Agenda Item #: 3H-11

PALM BEACH COUNTY BOARD OF COUNTY COMMISSIONERS AGENDA ITEM SUMMARY

Meeting Date: February 2, 2021	[X] Consent [] Ordinance	[] Regular [] Public Hearing								
Department: Facilities Development & Operations										

I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: Consultant Services Authorization (CSA) No. 1 with Currie Sowards Aguila Architects, Inc. (R2020-1045) (Consultant) to provide architectural and engineering services for phase 1 of the Fire Rescue Comprehensive Fire Station Capital Improvements Program in the amount of \$234,919.

Summary: On August 25, 2020, the Board of County Commissioners (Board) approved the design contract with the Consultant to develop and implement a comprehensive capital improvements program for County-owned and managed fire stations. CSA No. 1 authorizes Phase 1 of this project which consists of a program evaluation to review and assess the following fourteen (14) fire stations No. 28, 51, 15, 25, 55, 42, 21, 54, 33, 34, 29, 26, 41 and 73. Under Phase 1 of the project, fire stations are to be evaluated in decreasing order of age. This effort seeks to have older fire stations conform to the same standards as the recently built ones. The design team will evaluate each station in order to determine compliance with new design, safety and staffing standards. Subsequently, the design team will develop the conceptual scope of work to ensure that each station is in compliance. The solicitation for design professionals was advertised on December 15, 2019 according to the Equal Business Opportunity (EBO) Program, with the final selection taking place on June 26, 2020. The project was presented to the Goal Setting Committee on December 4, 2019 which established an affirmative procurement initiative (API) requiring a minimum mandatory goal of 25% Small Business Enterprise (SBE) participation and awarded 15 points evaluation preference for SBE participation. The prime consultant has committed to 59.85% S/W/MBE participation for this CSA. The consultant is a local firm and a SBE. This project will be funded from the Fire Rescue Improvement Fund. (Capital Improvements Division) Countywide (LDC)

Background and Justification: Selection was performed on June 26, 2020 in accordance with Board adopted procedures pursuant to Florida Statute 287.055 (Consultants Competitive Negotiation Act). Professional services will include the evaluation of life safety, structural, civil, mechanical, electrical, plumbing (MEP) systems required to develop the Fire Rescue Comprehensive Plan.

SUMMARY SHEET CONSULTANT SERVICES AUTHORIZATION #1

CURRIE SOWARDS AGUILA ARCHITECTS, INC.

FIRE RESCUE COMPREHENSIVE FIRE STATION CAPITAL IMPROVEMENTS PROGRAM PROJECT NO. 20111

This consultant services authorization #1 is for professional architectural and engineering services for the Fire Rescue Comprehensive Fire Station Capital Improvements Program for various fire stations throughout Palm Beach County.

Professional services shall include Phase 1 review and assessment of fourteen selected fire stations (Fire Stations No. 28, 51, 15, 25, 55, 42, 21, 54, 33, 34, 29, 26, 41 and 73).

This is a phased project to development and implement a comprehensive capital improvement program for all County owned and managed fire stations. Phase 1 includes a Program Evaluation for each of the above noted stations in order to determine compliance with new design, safety and staffing standards and to develop a conceptual scope of work that provides for bringing each station into compliance. The list developed by Fire Rescue starts with the oldest and/or most problematic fire stations. The evaluation will include review of life safety, structural, civil and M.E.P. systems.

EBO Program

The API established for this contract is a mandatory minimum of 25% SBE participation. Currie Sowards Aquila Architects, Inc. has committed to a 52% S/W/MBE participation. SBE participation for this CSA is 59.85%. When added to the Consultant's participation to date, the resulting SBE participation is 59.85%.

CONSULTANT SERVICES AUTHORIZATION #1

CURRIE SOWARDS AGUILA ARCHITECTS, INC.

