Meeting Date: March 17, 2020

Consent
 Workshop

Regular
 Public Hearing

Department: Facilities Development & Operations

I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: Consultant Services Authorization (CSA) No. 2 to the continuing design contract with Architecture Green LLC (Consultant) (R2019-1898) in the amount of \$122,040.40 to provide design services for the Lantana Library Renovation project located at 4020 Lantana Road, Lake Worth.

Summary: CSA No. 2 to the continuing contract authorizes architectural, structural engineering, electrical and low voltage design services to renovate the interior of the Lantana Library. CSA No. 2 includes design services for exterior painting and weatherproofing, new flooring, renovating the restrooms, designing and modifying new interior spaces, and relocating the public computer workstations along with the associated power and data supply. The solicitation for the continuing design contract was advertised according to the Equal Business Opportunity (EBO) Ordinance, with final selection taking place on November 8, 2019. The Goal Setting Committee established an Affirmative Procurement Initiative (API) for this continuing contract of a mandatory 20% Small Business Enterprise (SBE) subcontracting goal. SBE participation on this CSA is 95.2%. To date the overall SBE participation on this continuing contract is 95.2%. The prime consultant is a certified SBE. The Consultant is a Palm Beach County Business. The funding source for this project is from the Library Expansion Program Fund. **(Capital Improvements Division) District 3 (LDC)**

Background and Justification: The Lantana Library is one of the projects approved in the Library Expansion II Program. The Lantana Branch is more than ten (10) years old and has not received any significant building improvements during that time. Due to the high volume of use by the public and advancements in digital technology, these improvements are needed to modernize the branch and provide for many years of continued service.

CONSULTANT SERVICES AUTHORIZATION

ARCHITECTURE GREEN, LLC
(Annual Architectural Consultants)

LANTANA LIBRARY RENOVATION
PROJECT NO. 19222
DISTRICT NO. 3

THIS AUTHORIZATION NO. 02 to the Contract dated 12/17/2019 (R2019-1898) (the "Contract") between Palm Beach County and the Consultant identified herein is for the Consultant Services described in Item 4 of this Authorization.

1. CONSULTANT: ARCHITECTURE GREEN, LLC

2. History: Not applicable. This authorization is for a new project.

3. Services completed to date: Not applicable. This authorization is for a new project.

4. Description of Services to be provided by Consultant Professional services shall include professional architectural services for the Lantana Library Renovation project located at 4020 Lantana Road, Lake Worth, FL 33462, as detailed on the attached proposal dated January 27, 2020.

5. Compensation: The compensation to be paid to the Consultant for the requested services shall be: Lump Sum charge of **\$122,040.40**.

6. This Authorization may be terminated by the County without cause or prior notice. In the event of termination not the fault of the Consultant, the Consultant shall be compensated for all services performed to termination date, together with reimbursable expenses (if applicable) then due.

Consultant agrees to waive any and all claims for lost profits or anticipated future profits in the event of a termination with or without the cause under this Contract.

7. If not previously provided or for a new project, the Consultant shall provide County with an executed Conflict of Interest Disclosure Form, attached hereto and incorporated herein.

8. All terms, conditions, and obligations of the original Contract shall remain in full force and effect, unless specifically noted as follows: No changes

9. Time of Commencement: Consultant shall begin work promptly on the requested services upon receipt of this executed document which shall constitute official "**Notice to Proceed**".

10. EBO Program: *The API established for this contract is a mandatory minimum of 20% SBE participation. SBE participation for this CSA is 95.2%. When added to the Consultant's participation to date, the resulting SBE participation is 95.2%.*

IN WITNESS WHEREOF, this Authorization is accepted, subject to the terms and conditions of the
aforementioned Contract.

Interior Design Contract

January 8, 2020
Page 1 of 4

This agreement (hereinafter “**Agreement**”) between **Architecture Green, LLC** (hereinafter “**Client**”), and **in·design, inc.** (hereinafter “**IDC**”- Interior Design Consultant), shall set forth the responsibilities for each party signing this Agreement.

