Parks staff toured the property in January 2018 with FDO, Weitz Construction, Code Enforcement and Port staff to perform an inspection of the buildings and premises. A general assessment of the overall condition of the facilities was performed by Weitz along with cost estimates to bring the facilities up to code and into a general good state of repair (approximately \$2.5 million). The Port has held an open public forum to discuss this matter and with the feedback they received, decided to form a Task Force or Steering Committee to help them lay out an Action Plan to get to a point where they can turn the former Coast Guard structures and bunker over to the County (Parks) to operate. Parks staff serve on this committee. The Committee has developed an MOU between the Port and Parks to have Parks maintain the old Coast Guard property (landscaping and property oversight), at Port expense, to ensure the site does not degrade further until the rehab is accomplished.
