I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: An Amended and Restated 800 Interlocal Agreement (“Agreement”) with Martin County (“Martin County”), allowing for interoperable communications through the countywide common talk groups of the County’s Public Safety Radio System (“County’s System”) to Martin County from June 2, 2020 through June 1, 2025.

Summary: This Agreement provides the terms and conditions under which Martin County can program into its radios and utilize the countywide common talk groups for certain types of inter-agency communications. This Agreement is intended to replace the Interlocal Agreement R2013-1566 between County and Martin County, amended by First Amendment R2018-1561, and adds the procedure to be followed to obtain a Federal Shared Encryption Key for direct radio interoperability with Federal Agencies. The County’s System will not be utilized for routine operational communications by Martin County. The terms of the Agreement are standard and have been offered to all municipalities and local branches of state and federal agencies and ambulance service providers with 800 MHz trunked radio capabilities. There are no charges associated with this Agreement. Martin County is required to pay all costs associated with Martin County’s subscriber units and to comply with the established operating procedures for the County’s System. This Agreement provides for an initial term of five (5) years with two (2) renewal options, each for a period of five (5) years. This Agreement may be terminated by either party, with or without cause, upon ten (10) days prior written notice to the other party. **(ESS) Countywide (LDC)**

Background and Justification: This Agreement provides interoperability via use of the countywide common talk groups, which is the lowest level of interoperability approved by the Communications Systems and Operations Policy Advisory Committee. Martin County has utilized interoperable communications through the countywide common talk groups since 2003. Martin County will only be able to access the common talk groups for specified types of communications and will conduct routine operational communications on its own radio system. As such, there is no capacity impact to the County and hence no charges associated with this Interlocal Agreement.

THIS AMENDED AND RESTATED INTERLOCAL AGREEMENT ("Agreement") is made and entered into this _____ day of _____, by and between PALM BEACH COUNTY, a political subdivision of the State of Florida ("County") and Martin County, a political subdivision of the State of Florida ("Martin County").

WITNESSETH

WHEREAS, on September 10, 2013, the County and Martin County entered into an Interlocal Agreement (R2013-1566), that was subsequently amended by the First Amendment to Interlocal Agreement (R2018-1561) on October 16, 2018 (Collectively the 2013 Interlocal Agreement) setting forth the terms and conditions by which the County would provide interoperable radio communications through the countywide common talk groups to Martin County; and

WHEREAS, to set forth the terms and conditions for all interoperable radio communications, this Agreement amends and restates, in its entirety, and replaces, the 2013 Interlocal Agreement; and

WHEREAS, the County and Martin County are continually identifying more effective service delivery methods which result in enhanced public safety services and overall savings to the taxpayers of the County and Martin County; and

WHEREAS, the County has purchased, designed, installed, and operates a Public Safety Radio System that supports the needs of the Palm Beach County Sheriff's Office, Palm Beach County Fire Rescue, Palm Beach County Emergency Medical Services, and various Palm Beach County general government agencies; and

WHEREAS, the County and Martin County have determined that the ability to provide interoperable communications is critical to the effective and efficient provision of public safety and general government services; and

WHEREAS, it has been determined to be mutually beneficial to both Parties to execute this Agreement which sets forth the parameters under which Martin County can access the Common Talk Groups established on the County's Public Safety Radio System to receive the public safety benefit of interoperability; and

WHEREAS, Section 163.01, Florida Statutes, permits public agencies to enter into Agreements to jointly exercise any power, privilege or authority which such agencies share in common and which each might exercise separately.

NOW THEREFORE, in conjunction with the mutual covenants, promises and representations contained herein, the parties hereto agree as follows:

SECTION 1: PURPOSE

The purpose of this Agreement is to set forth the parameters under which the County will provide access to the Common Talk Groups established on the County System specifically to provide interoperable communications among public safety and general government agencies capable of accessing this feature of the County System. This Agreement also identifies the conditions of use, the monitoring requirements, and ability of Martin County to participate in the operational decisions relating to the use of the Common Talk Groups.

SECTION 2: DEFINITIONS

3.02 CRSSC. The System Maintenance and Administration Plan as referenced on Attachment I hereto, identifies the general procedures for the management of the System and procedures for input through the user committees into operating procedure development. The plan establishes the Countywide Radio System Steering Committee (CRSSC), which is responsible for overseeing and implementing the policies and procedures for the County's System.