FIRE RESCUE COMPREHENSIVE FIRE STATION CAPITAL IMPROVEMENTS PROGRAM PROJECT NO. 20111 DISTRICT NO. COUNTYWIDE

THIS AUTHORIZATION NO. 1 to the Contract dated 08/25/20 (R2020-1045) (the "Contract") between Palm Beach County and the Consultant identified herein is for the Consultant Services described in Item 4 of this Authorization.

- 1. CONSULTANT: CURRIE SOWARDS AGUILA ARCHITECTS, INC.
- 2. History: Not applicable. This authorization is for a new project.
- 3. Services completed to date: Not applicable. This authorization is for a new project.
- **4. Description of Services to be provided by Consultant:** Professional services shall include Phase 1 review and assessment of fourteen selected fire stations (Fire Stations No. 28, 51, 15, 25, 55, 42, 21, 54, 33, 34, 29, 26, 41 and 73), as detailed on the attached revised proposal dated November 4, 2020.
- **5. Compensation:** The compensation to be paid to the Consultant for the requested services shall be: Lump Sum charge of \$234,919.00.
- 6. This Authorization may be terminated by the County without cause or prior notice. In the event of termination not the fault of the Consultant, the Consultant shall be compensated for all services performed to termination date, together with reimbursable expenses (if applicable) then due.

Consultant agrees to waive any and all claims for lost profits or anticipated future profits in the event of a termination with or without the cause under this Contract.

- 7. If not previously provided or for a new project, the Consultant shall provide County with an executed Conflict of Interest Disclosure Form, attached hereto and incorporated herein.
- **8.** All terms, conditions, and obligations of the original Contract shall remain in full force and unless specifically noted as follows:

E-VERIFY - EMPLOYMENT ELIGIBILITY

CONSULTANT warrants and represents that it is in compliance with section 448.095, Florida Statutes, as may be amended. No later than January 1, 2021, CONSULTANT shall: (1) register with and use the E-Verify System (E-Verify.gov), to electronically verify the employment eligibility of all newly hired workers; and (2) verify that all of the CONSULTANT's subconsultants performing any duties and obligations under this Contract are registered

Project Name: Fire Rescue Comprehensive Fire Station Capital Improvement Program

Project Number: 20111

with and use the E-Verify System to electronically verify the employment eligibility of all newly hired workers.

CONSULTANT shall obtain from each of its subconsultants an affidavit stating that the subconsultant does not employ, contract with, or subcontract with an Unauthorized Alien, as that term is defined in section 448.095(1)(k), Florida Statutes, as may be amended. CONSULTANT shall maintain a copy of any such affidavit from a subconsultant for, at a minimum, the duration of the subcontract and any extension thereof. This provision shall not supersede any provision of this Contract which requires a longer retention period.

COUNTY shall terminate this Contract if it has a good faith belief that CONSULTANT has knowingly violated Section 448.09(1), Florida Statutes as may be amended.

If COUNTY has a good faith belief that CONSULTANT's subconsultant has knowingly violated Section 448.09(1), Florida Statutes, as may be amended, COUNTY shall notify CONSULTANT to terminate its contract with the subconsultant and CONSULTANT shall immediately terminate its contract with the subconsultant.

If COUNTY terminates this Contract pursuant to the above, CONSULTANT shall be barred from being awarded a future contract by COUNTY for a period of one (1) year from the date on which this Contract was terminated. In the event of such contract termination, CONSULTANT shall also be liable for any additional costs incurred by COUNTY as a result of the termination.

- 9. Time of Commencement: Consultant shall begin work promptly on the requested services upon receipt of this executed document which shall constitute official "Notice to Proceed".
- **10. EBO Program:** The API established for this contract is a mandatory minimum of 25% SBE participation. Currie Sowards Aquila Architects, Inc. has committed to a 52% S/W/MBE participation. SBE participation for this CSA is 59.85%. When added to the Consultant's participation to date, the resulting SBE participation is 59.85%.

Re: PBCFR - Phase I Services

Dear Bobby:

This will serve as our description of scope for Phase I services for the individual assessment for selected existing fire stations throughout Palm Beach County. We have made revisions in accordance with your earlier review and comments.