1. **Job Description:**
Client is planning to renovate an existing **LEED Certifiable Library** and has asked IDC to provide design related services (hereinafter “**Project**”), which are more particularly described herein:
2. **Job Location:**
The location of the interior space for which design services shall be performed: **P.B.C. Lantana Road Branch Library (hereinafter “Owner”)**, located in Lake Worth, Florida (hereinafter “**Location**”).
3. **Start Date/ Completion Date:**
Said start date shall begin upon receipt of the executed Agreement.
4. **Scope of Work:**
IDC will provide the basic services listed below for each Project, as required. Work on each Phase will not begin until Client approval has been obtained on each preceding Phase.

Phase I- **Programming**

1. IDC will meet with Client/ Owner to analyze functional, organizational and budgetary needs for the Project. IDC will discuss the desired image and guidelines for the Project.
2. Project deliverables for this Phase include:
 - a. (1) Onsite meeting.

Phase II- **Schematic Design**

1. IDC will prepare schematic plans showing floor patterns and wall finishes, decorative lighting (vaulted area/ information desk only) and casework façade designs. IDC will present the proposed finishes and decorative lighting, based on programming requirements, budget considerations and IDC’s recommendation for style and quality.
 2. Project deliverables for this Phase include:
 - a. Generic wall and flooring finishes in loose presentation format.
 - b. Cut sheets for flooring products.
 - c. Schematic floor covering and wall finish plans.
 - d. Schematic casework concepts for main information desk only.
 - e. Schematic signage design at new check out/ information desk only.
 - f. (1) Client meeting to present schematic design direction.
5. **Cost/ Compensation:**
 - a. Compensation for the basic services as described in the Agreement hereto shall be a fixed fee in the amount of:

Five thousand eight hundred fifty dollars (\$5,850.00)

commercial interior design

2080 N.W. BOCA RATON BOULEVARD SUITE 6, BOCA RATON, FLORIDA 33431

TEL: 561.620.8185 WWW.INDESIGNSTUDIO.NET

The fee shall be billable as follows:

Phase I	Programming	\$800.00
Phase II	Schematic Design	\$5,050.00
Total:		* \$5,850.00

***furniture, artwork, signage package, material specifications (except for paint and flooring cut sheets), construction documents and construction administration services are not included in the above fee.**

- b. The following expenses are included: mileage for two meetings and ordinary postage/ mailing.
- c. Should the scope of Work be changed, or Client/ Owner makes a decision which involves extra services or expenses for changes in or additions to Work (including but not limited to value engineering changes affecting Construction Documents), IDC shall be paid for such services over and above the total compensation as referred to herein, at the hourly rate of \$195.00 for Principals, \$170.00 for Senior Designers, \$150.00 for Project Designers, \$125.00 for Junior Designers and \$100.00 for Clerical. Client shall be informed of additional fees prior to Work being performed.

5. **Client Responsibilities:**

- a. Client shall provide full information regarding the requirements for the Project, as well as an Auto Cad file suitable for generating necessary schematic documents. Client shall designate **Mark Beatty** to act as its agent with respect to the Project.
- b. Client shall examine documents, samples and other submittals made by IDC and shall render all decisions pertaining thereto promptly to avoid delays in the progress of IDC's Work.

6. **Payment; Default:**

- a. Invoices for IDC's fees shall be submitted for Work accomplished. All invoices are due and payable upon receipt. Client shall mail/ postmark payment within five (5) business days from receipt of payment by Owner to Client. Client shall invoice Owner within (5) business days from receipt of IDC's invoice. Client shall request that payment by Owner to Client be made within (15) business days from receipt of invoice.
- b. Failure to make payment within the specified time will be considered a default in this Agreement and shall cause IDC to cease all Work on the Project until payment has been received.
- c. Payments due to IDC under this Agreement shall bear interest at the highest rates allowable under Florida law.

7. **Additional Provisions:**

- a. **IDC shall receive full and appropriate credit on all publicity released and reproductions made.**
- b. This Agreement shall be construed under the laws of the State of Florida, and venue for any action arising out of this Agreement shall be Palm Beach County.
- c. All plans and specifications of IDC shall be the property of Client/ Owner. IDC will retain ownership of any progress plans and specifications, and any other Work product, which bears Owner's signature of acceptance.
- d. If any clause, paragraph, or condition, individually or in combination, is deemed by a court of law to be unenforceable, it is agreed that the remaining clauses, paragraphs, and/or conditions of this Agreement shall remain in full force and effect.
- e. The paragraph numbers and headings contained in this Agreement are for convenience only; the parties hereto agree that they do not restrict the subject matter of any labeled paragraph from appearing elsewhere in this Agreement.

