or other items to be utilized in connection with, or incorporated in, the Work) from any cause whatsoever.

53.2.3 The Contractor shall rebuild, repair, restore and make good all losses of, and injuries or damages to, the Work or any portion thereof (specifically including Owner furnished supplies, equipment or other items to be utilized in connection with, or incorporated in, the Work and including improvements disturbed outside the limits of construction) before final acceptance of the Work. Such rebuilding, repair or restoration shall be at the Contractor's sole cost and expense unless the loss, injury or damage requiring such rebuilding, repair or restoration:

- A. is directly due to errors in the Construction Documents which were not discovered by the Contractor and which the Contractor could not have discovered through the exercise of due diligence;
- B. is caused by the agents or employees of the Owner (unless (1) the Contractor has waived its rights of subrogation against the Owner on account thereof as provided in the Contract, or (2) such loss or damage would be covered by any policy or policies of insurance which the Contractor is required to maintain hereunder, whether the Contractor actually maintains such insurance or not, or (3) is otherwise covered by a policy or policies of insurance maintained by the Contractor, whether or not required hereunder).

53.3 Surface and Subsurface Water

53.3.1 Surface or subsurface water or other fluid shall not be permitted to accumulate in excavations or under or in the structures. Should such conditions develop or be encountered, the water or other fluid shall be controlled and suitably disposed of by means of temporary pumps, piping, drainage lines and ditches, dams or other methods approved by the Owner in writing. The proposed location and coordination of temporary channels and conduits conducting accumulated water from the job site shall be permitted by the proper regulatory agency and submitted to the Owner for its prior written approval. All such Work shall be done at the sole expense of the Contractor.

53.4 Emergencies

53.4.1 In any emergency affecting the safety of persons or property, or in the event of a claimed violation of any federal or state safety or health law or regulation, arising out of or in any way connected with the Work or its performance, the Contractor shall act immediately to prevent threatened damage, injury or loss to persons or property, or to remedy said violation, whichever is applicable. Failure by Contractor to take necessary emergency action shall entitle the Owner to take whatever action it deems necessary including, but not limited to, suspending the Work as provided in GC 23.

53.4.2 The Owner may offset any and all costs or expenses of whatever nature, including attorneys' fees, paid or incurred by the Owner in taking such emergency action against any sums then or thereafter due to the Contractor. The Contractor shall defend, indemnify and hold the Owner harmless against any and all costs or expenses pursuant to this Paragraph, by whomsoever incurred. If the Contractor shall be entitled to any additional compensation or extension of time claimed on account of emergency Work which is not due to the fault or neglect of the Contractor or its Subcontractors or Sub-subcontractors, it shall be handled as a claim as provided in GC 65.

53.4.3 The indemnity provisions of this section shall survive the termination or expiration of this Contract.

53.5 Owner's Standards

53.5.1 The Owner reserves the right, but assumes no duty, to establish and enforce standards, and to change the same from time to time, for the protection of persons and property, with which the Contractor shall comply, and to review the efficacy of all protective measures taken by the Contractor. The exercise of or failure to exercise any or all of these rights by the Owner shall not relieve the Contractor of its duties and responsibilities under this Contract, and the Owner shall not thereby assume, nor be deemed to have assumed, any such duties or responsibilities of the Contractor.

GC 54 PROJECT SITE PROTECTION

54.1 Contractor, at its expense, shall maintain such protection as provided in General Conditions Section (GC 53) titled "SAFETY & PROTECTION OF PERSONS & PROPERTY" in a satisfactory condition until removal is authorized by Owner. Contractor, at its expense, shall make all necessary repairs to property damaged by construction operations. Repairs shall be made in a manner satisfactory to Owner. The Contractor will provide parking for its employees within the designated work areas. Contractor employees will not be allowed to park in areas which are used by any facilities which remain in operation.

GC 55 FIRE PREVENTION

55.1 Contractor shall, at its expense, conform to all Federal, State, and local laws and regulations pertaining to burning, fire prevention and control within or adjacent to the Project. Necessary precautions to avoid and eliminate fire hazards shall be the responsibility of the Contractor. This includes keeping the Project Work area clear of all trash at all times.

55.2 All tarpaulins used for any purpose during construction of any Work shall be made of material resistant to fire, water and weather and shall bear UL labels. Lighting of any fires on premises is strictly forbidden. Controlled burning shall be with the consent of the Owner. Contractor shall provide portable fire extinguishers properly labeled, located and compatible with the hazard of each work area and shall instruct its personnel in their use. Wherever welding and burning are conducted, inflammable materials shall be protected and a fire watch shall be provided by Contractor to be present during the burning and welding operation to ensure that protective measures are taken and that no fires result from such operation. The fire watch shall have fire

extinguisher equipment readily available and know-how for proper use.

GC 56 ILLUMINATION

56.1 When any Work is performed at night or where daylight is shut off or obscured, Contractor shall, at its expense, provide artificial light sufficient to permit Work to be carried on efficiently, satisfactorily and safely, and to permit thorough inspection. During such time periods the access to the place of Work shall also be clearly illuminated. All wiring for electric light and power shall be installed and maintained in a first-class manner, securely fastened in place at all points, and shall be kept as far as possible from telephone wires, signal wires, and wires used for firing blasts.

GC 57 BEST MANAGEMENT PRACTICES

57.1 Contractor shall be responsible for evaluating the site before construction is initiated to determine if any site conditions may pose particular problems for the handling of any Regulated Substances. For example, handling Regulated Substances in the proximity of water bodies or wetlands may be improper.

57.2 Regulated Substances are substances that may cause significant harm to human health and the environment (including surface and groundwater). The Unified Land Development Code (ULDC) Section 9.3, Wellfield Protection, regulates the storage, handling, use and production of Regulated Substances within wellfield zones which may impair present and future drinking water suppliers. In addition, the ULDC, Section 9.6, Excavation, requires that "Best Management Practices for the Construction Industries" be followed for Agricultural Area, TYPE II, TYPE IIIA and TYPE IIIB excavation activities.

57.3 If any Regulated Substances are stored on the construction site, they shall be stored in a location and manner which will minimize any possible risk of release to the environment. Any storage container of 55 gallons, or 440 pounds, or more containing Regulated Substances shall have constructed below it an impervious containment system constructed of materials of sufficient thickness, density and composition that will prevent the discharge to the land, groundwaters, or surface waters, of any pollutant which may emanate from said storage container or containers. Each containment system shall be able to contain 150% of the contents of all storage containers above the containment system.

57.4 Contractor shall familiarize itself with the manufacturer's safety data sheet supplied with each material containing a Regulated Substance and shall be familiar with procedures required to contain and clean up any releases of the Regulated Substance. Any tools or equipment necessary to accomplish same shall be available in case of a release.

57.5 Upon completion of construction, all unused and waste Regulated Substances and containment systems shall be removed from the construction site and shall be disposed of in a proper manner as prescribed by law.

GC 58 DUST CONTROL

58.1 The Contractor, for the duration of the Work, shall, at its expense, maintain all excavations, embankments, haul roads, access roads, plant sites, waste disposal areas, borrow areas, and all other Work areas free from dust. Industry-accepted methods of dust control suitable for the area involved and approved by Owner will be permitted.

58.2 The Contractor shall, for the duration of the Work, protect all fixtures, equipment, devices, and surfaces from any dust or debris within any facility which is affected by the Work and shall comply with the Owner's direction to insure dust control is being managed and maintained.

GC 59 WATER POLLUTION

59.1 Contractor shall, at its expense, provide suitable facilities to prevent the introduction of any substance or materials into any stream, river, lake or other body of water which may pollute the water or constitute substances or materials deleterious to fish and wildlife.

