**4.04 Scheduled Outages.** The County shall maintain the coverage within the County's geographic boundaries as described in the County's contract with Motorola R2015-1673, dated 11/17/15, throughout the term of this Agreement except for times of scheduled preventive maintenance, where it will be required to disable portions of the network for a pre-determined length of time or during times of system failures. The School Board shall be notified of scheduled preventive maintenance, pursuant to the policies and procedures referenced on Attachment I hereto.

**4.05 Management.** The County shall be responsible for talk group and fleet mapping management in accordance with the policies and procedures set forth on Attachment I, as may be amended and updated from time to time.

## **SECTION 5: SCHOOL BOARD EQUIPMENT AND RESPONSIBILITIES**

**5.01 School Board Equipment.** The School Board's equipment will be 800 MHz mobile, portable, and control station equipment programmed to be used on the County's System. The equipment used will be compatible with Motorola 800 MHz SmartNet and/or SmartZone communication systems. The School Board will be required to keep its equipment in proper operating condition and the School Board is responsible for maintenance of its radio equipment.

**5.02 Agreement Limited to Common Talk Groups.** The School Board will only program the Common Talk Groups and the individual unit ID numbers assigned by the System Manager as part of this Agreement. The School Board will **not** program into its radios the County operational talk groups without a letter of authorization or a signed agreement from the County.

**5.03 School Board Contacts.** The School Board shall provide the County with a list of persons/positions, which are authorized to request activating/deactivating existing units or new units. No programming will be undertaken by the School Board or its service provider until requested and approved in writing by the System Manager.

**5.04 County Confidential Information.** The School Board shall receive certain access codes to the County's System to enable the Common Talk Groups to be programmed into the School Board's equipment. *The access codes are considered to be exempt and confidential security system information under F.S. 119.071(3) and must not be released to the public or unauthorized persons.* The access codes are to be treated as confidential information and the School Board is responsible for safeguarding and protecting the confidentiality of the code information from release to unauthorized parties. All confidential security system information and data obtained, developed, or supplied by the County ("Confidential Information") will be kept confidential by the School Board and will not be disclosed to any other party, directly or indirectly, without the County's prior written consent, unless required by law or lawful order. All system parameters shall remain the County's property, and may only be reproduced or distributed with the written permission of the County. The School Board agrees that the County has sole and exclusive ownership of all right, title and interest to the Confidential Information and may be recalled at any time.

**5.04.01 Authorized Parties.** Service staff directly employed by the School Board shall be considered authorized to receive access and programming codes for the maintenance of the School Board's radio equipment. Commercial service providers are not considered authorized to receive access to programming codes for the System. If the School Board plans to use commercial services for its system or subscriber unit maintenance, the School Board must include confidentiality requirements in their

contracts with the commercial service providers acceptable to the System Manager before access or programming codes may be released to these companies.

**5.04.02 Commercial Service Providers.** Commercial maintenance service providers are **not** considered authorized to receive access to programming codes for the County's System, unless meeting the requirements of Section 5.04.03 and/or 5.04.04 below. If the School Board does not have employees capable of programming School Board radio equipment or prefers to have others program School Board radio equipment, it may request that the Palm Beach County Sheriff's Office, Palm Beach County Fire Rescue or Palm Beach County Electronic Services & Security Division program School Board's radio equipment under the terms of a separate agreement.

**5.04.03 County Review of Existing Service Provider Agreements.** If the School Board uses a commercial service provider to program School Board radio equipment at the time of execution of this Agreement, and desires that the commercial service provider program the School Board radio equipment with the Common Talk Groups, the School Board must submit its existing contract with the commercial service provider to the System Manager for review. The review will focus on whether the contract terms between the School Board and the commercial service provider are adequate to protect the County's System from misuse, harm or release of access and programming codes to unauthorized persons. Notwithstanding the previous statement, the County retains the right, in its sole opinion with or without written reason or cause, to approve or disapprove the use of a commercial service provider. If approved, the System Manager will release the access and programming codes to the commercial service provider. The School Board will be responsible for ensuring that the commercial service provider adheres to the terms of this Agreement pertaining to the proper use of programming codes and radio equipment and pertaining to the safeguarding and protection of the confidentiality of the access codes. If not approved, the School Board shall use the Palm Beach County Sheriff's Office, Palm Beach County Fire Rescue, or the Palm Beach County Electronic Services & Security Division to program School Board radio equipment with Common Talk Groups.

