Meeting Date: August 17, 2021 Consent Regular

Submitted By: Department of Airports

I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve:

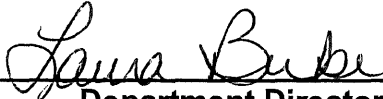

- (A) Amendment No. 7 to the Construction Manager (CM) at Risk Contract (Contract) with The Morganti Group, Inc. (MGI) for CM at Risk Services for Miscellaneous Airport Improvements for Palm Beach County Department of Airports (Department) in the amount of \$605,906 and 244 Calendar Days for Work Order SMC 09: Fire Pump Replacement at Palm Beach International Airport (PBI); and
- (B) A Budget Transfer of \$605,906 in the Airport’s Improvement and Development Fund, including a reclass from Reserves in the amount of \$605,906.

Summary: The CM at Risk Contract with MGI was approved by the Board on August 20, 2019 (R-2019-1221). The Contract is for 2 years with 3 one (1) year renewal options for CM at Risk Services for Airport Improvements for the Department. MGI is a Danbury, Connecticut, based firm; however, the work will be directly managed by their southeast regional office in Palm Beach County. MGI along with their S/MBE teaming partner Cooper Construction Management and Consulting, Inc. (Cooper), were one of two firms selected to provide project management and construction supervision services. The contract value to date is \$5,922,833.37. Approval of Amendment No. 7 in the amount of \$605,906 and 244 Calendar Days will enable MGI to complete SMC 09: Fire Pump Replacement at PBI. This project includes replacement of fire pump systems that support PBI. SMC 09 was presented to the Goal Setting Committee on February 3, 2021 and due to the limited availability, the Committee established an Affirmative Procurement Initiative (API) of 10% for Small Business Enterprise (SBE). The S/MBE subcontracting participation on this work order is 11%. The current cumulative S/M/WBE subcontractor participation for all work orders to-date under this contract is 39%. In addition, MGI’s S/MBE teaming partner, Cooper, will provide 15% of the Construction Management Fees. Countywide (AH)

Background and Policy Issues: The fire pump systems for PBI’s Main Terminal and Building 1475 have suffered degradation as a result of age and will soon reach the end of their expected life cycles. This project will replace the existing fire pump system. Builder’s Risk Insurance for this work will be provided by the Contractor prior to start of construction.