3.03 Compliance with System Policies and Procedures. Martin County shall follow all policies and standard operating procedures in place at the time of this Agreement as well as those developed in the future and issued to Martin County by the System Manager. Martin County agrees to comply with any enforcement actions required by these policies and procedures for misuse or abuse of the County's System.

SECTION 4: COUNTY SYSTEM & RESPONSIBILITIES

4.02 Coverage for Common Talk Groups. The County System provides seamless County-wide portable and mobile radio coverage for the Common Talk Groups. The radio coverage for the Common Talk Groups is identical to that of other County Talk Groups that reside on the County's System.

4.03 County Responsibilities for System Maintenance and Operations. The County shall be responsible for the maintenance and operation of the County's System, including all costs associated with permitting and licensing.

4.04 Scheduled Outages. The County shall maintain the coverage as described in the County's contract with Motorola R2015-1673, dated 11/17/15, throughout the term of this Agreement except for times of scheduled preventive maintenance, where it will be required to disable portions of the network for a pre-determined length of time or during times of system failures. Martin County shall be notified of scheduled preventive maintenance, pursuant to the policies and procedures referenced on Attachment I hereto.

4.05 Management. The County shall be responsible for talk group and fleet mapping management in accordance with the policies and procedures set forth on Attachment I, as may be amended and updated from time to time.

SECTION 5: MARTIN COUNTY EQUIPMENT AND RESPONSIBILITIES

5.01 Martin County Equipment. Martin County's equipment will be P25 compliant 800 MHz mobile, portable, and control station equipment programmed to be used on the County's System. Equipment other than that manufactured by Motorola shall be approved by the System Manager prior to purchase by Martin County. Martin County will be required to keep its equipment in proper operating condition and Martin County is responsible for maintenance of its radio equipment.

5.02 Agreement Limited to Common Talk Groups. Martin County will only program the Common Talk Groups and the individual unit ID numbers assigned by the System Manager as part of this Agreement. Martin County will **not** program into its radios the County operational talk groups without a letter of authorization or a signed agreement from the County.

5.03 Martin County Contacts. Martin County shall provide the County with a list of persons/positions, which are authorized to request activating/deactivating existing units or new units. No programming will be undertaken by Martin County or its service provider until requested and approved in writing by the System Manager.

5.04 County Confidential Information. Martin County shall receive certain access codes to the County's System to enable the Common Talk Groups to be programmed into Martin County's equipment. *The access codes are considered to be exempt and confidential security system information under F.S. 119.071(3) and must not be released to the public or unauthorized persons.* The access codes are to be treated as confidential information and Martin County is responsible for safeguarding and protecting the confidentiality of the code information from release to unauthorized parties. All confidential security system information and data obtained, developed, or supplied by the County ("Confidential Information") will be kept confidential by Martin County and will not be disclosed to any other party, directly or indirectly, without the County's prior written consent, unless required by law or lawful order. All system parameters shall remain the County's property, and may only be reproduced or distributed with the written permission of the County. Martin County agrees that the County has sole and exclusive ownership of all right, title and interest to the Confidential Information and may be recalled at any time.

5.04.01 Authorized Parties. Service staff directly employed by Martin County shall be considered authorized to receive access and programming codes for the maintenance of Martin County's radio equipment. Commercial service providers are not considered authorized to receive access to programming codes for the System. If Martin County plans to use commercial services for its system or subscriber unit maintenance, Martin County must include confidentiality requirements in their contracts with the commercial service providers acceptable to the System Manager before access or programming codes may be released to these companies.

5.04.02 Commercial Service Providers. Commercial maintenance service providers are **not** considered authorized to receive access to programming codes for the County's System, unless meeting the requirements of Section 5.04.03 and/or 5.04.04

below. If Martin County does not have employees capable of programming Martin County radio equipment or prefers to have others program Martin County radio equipment, it may request that the Palm Beach County Sheriff's Office, Palm Beach County Fire Rescue or Palm Beach County Electronic Services & Security Division program Martin County's radio equipment under the terms of a separate agreement.

