I. EXECUTIVE BRIEF

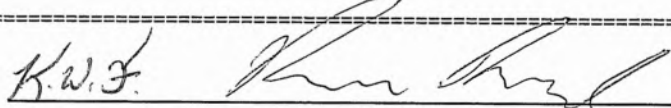

Motion and Title: Staff recommends motion to approve on preliminary reading and advertise for public hearing on Tuesday, September 13, 2022 at 9:30 a.m.: an ordinance of the Board of County Commissioners of Palm Beach County, Florida adopting an Interlocal Service Boundary Agreement with the City of Greenacres to coordinate future land use, public facilities and services, in advance of annexation; authorizing the Mayor of the Board of County Commissioners to sign the Interlocal Agreement; providing for severability; providing for captions; and providing for an effective date.

Summary: In accordance with Palm Beach County policy to promote interlocal agreements with municipalities to address service delivery issues, Palm Beach County and City of Greenacres staff jointly prepared an Interlocal Service Boundary Agreement (ISBA) and Joint Planning Agreement (JPA). In November 2020 and December 2020, the City of Greenacres and Palm Beach County respectively adopted resolutions to commence negotiations for an ISBA/JPA. The subject unincorporated area is within the future annexation area of the City, generally located on the southeast corner of Lake Worth Rd and S. Jog Rd, as depicted in Exhibit A of the ISBA. By Ordinance No. 2022-01, adopted on August 15, 2022, the City accepted the terms of the proposed ISBA/JPA. The proposed ISBA/JPA does not annex any property, but rather provides a more flexible mechanism for annexation to occur within the proposed area. The proposed ISBA/JPA meets the requirements of Chapter 171, Part II, F.S., and is consistent with the Intergovernmental Coordination Element Policy 1.4-d of the County's Comprehensive plan. District 3 (DL)

Background and Policy Issues: Section 163.3171(3), F.S., authorizes municipalities and counties to jointly enter into agreements to exercise the powers granted to the county and the municipalities. Additionally, the Municipal Annexation or Contraction Act, Chapter 171, Part I, F.S., and the Interlocal Service Boundary Agreement Act, Chapter 171, Part II, F.S., recognizes the use of Interlocal Service Boundary Agreements as a means to coordinate future land use, public facilities and services, and protection of natural resources in advance of annexation. The ISBA/JPA provides the ability to assess changes in future land use, resolve service delivery issues and coordinate annexation efforts. Furthermore, the Future Land Use Element of the 1989 Comprehensive Plan states that Palm Beach County shall pursue interlocal agreements with municipalities that have established future land use designations for adjacent unincorporated areas and will establish Joint Planning Areas between the County and the respective municipalities.

EXHIBIT C - Fire Rescue Services

In accordance and compliance with Section 171.203(8)(a), Florida Statutes, the County and the City set forth in this Fire Rescue Exhibit their agreement regarding the provision of fire and emergency medical services to any lands that are annexed by the City within the municipal service area as defined in the Agreement. Upon annexation of any such lands, fire rescue services shall be provided to any and all said annexed lands (herein singularly and collectively referred to as "Annexed Areas") as set forth in this Fire Rescue Exhibit.

The County and the City agree that upon annexation, Annexed Areas shall no longer be included as part of the County's Fire/Rescue MSTU. Accordingly, upon annexation of any areas, the City shall assume ultimate authority over the provision and supervision of fire rescue services to said Annexed Areas; and the City and the County hereby contract for the County, through its Fire/Rescue MSTU, to provide emergency response fire rescue services to the Annexed Areas as set forth herein.

1. Emergency Response Fire Rescue Services: The County will continue to provide all emergency response fire rescue services to Annexed Areas, for the term set forth in Section 9 hereof, including fire suppression, emergency medical and transport services, special operations, hazardous materials response and mitigation, emergency response communications, and confined space and dive rescue.

Notwithstanding the City's ultimate authority and responsibility for the oversight of services provided hereunder, the rendition of County services, standards of performance, supervision and discipline of County officers and County employees, and all other matters incidental to County's control of its personnel and the performance of its services, including but not limited to equipment, facilities, operations, levels of service, agreements for automatic/mutual aid, and implementation of its policies and procedures, shall reside with the County. The County shall exercise control over the means and manner in which it and its employees perform County services hereunder.

2. Non-Emergency Fire Rescue and Fire Prevention Services: The County shall not provide any non-emergency fire rescue and fire prevention services to Annexed Areas, including but not limited to any inspection services, plan reviews, fire code enforcement, fire/arson investigations, and community education programs. The City shall provide all non-emergency fire rescue and fire prevention services to Annexed Areas and shall have all fire safety responsibilities therein, including implementation and enforcement of the Florida Fire Prevention Code, and any City local amendments thereto, as the Authority Having Jurisdiction.

