**Instructions: County Government Application Form 2019-2020**

The amount of your new grant is in the “Total” column of the county amount table at the state EMS website link.

The first application form page has five numbered items. The first three are self-explanatory.

However, note that Item 2 on the first application page is where the county's authorized person must provide his/her signature and date.

R2019 1801 NOV 19 2019

Item 4 describes the content of the “resolution.” Please provide this in your county’s customary format and approval process. The resolution must be current; or if a previous resolution has continuing authority, include a message from a lead county official stating that the resolution is still in-effect, with a copy of it.

Item 5 of the first page of the application form asks for the name of the organization(s) to which you decide to allocate funds from your new county grant. The second page of the application form is the budget page, and one of these budget pages is needed for each organization listed in item 5,

The budget page for each organization must have on it specific and quantifiable items or services, with the cost for each unit or type of item or service.

All costs combined must total to the exact amount of new funds for your grant. You can request budget changes after the new grant begins.

Your budget totals in the application should be added for you if you place your cursor over a subtotal or total field, right click your mouse, then left click “Update Field.”

You should copy this form on your computer to use it. If you place the application in restricted editing mode, you can use your keyboard Tab key to go from field to field.