5.04.03 County Review of Existing Service Provider Agreements. If Martin County uses a commercial service provider to program Martin County radio equipment at the time of execution of this Agreement, and desires that the commercial service provider program Martin County radio equipment with the Common Talk Groups, Martin County must submit its existing contract with the commercial service provider to the System Manager for review. The review will focus on whether the contract terms between Martin County and the commercial service provider are adequate to protect the County's System from misuse, harm or release of access and programming codes to unauthorized persons. Notwithstanding the previous statement, the County retains the right, in its sole opinion with or without written reason or cause, to approve or disapprove the use of a commercial service provider. If approved, the System Manager will release the access and programming codes to the commercial service provider. Martin County will be responsible for ensuring that the commercial service provider adheres to the terms of this Agreement pertaining to the proper use of programming codes and radio equipment and pertaining to the safeguarding and protection of the confidentiality of the access codes. If not approved, Martin County shall use the Palm Beach County Sheriff's Office, Palm Beach County Fire Rescue, or the Palm Beach County Electronic Services & Security Division to program Municipality radio equipment with Common Talk Groups.

5.04.04 Review of Bid Documents for Service Provider. If Martin County intends to use a commercial service provider to program Martin County radio equipment with the Common Talk Groups, Martin County shall submit the appropriate bid documents/contract to the System Manager for approval prior to soliciting a bid or quote from the commercial service provider. The System Manager will work with Martin County to develop the appropriate language for the contract which will allow for approval of the commercial service provider. Notwithstanding the previous statement, the County retains the right, in its sole opinion with or without written reason or cause, to approve or disapprove the use of a commercial service provider. If approved, the System Manager will release the access and programming codes to the commercial service provider. Martin County will be responsible for ensuring that the commercial service provider adheres to the terms of this Agreement pertaining to the proper use of the programming codes and radio equipment use and the terms requiring the safeguarding and protection of the confidentiality of the access codes. If not approved, Martin County shall use the Palm Beach County Sheriff's Office, Palm Beach County Fire Rescue, or Palm Beach County Electronic Services & Security Division to program Martin County radio equipment with Common Talk Groups.

5.04.05 Survival. The provisions of this section regarding Martin County's duty to keep the County's access codes confidential shall survive the termination or expiration of this Agreement.

5.05 Federal Shared Encryption Key. The County's System is configured to allow for end to end encryption. If Martin County desires encryption, Martin County must request a CKR assignment from the County's System Manager. The Federal Shared Encryption Key ("Key") is available for use by local law enforcement agencies who require direct radio interoperability with federal agencies and is used on Law Enforcement Common 6E through 10E talk groups on the County's System. The Key is considered to be exempt and confidential security system information under F.S. 119.071(3) and must not be released to the public or to unauthorized persons. If Martin County requests use of the Key, Martin County shall be responsible for safeguarding and protecting the confidentiality of the Key from release to unauthorized parties. Service staff directly employed by Martin County shall be considered authorized to receive access to the Key. ***Commercial service providers are not considered authorized to receive access to the Key.*** Keyloading of Martin County's end user radios must only be done by Martin County itself or another authorized law enforcement agency. Martin County must also store Martin County's encryption key loader(s) in a secure and locked location when not in use. Martin County shall immediately notify the County's System Manager if Martin County has reason to believe the confidentiality of the Key has been compromised or an encrypted radio has been lost or stolen. Martin County shall not program the Key into any non-law enforcement radio. Martin County must delete the Key from any radio to be repaired by non-agency personnel, removed from service or sent to surplus for disposal. Martin County shall not provide any Key encrypted radios to any non-public safety personnel. The provisions of this section regarding Martin County's duty to keep the Key confidential shall survive the termination or expiration of this Agreement.

5.06 Malfunctioning Martin County Equipment. Martin County is solely responsible for the performance and the operation of Martin County equipment and any damages or liability resulting from the use thereof. Should the County identify malfunctioning Martin County owned equipment; the County will request that Martin County discontinue use of the specific device until the repairs are completed. The County may, in its discretion, disable the equipment from the System after properly notifying Martin County in writing if the device is causing interference to the System.

