Public Hearing [ ]

Department: Water Utilities Department

I. EXECUTIVE BRIEF

**Motion and Title: Staff recommends motion to approve:** Work Authorization (WA) No. 2 to the 2019 Pipeline Continuing Construction Contract (Contract) with Centerline Utilities, Inc., (Contractor) for the Orange Blvd., Force Main Extension & Seminole Pratt Whitney Road Pigging Stations (Project) in the amount of \$305,325.72.

**Summary:** On July 14, 2020, the Board of County Commissioners approved the Palm Beach County Water Utilities Department (PBCWUD) Contract (R2020-0862) with Contractor. WA No. 2 provides for the installation of approximately 856 linear feet of 6-inch force main and associated appurtenances along Orange Boulevard in Loxahatchee and the installation of two (2) force main pigging launching stations along Seminole Pratt Whitney Road. This Contract was procured under the requirements of the Equal Business Opportunity Ordinance. On January 15, 2020, the Goal Setting Committee applied an Affirmative Procurement Initiative of a mandatory 20% Small Business Enterprise (SBE) subcontracting participation of which 5% shall be among certified African American and/or Hispanic American owned firms. The Contract provides for 23.36% SBE participation which includes 10.55% MBE participation, 6.76% MBE (H) and 3.78% MBE (B). Work Authorization No. 2 includes 21.87% SBE participation of which 18.5% is MBE (H). The cumulative SBE participation including WA No. 2 is 21.87%, which includes 18.50% MBE (H). Contractor is headquartered in Palm City, Florida but maintains an office in Palm Beach County from which the majority of the work will be undertaken. The Project is included in the PBCWUD FY20 Budget. (PBCWUD Project No. 18-076) District 6 (MJ)

**Background and Justification:** The existing force main pipe along Seminole Pratt Whitney Road experiences low wastewater flows and sedimentation in the pipe. This project includes installation of new force main pipe to redirect wastewater flows and pigging stations to be able to clean the pipe as necessary. Completion of the work provided for in WA No. 2 will restore the service life, efficiency and effectiveness of the force main pipe in the area. The Project will also help to reduce the operations and maintenance workload and associated cost.