GC 60 AIR POLLUTION

60.1 The Contractor shall, at its expense, so perform its Work as not to discharge into the atmosphere from any source whatever smoke, dust, or other air contaminants in violation of the laws, rules and regulations of all Federal, State and local air and water pollution requirements including, but not limited to: Registering with the Palm Beach County Health Department, Air Pollution Board, any equipment requiring operating permits by said Board; Adhering to all Palm Beach County Air Pollution Board Regulations.

GC 61 EXPLOSIVES & HAZARDOUS MATERIALS

61.1 Contractor shall obtain all required Federal, State and local permits and licenses and shall be responsible for the safe and proper handling, transporting, storage and use of any explosive or hazardous materials brought onto or encountered within the site, and at its expense, make good any damage caused by its handling, transporting, storage and use. The Contractor will notify the Owner immediately if explosive or hazardous materials are encountered on the site. Transporting explosive or hazardous materials onto the site will require prior written approval from the Owner. The Contractor shall maintain and post as necessary Material Hazard Data Sheets for all applicable hazardous materials used in the course of its Work.

61.2 In the event that hazardous material is improperly handled or stored by the Contractor, its subcontractors, any sub-subcontractors, or any employee or agent of any of the aforementioned which results in contamination of the site, Contractor shall immediately notify the Owner and the appropriate governmental authority and shall take whatever action is necessary or desirable to remediate the contamination at the Contractors' sole cost and expense. Further, Contractor shall indemnify and hold harmless the Owner from any and all cost, expense, action, or liability whatsoever resulting from such contamination and/or remedial activities.

61.3 The indemnity provisions of this section shall survive the termination or expiration of this Contract.

GC 61(a) ASBESTOS NOTIFICATION

61(a).1 Prior to the renovation of any structure, the Owner conducts an inspection for asbestos-containing building materials (ACBM), through a review of current surveys or the request for a new survey. All asbestos surveys are conducted under the direction of Florida licensed asbestos consultants contracted by the Owner.

61(a).2 Prior to the renovation of any structure, the Owner facilitates the removal of all ACBM that may be disturbed during the renovations, (except bituminous roofing materials), unless stated otherwise in the Contract. All asbestos removal is conducted by a Florida licensed asbestos contractor contracted by the Owner.

61(a).3 An asbestos summary report may be included as part of the Contract. If not attached, it is the Contractor's responsibility to contact the Owner and request the report.

61(a).4 Licensed asbestos contractors are not required for removing or repairing asbestos containing roofs, except for transite (cementitious) shingles. If the Work specified will disturb asbestos containing roofing materials, the Contractor must comply with all requirements of OSHA 1926.58 and ASBESTOS NESHAPS. A summary of these requirements are outlined by the National Roofing Contractors Association (NRCA). A licensed roofer who has training as an asbestos competent person is required for projects disturbing asbestos roof materials. The Owner will provide an asbestos survey of the roof.

61(a).5 If materials are discovered that are suspected asbestos materials that were not previously sampled, Contractor must stop all work that will disturb these materials and immediately notify the Owner.

GC 62 INSPECTION: REJECTION OF MATERIALS AND WORKMANSHIP

62.1 All materials and equipment furnished and Work performed shall be properly inspected by Contractor, at its expense, and shall at all times be subject to quality surveillance, observations or quality audit by Owner. The Owner has the right but not the obligation to perform such quality surveillance, observations or quality audit as Owner deems necessary. Contractor shall provide safe and adequate facilities and all samples, drawings, lists and documents necessary for such quality surveillance, observation or quality audit. For this purpose, Owner shall be afforded full and free access to the shops, factories or places of business of Contractor and its subcontractors and suppliers for such quality surveillance, observation or quality audit and to determine the status of the Work. The Owner, its agents, employees and designees shall be entitled to conduct such surveillance, observation, or quality audits in such a manner and with such frequency and for such duration as Owner, in its sole discretion, shall determine is appropriate. If Contractor covers all or any portion of the Work prior to any quality surveillance or test by Owner, the cost of any necessary uncovering and replacing shall be borne by Contractor. Owner has no duty or responsibility to inspect or audit Contractor's work and in doing so does not assume any liability or responsibility for Contractor's materials and workmanship. Neither the failure to make such quality surveillance, observance or quality audit, nor to discover defective workmanship, materials, or equipment, nor acceptance of or payment to Contractor for such Work, materials or

equipment shall prejudice the rights of Owner thereafter to correct or reject the same as hereinafter provided.

62.2 If any material, equipment or workmanship is determined by Owner, either during performance of the Work or on final quality surveillance, or during any applicable warranty period (expressed or implied), to be defective or not complying with the requirements of this Contract, Owner shall notify Contractor in writing that such material, equipment or Work is rejected and the Owner reserves the right to withhold payment on any such item. Thereupon, Contractor shall, at its own expense, immediately remove and replace or correct such defective material, equipment or Work by making the same comply strictly with all requirements of the Contract.

GC 63 TESTING

Unless otherwise provided in the Contract, drawings and specifications, shop testing of materials or Work shall be performed by the Contractor at its expense and in accordance with the technical specifications. Field testing of materials or Work shall be performed by Owner. Should tests in addition to those required by the specifications be desired by Owner, Contractor will be advised in reasonable time to permit such testing. Such additional tests will be at Owner's expense unless such additional tests are required due to Contractor's Work or materials having failed any initial test. In this event, such additional (re-test) tests shall be at Contractor's expense. Contractor shall furnish samples as requested and shall provide reasonable assistance and cooperation as necessary to permit tests to be performed on materials or Work in place including reasonable stoppage of Work during testing. Contractor shall provide reasonable and accurate notice of when construction activities which require Owner's testing services are required. Contractor shall be responsible for stand-by and other costs associated with the testing agency if that construction activity is delayed or canceled.

GC 64 PROGRESS

64.1 Contractor shall give Owner full information in advance as to its plans for performing each part of the Work. If at any time during the progress of Work, Contractor's actual progress is inadequate to meet the requirements of the Contract, Owner may so notify Contractor who shall thereupon take such steps as may be necessary to improve its progress. If within a reasonable period as determined by Owner, Contractor does not improve performance to meet the currently approved Contract construction schedule, Owner may require an increase in Contractor's labor force, the number of shifts, overtime operations, additional days of work per week and an increase in the amount of construction plant; all without additional cost to Owner. Neither such notice by Owner nor Owner's failure to issue such notice shall relieve Contractor of its obligation to achieve the quality of Work and rate of progress required by the Contract.

64.2 Failure of Contractor to comply with the instructions of Owner may be grounds for determination by Owner that Contractor is not prosecuting its Work with such diligence as will assure completion within times specified. Upon such determination, Owner may terminate Contractor's right to proceed with the performance of the Contract, or any separable part thereof, in accordance with the applicable provisions of this Contract.

GC 65 CHANGES

65.1 Owner may, at any time, without invalidating the Contract and without notice to the surety(ies), make changes in the Work by issuing a Change Order. In the event that additive Change Orders increase the total contract amount of a "bond waiver contract" over the County's bond waiver limit of \$200,000, the contract will continue to be exempt from the bonding requirements if the change order is for a nominal amount. If there is a material change in project costs through a change order above the bond waiver limit of \$200,000 then a bond will be required. In the event deductive Change Orders decrease the total contract amount of a "bonded contract" below the County's bond waiver limit of \$200,000, bonding will continue to be required. Contractor shall provide notice to its surety(ies) of all Change Orders.

