Summary: The Children's Services Council of Palm Beach County has an existing Interlocal Agreement with Palm Beach County (R2015-1721) for network and server hosting services, and has requested an increased level of server hosting capacity. Staff recommends rescinding the existing Agreement and replacing it with two separate Agreements for network services and server hosting services, each for a period of one (1) year with four (4) automatic one-year renewals unless notice is given by either party. The Children's Services Council of Palm Beach County requested separate Agreements to facilitate their internal billing and contract management processes. The new Interlocal Agreements include updated contract terms to provide network services and server hosting services. The Florida LambdaRail, LLC has approved the connection of the Children's Services Council of Palm Beach County to the Florida LambdaRail network.
District 3 (DB)
