

PALM BEACH COUNTY
BOARD OF COUNTY COMMISSIONERS
BOARD APPOINTMENT SUMMARY

Meeting Date: July 12, 2022
Department: Administration
Advisory Board Name: Health Facilities Authority

I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: the appointment of one individual to the Health Facilities Authority for the term of July 12, 2022 to April 30, 2023:

<u>Appoint</u>	<u>Seat No.</u>	<u>Seat Requirement</u>	<u>Nominated By</u>
Jerry Fedele	3	Resident of PBC	Mayor Weinroth Commissioner Marino Commissioner Kerner Commissioner McKinlay Commissioner Bernard

Summary: Per Section 154.207, Florida Statutes and Resolution Nos. R77-379, R77-398 and R92-563, the Health Facilities Authority (HFA) is composed of five members appointed at-large by the Board of County Commissioners (BCC). A memo dated May 31, 2022 was circulated to the BCC notifying the Board of this appointment and requesting their support or asking for additional nominations. No additional nominations have been received. The HFA's current diversity is four Caucasian (80%) and one African-American (20%). The gender ratio male:female is 4:1. Staff is continuously working towards increased diversity. Countywide (HH)

Background and Justification: The Health Facilities Authority was created to assist health facilities in acquisition, construction, financing, and refinancing of projects.

CONTRACTUAL RELATIONSHIPS: Pursuant to Article XIII, Sec. 2-443 of the Palm Beach County Code of Ethics, advisory board members are prohibited from entering into any contract or other transaction for goods or services with Palm Beach County. Exceptions to this prohibition include awards made under sealed competitive bids, certain emergency and sole source purchases, and transactions that do not exceed \$500 per year in aggregate. These exemptions are described in the Code. This prohibition does not apply when the advisory board member's board provides no regulation, oversight, management, or policy-setting recommendations regarding the subject contract or transaction and the contract or transaction is disclosed at a public meeting of the Board of County Commissioners. To determine compliance with this provision, it is necessary that you, as a board member applicant, identify all contractual relationships between Palm Beach County government and you as an individual, directly or indirectly, or your employer or business. This information should be provided in the space below. If there are no contracts or transactions to report, please verify that none exist. Staff will review this information and determine if you are eligible to serve or if you may be eligible for an exception or waiver pursuant to the code.

<u>Contract/Transaction No.</u>	<u>Department/Division</u>	<u>Description of Services</u>	<u>Term</u>
Example: (R/XX-XX/PO XX)	Parks & Recreation	General Maintenance	10/01/00-09/30/2100

PROFESSIONAL

- Since 2019** **Blue Sea Capital - Executive Advisor**
Lynn University College of Business – Executive in Residence
Healthcare Consultant
- 2008-2019** **Boca Raton Regional Hospital**
President and Chief Executive Officer
Boca Raton Regional Hospital is a full service, 400 bed advanced tertiary hospital. Key services include advanced cardiac care including cardiac surgery and TAVR, world class comprehensive cancer services, world class comprehensive women's services, tertiary level neurosciences including neurosurgery, advanced orthopedic services, an extensive ambulatory network, and an 90 physician integrated physician network. The Hospital is an academic affiliate of Florida Atlantic University and serves as the primary graduate medical education facility for internal medicine and surgery residents as well as neurology fellows. US News and World Report ranked the Hospital #1 in Palm Beach County, #3 in three county south Florida, and #13 in the state of Florida during my tenure. The Hospital generated \$550 million annual operating revenue and \$40 million annual philanthropy.
- 2007-2010** **FTI Healthcare**
Managing Director
Interim health system executive engagements in Indiana and Florida culminating in President and CEO permanent appointment at Boca Raton Regional Hospital.
- 1999-2007** **West Penn Allegheny Health System (WPAHS)**
2003-2007 **President and Chief Executive Officer**
1999-2003 **Senior Vice President, General Counsel, and**
Corporate Secretary
WPAHS was comprised of two tertiary and four community hospitals, three free-standing ambulatory care facilities, and integrated physician organizations employing more than 500 faculty and community physicians serving Pittsburgh, Pennsylvania and the surrounding three-state area. WPAHS included more than 2,000 beds, employed more than 14,000 people, and annually admitted more than 80,000 patients, treated in excess of 173,000 emergency patients, and delivered 6,000 newborns. WPAHS provided the full spectrum of care from community

West Penn Allegheny Health System (Continued)

services to advanced air ambulance, Level I trauma, orthopedic, Level III neonatal, cardiovascular, neurosciences, oncology, and solid and liquid organ transplantation services. WPAHS operated 23 accredited residency programs and 20 specialty fellowships providing training to 500 physicians and medical students annually. WPAHS hospitals served as the clinical teaching campus for the Drexel University College of Medicine and Temple University School of Medicine. WPAHS generated \$1.5 billion in annual revenue.

1986 - 1999

The Western Pennsylvania Healthcare System, Inc.

**1990-1999 Senior Vice President, General Counsel, and
Corporate Secretary**

PROFESSIONAL OVERVIEW

EDUCATION AND EARLY PROFESSIONAL CAREER

I have a BS/Mathematics and an MBA from the University of Pittsburgh. I have a law degree from Duquesne University where I was class valedictorian.

