I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: Amendment No. 13 to the continuing construction management (CM) contract with Robling Architecture Construction Inc., (R2016-0762) in the amount of \$1,580,323.26 for the Water Utilities Department Central Regional Operations Center (WUD CROC) Roof and Exhaust Fan Replacement project establishing a Guaranteed Maximum Price (GMP) for Construction Management Services for a period of 180 days from notice to proceed.

Summary: On June 21, 2016, the Board of County Commissioners (BCC) approved the continuing CM contract with Robling Architecture Construction Inc, for construction management services for capital projects under \$2,000,000. The existing roof at the WUD CROC has outlived its service life, developing leaks and requiring increased maintenance. The existing generator storage pavilion is not equipped with proper ventilation to evacuate diesel exhausts while performing routine generator maintenance. The work consists of removing the flat roof system of six (6) existing buildings, replacing them with new built-up roofing systems and adding a mechanical exhaust system to the existing open air pavilion/housing generators that will remove diesel fumes. The Construction Manager under the continuing CM contract was selected pursuant to the Small Business Enterprise (SBE) ordinance but this GMP, having been initiated after January 1, 2019, is subject to the requirements of the Equal Business Opportunity (EBO) ordinance. The Construction Manager is an SBE and a Palm Beach County business utilizing all local subcontractors. The continuing CM contract was presented to the Goal Setting Committee on February 20, 2019 and an Affirmative Procurement Initiative (API) of 20% SBE participation was applied to the contract. SBE participation on this Amendment is 28.07%. To date the Construction Manager has achieved 37.20% SBE subcontracting participation under its continuing contract. The funding source for this work is the Water Utilities Department (WUD) Operation & Maintenance Fund. **(Capital Improvements Division) District 2 (LDC)**

Background & Justification: CM at Risk is a project delivery method in which the CM provides design phase assistance, evaluation of cost, schedule and implications of alternate designs, systems and materials, and serves as the general contractor bidding the subcontracts for construction. The current roofs at the facility consist of two separate systems: 1) a flat deck roof with a cold tar pitch roof system on the interior section and 2) a clay barrel tile mansard roof on the exterior elevation. The facility has had numerous leaking issues over the last 3-4 years. These services will provide a new built-up roofing system for six buildings and for a mechanical exhaust ventilation system to remove diesel fumes generated from the existing generator located in the building.

ATTACHMENT A CONTRACT MODIFICATIONS AND ADDITIONS

The Provisions of this Attachment shall take precedence and control over any inconsistent or conflicting provisions in the Contract Documents.

1. The following new sections are added to Continuing Contract:

1.10 VSS Registration Required. Prior to beginning work, Construction Manager must register in the County's Vendor Self Service ("VSS") at <https://pbcvssp.co.palm-beach.fl.us/webapp/vssp/AltSelfService>. If Construction Manager intends to use subcontractors, Construction Manager must also ensure that all subcontractors are registered as vendors in VSS prior to beginning work. All subcontractor agreements must include a contractual provision requiring that the subcontractor register in VSS.

1.11 Commercial Non-Discrimination. The Construction Manager represents and warrants that it will comply with the County's Commercial Nondiscrimination Policy as described in Resolution 2017-1770 as amended. As part of such compliance, the Construction Manager shall not discriminate on the basis of race, color, national origin, religion, ancestry, sex, age, marital status, familial status, sexual orientation, gender identity or expression, disability, or genetic information in the solicitation, selection, hiring or commercial treatment of subconsultants, subcontractors, vendors, suppliers, or commercial customers, nor shall the Construction Manager retaliate against any person for reporting instances of such discrimination. The Construction Manager shall provide equal opportunity for subconsultants, subcontractors, vendors and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the County's relevant marketplace in Palm Beach County. The Construction Manager understands and agrees that a material violation of this clause shall be considered a material breach of contract and may result in termination of the contract, disqualification or debarment of the Construction Manager from participating in County contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party.

The Construction Manager acknowledges and agrees that all subcontractor agreements shall include a commercial non-discrimination clause.