65.2 Owner will issue written orders to Contractor for any changes except that in the event of an emergency which Owner determines endangers life or property, Owner may issue oral orders to Contractor for any Work required by reason of such emergency. Such orders will be confirmed in writing as soon as practicable. Such orders, whether written or oral, may be accompanied by drawings and data as are necessary to show the extent of such ordered Work.

65.3 Contractor shall commence such changed Work so that all dates set forth in Contractor's current construction schedule as accepted by Owner will be met. In the event of an emergency which Owner determines endangers life or property, Contractor shall immediately commence such changes as required by Owner in order to mitigate or remove the emergency condition. Failure to commence any such change in timely fashion shall entitle Owner to invoke the provisions of the General Conditions entitled "TERMINATION FOR DEFAULT".

65.4 Unless otherwise required, Contractor shall, within twenty-one (21) calendar days following receipt of a written contract Field Bulletin, submit in writing to Owner a Contract Change Proposal for accomplishing such change, which proposal shall reflect the increase or decrease, if any, in cost to Owner of performing the change under the Contract in comparison to what the cost would have been, had such change not been offered. A time extension for Work associated with an Owner change for which the Contractor has not submitted its change proposal or its subsequent revisions to the change proposal within twenty-one (21) calendar days will not be allowed.

65.5 The proposal shall state the Contractor's added and/or deleted compensation in detail, including but not limited to:

- A. Material quantities and unit prices
- B. Labor man-hours and wages by craft
- C. Equipment type and size and rental rate
- D. Overhead and profit percentage
- E. Subcontract costs with back-up detail as specified in items A, B, C, and D above.
- F. Time extension, if any;
- G. A detailed description of any impacts this change will have on any activities on the Critical Path which would affect any of the Milestone Dates;
- H. Proof of payment of any tax liability resulting from a specific change (if requested)

by Owner).

65.6 Under no circumstances shall Contractor apply for or be entitled to recover consequential damages including, but not limited to, extended home office overhead costs associated with a change in the Work, whether or not calculated in accordance with the Eichleay Formula.

65.7 Any time extension request shall be submitted in accordance with GC 27. Owner may make changes to the Work after the contractual Substantial Completion date and will state in the added work directive if the completion of the Work is required for Substantial Completion. If the Work is required to be completed before Substantial Completion, then the provisions of GC 27 apply. If the Work may be completed after Substantial Completion, then the Work will be considered as a separate phase of the Contract with a separate time frame and completion date and will not affect the contractual Substantial Completion date.

65.8 If Contractor does not propose the method of compensation for such change or any part thereof within the time required, or if any proposed method is not acceptable, or if a method of compensation for such change, or any part thereof cannot be agreed upon, Owner may direct and Contractor shall proceed upon direction (Construction Change Directive) with such change. A Construction Change Directive (CCD) is a written order prepared by the Architect/Engineer of Record and signed by the Owner, directing a change in the Work and stating a proposed basis for adjustment, if any, in the Contract Sum or Contract Time, or both. A CCD may be used in the absence of total agreement on the terms of Change Order or to complete Work which, if not accomplished, could adversely affect a critical path activity. Upon receipt of the CCD, the Contractor shall promptly proceed with the change in the Work involved and advise the Architect/Engineer of Record of the Contractor's agreement or disagreement with the method, if any, provided in the CCD for determining the proposed adjustment in the Contract Sum or Contract Time. When the Owner and Contractor agree with the determination made by the Architect/Engineer of Record concerning the adjustments in the Contract Sum and/or Time, or otherwise reach agreement upon the adjustments, such agreement shall be recorded by the preparation of a Change Order. The Contractor shall not seek payment for Work performed pursuant to a CCD until it has been converted to a Change Order.

65.9 If, at any time after Contractor commences such change, a method of compensation other than time and material is agreed upon, such compensation will be made in accordance with such agreement. In any event, Contractor shall keep accurate records of the actual cost to Contractor for such change. Costs for which Contractor shall be entitled to compensation on a time and material basis as described above, are as follows:

- A. Direct Labor Cost - Payment will be made for all manual classifications up to and including foremen, but shall not include superintendents, assistant superintendents, general foremen, office personnel, time-keepers and maintenance mechanics. The time charged to changes will be subject to the daily approval of Owner and no charges shall be accepted unless evidence of such approval is submitted by Contractor with its billing.

Labor rates used to calculate the direct labor costs shall be those rates in effect during the accomplishment of the change. In addition to the direct payroll costs, the direct labor costs shall include payroll taxes and insurance, vacation allowance, subsistence, travel time and

overtime premium and any other payroll additives required to be paid by Contractor by law or collective bargaining agreements. Copies of certified pertinent payrolls shall be submitted to Owner.

- B. Equipment Costs - Payment for the rental and operation of the equipment furnished and used by Contractor shall be made for all construction and automotive equipment or tools with a new cost of greater than one thousand dollars each. Equipment time charged to changes will be subject to daily written approval of Owner and no charges will be accepted unless evidence of such approval is submitted with Contractor's billing.

The equipment rental and operation rates include costs for rental, fuel, oil, grease, repair parts, service and maintenance of any kind, and necessary attachments. Such charges do not include costs for operating labor and transportation to and from the location of the change. Equipment rental rates for Contractor-owned equipment used in this Contract shall be those contained in the "RENTAL RATE BLUE BOOK" as published by EquipmentWatch, 1735 Technology Drive, Suite 410, San Jose, California 95110-1333, (800-669-3282) and current at the time Work for any specific change is performed. When equipment is used for time and materials change which does not reasonably resemble Blue Book rental rates, the rental rate shall be negotiated and agreed upon in writing.

If Contractor-owned equipment is not available and equipment is rented from outside sources, payment will be computed on the basis of actual invoice cost. Rental rates for non-owned equipment must be approved in advance by Owner.

When the operated use of equipment is infrequent and, as determined by Owner, such equipment need not remain at the site of the Work continuously, payment shall be limited to actual hours of use. Equipment not operating but retained at the location of changes at Owner's direction shall be paid for at a standby rate.

Unless otherwise provided in the Contract, all equipment rental rates shall be agreed upon in writing before commencing any change. When a specific piece of rental equipment, normally used to perform unchanged contract Work is used for time and material changed Work, the applicable rental rate shall be the actual rate paid by the Contractor at the time the Work is performed.

Transportation costs for bringing equipment to the jobsite and for returning equipment to the point of origin, exclusively for use on time and material work, will be reimbursed to Contractor based on invoices, provided that prior written approval has been given to Contractor.

Overtime shall be paid as per Method 2 described in said RENTAL RATE BLUE BOOK.

No compensation will be made to the Contractor for equipment repair or equipment maintenance.

- C. Material Costs - Payment for the cost of materials furnished by Contractor for use in performing the change will be made, provided such furnishing and use of materials was as

specifically authorized and the actual use was verified by Owner. Payment will be the net cost to Contractor delivered at the job and vendor's invoice shall accompany the billing along with the verification by Owner of such use of such materials.

- D. Contract and Outside Service Costs - Payment for Work and services subcontracted by Contractor in the performance or completion of the change will be made only when both the subcontractor and the terms of payment to such subcontractor have been approved in writing by Owner before the subcontractor starts to work on the change.
- E. Tools and Equipment - Payment will be made for tools and equipment with a new cost of One Thousand Dollars, or less, each, only upon approval by the Owner.