- f. It is understood and agreed that either party can terminate this Agreement upon seven (7) days written notice to the other. IDC shall be entitled to payment for all Work completed as of the date of the receipt of the termination notice.
- g. In any claim or controversy arising out of or relating to this Agreement, the prevailing party, which for purposes of this provision shall include IDC, Client and any Contractors and/or Agents of Client, shall be entitled to and awarded reasonable attorney's fees, costs and expenses, including those fees, costs and expenses incurred on appeal.
- h. This Agreement represents the entire Agreement between the Client and IDC and may be amended only by written instrument signed by both parties.

FIRM: Architecture Green, LLC

PROJECT: 19222 - Lantana Library Reno

RE: Engineering Services – MEP&FP

FROM: Charles Gableman, P.E.

DATE: January 23, 2020

Mark,

Our fee for providing Mechanical, Electrical, Plumbing, and Fire Protection engineering design services on the above referenced project will be **\$26,740 for Design Only**. The scope as we understand it is based upon your email, dated 1-23-2020, with attachments and would include the following:

In an effort to enhance services at the above referenced facility, the existing plumbing, electrical, and mechanical systems shall be reconfigured. JLRD shall review the MEP&FP system infrastructure and expand to accommodate the proposed construction. Additional scope is desired as indicated

- General –
 - Miscellaneous renovations of the library and associated restrooms. No additional square footage will be required.
 - Provide two new study rooms.
 - Provide new conference room.
- Mechanical –
 - If possible, each unit's controls shall be connected to the existing EMS system.
 - Renovated Areas:
 - Scope limited to ductwork modifications and grille placement as the occupancy classification of the renovation does not change. Therefore HVAC load calculations are not included.
 - It is assumed the existing air handling units provide sufficient outside air to accommodate the proposed floor plan revisions without having to be replaced.
- Electrical – It is anticipated the existing service entrance equipment, feeders, and panelboards are existing to remain and will not require replacement or upgrade as the building square footage remains the same.
 - Replacement / modification of the existing main Entrance Public Card Access System and future Security Gates (under separate contract).

- Evaluate existing lighting performance and fixture condition, specifically in the main/high ceiling public spaces.
 - Reconfigure and merge the Information and / or circulation desks into one. Power and data modifications are included.
 - Relocate public computer work stations including power and data.
 - Evaluate fire alarm system and design upgrades / modifications if needed.
 - Replace two entry hanging light fixtures
 - Renovated Areas:
 - Fire alarm notification devices for coverage in each space will be provided. Additional NAC power may be required for new devices however the FACP is assumed to have sufficient capacity without replacement or upgrade. Review smoke detector coverage and adjust locations
 - Electrical lighting to be replaced with interior type fixtures for installation in an ACT ceiling.
 - Adding exit signage at proposed walls.
 - Revise existing light switching scheme – not replace for current code compliance.
 - Review and modify means of egress lighting
 - Convenience Receptacles on 20' spacing for cleaning staff
 - Data/Voice, IDS, Public Address, CATV, Wireless Access Points (WAP) etc. systems will be added as requested by CID / User. It is assumed all headend equipment has sufficient capacity to accommodate the proposed devices without replacement or upgrade.
 - Fire Protection – Revise branch piping and head locations to accommodate the proposed wall(s). Modifications to main piping and hydraulic calculations should not be required and therefore not included.
 - Plumbing – Renovation of the public restroom including fixtures and lavatories.
 - Exclusions:
 - Renovations in areas which are not specifically identified above.
 - Replacement or upgrade of the fire alarm system as it is assumed the existing system has sufficient capacity.
 - Specialty signage / monitors
 - A/V systems
 - Parking lot lighting modifications
 - Separation of the generator backed up distribution systems to separate life safety from the not legally required systems and additional ATS equipment as it assumed the current installation is code compliant.
 - Reroof and Lightning Protection
 - Modification to the existing book sorter.
 - LEED or other Sustainable Criteria Certification.
 - AHU or Chiller replacement.
 - Construction Administration (Responding to RFIs, Shop Drawing Review, ASIs, etc.) or recording in CAD format the contractor's as-built documents.
 - Project specifications will be provided in book format.
 - The above proposal is based upon receipt of existing as-built drawings. If as-built drawings are not available or cannot be provided, the engineer may require the owner to provide
-