2. Section 2.1.13.1 of the Continuing Contract is replaced with the following:

2.1.13.1 Equal Business Opportunity (EBO) Program.

a. Policy. It is the policy of the Board of County Commissioners of Palm Beach County, Florida, (the Board) that all segments of its business population, including, but not limited to, small, local, minority and women owned businesses, have an equitable opportunity to participate in the County's procurement process, prime contract and subcontract opportunities. To that end, the Board adopted an Equal Business Opportunity Ordinance which is codified in Sections 2-80.20 through 2-80.30 (as may be amended) of the Palm Beach County Code, (EBO Ordinance) which sets forth the County's requirements for the EBO Program, and which is incorporated in this Contract. The provisions of the EBO Ordinance are applicable to this Contract, and shall have precedence over the provisions of this Contract in the event of a conflict. The Construction Manager agrees to abide by all provisions of the EBO Ordinance and understands that failure to comply with any of the requirements will be considered a breach of this Contract.

b. Affirmative Procurement Initiatives (APIs) Applicable to this Continuing Contract. The APIs approved for this Continuing Contract, including any applicable SBE or M/WBE goals, are set out on Attachment B. If an SBE subcontracting goal has been applied to this Contract, the Construction Manager may apply an SBE price preference, for subcontracts less than \$1,000,000, where the subcontract will be awarded to the lowest responsive, responsible bidder unless a certified SBE's bid is within ten (10) percent of the lowest non-SBE bid, in which case the award shall be made to the certified SBE

submitting the lowest responsive, responsible bid. For subcontracts \$1,000,000 or more, the Construction Manager may apply an SBE price preference where the subcontract will be awarded to the low bidder responsive to the SBE requirements provided that such bid does not exceed the lowest responsive bid by more than \$100,000 plus 3% of the total bid in excess of \$1,000,000.

c. API Waiver Requests/Good Faith Efforts. If Construction Manager is unable to comply with the API requirements established by the County's Goal Setting Committee for this Contract, then the Construction Manager must request a waiver or partial waiver from the Office of EBO using the forms required by the Office of EBO. Such waiver request shall include specified documentation that demonstrates satisfactory Good Faith Efforts (as defined below) were undertaken by Construction Manager to comply with the APIs applicable to this Continuing Contract.

Good Faith Efforts means documentation of the Construction Manager's intent to comply with the applicable APIs, including, but not limited to, the following: (1) documentation reflecting the Construction Manager's commitment to comply with SBE or M/WBE goals as established by the County's Goal Setting Committee for the construction subcontracts; or (2) documentation of efforts made toward achieving EBO program goals (e.g., solicitations of bids/proposals/qualification statements from all qualified SBE firms or M/WBE firms listed in the Office of EBO's directory of certified SBE or M/WBE firms; correspondence from qualified SBE or M/WBE firms documenting their unavailability to perform SBE or M/WBE subcontracts; documentation of efforts to subdivide work into smaller quantities for subcontracting purposes to enhance opportunities for SBE or M/WBE firms; documentation of Construction Manager's posting of a bond covering the work of SBE or M/WBE subcontractors; documentation of efforts to assist SBE or M/WBE firms with obtaining financing, bonding or insurance required by the Construction Manager; and documentation of consultations with trade associations and consultants that represent the interests of SBE and/or M/WBEs in order to identify qualified and available SBE or M/WBE subcontractors. Scoring of Good Faith Efforts documentation and administrative determinations regarding the adequacy of such Good Faith Efforts is the responsibility of the Office of EBO.

d. Required Documentation with GMP Amendment or Work Order. The Construction Manager shall submit completed Schedule 1(list of all subcontractors, including S/M/WBE participation) and Schedule 2s (Letter of Intent to perform as a subcontractor, including S/M/WBE subcontractors) on all construction subcontracts prior to the GMP Amendment (or Work Order). When completed and submitted, the Schedule 1 and Schedule 2(s) shall become material terms of this Contract. The Construction Manager understands that each S/M/WBE firm utilized on this Contract must be certified by Palm Beach County in order to be counted toward the applicable S/M/WBE participation goal. Construction Manager represents and warrants that, when completed and submitted, the Construction Manager will meet the S/M/WBE participation percentages with the subcontractors contained on Schedules 1 and 2 and at the dollar values specified. Construction Manager agrees to provide any additional information requested by the County to substantiate participation.

e. Required Documentation with Pay Application. Construction Manager is required to submit accurate progress payment information with each pay application regarding each of its subcontractors, including S/M/WBE subcontractors. The Department shall audit the reported payments to S/M/WBE and non-S/M/WBE subcontractors to ensure that the Construction Manager's reported subcontract participation is accurate. Absent a waiver from the Office of EBO, a Construction Manager's failure to reach the required level of S/M/WBE subcontracting shall be considered a material breach of contract. In the event of Construction Manager non-compliance, the Construction Manager shall be subject to any penalties and sanctions available under the terms of the EBO Ordinance, its contract with the County, or by law.