For purposes of any and all changes made pursuant to this provision (whether lump sum or time and material) as to all supplies, overhead, supervision and profit, the Contractor is entitled an overhead and profit fixed fee not to exceed a maximum of fifteen percent (15%) (the Maximum Percentage) of the estimated direct labor and material costs pertaining to each change which amount will be converted to a lump sum before Work begins. The agreed upon percentage (not to exceed the Maximum Percentage), including but not limited to overhead and profit, which may be added to the estimated Change Order costs for changes in the Work shall be as follows:

1. For all Work done by the General Contractor's own forces, the Contractor may add an overhead and profit fixed fee as agreed upon with Owner up to 15% of its estimated Change Order costs which amount will be converted to a lump sum before the Change Order is issued and before Work begins.
2. For all Work done by subcontractors, the respective subcontractors may add an overhead and profit fixed fee as agreed upon up to 10% of their estimated costs which amount will be converted to a lump sum before the Change Order is issued and before Work begins. The general contractor may add an overhead and profit fixed fee as agreed upon up to 5% of the subcontractors' total estimate which amount will be converted to a lump sum before the Change Order is issued and before Work begins.

65.10 For any changes involving deductive items, the following shall apply to the amount of allowable overhead and profit:

1. For deductive changes only (those which contain no additive items), there will be no reduction in overhead and profit and, likewise, no addition by the Contractor for processing.
2. For changes containing both additions and deductions covering related Work or substitutions, the overhead and profit shall be figured on the net increase if any, with respect to that change.

65.11 No Change Order or CCD shall be valid until approved and signed by the Owner. The Architect/Engineer of Record is not authorized to bind the Owner to changes relative to changes in contract cost and or time. The Architect/Engineer may only recommend acceptance or rejection.

If a proposed change is deemed beneficial to the Project and is within the limits set forth in the Contract, the Owner may cause to be issued an appropriate Change Order to the Contract with or without the Contractor's signature.

65.12 The Architect/Engineer of Record will have the authority to order minor changes in the Work which do not involve adjustment to the Contract Sum or Time and are not inconsistent with the intent of the Contract. Such changes shall be effected by written order and shall be binding on the Owner and Contractor. The Contractor shall carry out such written orders promptly, and the Contractor shall receive no additional compensation therefore, nor shall there be any change in the Contract Time. The Architect/Engineer shall immediately provide notices of all minor changes in the Work to the Owner.

65.13 Execution of Change Order acknowledges final settlement of, and releases, all claims for costs and time associated, directly or indirectly, with the stated modification(s), including all claims for cumulative delays or disruptions resulting from, caused by, or incident to such modification(s), and including any claim that the modification(s) constitutes, in whole or part, a cardinal change to the Contract.

GC 66 RECORD DRAWINGS AND SPECIFICATIONS

A. Drawings:

1. Conformed Documents - Prior to the first application for payment, Contractor shall show proof of conformed documents with all Bid addenda identified on the record drawings and on its field set of drawings. Supplemental information following the bid shall be included and updated monthly for review with the application for payment.
2. Progress Records - During construction, Contractor shall keep a marked-up and up-to-date set of drawings showing as-built conditions on the site as an accurate record of all deviations between Work as shown and Work as installed. These drawings shall be available to Owner for inspection at any time.
3. Final Records - Prior to request for Substantial Completion, the Contractor shall furnish to Owner a complete set of marked-up as-builts with RECORD clearly printed on each sheet. Owner, at its expense, will furnish Contractor with drawings for mark-up by Contractor. Record information necessary to establish utility services shall be provided by Contractor a minimum of 30 days prior to needed utility service.

B. Specifications:

1. Progress Records - During construction, Contractor shall keep a marked-up and up-to-date set of specifications showing as-is conditions on the site annotated to clearly indicate all substitutions that are incorporated into the Work. Where selection of more than one product is specified, annotation shall show which product was installed. These specifications shall be available to Owner for inspection at any

time.

2. Final Records – Prior to request for Substantial Completions, the Contractor shall furnish to Owner a complete set of marked-up as-built specifications with RECORD clearly printed on cover. Owner, at its expense, will furnish Contractor a set of specifications for mark-up by Contractor. Contractor shall accurately and neatly transfer all annotations from progress as-builts to final as-builts.

C. Manuals and Training:

1. Manuals – As a condition precedent to Substantial Completion, the Contractor shall furnish to Owner three complete sets of manuals and applicable operating instructions as referenced in technical specifications. Unless otherwise specified, manuals to be bound in 3-ring binder with contents clearly indicated on outside cover.
2. Training: Where Owner training is required by the technical specifications, Contractor shall video and audio record the training and provide Owner with one copy of recording.

D. Endorsement:

1. Contractor shall sign each final record drawing and the cover of the record specifications and shall note thereon that deviations and annotations are complete and accurate.
2. The Contractor shall provide a signed and notarized affidavit indicating that no asbestos containing materials were used or installed during the course of construction as a condition precedent to Final Acceptance.

E. Fixed Asset Equipment and Fixture Information:

The list shall include, at a minimum; a) the name, make and model number, b) the quantity installed, and 3) the value of the equipment.

GC 67 MEASUREMENT OF AND PAYMENT FOR WORK

67.1 Estimates and all support data shall be prepared by Contractor and submitted in writing for Owner's approval on or about the end of each month covering the amount and value of Work satisfactorily performed by Contractor up to the date of such estimate. Such estimates shall be based on the construction schedule completed activity cost, as approved, and may be confirmed by actual measurement of the Work in place. Estimates shall be based on cumulative total quantities of Work performed. Estimates may include materials or equipment not incorporated into the Work provided the requirements set forth below are met. A format for such estimates

shall be determined by the Owner according to type of Contract Work and shall be agreed upon prior to, or no later than, application for the first progress payment.

67.2 The quantity of Work to be paid for under any item for which a unit price is fixed in the Contract shall be the amount or number, approved by Owner, of units of Work satisfactorily completed with the Contract and computed in accordance with applicable measurement for payment provisions of the Contract.

67.3 Partial payments may be made to the extent of the delivered cost of materials to be incorporated in the Work, provided such materials meet the requirements of this Contract, plans, and specifications and are delivered to acceptable locations at the Project Site or to other sites in Palm Beach County that are acceptable to the Owner (bonded warehouse). Such material must be stored in a secure manner, acceptable to the Owner, and in accordance with any manufacturer's recommendations.

67.4 Delivered cost of such stored or stockpiled materials may be included in any subsequent payment request once the Contractor meets the following conditions:

1. An applicable purchase order or supplier's invoice is provided listing the materials in detail, cost of materials and identifying this specific Contract, by name.
2. The material is insured against loss or damage (from whatever source) or disappearance prior to incorporation into the Work.
3. Once any stored material is paid for by Owner, it shall not be removed from the designated storage area except for incorporation into the Work.
4. Evidence that Contractor has verified quantity and quality of materials delivered (verified packing list).

It is not the intent of this section to pay for stored materials that are intended for day-to-day inventory i.e. small diameter piping, fittings, conduit, etc. Payment for stored materials under this section shall be limited to finished prefabricated products, piece-marked, and customized for the Project. Any payment for stored materials is subject strictly to the sole discretion of the Owner.

It is further agreed between the parties that the transfer of title and the Owner's payment for any stored or stockpiled materials pursuant to this General Condition shall in no way relieve the Contractor of the responsibility of ensuring the correctness of those materials and for furnishing and placing such materials in accordance with the requirements of this Contract, plans and specifications.

67.5 Contractor shall make all surveys necessary for determining all quantities of Work to be paid for under the Contract. Copies of field notes, computations, and other records made by Contractor for the purpose of determining quantities shall be furnished to Owner upon request. Contractor shall notify Owner prior to the time such surveys are made. Owner, at its discretion, may arrange to have its representative witness and verify all surveys made by Contractor for determining quantities of Work to be paid for under the Contract. Measurements and computations shall be made by such methods as Owner may consider appropriate for the class of Work measured.

