	<u>I. E</u>	XECUTIVE BRIEF	

Motion and Title: Staff recommends motion to approve: Change Order No. 1 with MJC Land Development (MJC) in the amount of \$152,510.84 and a contract time extension of 58 days to the Davis Road over LWDD L-6 Canal Bridge Replacement Project R2018-1328 (Project).

SUMMARY: Per PPM CW-F-050, this change order exceeds the threshold of \$100,000 relating to staff approvals of change orders to contracts, and requires the Board of County Commissioners (BCC) approval. Change Order No. 1 will compensate MJC for costs and delays associated with the discovery of unforeseen utility conflicts with the existing Palm Beach County Water Utilities Department (PBCWUD) water mains and extend the contract time by 58 days. The contract was approved on September 18, 2018, prior to the effective date of the Equal Business Opportunity Ordinance and pursuant to the Small Business Enterprise (SBE) Ordinance at the time. The SBE goal for all contracts was 15%. MJC proposed 15.6% SBE participation. Their SBE participation for this change order is 4.13%, and their cumulative SBE participation to date, including this change order, is 5.1%. However, MJC expects to meet their SBE goal by completion of the contract. MJC is a Palm Beach County based company. District 2 (YBH)

Background and Justification: During construction of the project, it was discovered that there were conflicts between the existing PBCWUD water mains and the proposed new drainage system. It was also determined the existing utilities differed from the as built information that was available at the time of design of the project, resulting in the need for additional work.