Construction Manager shall submit the following forms with each pay application:

i. Schedule 3 – Subcontractor Activity Form. This form shall be submitted by the Construction Manager with each payment application when subcontractors, including S/M/WBE subcontractors, are utilized in the performance of the contract. This form shall contain the names of all subcontractors, S/M/WBE subcontractors, specify the subcontracted dollar amount for each subcontractor, approved change orders, revised subcontractor contract amount, including revised S/M/WBE contract amount, amount drawn this period, amount drawn to date, and payments to date issued to subcontractors.

ii. Schedule 4 – Subcontractor Payment Certification, including S/M/WBEs.

A Schedule 4 for **each subcontractor**, including each S/M/WBE, shall be completed and signed by each subcontractor, including each S/M/WBE, after receipt of payment from the Construction Manager. The Construction Manager shall submit this Schedule 4 with each payment application submitted to the County to document payment issued to a subcontractor in the performance of the Contract.

The Construction Manager shall submit a Subcontractor Activity Form (Schedule 3) and Subcontractor Payment Certification Forms (Schedule 4) with each payment application. **Failure to provide these forms may result in a delay in processing payment or disapproval of the invoice until they are submitted.** The Subcontractor Activity Form (Schedule 3) is to be filled out by the Construction Manager and the Subcontractor Payment Certification Form (Schedule 4) is to be executed by each subcontractor to verify receipt of payment.

Upon letter notification by the County that the payment tracking system is automated, the Construction Manager is required to input all subcontractor payment information directly into the County's contract information system prior to submitting a payment application.

Completed and submitted EBO forms are incorporated into and made a part of the Contract Documents.

f. S/M/WBE Substitutions. Construction Manager will only be permitted to replace a certified S/M/WBE subcontractor who is unwilling or unable to perform. Such substitution must be done with other certified S/M/WBEs in order to maintain the S/M/WBE percentages submitted with the proposal. Requests for substitutions must be submitted to the County Representative and the Office of EBO for approval. Any desired change in the S/M/WBE participation schedule shall be approved in advance by the Office of EBO and shall indicate the Construction Manager's Good Faith Efforts to substitute another certified S/M/WBE Subcontractor (as appropriate) to perform the work. **Any desired changes (including substitutions or termination and self-performance) must be approved in writing in advance by the Office of EBO.** Upon receiving approval of substitution for the S/M/WBE subcontractor, the Construction Manager must submit a completed and signed Schedule 2 by the proposed S/M/WBE subcontractor. Subcontractors shall specify the type of Work to be performed, the cost or percentage shall also be specified. In the event the Construction Manager is found not to have performed Good Faith Efforts in its attempt to find a suitable substitute for the initial S/M/WBE proposed utilization, one (1) or more of the penalties and sanctions as set forth below may be imposed by the County.

g. Changes or Additional Work. If the County's issuance of changes or additional work on a project results in changes in the Scope of Work to be performed by a S/M/WBE subcontractor listed in Construction Manager's proposal, the Construction Manager must submit a modified, completed and signed Schedule 2 that specifies the revised Scope of Work to be performed by the S/M/WBE, along with the price and /or percentage.

h. EBO Program Compliance, Enforcement, Penalties. Under the EBO Ordinance, the Office of EBO is required to implement and monitor S/M/WBE utilization during the term of this Contract. It is the County's policy that S/M/WBEs shall have the maximum feasible opportunity to participate in the performance of County contracts. Construction Manager is required to comply with the EBO Ordinance and is expected to comply with the APIs applicable to this Contract, as well as the S/M/WBE utilization contained in the Schedule 1 and 2s submitted by Construction Manager, as the EBO Forms and APIs are incorporated into and made a material component of this Contract.

The Office of EBO and the Department shall have the right to request and review Construction Manager's books and records to verify Construction Manager's compliance with this Contract and adherence to the EBO Program. The Office of EBO and the Department shall have the right to interview subcontractors to determine contract compliance. Construction Manager shall retain all books and records pertaining to this Contract, including, but not limited to, subcontractor payment records, for four (4) years after project completion date, or such longer time as may be required in other provisions of this Contract, and make such records available for inspection in Palm Beach County by the Office of EBO and the County at any reasonable time during the four (4) years.