The dividing limits, lines or planes between adjacent items or classes of excavation, concrete, or other types of Work where not definitely indicated on the drawings or in the specifications, shall be determined by Owner.

67.6 No payments of invoices (or portions thereof) shall at anytime constitute approval or acceptance of the Work under this Contract, nor be a waiver by Owner of any of the terms contained herein.

GC 68 PROGRESS PAYMENT PROCEDURES

68.1 The Contractor shall prepare a schedule of values by phases of Work to show a breakdown of the Contract Sum corresponding to the payment request breakdown and progress schedule line items. The schedule of values must also show dollar value for each unit of Work scheduled. Change Orders shall be added as separate line items. The schedule of values shall be submitted to the Owner and Architect/Engineer of Record for review and approval prior to "Commencement of Work."

Unless specifically included as a line item in the bid proposal form, "mobilization" will not be considered a line item.

For lump sum projects, the general conditions costs will be considered as a line item for the following items (break down required) (collectively the following shall be known as the General Conditions Costs).

1. Contractor's field office personnel (full-time on-site).
2. Construction office and storage facilities.
3. Utilities required to sustain field office and sanitary facilities.
4. Electrical power and water for construction.
5. Bonds and Insurance.

Progress Payments for General Conditions Costs will be based on the percentage of Work completed to date, except bonds and insurance which may be requested in full. Separate payments for shop drawings and deposits for materials will not be allowed.

Prior to initial payment request, the following must be submitted and approved by the Architect/Engineer of Record and Palm Beach County Capital Improvements Division.

1. List of principal subcontractors and suppliers.
2. Schedule of values.
3. Shop drawing log.
4. Project schedule.
5. Certified copy of recorded bond. The County's contract number will be provided after award of the Contract and Contractor shall include this number on the bond prior to recording the bond. County will not make any payment to Contractor until Contractor has complied with this requirement.

68.2 The Contractor will prepare and submit three (3) original copies of monthly invoices for

Work completed during the one-month period. Pay applications shall be submitted in the format and wording of the form contained in Appendix A to these General Conditions. All information must be completed for the pay application to be accepted. Owner's account number(s) for the Project will be given at the Pre-Construction meeting and will be placed at the top right hand corner of each application. These payment applications will be reviewed by all parties in attendance at the monthly pay application meetings. Prior to formal submission of the application, the Contractor shall submit a rough draft plus two extra copies for the Owner and Architect/Engineer of Record to review. The Contractor shall submit four (4) final approved copies to the Architect/Engineer of Record, whose approval is required prior to submission to the Owner.

68.3 If the pay estimate and support data are not approved, the Contractor is required to submit new, revised or missing information according to the Owner's instructions. Otherwise, the Contractor shall prepare and submit to Owner an invoice in accordance with the estimate as approved. Owner will pay Contractor, in accordance with Local Government Prompt Payment Act (FS 218.70). Owner shall provide Contractor with a written notice of disputed pay request within 10 business days after receipt of such pay request which clearly states any and all deficiencies in Contractor's pay request that will prevent prompt processing and issuance of payment. To the extent there is an undisputed portion of the pay request that can be paid, the Owner shall proceed with prompt payment of that portion of the pay request. In the event any dispute with respect to any payment or pay request cannot be resolved between the Contractor and Owner's project staff, Contractor may, in accordance with the alternative dispute resolution requirements of Florida Statute section 218.72, et. seq., demand in writing a meeting with and review by the department director. In the absence of the department director, a deputy director may conduct the meeting and review. Such meeting and review shall occur within ten (10) business days of receipt by Owner of Contractor's written demand. The department director, or deputy director, shall issue a written decision on the dispute within ten (10) business days of such meeting. This decision shall be deemed the Owner's final decision for the purpose of the Local Government Prompt Payment Act. Contractor must remit undisputed payment due for labor, services, or materials furnished by subcontractors and suppliers hired by the Contractor, within 10 days after the contractor's receipt of payment from the County pursuant to Section 218.70, Florida Statutes. Contractor shall provide subcontractors and suppliers hired by Contractor with a written notice of disputed invoice within 5 business days after receipt of invoice which clearly states the reasons for the disputed invoice.

Retainage, in the amount of 10%, will be withheld on the calculated value of any Work, with the exception of stored materials which may be paid at the supplier's invoiced cost. After 50% completion of the Work has been achieved and providing there are no good faith disputes, claims or demands of the Owner, the Contractor may request the payment of up to one-half of the retainage held by the Owner on previous pay requests.

After 50% completion of the Work has been achieved and providing there are no good faith disputes, claims or demands of the Owner, the Owner will implement a reduction in retainage to 5% on all future pay requests. When retainage is reduced, Contractor may withhold more than 5% retainage from subcontractors or suppliers only when done in accordance with the provisions of the Local Government Prompt Payment Act, may not request such withheld funds from the County, and will be required to certify compliance with F.S. 218.70 *et. seq.* on each subsequent pay application.

The Contractor may request at any point the release of retainage from the Owner attributable to the labor, services, or materials supplied by one or more subcontractors or suppliers if the work of the subcontractor has been successfully completed or if the materials of the supplier have been inspected and accepted by the Contractor. Owner may approve such requests on a case by case basis in the Owner's discretion. In order to substantiate such a request, the Contractor must submit the request in writing to the Owner and attach a statement of the Contractor that the subcontractor has successfully completed the work or the supplier has delivered acceptable materials and there are no disputes, demands or claims outstanding with respect to the completed work or delivered materials. Owner reserves the right to request additional documentation supporting Contractor's request for release of retainage on completed work or delivered materials, including a consent from the Contractor's Surety.

Notwithstanding the foregoing, in no instance can the amount retained be less than the value of Owner's good faith claims plus the value of the Work the Owner determines remains to be put in place or required to be performed as remedial activities. For the purposes of this section, 50% completion shall be that point in time when A/E determines that half of the Work required by the Contract has been completed. In no event shall the Work be determined to be 50% complete before the County has paid 50% of the Contract amount and 50% of the Contract time has expired.

All retainage released by the Owner to the Contractor which is attributable to the labor, services or materials supplied by one or more subcontractors or suppliers must be timely remitted by the Contractor to those subcontractors or suppliers.

68.4 Each application for payment shall be accompanied by the following:

1. A notarized "Affidavit of Disbursement of Previous Periodic Payments to Subcontractors" from the General Contractor for the portion of Work up to the date of that particular pay application.
2. Subcontractor Construction Activity Report (EBO Schedule 3).
3. Subcontractor Payment Certification (EBO Schedule 4).
4. An Owner approved construction schedule update

68.5 Copies of Schedules 3 and 4 will be available at the Pre-Construction meeting.

68.6 If one or more "Notice of Non-Payment" is received by the Owner, no further payments will be approved until non-payment(s) have been satisfied and an original "Release of Claim" for each "Notice" has been submitted to the Owner. Upon request, Contractor shall furnish acceptable evidence that all such claims or liens have been satisfied. On bonded projects only, the Owner may allow, with consent of Surety and indemnification of the County against any claims, payment for Work on which there is an outstanding Notice of Non-Payment.