**5.04.04 Review of Bid Documents for Service Provider.** If the School Board intends to use a commercial service provider to program School Board radio equipment with the Common Talk Groups, the School Board shall submit the appropriate bid documents/contract to the System Manager for approval prior to soliciting a bid or quote from the commercial service provider. The System Manager will work with the School Board to develop the appropriate language for the contract which will allow for approval of the commercial service provider. Notwithstanding the previous statement, the County retains the right, in its sole opinion with or without written reason or cause, to approve or disapprove the use of a commercial service provider. If approved, the System Manager will release the access and programming codes to the commercial service provider. The School Board will be responsible for ensuring that the commercial service provider adheres to the terms of this Agreement pertaining to the proper use of the programming codes and radio equipment use and the terms requiring the safeguarding and protection of the confidentiality of the access codes. If not approved, the School Board shall use the

Palm Beach County Sheriff's Office, Palm Beach County Fire Rescue, or Palm Beach County Electronic Services & Security Division to program School Board radio equipment with Common Talk Groups.

**5.04.05 Survival.** The provisions of this section regarding the School Board's duty to keep the County's access codes confidential shall survive the termination or expiration of this Agreement.

**5.05 Federal Shared Encryption Key.** The County's System is configured to allow for end to end encryption. If the School Board desires encryption, the School Board must request a CKR assignment from the County's System Manager. The Federal Shared Encryption Key ("Key") is available for use by local law enforcement agencies who require direct radio interoperability with federal agencies and is used on Law Enforcement Common 6E through 10E talk groups on the County's System. The Key is considered to be exempt and confidential security system information under F.S. 119.071(3) and must not be released to the public or to unauthorized persons. If the School Board requests use of the Key, the School Board shall be responsible for safeguarding and protecting the confidentiality of the Key from release to unauthorized parties. Service staff directly employed by the School Board shall be considered authorized to receive access to the Key. *Commercial service providers are not considered authorized to receive access to the Key.* Keyloading of the School Board's end user radios must only be done by the School Board itself or another authorized law enforcement agency. The School Board must also store the School Board's encryption key loader(s) in a secure and locked location when not in use. The School Board must immediately notify the County's System Manager if the School Board has reason to believe the confidentiality of the Key has been compromised or an encrypted radio has been lost or stolen. The School Board must not program the Key into any non-public safety radio. The School Board must delete the Key from any radio to be repaired by non-agency personnel, removed from service or sent to surplus for disposal. The School Board must not release the Key algorithm, in its written form, to anyone. The School Board must not provide any Key encrypted radios to any non-public safety personnel. The provisions of this section regarding the School Board's duty to keep the Key confidential shall survive the termination or expiration of this Agreement.

**5.06 Malfunctioning School Board Equipment.** The School Board is solely responsible for the performance and the operation of the School Board equipment and any damages or liability resulting from the use thereof. Should the County identify malfunctioning School Board owned equipment; the County will request that the School Board discontinue use of the specific device until the repairs are completed. The County may, in its discretion, disable the equipment from the System after properly notifying the School Board in writing if the device is causing interference to the System.

**5.07 Stolen or Lost School Board Radios.** In the case of lost or stolen equipment, the School Board will notify the System Manager by e-mail or fax authorizing the System Manager to disable the equipment. The authorization shall provide the County issued individual unit ID number and the serial number of the radio. The System Manager will advise back via e-mail when the radio has been disabled. A request by the School Board to re-activate a disabled radio will also be required in writing by e-mail or fax to the System Manager.