As discussed, we have agreed that we will review and assess fourteen selected or identified as problematic stations to include stations 28, 51, 15, 25, 55, 42, 21, 54, 33, 34, 29, 26, 41, and 73. It is our understanding that the Fire Department is generating a minimum standards report that will be provided to the Design Team, and based on that report additional review of existing conditions is anticipated. Please note that we have not been able to visit these sites before this proposal and agree that some may take more time and some less. We have taken that into account while preparing this schedule and fee proposal. The following general tasks are anticipated at each station:

Civil/Site:

- Site overview with general observations
- Civil analysis to review potable water service, sanitary systems, condition of pavement, conditions of drainage system.
- > Utilities provider research
- > FEMA Flood Zone research
- Existing SFWMD permits
- > Site pervious/Impervious calculations
- Landscaping condition observation. Confirmation of irrigation system.
- Exterior signage, condition.
- Zoning Code review and Development standards
- Review of general traffic patterns

Building Envelope:

- > Exterior wall condition/finishes and condition assessment
- > Roof condition
- Drainage/scupper system
- Roof penetrations
- ➤ Windows, type, impact
- > Doors, type, hardware

Architecture, Planning, Interiors, Sustainable Design

185 NE 4th Avenue, Suite 101, Delray Beach, FL 33483 T 561-276-4951 F 561-243-8184 www.csa-architects.com AA26001584

Leaks

Architectural Review:

- Interior space review to include:
 - o Surface finishes
 - Condition of spaces
 - ADA accessibility
- > Review spaces for compliance with requirements
- Review kitchen/cooking equipment
- > Review of door and window type, impact. Shutters.
- > Review visual condition of the roof, on flat areas.
- > Confirmation of apparatus bay doors and type.
- Confirm vehicle emission system
- > Review of bunker gear system and quantity.
- > Review fire protections system.
- Confirm security system.
- Zoning Code review and Development standards

Structural:

- Review and describe general structure of building
- > Review for cracks and settlement, spalling
- > Review for exposed rebar
- Describe roofing structure
- Review connections
- Review for evidence of floor cracks
- > Review condition of exposed steel
- > Review for termite damage
- > Review dumpster and generator enclosure
- > Review site walls, dumpster enclosure, signage

MEP:

- > Review HVAC equipment, inside & out
- Review control system
- Review lighting type and condition
- Review site lighting
- Review electrical gear
- > Review generator, if available
- Review all plumbing fixtures and consider age for replacement
- Review fire protection system

The design team will visit each site, gain access with the assistance of County and Fire Department personnel, perform all the observations needed, and prepare a detailed report of findings and recommendations necessary to meet current codes and standards.

In reviewing the proposed schedule attached you will see that we will be coordinating with the County in gathering any specific information available or being prepared for these first stations. We will review and address, as necessary. During the same time period we will be looking at the individual station report prepared by the Fire Department which was mentioned at the kickoff meeting to become familiar

with current issues before we start. Also, we will be incorporating the information we received from you regarding the available drawings into Revit for future use. Finally, we will be performing any zoning data collection we can on a station-by-station basis to see where those challenges may be. These activities allow us to hit the road running once we have a signed task specific notice to proceed.

I want to note that the schedule has a hypothetical start date. I used November 1, 2020, as the first field date. We do not really know when we will be able to start, but once we have a purchase order to begin, I will update the schedule with an actual start date.

However, note that we are proposing to start on two station per week with our two teams and anticipate once we begin field work to have it complete in less than three months for all fourteen.

Regarding our proposed fees, we have broken down our work by discipline, including architecture, structural, MEP, and civil/landscape. In cases where we have two teams (architecture, structural & MEP), we have a blended rate, so no matter which discipline performs the work, the fees and rates are within the rates in the Contract. Our fees cover all fourteen initial stations, and include a bit to cover any anticipated reimbursables, like mileage and printing.

Please note that the following qualifications or exclusions.

