I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: Amendment No. 1 to Interlocal Agreement between the Health Care District of Palm Beach County (HCD) and Palm Beach County (the Board) (R2019-0153), relating to the Addiction Stabilization Center (ASC), to change the effective date of the Interlocal Agreement from January 15, 2019 to October 1, 2019.

Summary: On January 15, 2019, the Board approved an Interlocal Agreement with HCD for the establishment of an ASC. The agreement was for a period not to exceed twelve months in duration and includes two (2) twelve month options to renew. The ASC opened in October 2019 at the JFK Medical Center North to address the immediate and critical care of individuals experiencing opioid and other drug overdoses. It provides a central location with an emergency room component that allows for lifesaving overdose intervention and a behavioral health component, which includes immediate psychiatric identification of the best treatment to assist patients in addressing their addiction moving forward. HCD opened an additional Medication Assisted Treatment (MAT) outpatient clinic, which is located on the property. The MAT outpatient clinic also provides immediate stabilization when needed and assessment to best identify treatment pathways. The amendment of the County's Interlocal Agreement with the HCD is necessary to align the term of this Agreement with the term of the separate Agreement between the HCD and JFK Medical Center Limited Partnership, d/b/a JFK Medical Center North Campus (JFK), concerning operation and financial assistance for the ASC. Coordinating the start date of both agreements will assist with the financial reconciliation process. Countywide (HH)

Background and Justification: The ASC's integration into the establishment of a readily accessible, integrated and coordinated recovery-oriented and person-centered system of substance use disorder and mental health care was identified as an important strategic goal of the Board in 2019. Preceding actions included the November 22, 2016 BCC meeting wherein staff was directed to review the County's opioid epidemic, current initiatives underway to address the issue, and recommendations made by the National Association of County's and National League of Cities in a joint report, "A Prescription for Action: Local Leadership in Ending the Opioid Crisis." The Board also directed staff to prepare recommendations for Board action resulting in Ronik-Radlauder Group, Inc. being engaged and the publishing of "Opioid Crisis: Palm Beach County's Response," which was adopted by the BCC on April 4, 2017. Among its recommendations was the establishment of a central receiving facility to assist individuals struggling with addiction and in danger of losing their lives due to overdoses.
