#### **ARTICLE 28 - STANDARDS OF CONDUCT FOR EMPLOYEES**

The AGENCY must establish safeguards to prevent employees, consultants, or members of governing bodies from using their positions for purposes that are, or give the appearance of being, motivated by a desire for private financial gain for themselves or others such as those with whom they have family, business, or other ties. Therefore, each institution receiving financial support must have written policy guidelines on conflict of interest and the avoidance thereof. These guidelines should reflect State and local laws and must cover financial interests, gifts, gratuities and favors, nepotism, and other areas such as political participation and bribery. These rules must also indicate the conditions under which outside activities, relationships, or financial interest are proper or improper, and provide for notification of these kinds of activities, relationships, or financial interests to a responsible and objective institution official.

The rules of conduct must contain a provision for prompt notification of violations to a responsible and objective grantee official and must specify the type of administrative action that may be taken against an individual for violations. Administrative actions, which would be in addition to any legal penalty(ies), may include oral admonishment, written reprimand, reassignment, demotion, suspension, or separation. Suspension or separation of a key official *must* be reported promptly to the COUNTY.

A copy of the rules of conduct must be given to each officer, employee, board member, and consultant of the recipient organization who is working on the grant supported project or activity and the rules must be enforced to the extent permissible under State and local law or to the extent to which the grantee determines it has legal and practical enforcement capacity.

The rules need not be formally submitted to and approved by the COUNTY; however, they must be made available for a review upon request, for example, during a site visit.

#### **ARTICLE 29 - FEDERAL AND STATE TAX**

The AGENCY shall not be exempted from paying sales tax to its suppliers for materials used to fulfill contractual obligations with the COUNTY, nor is the AGENCY authorized to use the COUNTY'S Tax Exemption Number in securing such materials.

The AGENCY shall be responsible for payment of its own and its share of its employees' payroll, payroll taxes, and benefits with respect to this Contract.

If the AGENCY transfers all public records to the COUNTY upon completion of this Contract, the

AGENCY shall destroy any duplicate public records that are exempt, or confidential and exempt from public records disclosure requirements. If the AGENCY keeps and maintains public records upon completion of this Contract, the AGENCY shall meet all applicable requirements for retaining public records. All records stored electronically by the AGENCY must be provided to the COUNTY, upon request of the County's Custodian of Public Records, in a format that is compatible with the information technology systems of the COUNTY, at no cost to the COUNTY.

Said certification must also be submitted at the time of Contract renewal, if applicable.

### SCOPE OF WORK

**Contract Period:** June 1, 2022 – September 30, 2022

**Agency Name:** Digital VibeZ, Inc.

**Program Name:** Wellness Workshops

**Target Population:** 750 youth ages 5 to 12 who reside in low-income communities and parents of children that participate in the Family Fitness events

**Geographic area(s) served:** Digital VibeZ is mobile and serves all of Palm Beach County.

**Commission District(s):** Countywide

**Overview:**

Wellness Workshops are designed to combat childhood obesity by fostering a love of fitness and teaching children at an early age how to incorporate physical activity, healthy behaviors and good nutrition into their everyday lives. Creative expression is a known strategy for stress reduction, an outlet to channel strong emotions in a safe way and can strengthen and unify a community. Wellness Workshops engage youth in fun, physical activities that serve to keep them safe, active, and healthy. According to the Center for Disease Control and Prevention, youth who engage in at least 60 minutes of physical activity daily reduce their risk of obesity and diabetes, increase self-confidence and have a better outlook on life.

Digital VibeZ seeks funding to implement the Wellness Workshops.

**Wellness Workshops** are a series of seven (7) one-hour sessions which will expose youth to increased physical activity. The Wellness Workshops program is growing and additional sites have expressed interest in collaborating to ensure that as many youths as possible stay active and healthy during the summer months, especially during this pandemic where children may not be able to get out and be as active.

In collaboration with Eat Better Live Better, Wellness Workshops will serve a minimum of 750 youth, ages 5 to 12, by providing dance fitness, and nutrition information. Trained instructors will serve 25 sites and hold 175 sessions, totaling \$714.28 per session. Each Workshop consists of seven (7) one-hour sessions and will teach at least 30 participants per session about health and wellness. Of the 25 sites that Digital VibeZ will serve, many will include a maximum of 50 participants served per site. A minimum of 750 or maximum of 1,250 participants will be served utilizing funding for this program. The Workshops include fun physical activity, nutritional education and diabetes education for the students.