The Director of the Office of EBO or designee may require such reports, information, and documentation from Construction Manager as are reasonably necessary to determine compliance with the EBO Ordinance requirements. Construction Manager shall correct all noncompliance issues within 15 calendar days of a written notice of noncompliance by the contracting department or the Office of EBO. If the Construction Manager does not resolve the non-compliance within 15 days of receipt of written notice of non-compliance, then the County may impose upon the non-complying party any or all of the following penalties:

- a. Suspension of contract;
- b. Withholding of funds;
- c. Termination of contract based upon a material breach of contract pertaining to EBO Program compliance;
- d. Suspension or Debarment of a respondent or bidder, contractor or other business entity from eligibility for providing goods or services to the County for a period not to exceed three (3) years; and
- e. Liquidated damages equal to the difference in dollar value of S/M/WBE participation as committed to in the contract, and the dollar value of S/M/WBE participation as actually achieved.

3. Section 7.1.2.1 of the Continuing Contract is replaced with the following:

7.1.2.1 As required by Section 218.735, F.S., within ten (10) days from receipt of payment from the Owner, the Construction Manager shall pay each Trade Contractor out of the amount paid to the Construction Manager on account of such Trade Contractor's work, the amount to which said Trade Contractor is entitled reflecting the percentage actually retained, if any, from payments to the Construction Manager on account of said Trade Contractor's work. The Construction Manager shall, by appropriate agreement with each Trade Contractor, require each Trade Contractor to make payments to its subcontractors in a similar manner. *Construction Manager shall provide Trade Contractors hired by Construction Manager with a written notice of disputed invoice within 5 business days after receipt of invoice which clearly states the reasons for the disputed invoice.*

4. The first paragraph of General Condition 68.3 is replaced with the following:

68.3 If the pay estimate and support data are not approved, the Construction Manager is required to submit new, revised or missing information according to the Owner's instructions. Otherwise, the Construction Manager shall prepare and submit to Owner an invoice in accordance with the estimate as approved. Owner will pay Construction Manager, in accordance with Local Government Prompt Payment Act (FS 218.70). *Owner shall provide Construction Manager with a written notice of disputed pay request within 10 business days after receipt of such pay request which clearly states any and all deficiencies in Construction Manager's pay request that will prevent prompt processing and issuance of payment. To the extent there is an undisputed portion of the pay request that can be paid, the Owner shall proceed with prompt payment of that portion of the pay request.* In the event any dispute with respect to any payment or pay request cannot be resolved between the Construction Manager and Owner's project staff, Construction Manager may, in accordance with the alternative dispute resolution requirements of Florida Statute section 218.72, et. seq., demand in writing a meeting with and review by the department director. In the absence of the department director, a deputy director may conduct the meeting and review. Such meeting and review shall occur within ten (10) business days of receipt by Owner of Construction Manager's written demand. The department director, or deputy director, shall issue a written decision on the dispute within ten (10) business days of such meeting. This decision shall be deemed the Owner's final decision for the purpose of the Local Government Prompt Payment Act. *Construction Manager must remit undisputed payment due for labor, services, or materials furnished by trade contractors, subcontractors and suppliers hired by the Construction Manager, within 10 days after the Construction Manager's receipt of payment from the County pursuant to Section 218.70, Florida Statutes. Construction Manager shall provide trade contractors, subcontractors and suppliers hired by Construction Manager with a written notice of disputed invoice within 5 business days after receipt of invoice which clearly states the reasons for the disputed invoice.*

ATTACHMENT B
AFFIRMATIVE PROCUREMENT INITIATIVES (“API”s) FOR CONSTRUCTION

The API(s) approved for this contract by the GSC are selected below by ☒. Capitalized terms are defined as set forth in the EBO Ordinance. Fillable pdfs of all EBO forms can be found on the OEBO website at <http://discover.pbcgov.org/oebo/Pages/Compliance-Programs.aspx>. Also, see the EBO Ordinance and Countywide PPM CW-O-043 for further information on APIs.

☐ **Waiver**

The Office of EBO has granted a waiver of the EBO Program API(s) for this contract.

☐ **SBE Sheltered Market for Small Construction Contracts (at or below \$100,000)**

This Contract is reserved for competition among only certified SBEs.