selective demolition of concealed conditions for coordination of tying new work to existing infrastructure. The engineer shall not be held accountable for unforeseen conditions.

Should we be retained to do the work, I would provide a copy of our standard agreement for a contract between our firms. If you have any questions, please call me.

Sincerely,

Charles C. Gableman, P.E., LEED AP
President

**Re: PBC #19222 Lantana Library Renovation
 Lantana, FL
 Project No.: 640.111**

We are pleased to submit the following proposal for Consulting Structural Engineering Services for the subject project. Our proposal is based on information supplied by your office. This project consists of the structural design and drafting of the details for minor slab on grade repairs, investigation to remove 4x4 column, remove and replace entrance slab, and details for new interior storefront.

Our services during the construction document phase will include the following:

1. Preparation of structural drawings, which will be signed and sealed for building permit application.

Our base fee for these services will be broken down as follows:

Construction Documents\$3,000.00

If construction administration, shop drawing review or additional field visits during construction are required, they will be billed on an hourly basis, plus expenses, but only if requested by the client.

Early release structural drawings require two (2) permitting processes and are not included in our base fee.

We assume the structure is located above the floodplain. Hydrostatic slab design is not included in our base fee.

We will invoice for the expense of all printing. Reimbursable expenses such as air travel, mileage to and from the job site and Federal Express unless the client or time restraints require a courier service, will be invoiced with a multiplier of 1.2.

This proposal is valid for six (6) months from the date issued. If work is stopped for more than three (3) months, additional fees will be required to restart the project. Additional services beyond the scope of this proposal may be provided on a flat fee basis or on an hourly basis.

Our hourly rates are as follows:

RATE SCHEDULE

Principal	\$195.70/ hour
Project Manager	\$164.81/ hour
Senior Engineer	\$133.89/ hour
Project Engineer	\$123.61/ hour
CADD Operator	\$ 97.80/ hour

The prevailing rates and contract amount shall be effective on January 1, 2020 and are expected to remain as stated through December 31, 2020. Should circumstances require an adjustment to these rates prior to December 31, 2020, 30 days written notification shall be submitted in advance of the effective date of the change.

Payment is due upon receipt of services.

Contract Terms:

1. A Geotechnical Engineer will be retained by others and we will coordinate our foundation design with his findings.
2. Design of sheathing, shoring, scaffolding, formwork and other means and methods of construction will be provided by engineers retained by the contractors.

3. Our fee will be increased for revisions of design or drawings to suit changes after work is released for pricing or permits.
4. Miscellaneous iron items such as stairs, ladders, catwalk and railings will be designed and signed and sealed by the fabricator's engineer and reviewed by O'Donnell, Naccarato, Mignogna & Jackson, Inc.
5. Services related to mold, asbestos materials, detection, modification or process will be provided by others.
6. The scope of services for this project does not include any other structural work in the existing building **including engineering to repair unforeseen problems with the existing structure or to upgrade the existing structure to meet current building codes.**
7. The scope of services for this project does not include design and drafting of specialty engineering items such as heavy timber, wood trusses, precast concrete, MEP roof top equipment attachments, light poles, or aluminum framing. We will provide performance specifications only for any cold-formed steel framing where required at the exterior walls and soffits. We will require signed and sealed shop drawings and calculations from the cold-formed steel contractor's engineer. If the cold form designer requests additional structural steel for the purpose of reducing cost or complexity of exterior curtain wall system, this will be considered value engineering and will be treated as an additional service.
8. The scope of services for the project does not include the design and drafting of towers, landscaping walls, exterior covered walkways or any miscellaneous structures outside of the building footprint.
9. This fee does not include a reuse fee for our structural design.
10. This fee does not include monies for a resident inspector.
11. The creation of record documents, which generally include incorporation of RFI information into our drawings or construction related changes to contract documents, is considered additional services.
12. It is understood and agreed that the our firms Basic Services under this Agreement do not include project observation or review of the Contractor's performance or any other construction phase services, and that such services will be provided by the Client. The Client assumes all responsibility for interpretation of the Contract Documents and for construction observation and supervision and waives any claims against our firm that may be in any way connected thereto.