- Asbestos or other environmental studies or testing
- Preparation of detailed existing drawings for stations where drawings are not available.
- Formal zoning or land development processes
- Site boundary, topographic, or vegetation surveys
- > Traffic engineering
- Cost estimating

Assistance required from the County/Fire Department:

- Access to each facility
- Access to every space and room within the building
- Ladder for access to roof and exposed ceiling spaces
- Copies of any drawings that are available
- Copies of any maintenance logs or reports

After a review of your notes in the fee distribution chart, I have provided some responses below and we have reduced the time proposed, and thus cost as follows:

- ✓ We reduced the kick-off meeting man-hours by 13 hours from 61 man-hours to 48 man-hours.
- ✓ We reduced from the original proposed total man-hours of 2,685.5 by 1,151.5 hours to 1,534 man-hours proposed.
- ✓ While we have received a number of drawings of existing stations, a large majority of them are illegible, not on CAD, and almost all will need to be drawn on the computer from scratch. In the interest of time, we have commenced to put these drawings together, and find that on average it is taking around twenty-four to thirty man-hours of CAD time to complete the bases.
- ✓ As to review of the Flood Map Criteria by both the Civil and Structural engineers, the Civil Engineer will review the Flood Map for drainage design issues. The Structural Engineer will review for conformance with Base Floor Elevation and Building Code criteria. I did reduce their respective time as requested.

- ✓ The site lighting will be reviewed by the Electrical Engineer only.
- ✓ Our overall fee request has been reduced from \$390,232.00 to \$234,919.00. A difference of \$155,313.00.
- ✓ Based on the proposed revisions, we have reduced the per station average amount from \$27,857.00 to \$16,779.91. A reduction of \$11,077.09 per station.

Please review these latest comments, and let me know if you agree.

It is our pleasure to submit this information as it relates to scope and fee and are prepared to commence at your request. Please feel free to contact me should you have any questions.

Sincerely,

CURRIE SOWARDS AGUILA ARCHITECTS

José N. Aguila, AIA, LEED AP

PALM BEACH COUNTY CONFLICT OF INTEREST DISCLOSURE FORM

CONSULTANT/SUBCONSULTANT represents that it presently has no interest, either direct or indirect,

which would or could conflict in any manner with the performance of services for the County, except as follows:
OHOWS. N/A.
(Attach additional sheets as needed.)
CONSULTANT/SUBCONSULTANT further represents that no person having any interest shall be employed for said performance. By signing below, CONSULTANT/SUBCONSULTANT certifies that the information contained herein is true and correct and constitutes all current potential conflicts of interest which may influence or appear to influence CONSULTANT/SUBCONSULTANT'S judgment or quality of services being provided to the County.
CONSULTANT/SUBCONSULTANT shall promptly notify the COUNTY in writing by certified mail of all potential conflicts of interest that may arise in the future through any prospective business association, interest or other circumstance which may influence or appear to influence CONSULTANT/SUBCONSULTANT'S judgment or quality of services being provided to the County. Such written notification shall identify the prospective business association, interest or circumstance, the nature of work that CONSULTANT/SUBCONSULTANT may undertake and request an opinion of the COUNTY as to whether the association, interest or circumstance would, in the opinion of the COUNTY, constitute an unacceptable conflict of interest if entered into by the CONSULTANT/SUBCONSULTANT.
If, in the sole opinion of the COUNTY, the prospective business association, interest or circumstance of CONSULTANT/SUBCONSULTANT would constitute an unacceptable conflict of interest to the COUNTY, the COUNTY shall so state in the notification and the CONSULTANT/SUBCONSULTANT shall not enter into said association, interest or circumstance.
This DISCLOSURE is submitted by (Name of Individual:) lan A Nestler as (Title/Position:) Executive Vice President of (Name of Firm:) PGAL, Inc. who hereby certifies that any misrepresentation by the CONSULTANT/SUBCONSULTANT on this Disclosure is considered an unethical business practice and is grounds for sanctions against future County
business with the CONSULTANT/SUBCONSULTANT.