5.07 Stolen or Lost Martin County Radios. In the case of lost or stolen equipment, Martin County will notify the System Manager by e-mail authorizing the System Manager to disable the equipment. The authorization shall provide the County issued individual unit ID number and the serial number of the radio. The System Manager will advise via e-mail when the radio has been disabled. A request by Martin County to re-activate a disabled radio must be in writing by e-mail to the System Manager.

SECTION 6: SUBSCRIBER UNIT INFORMATION TO BE PROVIDED BY MARTIN COUNTY

Martin County will be required to provide to the County an initial inventory of the radios that are proposed to be programmed for use of the Common Talk Groups. Martin County will provide the following information to the County:

- Radio manufacturer and model numbers.
- Radio serial numbers.
- Requested aliases to be programmed.

The System Manager will then compile this information and transmit back to Martin County a matrix of the County-wide Talk Groups, aliases, and radio ID numbers prior to Martin County's radios being activated on the County's Public Safety Radio System. Martin County is responsible for adhering to the Talk-Group and Radio ID allocations established by the County. The County's Talk-Group and Radio ID allocations are on file with the County and available upon request.

SECTION 7: UTILIZATION AND MONITORING OF COMMON TALK GROUPS

7.01 Purpose of Common Talk Groups. The Common Talk Groups were implemented specifically for inter-agency communication among multiple agencies, regardless of their specific discipline or affiliation. They were also created to allow communications between agencies without requiring cross-programming operational talk groups in each agency's radios.

Typical Usage Scenario:

- A unit requesting to coordinate a multi-jurisdictional operation or call for mutual assistance, places a call on the Call Talk Group for the appropriate discipline (i.e. Law Enforcement, Fire Rescue, or Local Government) to the dispatch center of the required agency(ies).
- The responding dispatch center assigns one of the Common Talk Groups to the requesting unit and contacts its agency's unit(s) and requests that the user switch to the corresponding talk group.
- The participating units would communicate on the Common Talk Group(s) and upon completion of the operation; the talk-group is cleared of all radio traffic and put back into the pool for other agencies.

7.02 Approved Uses. Usage of the Common Talk Groups is authorized to coordinate multi-jurisdictional fire/law enforcement/disaster recovery operations such as fires requiring multi-agency responses, police pursuit through multiple jurisdictions and coordination and response to local emergencies and disasters. Other authorized uses include undercover operations, investigations, perimeter communications, fire ground coordination, scene security and landing zone communications requiring participation of multiple agencies and disciplines.

In addition, the Common Talk Groups can be used by any agency experiencing catastrophic failure of its own communication system for a determined amount of time. A request to utilize the Common Talk Groups for this situation requires permission of the System Manager. Once approved by the System Manager, the Common Talk Groups can be temporarily utilized until repair of the agency's communication system is complete.

7.03 Prohibited Uses. The Common Talk Groups shall not be used for every-day routine communications or as an extra talk group for agencies that have cross programming agreements and duplicated talk groups programmed into their radios. Other prohibited uses include communications for special events and operations, use as an additional dispatch, administrative or a car to car talk group for a single agency.

7.04 Required Monitoring. Agencies requesting to use the Common Talk Groups by this Agreement have a requirement to monitor the Calling Talk Group in their respective dispatch center to respond to calls for assistance from field units. The dispatch centers which combine more than one discipline in their dispatch center are required to monitor the disciplines which are dispatched. Agencies which do not utilize their own dispatch center are not required to monitor the Calling Talk Group.

SECTION 8: LIABILITY

8.01 No Representation as to Fitness. The County makes no representations about the design or capabilities of the County's System. Martin County has decided to enter into this Agreement and use the County's System on the basis of having interoperability with the County and /or other municipalities during times of mutual aid and/or joint operations. The County agrees to use its best reasonable efforts to provide Martin County with full use of the Common Talk Groups but makes no guarantee as to the continual, uninterrupted use of the System, or its fitness for the communication needs of Martin County.

8.02 No Waiver of Sovereign Immunity. The Parties to this Agreement and their respective officers and employees shall not be deemed to assume any liability for the acts, omissions and negligence of the other party. Nothing in this Agreement shall be construed as a waiver of the sovereign immunity of the County or Martin County pursuant to §768.28, Florida Statutes. Each party shall be liable for its own actions and negligence and, to the extent permitted by law, Martin County shall indemnify, defend and hold harmless the County against any actions, claims or damages arising out of Martin County's negligence in connection with this Agreement. The foregoing indemnification shall not constitute a waiver of sovereign immunity beyond the limits set forth in Florida Statutes §768.28, nor shall the same be construed to constitute agreement by either party to indemnify the other for such other party's negligent, willful or intentional acts or omissions.