PURSUANT TO F. S. 558, AN INDIVIDUAL EMPLOYEE OR AGENT MAY NOT BE HELD INDIVIDUALLY LIABLE FOR NEGLIGENCE.

Our base fee does not include reinforcing/changing existing walls, foundations, columns, beams, or roof structure for change of occupancy, or other code necessities that require upgrading the building to meet increased envelope wind pressures.

Structural elements are not water resistant. Water proofing, roofing and envelope water resistance scope of work is specifically excluded and not provided by ONM&J.

If the Client requests in writing that our firm provide any specific construction phase services and if our firm agrees in writing to provide such services, then we shall be compensated as Additional Services as provided for in this contract.

In the event of a claim of breach of contract or professional negligence the client agrees that the liability of O'Donnell, Naccarato, Mignogna & Jackson, Inc. and its professionals, employees, consultants and inspectors is limited to the amount of the fee or applicable limits of professional liability insurance, whichever is lesser.

The General Contractor is solely responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the work. O'Donnell, Naccarato, Mignogna & Jackson, Inc. and its professionals, inspectors and employees are not responsible for the means and methods of construction or for related safety precautions and programs.

Payment for services is your direct obligation and is not contingent upon any other payment schedules pursuant to other contracts or financial arrangements. If payment is not received within 30 days of your receiving our invoice, you agree to actively participate with us in our efforts to collect our fee directly from your client. Also, we have the option to cease providing services during that time and we cannot be held responsible for costs generated by our work stoppage.

Please call if you have any questions or if additional information is required. Kindly indicate your acceptance by signing and returning this document within ten (10) days. Should this document not be executed and returned to us, all parties acknowledge and agree that "authorization to proceed" through any other means constitutes formal acceptance of all terms and conditions contained herein.

O'DONNELL, NACCARATO, MIGNOGNA & JACKSON, INC.

Project Name: Lantana Library Renovation

Project Number: 19222

Contract/CSA/Supplement Number: Contract No. R2019-1898, CSA No. 02

CONSULTANT represents that it presently has no interest, either direct or indirect, which would or could conflict in any manner with the performance of services for the County, except as follows:

NONE

(Attach additional sheets as needed.)

CONSULTANT further represents that no person having any interest shall be employed for said performance. By signing below, CONSULTANT certifies that the information contained herein is true and correct and constitutes all current potential conflicts of interest which may influence or appear to influence CONSULTANT'S judgment or quality of services being provided to the County.

CONSULTANT shall promptly notify the COUNTY in writing by certified mail of all potential conflicts of interest that may arise in the future through any prospective business association, interest or other circumstance which may influence or appear to influence CONSULTANT'S judgment or quality of services being provided to the County. Such written notification shall identify the prospective business association, interest or circumstance, the nature of work that CONSULTANT may undertake and request an opinion of the COUNTY as to whether the association, interest or circumstance would, in the opinion of the COUNTY, constitute an unacceptable conflict of interest if entered into by the CONSULTANT.

If, in the sole opinion of the COUNTY, the prospective business association, interest or circumstance of CONSULTANT would constitute an unacceptable conflict of interest to the COUNTY, the COUNTY shall so state in the notification and the CONSULTANT shall not enter into said association, interest or circumstance.

THIS DISCLOSURE is submitted by MARK S. BEATTY AIA, as
(Name of Individual)

MGMB, of ARCHITECTURE GREEN LLC
(Title/Position) (Firm Name of Consultant)

who hereby certifies that the information stated above is true and correct. Further, it is hereby acknowledged that any misrepresentation by the Consultant on this Disclosure is considered an unethical business practice and is grounds for sanctions against future County business with the Consultant.
