I. EXECUTIVE BRIEF

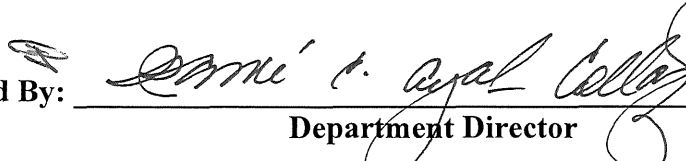

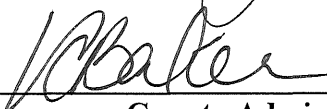

Motion and Title: Staff recommends motion to approve: Amendment No. 6 to the continuing contract with Robling Architecture Construction, Inc. (R2020-1690) establishing a Guaranteed Maximum Price (GMP) in the amount of \$287,852.23 for construction management (CM) services for the Airport Center 1 Elevator Modernization project for a period of 180 calendar days from notice to proceed.

Summary: On November 17, 2020, the Board of County Commissioners (Board) approved the continuing CM contract with Robling Architecture Construction, Inc. for construction management services for capital projects under \$4,000,000. Amendment No. 6 authorizes modernization improvements to the existing elevators (No. 1 and No. 2) at Airport Center 1, including new controllers, signalization, motors, pumps, hydraulic valves, electrical upgrades and the installation of a new heating ventilation and air conditioning system. The existing elevator is more than 30 years old and requires frequent repairs. The modernization improvements will improve the existing operational components of the elevator and limit frequent repairs. The Construction Manager shall complete the work within 180 calendar days from the notice to proceed. Liquidated damages are \$80 per day for failure to achieve certification of substantial completion within the contract time or approved extension thereof. This continuing construction management contract was presented to the Goal Setting Committee on December 4, 2019 and the Committee established Affirmative Procurement Initiatives (API) of a Small Business Enterprise (SBE) evaluation preference of 10 points for the selection of the construction manager and a mandatory 20% SBE subcontracting goal on the contract. SBE participation for this amendment is 0%. To date, the overall SBE participation for the contract is 60.64%. Robling Architecture Construction, Inc. is not an SBE, but is a local business. This amendment will be funded from the Public Building Improvement fund. **(Capital Improvements Division) District 2 (LDC)**

Background & Justification: CM at Risk is a project delivery method where the construction manager provides design phase assistance, evaluation of cost and schedule including the implications of alternate designs, systems and materials on cost and schedule, and serves as the general contractor bidding the subcontracts for construction.

AMENDMENT #6
ROBLING ARCHITECTURE CONSTRUCTION, INC.
TO CONTRACT FOR
CONSTRUCTION MANAGEMENT AT RISK SERVICES
ON A CONTINUING CONTRACT BASIS
AIRPORT CENTER 1 ELEVATOR MODERNIZATION
PROJECT NO. 2021-034311

This Amendment is made as of _____ by and between Palm Beach County, a political subdivision of the State of Florida, hereinafter referred to as Owner, and Robling Architecture Construction, Inc., hereinafter referred to as “Construction Manager”.

WHEREAS, the Owner and Construction Manager acknowledge and agree that the Continuing Contract between Owner and Construction Manager dated November 17, 2020 (R2020-1690) (hereinafter the Continuing Contract) is in full force and effect and that this Amendment incorporates all the terms and conditions of the Continuing Contract as may be supplemented and amended by this Amendment.

WHEREAS, under this Amendment, Owner is assigning Project No. 2021-034311 (the Project) to Construction Manager under the Continuing Contract for preconstruction and construction services;

WHEREAS, the parties have negotiated a preconstruction services price and a Guaranteed Maximum Price for the Project, including the Construction Manager’s fees calculated in accordance with the terms of the Continuing Contract, whereby the Construction Manager will render preconstruction, construction and warranty services and other services as set forth herein and in the Continuing Contract;

NOW THEREFORE, in exchange for the mutual covenants and promises set forth herein and the sums of money agreed to be paid by the Owner to the Construction Manager, the parties agree as follows:

- 1. Recitals.** The foregoing recitals are true and correct and incorporated herein by reference.
- 2. Construction Manager’s Representations.** The Construction Manager represents that:

The Construction Manager, Trade Contractors, Sub-subcontractors, material and equipment suppliers have reviewed the record drawings provided by Owner and have had the opportunity to request any other information from the Owner required by a licensed general contractor, subcontractor, trades persons, manufacturers or other parties required to carry out the Work involved in this Work Order, and therefore Construction Manager warrants that the GMP (exclusive of contingency) includes the cost of performing all work required which Construction Manager identified, or should have identified through the exercise of reasonable skill and care, during the preconstruction phase of this Project.

The Construction Manager’s review and comparison of all Record Drawings has taken into

consideration the total and complete functioning of all systems and therefore the Construction Manager represents that the GMP represents the total cost for complete and functional systems.

3. Guaranteed Maximum Price. Pursuant to Section 2.2 and Article 6 of the Continuing Contract between Owner and Construction Manager, the parties have agreed to a preconstruction price for preconstruction services and Guaranteed Maximum Price for construction services of **\$287,852.23** for the Project. The GMP is based on the following: **Attachment A**. In the event of a conflict between the terms and conditions of the Continuing Contract and the terms and conditions of Construction Manager's GMP proposal, the terms and conditions of the Continuing Contract shall control.

4. Schedule of Time for Completion. The time of completion for this Amendment will be as follows: The Construction Manager shall substantially complete the work within **180** calendar days from the Notice to Proceed from Owner. Liquidated Damages are \$80.00/day for failure to achieve certification of substantial completion within the contract time or approved extension thereof.

5. Mandatory Subcontracting Goal. The County's Goal Setting Committee has established a mandatory minimum subcontracting goal for this Continuing Contract as follows:

The SBE subcontracting goal for this Continuing Contract is a mandatory minimum of 20% participation on the construction subcontracts during the construction phase of projects.

To date on this Continuing Contract, Construction Manager has achieved: 60.64%

On this Amendment, Construction Manager will provide: 0%