8.03 No Responsibility for Third Party Claims. Neither the County nor Martin County shall be liable to each other or for any third party claim, which may arise out of the services provided hereunder or of the radio System itself, its operation or use, or its failure to operate as anticipated, upon whatever cause of action any claim is based. The System is designed to assist qualified law enforcement, fire, and other emergency service professionals. It is not intended to be a substitute for the exercise of judgment or supervision of these professionals. Both parties acknowledge that the responsibility for providing law enforcement, fire, or other emergency services rests with the agency which is providing such service and not necessarily either party to this Agreement.

8.04 No Consequential Damages. The terms and conditions of this Agreement incorporate all the rights, responsibilities, and obligations of the parties to each other. The remedies provided herein are exclusive. The County and Martin County waive all other remedies with respect to each other, including, but not limited to, consequential and incidental damages.

8.05 Survival. The provisions of this section shall survive the termination or expiration of this Agreement.

SECTION 8A: INSURANCE

Without waiving the right to sovereign immunity as provided by section 768.28, Florida Statutes, (Statute), Martin County represents that it is self-insured with coverage subject to the limitations of the Statute, as may be amended.

If Martin County is not self-insured, Martin County shall, at its sole expense, purchase and maintain in full force and effect at all times during the life of this contract, insurance coverage at limits not less than those contained in the Statute.

Should Martin County purchase excess liability coverage, Martin County agrees to include County as an Additional Insured.

Martin County agrees to maintain or to be self-insured for Workers' Compensation insurance in accordance with Chapter 440, Florida Statutes.

Should Martin County contract with a third-party (Contractor) to perform any service related to the Agreement, Martin County shall require the Contractor to provide the following minimum insurance:

- Commercial General Liability insurance with minimum limits of \$1,000,000 combined single limit for property damage and bodily injury per occurrence and \$2,000,000 per aggregate. Such policy shall be endorsed to include Martin County and County as Additional Insureds. Martin County shall also require that the Contractor include a Waiver of Subrogation against County.
- Business Automobile Liability insurance with minimum limits of \$1,000,000 combined single limits for property damage and bodily injury per occurrence.
- Workers' Compensation insurance in compliance with Chapter 440, Florida Statutes, and which shall include coverage for Employer's Liability with minimum limits of \$1,000,000 each accident.

When requested, Martin County shall provide an affidavit or Certificate of Insurance evidencing insurance or self-insurance.

Compliance with the foregoing requirement shall not relieve Martin County of its liability and obligations under this Agreement.

SECTION 9: OWNERSHIP OF ASSETS

All assets maintained under this Agreement will remain assets of the respective party.

SECTION 10: TERM OF AGREEMENT

10.01 Initial Term. The initial term of this Agreement is for five (5) years and shall commence immediately upon full execution of this Agreement.

10.02 Renewals. The Agreement may be renewed for two (2) additional terms of five (5) years each. At least six (6) months prior to the expiration of this Agreement's term, Martin County shall provide the County with a request to renew this Agreement. Such renewal will require approval of both parties and the County may not unreasonably withhold its approval of the renewal.

10.03 Existing Interlocal Terminated. This Agreement when effective terminates and replaces the Interlocal Agreement between County and City R2013-1164 as amended by R2018-1561.

SECTION 11: AMENDMENTS TO THIS AGREEMENT

This Agreement may be amended from time to time by written amendment as agreed to by all parties.

SECTION 12: TERMINATION

This Agreement may be terminated by either party, with or without cause upon ten (10) days written notice to the other party. Upon notice of termination, the System Manager will proceed to disable Martin County's radios from the County's System. It will be the responsibility of Martin County to reprogram Martin County's radios removing the County's System information from the radios. Martin County will complete reprogramming Martin County's radios within sixty (60) days of the date of termination. A participant with greater than one hundred (100) radios will be given ninety (90) days to re-program its radios.