**Evidence-based model or promising practice:**

Wellness Workshops are modeled after the innovative study, *Dance for Health* in 1994. African-American and Hispanic adolescents were enrolled in an enjoyable aerobic dance program to increase physical activity and decrease body mass index (BMI). Students also received education about general

health education. Forty-three (43) youth participated in the dance classes while 38 were assigned to general physical activity in the playground. Youth who participated in the dance class had a lower BMI compared to those who simply played in the playground.

The goal of the Wellness Workshops is to increase physical activity, provide nutritional education and to do so in a fun and engaging manner. Countless studies have shown that recreational dance interventions increase youth's physical activity. A systematic review of fourteen studies conducted by Burkhardt and Brennan (2012) also found that recreational dance activities involving 5 to 21-year-olds "improve cardiovascular fitness and bone health of children and young people and can contribute to preventing or reducing obesity." There is also evidence that dance participation may improve self-concept, body image and reduce anxiety.

**Observed Need/Risk Factor(s) that will be addressed:**

Childhood obesity is a preventable condition. According to the Center for Disease Control and Prevention, childhood obesity has more than doubled in children and quadrupled in adolescents in the past 30 years. These numbers disproportionately affect children in low-income communities due to lack of education and available resources. Low socioeconomic school-aged children have a higher risk of obesity (Vieweg, *Southern Medical Journal*). Obesity rates increased by 10% for all U.S. children 10 to 17-years old between 2003 and 2007, but by 23% during the same time period for low-income children (Singh et al., 2010a). The national obesity rate is 18.5% (Stateofobesity.org, 2018). In Palm Beach County alone, the Youth Risk Behavior Survey of 2017 shows that 23.1% of students are overweight or obese. As obesity rates increase, so does the rate of type 2 diabetes along with other conditions. African Americans (12.8%) and Hispanics (13.2%) are twice as likely to be diagnosed with diabetes as non-Hispanic whites. Digital VibeZ serves all youth, with a particular focus on minority youth who are disproportionately affected by obesity and/or diabetes. The target population is more prone to obesity, diabetes, and several other risk factors such as anxiety, depression, and cardiovascular disease.

Bored youth with little or no adult supervision outside of school are more at risk for developing negative health outcomes and are more prone to commit legal offenses as well as struggle academically compared to their counterparts who take part in engaging activities. Digital VibeZ is committed to providing engaging recreational activities to youth who would could not participate in them otherwise. The Wellness Workshop utilize fun dance fitness and nutritional education to reduce the obesity epidemic as we educate our youth and families. To fight this condition, youth must become more physically active and understand nutrition. The most essential element of the program is that youth participants have fun and do not view the program as "exercise". Wellness Workshops work because youth are active and have fun. Youth will learn to utilize dance as an art form to stay healthy. Wellness Workshops allow the youth to participate in hands-on activities that educate, encourage, and empower students to maintain a healthy and active lifestyle.

**Services:**

- Deliver Wellness Workshops, a series of seven (7) one-hour sessions delivered by trained instructors to out-of-school programs and summer camps in high need communities throughout Palm Beach County;
- Monitor youth participants through use of a journal;

**Outcomes:**

- 637 of 750 (85%) of youth participants will demonstrate an increase in knowledge and understanding of nutrition and diabetes;

- 637 of 750 (85%) of youth participants will demonstrate an increase in knowledge and understanding of stress management;
- 600 of 750 (80%) of youth participants will demonstrate an increase in physical activity;

Digital VibeZ will utilize a data tracking system to collect metrics on the program (i.e. pre/post- tests results, surveys, attendance, etc.). Outcomes will be evaluated using pre and post data comprising collective children's weight, basic information about eating habits, and activity level. Upon completion of the 7-session program, pre and post data will be compared and reported.

**Reports Submission:** The AGENCY shall provide annual data for all program participants funded in this Contract. The reports shall be presented in a format acceptable to the COUNTY.