## **SECTION 6: SUBSCRIBER UNIT INFORMATION TO BE PROVIDED BY SCHOOL BOARD**

The School Board will be required to provide to the County an initial inventory of the radios that are proposed to be programmed for use of the Common Talk Groups. The School Board will provide the following information to the County:

- Radio manufacturer and model numbers.
- Radio serial numbers.
- Requested aliases to be programmed.

The System Manager will then compile this information and transmit back to the School Board a matrix of the County-wide Talk Groups, aliases, and radio ID numbers prior to the School Board's radios being activated on the County's Public Safety Radio System. The School Board is responsible for adhering to the Talk-Group and Radio ID allocations established by the County. The County's Talk-Group and Radio ID allocations are on file with the County and available upon request.

## **SECTION 7: UTILIZATION AND MONITORING OF COMMON TALK GROUPS**

**7.01 Purpose of Common Talk Groups.** The Common Talk Groups were implemented specifically for inter-agency communication among multiple agencies, regardless of their specific discipline or affiliation. They were also created to allow communications between agencies without requiring cross-programming operational talk groups in each agency's radios.

Typical Usage Scenario:

- A unit requesting to coordinate a multi-jurisdictional operation or call for mutual assistance, places a call on the Call Talk Group for the appropriate discipline (i.e. Law Enforcement, Fire Rescue, or Local Government) to the dispatch center of the required agency(ies).
- The responding dispatch center assigns one of the Common Talk Groups to the requesting unit and contacts its agency's unit(s) and requests that the user switch to the corresponding talk group.
- The participating units would communicate on the Common Talk Group(s) and upon completion of the operation; the talk-group is cleared of all radio traffic and put back into the pool for other agencies.

**7.02 Approved Uses.** Usage of the Common Talk Groups is authorized to coordinate multi-jurisdictional fire/law enforcement/disaster recovery operations such as fires requiring multi-agency responses, police pursuit through multiple jurisdictions and coordination and

response to local emergencies and disasters. Other authorized uses include undercover operations, investigations, perimeter communications, fire ground coordination, scene security and landing zone communications requiring participation of multiple agencies and disciplines.

In addition, the Common Talk Groups can be used by any agency experiencing catastrophic failures of their own communication system for a determined amount of time. A request to utilize the Common Talk Groups for this situation requires permission of the System Manager. Once approved by the System Manager, the Common Talk Groups can be temporarily utilized until repair of the agency's communication system is complete.

**7.03 Prohibited Uses.** The Common Talk Groups shall not be used for every-day routine communications or as an extra talk group for agencies that have cross programming agreements and duplicated talk groups programmed into their radios. Other prohibited uses include communications for special events and operations, use as an additional dispatch, administrative or a car to car talk group for a single agency.

**7.04 Required Monitoring.** Agencies requesting to use the Common Talk Groups by this Agreement have a requirement to monitor the Calling Talk Group in their respective dispatch center to respond to calls for assistance from field units. The dispatch centers which combine more than one discipline in their dispatch center are required to monitor the disciplines which are dispatched. Agencies which do not utilize their own dispatch center are not required to monitor the Calling Talk Group.

## **SECTION 8: LIABILITY**

**8.01 No Representation as to Fitness.** The County makes no representations about the design or capabilities of the County's System. The School Board has decided to enter into this Agreement and use the County's System on the basis of having interoperability with the County and /or other municipalities during times of mutual aid and/or joint operations. The County agrees to use its best reasonable efforts to provide the School Board with full use of the Common Talk Groups but makes no guarantee as to the continual, uninterrupted use of the System, or its fitness for the communication needs of the School Board.

**8.02 No Waiver of Sovereign Immunity.** The Parties to this Agreement and their respective officers and employees shall not be deemed to assume any liability for the acts, omissions and negligence of the other party. Nothing in this Agreement shall be construed as a waiver of the sovereign immunity of the County or School Board pursuant to §768.28, Florida Statutes. Each party shall be liable for its own actions and negligence and, to the extent permitted by law, the School Board shall indemnify, defend and hold harmless the County against any actions, claims or damages arising out of the School Board's negligence in connection with this Agreement. The foregoing indemnification shall not constitute a waiver of sovereign immunity beyond the limits set forth in Florida Statutes §768.28, nor shall the same be construed to constitute agreement by either party to indemnify the other for such other party's negligent, willful or intentional acts or omissions.