68.7 Any amount otherwise payable under the Contract may be withheld, in whole or in part if:

1. Any claims are made against Contractor by Owner or third parties, including claims for liquidated damages or if reasonable evidence indicates the probability of the making of any such claim; or

2. Contractor is in default of any Contract condition; or
3. There is reasonable doubt that this Contract can be completed within the time specified or for the balance then unpaid; or
4. Defective work or material is not remedied; or
5. Contractor persistently fails to carry out the Work in accordance with the Contract; or
6. Contractor fails to submit the information required by this Contract; or
7. Contractor fails to submit an owner approved updated Schedule with each Application for Payment.

68.8 If claims or liens filed against Contractor or property of Owner connected with performance under this Contract are not promptly removed by Contractor after receipt of written notice from Owner to do so, Owner may remove such claims or liens and all costs in connection with such removal shall be deducted from withheld payments or other monies due, or which may become due, to Contractor. If the amount of such withheld payments or other monies due Contractor under the Contract is insufficient to meet such cost, or if any claim or lien against Contractor is discharged by Owner after final payment is made, Contractor and its surety or sureties shall promptly pay Owner all costs (including attorney's fees) incurred thereby regardless of when such claim or lien arose.

68.9 Following issuance, by the Architect/Engineer of Record, of a Certificate of Substantial Completion, Contractor may submit a special payment request, provided the following have been completed:

1. Obtain permits, certificates of inspection and other approvals and releases by governing authorities, required for the Owner's occupancy and use of the project.
2. Complete final cleaning of the Work.
3. Submit record documents (record drawings).
4. Submit listing of Work to be completed before final acceptance.
5. Settle liens and other claims.
6. Obtain Consent of Surety for partial release of retainage.
7. Settle Liquidated Damages due to Owner, if any.
8. Conditional Final Waiver and Release of Claim signed by Contractor.

68.10 Upon receipt by Owner of Contractor's written "Notice of Final Completion" of its Work under this Contract, in accordance with GC 72, Owner shall verify all Work has been completed on the Project. When all Work has been verified as complete, and the Contractor completes and submits the items listed below, the Contractor may submit a final invoice.

1. Complete all Work listed on the punch list prepared in accordance with GC 71 and obtain Architect/Engineer certification of completed Work.
2. Submit proof of payment on fees, taxes or similar obligations.
3. Transfer operational, access, security and similar provisions to Owner; remove temporary facilities, tools and similar items.
4. Obtain Consent of Surety for final payment and/or partial release of retainage.
5. All information required by GC 66.
6. Obtain certification of as-built (record) drawings from Architect/Engineer of Record.

7. Final Waiver and Release of Claim signed by Contractor.

GC 69 USE OF COMPLETED PORTIONS OF WORK

69.1 Whenever, as determined by Owner, any portion of Work performed by Contractor is in a condition suitable for use, Owner may issue a certificate of Substantial Completion (Partial Utilization) for that portion and take possession of or use such portion. Such certificate of Substantial Completion (Partial Utilization) will be issued in accordance with the applicable requirements of General Condition 71 "SUBSTANTIAL COMPLETION". Such use by Owner shall in no case be construed as constituting final acceptance, and shall neither relieve Contractor of any of its responsibilities under the Contract, nor act as a waiver by Owner of any of the conditions thereof, provided, that Contractor shall not be liable for the cost of repairs, rework, or renewals which may be required due to ordinary wear and tear resulting from such use. However, if such use increases the cost or delays the completion of remaining portions of Work, Contractor shall be entitled to an equitable adjustment in its compensation and/or schedule under this Contract.

69.2 If, as a result of Contractor's failure to comply with the provisions of the Contract, such use proves to be unsatisfactory to Owner, Owner shall have the right to continue such use until such portion of Work can, without injury to Owner, be taken out of service for correction of defects, errors, omissions, or replacement of unsatisfactory materials or equipment, as necessary for such Work to comply with the Contract; provided that the period of such operation or use pending completion of appropriate remedial action shall not exceed twelve months unless otherwise mutually agreed upon in writing between the parties.

69.3 Contractor shall not use any permanently installed equipment unless such use is approved by Owner in writing. Where Contractor's written request is granted for the use of certain equipment, Contractor shall properly use and maintain, and upon completion of its use, and at its expense, recondition such equipment to the satisfaction of Owner. If Owner furnishes an operator for such equipment, such operator's services shall be performed under the complete direction and control of Contractor and shall be considered Contractor's employee for all purposes other than the payment of such operator's wages, workmen's compensation or other benefits paid directly or indirectly by Owner.

GC 70 ALLOWANCES AND UNIT PRICES

70.1 The bidders shall include in the base lump sum bid all unit prices and allowances if so required in the Special Conditions or applicable parts of the Bid Proposal Form. Items covered by unit prices shall be supplied for such amounts as the County may direct.

70.2 Unit prices shall apply to revisions to the Work as applicable. Unit Prices are "all inclusive", including labor, material, supervision, tools, equipment, insurance taxes, fringe benefits, coordination, engineering, overhead, profit, performance and payment bonds, and all other things necessary.

GC 71 SUBSTANTIAL COMPLETION

71.1 The date of Substantial Completion is the date established by the Architect or Engineer (A/E) and approved by the Owner when the Project is sufficiently complete to permit the Owner to use it for its intended purpose, the County issues a certificate of Substantial Completion and the items listed below are complete. For the issuance of a certificate of Substantial Completion (Partial Utilization) in accordance with General Condition 69, the Owner and/or the A/E will notify the Contractor of which items listed below must be complete for partial utilization.

71.2 The Contractor shall notify the A/E in writing when the Contractor considers the Project Substantially Complete and attach a comprehensive list of incomplete Work and items needing correction with dates indicating when the items listed will be completed.

71.3 Once the A/E has received notice and attachments from the Contractor, the A/E will promptly inspect the Work. The A/E may refuse to inspect the Work if the Work is obviously not substantially complete or when the Contractor's list is not complete.

71.4 The following items shall be completed prior to a request by the Contractor for inspection for Substantial Completion.

1. Certificate of Occupancy or Certificate of Completion, as applicable, shall be obtained from the proper Building Official.
2. All general construction completed.
3. All mechanical and electrical Work complete, equipment and fixtures in place, connected, cleaned and ready for use.
4. All electrical circuits shall be scheduled in panels, and all panels and disconnect switches properly labeled.
5. All painting shall be completed; all signs installed.
6. All project components including floors, glass and metal Work shall be cleaned.
7. All finish hardware shall be installed, and all doors shall be in good working order. All keys and blanks shall have been provided.
8. Project site shall be cleared of the Contractor's excess equipment, storage shacks, trailers, and/or building supplies. All temporary construction shall be removed.
9. All mechanical and electrical systems including Fire Alarm and Security, shall be complete, fully functional, and demonstrated to the Owner. The Fire Alarm system must be 100% complete without exception.
10. All operations and maintenance manuals for all equipment shall have been submitted.
11. Manufacturers' certifications and warranties shall be delivered to Owner.

12. All operations and maintenance training related literature, software and back-up disks shall have been provided.
13. All required spare parts as well as any special tools shall have been provided.
14. All HVAC testing and balancing reports shall have been submitted and approved.
15. The Project record drawings and specifications shall be submitted in accordance with GC 66.

71.5 If Substantial Completion is not obtained at the inspection called by the Contractor, for reasons which are the fault of the Contractor, the cost of any subsequent inspections requested by the Contractor for the purpose of determining Substantial Completion shall be the responsibility of the Contractor and shall be assessed against the final payment application.

71.6 Once Substantial Completion is achieved and within the time allowed by F.S. 218.70 *et seq.*, A/E and/or Owner will prepare the punch list required by the Local Government Prompt Payment Act. The punch list items shall be corrected by the Contractor within 30 calendar days and prior to any request for Final Inspection and Acceptance. The failure to include any corrective Work or pending items not yet completed on the list does not alter the responsibility of the Contractor to complete the Work pursuant to the Contract.