3. Annual Fire Rescue Service Price: By December 1st of each year, the City shall pay to the County an annual fire rescue service price for the fire rescue services provided by the County hereunder. The annual fire rescue service price to be paid by the City to the County shall be calculated and invoiced by the County by October 15th each year by multiplying the total of the taxable property values of all the Annexed Areas, as certified by the Property Appraiser's Office on July 1 of each said year, times the millage rate for the Fire/Rescue MSTU that was adopted by the Board of County Commissioners for the upcoming fiscal year. The annual fire rescue service price calculation shall not include an Annexed Area until after the fiscal year funded by the last tax year during which said Annexed Area was on the County Fire/Rescue MSTU's tax roll. For the final fiscal year of County services hereunder, the contract price shall be prorated to reflect the months of County service in the final fiscal year, based on the expiration or termination of services

date determined in accordance with Section 9 hereof. Following the City's payment of all annual contract payments due hereunder, including for the final fiscal year of County services, the City's obligation to pay an annual fire rescue service contract payment to the County hereunder shall cease.

The County shall invoice the City by October 15th each year. All payments are due on December 1st and shall be considered delinquent if not received by the County within ten (10) business days after the due date. Thereafter, the County may impose interest on overdue amounts in accordance with Section 218.335, Florida Statutes.

4. Other Revenue:

A. The parties acknowledge and agree the County may invoice, collect, and retain all revenues from those companies or persons directly receiving hazardous materials mitigation services or benefitting therefrom, in accordance with the Palm Beach County Regional Hazardous Materials Response Ordinance of 1998, as set out in Chapter 11, Article VII, of the Palm Beach County Code, as it may be modified from time to time.

B. The parties acknowledge and agree the County may invoice, collect, and retain fees from those persons receiving County emergency transport services pursuant to the transport fee schedule set forth in Chapter 13, Article II, Division 3, of the Palm Beach County Code, as it may be amended from time to time.

C. In addition, the City agrees to take all action necessary to ensure that the County is lawfully empowered to invoice and collect the fees described above.

5. Annual Appropriation: Each party's performance and obligation to pay hereunder is contingent upon an annual budgetary appropriation by its respective governing body for each fiscal year and subject to any budgetary limitations imposed by law.

6. Emergency medical services: Emergency medical services (EMS) provided by the County hereunder shall be governed by and subject to Chapter 13, Article II, Division I, of the Palm Beach County Code, and the rules and regulations promulgated thereunder, all as may be amended from time to time. The City shall take any and all action necessary to facilitate the delivery of EMS services by County hereunder.

7. Relationship of Employees: Nothing herein shall be construed to make any officer, employee or agent of either party an officer, employee or agent of the other party for any purpose whatsoever. Neither party is authorized to make or enter into any contract, agreement, or warranty for or on behalf of the other, unless the parties have entered into a written agreement expressly authorizing such.

8. Liability: The parties and their respective officers and employees shall not be deemed to assume any liability for the acts, omissions, or negligence of the other party or for any third party. Each party shall be responsible for its own negligence. Furthermore, nothing contained herein shall be construed as a waiver of either party's sovereign immunity or the assumption of liability in excess of that allowed by law.

9. Term: The County's provision of fire rescue services under this Fire Rescue Exhibit shall continue for four (4) years from the annexation date of the first Annexed Area; provided, however,

that the County may sooner terminate its services under this Fire Rescue Exhibit, with or without cause, upon ninety (90) written notice to the City. At 11:59 p.m. on said expiration or termination of services date, the County's provision of fire rescue services hereunder shall terminate. At such time, the County shall have no further responsibility for any fire rescue services to any Annexed Areas (other than through a mutual aid agreement duly executed by the parties), and the City shall have full responsibility for providing all fire rescue services to all Annexed Areas within the municipal service area as defined in the Agreement.

10. Assignment of Rights: Neither party shall assign, delegate, or otherwise transfer its rights and obligations as set forth herein to any other entity without the prior written consent of the other party.

11. Governmental Powers: Nothing contained herein shall be construed to constitute a transfer of powers or functions pursuant to Article VIII, Section 4, of the Florida Constitution, or in any way to transfer, divest, contract away, delegate, or otherwise limit the parties' respective legislative, sovereign, and police powers, or any other powers or functions of either party. Notwithstanding anything contained herein, the City has the ultimate authority over the provision and supervision of fire rescue services to and within the City. The parties acknowledge that this is also an interlocal agreement under Chapter 163, Florida Statutes, and that each party shall retain all legislative authority with regard to their respective governing body. All of the privileges and immunities from liability; exemptions from laws, ordinances, and rules; pensions and relief, disability, workers' compensation, and other benefits which apply to the activity of officers, agents or employees of any public agency when performing their respective functions within the territorial limits for their respective agencies shall apply to the same degree and extent to the performance of such functions and duties of such officers, agents, or employees extra-territorially under the provisions of such interlocal agreement. Nothing contained herein shall be deemed to authorize the delegation of the constitutional or statutory duties of any State, County, or City officials.

12. Representatives: For purposes of the fire rescue services provided hereunder, the County's representative shall be the Fire Rescue Administrator whose telephone number is 561-616-7001, and the City's representative shall be the City Manager whose telephone number is 561-642-2017.

13. Notices: If a notice provided by either party under the Agreement, including this Fire Rescue Exhibit, relates to or in any way impacts fire rescue services, then a duplicate copy of such notice shall be provided at the same time to the following:
