Background and Policy Issues: FDOT has been designated by Florida's Governor to administer the Section 5310 Program funds for the purpose of assisting private nonprofit groups in meeting transportation needs of the elderly and persons with disabilities. FDOT reached out to the Community Transportation Coordinators (CTC) and requested proposals for projects that could be funded under this program in FY2023. Historically, public transit agencies have submitted Section 5310 grant applications following disbursement of funds to non-profit providers, who are prioritized under the program. Following the funding allocation to non-profit recipients, Palm Tran will receive an award letter with an updated grant amount to be executed by the County Administrator. The replacement of paratransit vehicles that have reached the end of their useful life is allowed under Section 5310; funded vehicles/equipment must be used to transport seniors and individuals with disabilities within the area for which they were awarded.