Upon completion of my undergraduate education in 1975, I spent the first 10 years of my career as a young professional and corporate lawyer. I began my career with Dravo Corporation, a Pittsburgh based engineering, manufacturing, and construction firm serving the materials handling, chemical, and steel industries in the United States, South America, Europe, the Middle East, and Taiwan. While working full time at Dravo, I simultaneously attended the full time evening study program at Duquesne University School of Law and obtained my law degree resulting in my promotion to the Counsel position at Dravo. I subsequently served as Counsel for German multinational Bayer Corporation at its Pittsburgh based US headquarters where I focused my efforts on corporate legal and transactional work related to Bayer's chemical and agricultural divisions. While working full time at Dravo and subsequently Bayer, I attended the part time evening study program at the University of Pittsburgh and obtained my MBA.

HEALTHCARE GENERAL COUNSEL EXPERIENCE

Western Pennsylvania Healthcare System/West Penn Allegheny Health System

Following my career with two of Pittsburgh's leading industrial companies, in 1986 I had the opportunity to become General Counsel for the Western Pennsylvania Healthcare System (West Penn), one of Pittsburgh's leading academic tertiary healthcare providers. I spent the next 15 years as a healthcare general counsel, at times overseeing several administrative and business functions in addition to law including marketing, human resources, real estate, strategic planning, physician integration, and physician and ambulatory network development. As West Penn General Counsel, I led the evolution of our health system via organic growth and acquisition from one to six hospitals; \$400 million to \$1.5 billion revenue in the 1990s.

Healthcare General Counsel Experience (continued)

West Penn's largest acquisition arose out of the 1998 bankruptcy of a competitor health system known at that time as Allegheny Health, Education & Research Foundation (AHERF). To this day, AHERF is the largest health system failure in US history, at the lowest point losing in excess of \$1 million per day. I led the team that developed and executed a plan to purchase AHERF's flagship Allegheny General Hospital (AGH), three community hospitals, and related physician and ambulatory businesses from the AHERF bankruptcy estate for \$25 million and place these assets in a shell corporation controlled by West Penn. I then led a successful initiative with the AGH creditors to consensually compromise and restructure AGH debt resulting in creditor concessions exceeding \$100 million. With committed creditor concessions, in 2000 West Penn and AGH were merged to form West Penn Allegheny Health System (WPAHS) contemporaneous with a successful system-wide bond issue of \$725 million that was oversubscribed by more than two times at investment grade interest rates despite a below investment grade credit rating.

HEALTHCARE PRESIDENT AND CEO EXPERIENCE

West Penn Allegheny Health System

In 2003 the WPAHS board offered me the opportunity to lead WPAHS as President and CEO. I valued my role as General Counsel, but couldn't pass up the opportunity to lead from the top.

I served as President and CEO of WPAHS from 2003 to 2007. During my tenure as WPAHS President and CEO, our success was demonstrated by:

- Operating performance improvement by more than \$130 million during the initial two years of my tenure.
- Growth reflected by 10% greater admissions, 24% increase in revenue per commercial discharge, and 200% EBITDA improvement.
- Tertiary clinical program development including liver transplant, community hospital cardiovascular surgery, two comprehensive ambulatory care centers, and rejuvenation of a dormant heart transplant program.
- Reorganized and reenergized integrated physician networks of 150 primary care physicians and 350 specialty physicians.
- National recognition for elimination of CLAB infections, Blue Cross financial awards for quality exceeding \$2.5 million per annum, Solucient Top 100 Hospital, Magnet designation, HealthGrades Distinguished Hospital, and multiple *US News and World Report* nationally leading clinical programs.
- United HealthCare partnership whereby WPAHS was paid \$25 million to develop an exclusive narrow network, co-branded insurance product with profit sharing.
- Successful 2007 advance refunding of all system bonds at investment grade rates resulting in debt service reduction of \$17 million per year, in excess of \$100 million increased cash flow, and rating agency bond upgrades.
- In the 17 years of WPAHS' existence, the four years that I led the organization as President and CEO were the only years of organizational profitability.

WPAHS was acquired by Highmark Blue Cross/Blue Shield and rebranded as Allegheny Health Network in 2017.

Healthcare President and CEO Experience (continued)

Boca Raton Regional Hospital

Because WPAHS was born out of the largest bankruptcy in US healthcare history, it generated significant industry attention. This resulted in many professional opportunities that led me to FTI Healthcare and Boca Raton Regional Hospital, a medium size, capable community healthcare provider that in fiscal year 2008 lost \$120 million. While the losses at Boca Regional were staggering causing the Board to seriously consider sale or closure of the hospital, I saw a unique opportunity. I served as President and CEO of Boca Raton Regional Hospital from 2008 through my retirement in 2019. After a remarkable initial financial turnaround that saved Boca Regional from sale or closure, we enjoyed extraordinary long term success reflected by:

- Improvements that led from a \$120 million loss to break even performance in 18 months followed by consistent operating profitability during my tenure.
- Four credit rating upgrades from BBB-/negative outlook to A-/positive outlook.
- The redefinition of our vision from a capable community hospital to an advanced academic and regional referral tertiary medical center.
- Extraordinary program development and growth demonstrated by the following new clinical programs and facilities: Lynn Cancer Institute (100,000 square foot state of the art facility housing 15 integrated medical oncologists, 4 integrated radiation oncologists, and 5 integrated surgical oncologists), Gutin Center for Robotic Surgery (3 da Vinci robots), Wold Center for Emergency Medicine (60,000+ visits annually), Marcus Neuroscience Institute (57,000 square foot state of the art facility housing 4 integrated neurosurgeons and 7 integrated neurologists), Lynn Women's Institute (21,000 square foot multispecialty facility housing 8 integrated physicians), Drummond Rehabilitation Institute, and many other program and technology investments.
- Revenue growth from \$350 million to \$550 million.
- Patient activity and market share growth exceeding 25% over the four years prior to my 2019 retirement.
- Priority focus on outpatient service development that grew to comprise 60% of our portfolio measured by revenue.
- Growth of integrated physician relationships from 0 to 90 physicians including recruitment of nationally recognized tertiary physicians in vascular surgery, cardiovascular surgery, advanced endoscopy, hepatobiliary surgery, neurosurgery, and neurology.
- Initiation of graduate medical education programs as the primary teaching hospital in medicine, neurology, and general surgery in affiliation with Florida Atlantic University.
- Cerner enterprise system implementation.
- *US News and World Report* #1 ranked hospital in Palm Beach County for 5 consecutive years; #3 in the Palm Beach, Broward, and Miami/Dade counties south Florida market, and #13 in the state of Florida.
- Key clinical programs consistently ranked in the national top 20th percentile in patient satisfaction; Emergency Department consistently in national top 5th percentile.
- Restoration of community confidence resulting in historical levels of philanthropic support averaging more than \$40 million per year over the six years prior to my 2019 retirement.

Healthcare President and CEO Experience (continued)

Boca Raton Regional Hospital

Of significant long term strategic importance, commencing in 2015 I led the board in a strategic and financial long range planning exercise that resulted in the hospital acting from a position of market and financial strength to seek a larger health system partner. A dozen suitors including nationally renowned institutions like the Cleveland Clinic and Johns Hopkins submitted attractive written integration proposals. The board selected Baptist Health of South Florida as its partner and consummated this relationship in 2019. This strategy elevated the hospital's goal of being the preeminent academic regional tertiary referral medical center in Palm Beach and Broward counties, accelerated our ability realize this goal, and enabled the hospital to secure its leadership position in the market by investing more than \$1 billion in a full inpatient medical center replacement facility while simultaneously investing in our outpatient strategy and dynamic healthcare industry strategies.

THE IMPORTANCE OF LEADERSHIP AND PATIENT SATISFACTION

Leadership is indispensable to successful organizations. As a leader, I hold myself to the highest standards of ethics and transparency. Three additional traits have been particularly important to my success; teamwork, an unparalleled work ethic, and a decisive action-oriented bias. I expect every member of my team to display these characteristics. Hardworking teams will routinely outperform more talented competitors that don't display these characteristics.

I am a patient satisfaction and customer service zealot. As President and CEO I personally practiced creating an exceptional patient and customer satisfaction environment through:

- visiting patients nearly every day,
- performing job share (working a staff level job in the hospital) at least one day every month,
- personally addressing every class of new employees at orientation,
- holding monthly "Breakfasts and Lunches with Jerry" where I meet with 15 employees to talk about what is on their minds,
- holding round-the-clock open employee forums at least 3 times a year,
- distributing positive patient "Letters to Jerry" to every employee as a method of employee recognition and motivation,
- numerous personal hand written notes to employees recognizing exceptional performance, and
- inclusion of my personal cell number on my business card and distributing it freely to patients, visitors, and community members with the request that they let me know when they or acquaintances are in the hospital so I can make sure they have an exceptional experience.

CURRENT PROFESSIONAL ENGAGEMENT

I notified Boca Raton Reginal Hospital of my intent to retire from the 24/7 obligations of a health system President and CEO effective at the age of 65 in August 2018. The Board of Directors of the hospital asked me to stay an additional year to help through a time of significant organizational transition. I was pleased to accommodate this request for a hospital board that had been so good to me and provided me with one of two highlight opportunities of my career. Following that additional year, I did retire from the Boca Regional President and CEO position in August 2019.

While I wanted to step back from the more than full time demands of a health system President and CEO, I fully intended to stay professionally active. In 2019 I joined Blue Sea Capital, a West Palm Beach private equity fund that invests in healthcare ventures as an Executive Advisor providing consultation and board service relative to fund investments. I also joined the Lynn University College of Business and Management as an Executive in Residence and Academic Program Coordinator for Healthcare Management leading the development of a Physician MBA program and serving as adjunct faculty. In addition to my engagement with Blue Sea Capital and Lynn University, I have provided healthcare consulting services based on my experience as both a health system General Counsel and President and CEO with a personal understanding of the challenges in business, leadership, and law facing organizations operating in a complex and difficult healthcare industry.
