I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: a contract with Ms. Bonnie Hodges Leech in an amount not to exceed \$10,000 to continue the implementation of the Office of Community Revitalization's (OCR) Abundant Community Initiative (ACI) in the San Castle Countywide Community Revitalization Team (CCRT) area.

Summary: The BCC previously approved two one-year contracts with resident Ms. Hodges Leech to serve as the Neighborhood Connector in San Castle to implement the ACI, one on September 12, 2017 in an amount not to exceed \$6,000 and one on November 20, 2018 in an amount not to exceed \$10,000. The purpose of the Project is to engage and help empower residents for civic leadership so that they become the agents for positive change in the community. Ms. Hodges Leech has successfully fulfilled the terms of the contracts. During her time serving as the Neighborhood Connector, Ms. Hodges Leech has been able to develop relationships with residents based on trust. She is well liked and respected in the community and has a unique ability to connect with people. Staff is now requesting the BCC approve the new contract to continue implementation. The contract with Ms. Hodges Leech will commence on May 1, 2021 and expire on May 31, 2022. Funding for this Project is available from the Abundant Community Initiative account. District 7 (HH).

Background and Justification: The Project, which is part of OCR's Community Connect Initiative, follows a national model that supports grassroots efforts to increase neighborhood wellness by focusing on developing communities from the inside out, identifying and mobilizing assets from within (resident's skills, abilities and gifts), and connecting them with one another to create a safer, friendlier and engaged neighborhood.

In 2014, the OCR received a grant from the Knight Foundation to expand its Community Connect Initiative. The grant provided the OCR with a unique opportunity to review, analyze and adopt elements from communities across the nation, which have been successful in developing more connected, inclusive and engaged local communities. In addition, the OCR was selected to be part of a national neighborhood leadership group sponsored by the Kettering Foundation and the ABCD Institute to exchange, evaluate and adopt successful initiatives to promote community engagement and build community capacity. The implementation of ACI is the result of these efforts. **(Continued on Page 3)**

- 1. Contract with Bonnie Hodges Leech

Approved By: Pal 3/11/21
 Assistant County Administrator Date

Background and Justification: Continued from Page 1

ACI and the contracting of neighborhood residents for its implementation, follow the national model already adopted and successfully implemented by the ABCD Institute and the leadership group throughout the United States and Canada. Per the national model, the BCC contracted with neighborhood residents to serve as Neighborhood Connectors to spearhead the implementation of an ACI Pilot Project to test the effectiveness and transferability of ACI to other CCRT and County neighborhoods.

The OCR has completed the Pilot Project, and an evaluation of the Pilot Project will be presented to the Board at a later date. Based on the feedback obtained through surveys of residents in the ACI Pilot Project neighborhoods, ACI has shown its potential to create safer, friendlier and more engaged communities.

The role of the ACI Neighborhood Connector is to organize the community by connecting to residents, gathering information about their skills, interests, and vision for the neighborhood, and entering this information into the neighborhood database that facilitates the formation of new groups of residents based on their skills and interests. Neighborhood Connectors are not County employees and will continue to report to the community leadership group and the OCR Staff.

Ms. Hodges Leech, has fulfilled the terms of the two expired contracts, and staff is now recommending Board approval of a new contract with her to continue to implement the project. The new contract amount of \$10,000, for a total estimated 500 hours of work in her neighborhood, aligns with the national model and reflects the hours necessary to cover the number of homes in the neighborhood and complete required tasks and deliverables. Staff recommends the Board's approval.
