I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: Work Authorization (WA) No. 7 to the Lift Station Rehabilitation Continuing Construction Contract 2020 (Continuing Contract) with Hinterland Group Inc., (Hinterland) for the Finfrock Lift Station and Force Main Rehabilitation (Project) in the amount of \$493,128.25.

Summary: On September 15, 2020, the Board of County Commissioners approved the Palm Beach County Water Utilities Department (PBCWUD) Contract (R2020-1379) with Hinterland. WA No. 7 provides for the replacement of approximately 2,800 linear feet of 8-inch force main from the connection point at the new Finfrock force main aerial crossing to the existing 10-inch ductile iron force main on the west side of State Road 715.

The Continuing Contract was procured under the requirements of the Equal Business Opportunity Ordinance. On January 15, 2020, the Goal Setting Committee applied an Affirmative Procurement Initiative (API) of a mandatory 20% Small Business Enterprise (SBE) subcontracting participation, of which 3% shall be among certified African American and/or Hispanic American owned firms. The Continuing Contract provides for 26.87% SBE participation which includes 3.47% M/WBE participation, 3.18% MBE (H), and 0.29% WBE. WA No. 7 includes 13.04% SBE participation which includes 4.22% M/WBE participation, 4.22% MBE (H), and 0.00% WBE. The cumulative SBE participation including WA No. 7 is 11.09% SBE, which includes 5.64% M/WBE participation, 5.56% MBE (H) and 0.07% WBE. Hinterland is a Palm Beach County based company. The Project is included in the PBCWUD FY22 budget. (PBCWUD Project No. 22-002) District 6 (MWJ)

Background and Justification: The former Glades Correctional Institution is currently being redeveloped by Finfrock, and as part of the site redevelopment, the developer is replacing the existing force main up to the west property line, including an aerial canal crossing. This Project includes the replacement of the remaining section of force main. Completion of the work provided for in the Project will restore the service life and improve the long term operability and reliability of PBCWUD's wastewater collection system.