GC 72 FINAL INSPECTION AND ACCEPTANCE

72.1 When the Contractor considers that all Work under the Contract is complete as previously referenced in GC 71, Contractor shall so inform Owner and A/E in writing, "Notice of Final Completion". When items on the punch list as recorded at the Substantial Completion inspection have been corrected and the Owner is satisfied that all Work under the Contract is completed and is in accordance with the requirements of this Contract, Owner shall notify the Contractor in writing of final acceptance of its Work under this Contract. The Owner will then make final payment to the Contractor in accordance with the terms of General Condition 68 of the amount remaining after deducting all prior payments and all amounts to be kept or retained under the provisions of the Contract, including the following items, for which a Change Order will be issued:

1. Liquidated Damages, as applicable.
2. At the discretion of the Owner, one and one-half times the value of outstanding items, corrective Work, and incomplete punch list. All such Work shall be completed or corrected to the satisfaction of the Owner within the time stated on the Certificate of Substantial Completion, or on the "final punch list", or any other "punch list", otherwise the Contractor does hereby waive any and all claims to all monies withheld by the Owner to cover the value of all such uncompleted or uncorrected items.

72.2 Neither final acceptance of the Work, nor payment therefore, nor any provision of the

Contract shall relieve the Contractor of responsibility for defective or deficient materials or work or responsibility for full Contract compliance. If, within one (1) year or as provided for elsewhere in the General Conditions or technical specifications after Substantial Completion, any of the Work is found to be defective, deficient or not in accordance with the Contract, the Contractor shall correct, remove and replace it promptly after receipt of a written notice from the Owner and correct and pay for any damage to other Work resulting therefrom as set forth in General Condition 28 entitled "WARRANTY".

GC 73 DISPOSAL OF MATERIAL OUTSIDE PROJECT LIMITS

73.1 The Contractor shall make its own arrangements for disposal of materials outside the Project limits and it shall pay all costs involved. The Owner reserves the right to retain any salvage material or equipment scheduled for removal. Should the Owner elect to retain salvaged materials or equipment, the Contractor will provide appropriate on-site storage and protection. The Owner will be responsible for transporting from the site any materials or equipment it has elected to retain. Off-site disposal of any items not retained by the Owner shall be the responsibility of the Contractor.

73.2 When any material is to be disposed of outside the Project limits, the Contractor shall first obtain a written permit from the property owner on whose property the disposal is to be made and the Contractor shall file in writing with the Owner said permit or the certified copy thereof together with a written release from the property owner absolving the Owner of any and all responsibility in connection with the disposal of material on said property.

73.3 When material is disposed of as above provided and the disposal location is visible from the Project, the Contractor shall dispose of the material in a neat and uniform manner to the satisfaction of the Owner.

GC 74 IDENTITY OF INTEREST WITH SUBCONTRACTORS/SUPPLIERS

74.1 The Contractor represents to the Owner that neither the Contractor, nor any officer, director, partner or shareholder who holds ten percent (10%) or more of the outstanding stock of the Contractor, has any financial interest in, or as an officer, director, partner or ten percent (10%) plus shareholder of any firm, person or entity which has been or may be contracted with to furnish labor, material, equipment or professional services in connection with the construction of the Project. Contractor agrees to give written notification and obtain the approval of the Owner before entering into any Contract on this Project with any subcontractor or materialman where there exists any identity of interest.

GC 75 CLEANING UP

75.1 Contractor shall, at all times, at its expense, keep its work areas in a neat, clean and safe condition. Upon completion of any portion of the Work, Contractor shall, within 48 hours, remove all of its equipment, construction plant, temporary structures and surplus materials not to be used at or near the same location during later stages of Work.

GC 76 PROJECT SIGNS

76.1 Contractor, at no additional cost to the Owner, shall construct a project job sign as indicated and described on Site Sign Detail. Contractor shall coordinate location of sign with Owner's representative and install such sign within 21 days after Owner's issuance of "Notice to Proceed". Any deletion/addition of lettering during the life of the Project will be at the Contractor's expense. Contractor will remove and properly dispose of sign at Substantial Completion of the Project. With the exception of the right reserved by the Owner to erect a sign in connection with the Project and unless otherwise provided in the Contract, Contractor shall not display or permit to be displayed on or about the project, any sign, trademark, poster or other advertising or identifying device, without prior written approval of Owner.

GC 77 CONSTRUCTION INCENTIVE PROGRAM

The scope of this program is to provide a monetary incentive for the Contractor to use value engineering techniques to reduce the total cost of the overall Contract. After the award of the Contract, the Contractor will review the drawings and specifications to determine if there are areas where the use of value engineering concepts will reduce the cost of the existing Contract to the County.

The following applies to a Contractor developed and documented Construction Incentive Change (CIC) which:

- a. Requires a change to this Contract to implement the CIC; and
- b. Reduces the Contract price without impairing essential function or characterization of the Contract provided that the proposal is not based solely on a change in deliverable and item quantities or quality; and
- c. Does not reduce the S/M/WBE participation below the level specified in the Contract; and
- d. Is approved by the Owner.

Each CIC submitted shall contain, at a minimum, all pertinent information to allow the Owner to evaluate the difference between the existing Contract and the proposed change. Advantages and disadvantages shall be documented. All associated costs, savings, and possible future expenses to the Owner shall be listed. Any increases in operation and maintenance costs for a 20 year period shall be documented; redesign costs required for proper application and installation shall be included; and any effect on the completion time of the Contract shall be noted.

All CIC's shall be submitted to the Owner. The proposals shall be processed by the Owner whom shall not be liable for any delay in acting on the CIC. The Contractor has the right to withdraw, in whole or in part, any CIC, at any time prior to acceptance by the Owner.

The Owner may accept, in whole or in part, by Change Order any CIC submitted under this clause. A CIC with a net savings of less than \$1,000 to the Owner will not be considered. When a Change Order is issued regarding a CIC on this Contract, the Contractor shall remain obligated to perform in accordance with this Contract. The decision of the Owner as to the acceptance of any CIC under

this Contract shall be final.

If a CIC submitted by the Contractor in accordance with this clause is accepted, the Contract price shall be adjusted. The contract price shall be reduced by 50% of the amount agreed upon, between the Owner and the Contractor, as savings if the total value of the savings is greater than \$50,000. The contract price will be reduced by 75% of the amount agreed upon as savings for the CIC if the total value of the savings is less than \$50,000. The remainder of the savings will accrue to the Contractor.

The Contractor shall include appropriate arrangements to pass-on any savings to subcontractors where the approved CIC is greater than \$50,000, and may include such arrangements in contracts of lesser value.

GC 78 SEVERABILITY

78.1 If any provision(s), or portion(s) of a provision(s) of this Contract, or the application thereof to any person or circumstances shall, to any extent, be held to be invalid, illegal or unenforceable for any reason whatsoever, the validity, legality and enforceability of the remaining provision(s), or part of the provision(s), shall not in any way be affected or impaired thereby; and if possible the invalid, illegal, or unenforceable provision shall be interpreted to the fullest extent possible to be enforceable and to give effect to the intent manifested by the provision(s), or portion(s) thereof, held invalid, illegal or unenforceable.

GC 79 PUBLIC RECORDS AND CONFIDENTIAL INFORMATION

79.1 Public Records Requests. Under Chapter 119, Florida Statutes (the Florida Public Records Law), a request to inspect or copy public records relating to a public agency's contract for services must be made directly to the public agency.

79.2 Required Procedures for Protecting Confidential and Exempt Information.

- A. Records Exempt from the Public Records Laws. The Florida Public Records Law provides for certain exemptions to the Florida's Public Records Law to protect the security of specific governmental facilities, employees and visitors. For the same security reasons, the County has the statutory obligation to protect such records from public disclosure and only disclose confidential information to a licensed engineer, architect or contractor. The purpose of this Section is to facilitate the Contractor's Work by making specific documents available to individuals/firms while implementing controls on the distribution of records or information which is confidential and/or exempt from the Florida Public Records Law.
- B. Confidential Information. For purposes of this Section, "Confidential Information" shall include all information or material that is confidential and/or exempt according to the Florida Public Records Law. The exemptions most relevant to the Contractor include, but are not limited to:

- Plans, blueprints, drawings and diagrams which depict the internal layout and structural elements of a building or other structure owned or operated by the County;
- Security system plans, including records, information, photographs, audio and visual representations, schematic diagrams, floor plans, surveys, as-built drawings, recommendations or consultations relating directly to the physical security of the facility or revealing security systems in whole or in part;
- Threat assessments;
- Emergency evacuation plans;
- Sheltering arrangements; or
- Manuals for security personnel, emergency equipment, security training; or otherwise containing narrative and/or graphic content of a security nature.

C. Obligations.

1. Maintain the Confidentiality of the Confidential Information. The Contractor has an obligation to maintain the confidential status of Confidential Information. The Contractor shall hold and maintain the Confidential Information in the strictest confidence for the sole and exclusive benefit of the County. The Contractor shall restrict access to Confidential Information to: 1) the Contractor's employees, and/or 2) licensed architects, engineers, contractors, subcontractors (Third Parties) for the sole purpose of providing services under this Contract. Prior to releasing any Confidential Information to a Third Party, the Contractor shall require those Third Parties to execute nondisclosure restrictions at least as protective as those in this Section, and maintain a list of any Third Party to which the Contractor has distributed Confidential Information. **Other than as authorized above, the Contractor shall not, without prior written approval of County, publish, copy, or otherwise disclose to others any Confidential Information.**
2. Disclosure Warning. If Confidential Information is in written form, the Contractor shall label or stamp the materials as they are created with the Disclosure Warning described below on each and every sheet of plans, documents or reports that contain exempt information. If the Contractor is distributing Confidential Information to authorized recipients, the materials and the correspondence related thereto should contain the following disclosure warning:

DISCLOSURE WARNING. THIS DOCUMENT IS EXEMPT AND CONFIDENTIAL UNDER SEC. 119.071, FLORIDA STATUTES. ANY ENTITY OR PERSONS RECEIVING SUCH INFORMATION SHALL MAINTAIN THE EXEMPT STATUS OF THE INFORMATION UNLESS OTHERWISE AUTHORIZED BY THE COUNTY. THESE DOCUMENTS SHALL NOT BE DISTRIBUTED, LOANED OR COPIED WITHOUT THE WRITTEN PERMISSION OF THE COUNTY IN ACCORDANCE WITH THE RELEVANT PROVISIONS OF FLORIDA LAW. THE COUNTY MUST BE ADVISED IMMEDIATELY AS TO ANY CHANGES IN CUSTODIAN FROM THOSE PERSONS LISTED IN CORRESPONDENCE FOR ORIGINAL DISTRIBUTION, IF THE DOCUMENTS ARE LOST OR STOLEN, OR IF THERE IS IMPROPER DISCLOSURE OR UNAUTHORIZED USE OF

THE INFORMATION IN THE DOCUMENT. UPON COMPLETION OF USE, WORK, PROJECT, OR CONTRACT, THE CONTRACTOR/CONSULTANT SHALL SHRED OR BURN ANY DUPLICATE RECORDS.

3. Identifying Correspondence that May Contain Exempt or Confidential Information. In order to assist in the identification of electronic records, i.e. email, which may be exempt from Public Records Requests and protect information that is exempt from disclosure, the Contractor (as either the writer or receiver of an electronic document which may contain confidential and/or exempt information) must use the letters "PREX" (in caps) as the *first* four letters of the subject line of the electronic document. The PREX identifier should be used if the email contains confidential and/or exempt information in the body and/or an attachment.
 4. Notification of Improper Disclosure. County must be notified immediately if the Confidential Information is lost or stolen or of any improper disclosure or unauthorized use of the Confidential Information. The Contractor shall make a report to the County not more than seven (7) business days after the Contractor learns of such an improper disclosure or unauthorized use of the Confidential Information. The Contractor's report shall identify, to the extent known, the nature of the improper disclosure or unauthorized use, the Confidential Information disclosed or used, who made the disclosure of or used the information, what the Contractor has done or shall do to mitigate any harmful effects of the improper disclosure or unauthorized use, and what corrective action the Contractor has taken or shall take to prevent future similar unauthorized use or improper disclosure. The Contractor shall provide any other such information about the unauthorized use or improper disclosure as reasonably requested by the County. The Contractor shall take all steps the County deems advisable to mitigate, resolve and/or prevent the unauthorized use or improper disclosure of the Confidential Information.
- D. Survival. The nondisclosure provisions of this Section shall survive the termination or expiration of this Contract. The Contractor's duty to hold Confidential Information in confidence shall remain in effect until County sends the Contractor written notice releasing the Contractor from the provisions of this Section.
- E. Enforcement. The Contractor understands that non-compliance with the terms of this Section may result in debarment pursuant to the Palm Beach County Code as well as subject itself to any other remedies available to the County in law or equity.

GC 80 LIQUIDATED DAMAGES

For purposes of the Contract Documents, Liquidated Damages means damages assessed for the contractor's failure to substantially complete the Work within the Contract Time, including any change(s) to Contract Time authorized by Change Order(s) and Written Amendment(s). Should the Contractor or, in the event of its default, the Surety fail to achieve certification of Substantial Completion of the Work within the Contract Time, the Contractor or, in the event of its default, the Surety shall pay to the County, not as a penalty, but as Liquidated Damages in the daily amount(s) established in the Bid Form.

The Contractor hereby agrees and affirms that the amounts specified in this section reflect a fair compensable value for damages suffered by the County as a result of Contractor's delay, and that said amounts are not a penalty nor shall ever be contested as reflecting the imposition of a penalty against the Contractor.

The County shall have the right to apply as payment on such Liquidated Damages any money on any Project that is due the Contractor by the County, and, to deduct Liquidated Damages either incrementally from progress payment(s) or the Final Payment.

Permitting the Contractor to continue and to finish the Work, or any part of it, after the expiration of Contract Time, shall in no way act as a waiver on the part of the County of the Liquidated Damages due under the Contract.

The number of days of default shall be determined by counting all calendar days. In case of default of the Contract and completion of the Work by the County, the Contractor and its Surety shall be liable for the Liquidated Damages under the Contract, but no Liquidated Damages shall be chargeable for any delay in the substantial completion of the Work by the County, due to an unreasonable action or delay on the part of the County.

GC 81 DISCLAIMER OF CONSEQUENTIAL DAMAGES

The County shall not be liable to the Contractor, whether in contract, tort, warranty or under any statute or on any other basis, for any consequential, incidental, indirect, special, punitive or exemplary damages suffered or incurred by the Contractor in connection with this Agreement, even if the County has been advised of the possibility of such damages. Consequential damages shall include, by way of example and without limitation, opportunity costs, loss of use of facilities or other assets, consequential damage claims of subcontractors, lost profits, lost savings, lost business, lost bonding capacity, lost financing, lost reputation or lost goodwill.