**8.03 No Responsibility for Third Party Claims.** Neither the County nor the School Board shall be liable to each other or for any third party claim, which may arise out of the services provided hereunder or of the radio System itself, its operation or use, or its failure to operate as anticipated, upon whatever cause of action any claim is based. The System is designed to assist qualified law enforcement, fire, and other emergency service professionals. It is not intended to be a substitute for the exercise of judgment or supervision of these professionals. Both parties acknowledge that the responsibility for providing law enforcement, fire, or other emergency services rests with the agency which is providing such service and not necessarily either party to this Agreement.

**8.04 No Consequential Damages.** The terms and conditions of this Agreement incorporate all the rights, responsibilities, and obligations of the parties to each other. The remedies provided herein are exclusive. The County and the School Board waive all other remedies with respect to each other, including, but not limited to, consequential and incidental damages.

**8.05 Survival.** The provisions of this section shall survive the termination or expiration of this Agreement.

#### **SECTION 8A: INSURANCE**

Without waiving the right to sovereign immunity as provided by section 768.28, Florida Statutes, (Statute), the School Board represents that it is self-insured with coverage subject to the limitations of the Statute, as may be amended.

If School Board is not self-insured, School Board shall, at its sole expense, purchase and maintain in full force and effect at all times during the life of this contract, insurance coverage at limits not less than those contained in the Statute.

Should School Board purchase excess liability coverage, School Board agrees to include County as an Additional Insured.

The School Board agrees to maintain or to be self-insured for Workers' Compensation insurance in accordance with Chapter 440, Florida Statutes.

Should School Board contract with a third-party (Contractor) to perform any service related to the Agreement, School Board shall require the Contractor to provide the following minimum insurance:

- Commercial General Liability insurance with minimum limits of \$1,000,000 combined single limit for property damage and bodily injury per occurrence and \$2,000,000 per aggregate. Such policy shall be endorsed to include School Board and County as Additional Insureds. School Board shall also require that the Contractor include a Waiver of Subrogation against County.
- Business Automobile Liability insurance with minimum limits of \$1,000,000 combined single limits for property damage and bodily injury per occurrence.
- Workers' Compensation insurance in compliance with Chapter 440, Florida Statutes, and

which shall include coverage for Employer's Liability with minimum limits of \$1,000,000 each accident.

When requested, the School Board shall provide an affidavit or Certificate of Insurance evidencing insurance or self-insurance.

Compliance with the foregoing requirement shall not relieve the School Board of its liability and obligations under this Agreement.

## **SECTION 9: OWNERSHIP OF ASSETS**

All assets maintained under this Agreement will remain assets of the respective party.

## **SECTION 10: TERM OF AGREEMENT**

**10.01 Initial Term.** The initial term of this Agreement is for five (5) years and shall commence retroactively on March 31, 2019. This Agreement is intended to replace the former Agreement R2004-0568 as amended by R2009-1085 and R2014-0926 and maintain continuous services.

**10.02 Renewals.** The Agreement may be renewed for two (2) additional terms of five (5) years each. At least six (6) months prior to the expiration of this Agreement's term, the School Board shall provide the County with a request to renew this Agreement. Such renewal will require approval of both parties and the County may not unreasonably withhold its approval of the renewal.

## **SECTION 11: AMENDMENTS TO THIS AGREEMENT**

This Agreement may be amended from time to time by written amendment as agreed to by all parties.

## **SECTION 12: TERMINATION**

This Agreement may be terminated by either party, with or without cause upon ten (10) days written notice to the other party. Upon notice of termination, the System Manager will proceed to disable the School Board's radios from the County's System. It will be the responsibility of the School Board to reprogram the School Board's radios removing the County's System information from the radios. The School Board will complete reprogramming the School Board's radios within sixty (60) days of the date of termination. A municipality with greater than one hundred (100) radios will be given ninety (90) days to re-program its radios.
