B. Recommended Sources of Funds/Summary of Fiscal Impact:

* There is no fiscal impact until state funding is appropriated and a project agreement is executed. Potential fiscal impact to the County is \$1,798,726 over approximately three years. The municipal, state, and federal share of each project's cost would be allocated to the County on a reimbursement basis. If state funds were to be appropriated for the projects and County funding is found to be insufficient to match the state-funded project, other funding sources could be considered, such as short-term borrowing, securing bonds, or delaying the design and construction of projects already funded. An existing Interlocal Agreement with the City of Riviera Beach (R2014-1832) will provide a 20% cost-share for the Singer Island Shore Protection Project.