Small prime Construction Contracts (single trade or multi-trade) valued at or below \$100,000 may be reserved for sheltered market competition where only certified SBEs are eligible to submit bids or quotes.

☒ **SBE Subcontracting Program**

A 20% SBE subcontracting participation goal is established for this Contract.

A minimum mandatory goal of 20% of the total estimated dollar value of the Contract shall be subcontracted to SBEs, however the Office of EBO shall reduce or waive this goal when there is inadequate availability of SBE prime and / or Subcontractor firms.

☐ **SBE Price Preference (Contracts with no opportunity for subcontract, i.e., single trade)**

This Contract shall be awarded to the lowest responsive, responsible respondent or bidder unless a certified SBE's bid is within the ten (10) percent of the lowest non-small business bid, in which case the award shall be made to the certified small business respondent or bidder submitting the lowest responsive, responsible bid at the price that it bid.

☐ **M/WBE Subcontracting Goal**

_____ percent (0 to 40%) of this Contract shall be subcontracted to certified M/WBEs owned by African American, Hispanic American, Asian American, Native American, and non-minority women persons.

Up to 40% of this Contract as noted above, shall be subcontracted to eligible M/WBEs (i.e., certified M/WBE firms owned by African American, Hispanic American, Asian American, Native American, and non-minority women persons). However the Office of EBO shall reduce or waive this goal when there is inadequate availability of M/WBE prime and / or Subcontractor firms.

Explanation of GSC’s reasons for applying this API:

☐ **M/WBE Segmented Subcontracting Goals**

_____ % of the M/WBE subcontracting goal shall be achieved through the utilization of certified M/WBEs owned by ☐ African American, ☐ Hispanic American, ☐ Asian American, ☐ Native American, and ☐ non-minority women persons (check applicable).

M/WBE Segmented Subcontracting Goals are established on an individual County Contract wherein an overall combined M/WBE goal is accompanied by subsets of one or more smaller goals that specifically target the participation of a particular segment of Minority Group Member segments or the WBE segment based upon that segment’s relative availability. Such segmented goals shall specifically target the participation of a particular segment of business enterprises owned and controlled by women or certain Minority Group Members (e.g., African-Americans, Hispanic-Americans, Asian-Americans, or Native Americans) based upon relative availability, as well as the existence of consistently and significantly greater patterns of underutilization and disparity within an industry as compared to other gender and Minority Group Member categories of M/WBEs. (For example, if an overall M/WBE subcontracting goal is set at 38% on a given Contract, the segmented subcontracting goal may require that at least 23% of that 38% shall be satisfied through the utilization of African American and Hispanic Subcontractors.). The Office of EBO shall reduce or waive this goal when there is inadequate availability of M/WBE prime and / or Subcontractor firms.

Explanation of GSC’s reasons for applying this API:

☐ **M/WBE Joint Venture/Partnership/Teaming Incentive for Contracts (greater than \$2.5 million)**

_____ percent (0 to 20%) of total available evaluation points shall be applied for qualifying M/WBE joint ventures wherein the certified M/WBE joint venture partner owns fifty (50) percent or greater, and performs fifty (50) percent or greater of the work, of the overall joint venture. Proportionately fewer evaluation preference points would be awarded to the joint venture based upon lesser percentages of ownership by the M/WBE partner.

For "best value" Contracts wherein low price is not the only criterion for award, the incentive may be for up to twenty (20) percent of one hundred (100) evaluation points to be reserved for qualifying M/WBE joint ventures wherein the certified M/WBE joint venture partner owns fifty (50) percent or greater, and performs fifty (50) percent or greater of the work, of the overall joint venture. Proportionately fewer evaluation preference points would be awarded to the joint venture based upon lesser percentages of ownership by the M/WBE partner.

Explanation of GSC’s reasons for applying this API:

☐ **M/WBE Evaluation Preference for “Best Value” RFPs (Formal Solicitations)**

_____ percent (0 to 15%) of the evaluation points are reserved as a preference for proposals submitted by certified M/WBE firms.

Evaluation panels shall assign point preferences equal to up to 15% of the total points assigned for the evaluation, scoring and ranking of construction-related proposals submitted by those certified M/WBE firms. An M/WBE that is awarded a prime Contract under this program may not subcontract more than forty-nine (49) percent of the Contract value to a non-S/M/WBE firm.

Explanation of GSC’s reasons for applying this API:
