iii. Timeline for Completion

All artificial reef construction must be completed by September 1, 2023. A one-time short term time extension of up to twenty-nine (29) days (through the Agreement end date of September 30, 2023) may be

authorized in writing by the **COMMISSION**'s Contract Manager under the following conditions: a) documented hazardous weather and sea conditions do not allow for the safe deployment of reef materials offshore or, b) unanticipated documented equipment malfunction on the transport vessel or accompanying tug or at the shore-side loading area results in an unexpected short term delay. The **COMMISSION** reserves the right to deny any time extension request if sufficient progress has not been accomplished. Advance planning that avoids dependence on a favorable weather window during the final days of the project is strongly encouraged. All request for bid packages from the **GRANTEE** to subcontractors must include language that specifies a completion date that ensures all materials will be in the water by September 1, 2023. Subcontracts with completion dates even earlier than September 1, 2023 to provide an additional buffer are strongly encouraged.

Therefore, the **GRANTEE** shall be responsible for complying with all federal grant requirements as provided in the grant, a copy of which is attached hereto and made a part hereof as Attachment G. It is understood and agreed that the **GRANTEE** is not authorized to expend any federal funds under this Agreement to a federal agency or employee without the prior written approval of the U.S. Fish and Wildlife Service.

The administration of resources awarded by the Florida Fish and Wildlife Conservation Commission to the grantee may be subject to audits and/or monitoring by the Florida Fish and Wildlife Conservation Commission, as described in this section.

MONITORING

In addition to reviews of audits conducted in accordance with 2 CFR 200, Subpart F - Audit Requirements, and section 215.97, Florida Statutes (F.S.), as revised (see AUDITS below), monitoring procedures may include, but not be limited to, on-site visits by the Florida Fish and Wildlife Conservation Commission staff, limited scope audits as defined by 2 CFR §200.425, or other procedures. By entering into this agreement, the grantee agrees to comply and cooperate with any monitoring procedures or processes deemed appropriate by the Florida Fish and Wildlife Conservation Commission. In the event the Florida Fish and Wildlife Conservation Commission determines that a limited scope audit of the grantee is appropriate, the grantee agrees to comply with any additional instructions provided by the Florida Fish and Wildlife Conservation Commission staff to the grantee regarding such audit. The grantee further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer (CFO) or Auditor General.

AUDITS

Part I: Federally Funded

This part is applicable if the grantee is a state or local government or a nonprofit organization as defined in 2 CFR §200.90, §200.64, and §200.70.

1. A grantee that expends \$750,000 or more in federal awards in its fiscal year must have a single or program-specific audit conducted in accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements. EXHIBIT 1 to this form lists the federal resources awarded through the Florida Fish and Wildlife Conservation Commission by this agreement. In determining the federal awards expended in its fiscal year, the grantee shall consider all sources of federal awards, including federal resources received from the Florida Fish and Wildlife Conservation Commission. The determination of amounts of federal awards expended should be in accordance with the guidelines established in 2 CFR §§200.502-503. An audit of the grantee conducted by the Auditor General in accordance with the provisions of 2 CFR §200.514 will meet the requirements of this Part.
2. For the audit requirements addressed in Part I, paragraph 1, the grantee shall fulfill the requirements relative to auditee responsibilities as provided in 2 CFR §§200.508-512.
3. A grantee that expends less than \$750,000 in federal awards in its fiscal year is not required to have an audit conducted in accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements. If the grantee expends less than \$750,000 in federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements,

**AUDIT REQUIREMENTS FOR AWARDS OF
STATE AND FEDERAL FINANCIAL ASSISTANCE**

the cost of the audit must be paid from non-federal resources (i.e., the cost of such an audit must be paid from grantee resources obtained from other than federal entities).

Part II: State Funded

Note: This part is applicable if the grantee is a nonstate entity as defined by section 215.97(2), F.S.

1. In the event that the grantee expends a total amount of state financial assistance equal to or in excess of \$750,000 in any fiscal year of such grantee (for fiscal years ending June 30, 2017, and thereafter), the grantee must have a state single or project-specific audit for such fiscal year in accordance with section 215.97, F.S.; Rule Chapter 69I-5, F.A.C., State Financial Assistance; and Chapters 10.550 (local governmental entities) and 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. EXHIBIT 1 to this form lists the state financial assistance awarded through the Florida Fish and Wildlife Conservation Commission by this agreement. In determining the state financial assistance expended in its fiscal year, the grantee shall consider all sources of state financial assistance, including state financial assistance received from the Florida Fish and Wildlife Conservation Commission, other state agencies, and other nonstate entities. State financial assistance does not include federal direct or pass-through awards and resources received by a nonstate entity for federal program matching requirements.
2. For the audit requirements addressed in Part II, paragraph 1, the grantee shall ensure that the audit complies with the requirements of section 215.97(8), F.S. This includes submission of a financial reporting package as defined by section 215.97(2), F.S., and Chapters 10.550 (local governmental entities) and 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.
3. If the grantee expends less than \$750,000 in state financial assistance in its fiscal year (for fiscal years ending June 30, 2017, and thereafter), an audit conducted in accordance with the provisions of section 215.97, F.S., is not required. If the grantee expends less than \$750,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of section 215.97, F.S., the cost of the audit must be paid from the nonstate entity's resources (i.e., the cost of such an audit must be paid from the grantee's resources obtained from other than state entities).

Part III: Other Audit Requirements

Note: This Part should be used to specify any additional audit requirements imposed by the state awarding entity that are solely a matter of that state awarding entity's policy (i.e., the audit is not required by federal or state laws and is not in conflict with other federal or state audit requirements). Pursuant to section 215.97(8), F.S., state agencies may conduct or arrange for audits of state financial assistance that are in addition to audits conducted in accordance with section 215.97, F.S. In such an event, the state awarding agency must arrange for funding the full cost of such additional audits.

Part IV: Report Submission

1. Copies of reporting packages for audits conducted in accordance with 2 CFR 200, Subpart F - Audit Requirements, and required by Part I of this form shall be submitted, when required by 2 CFR §200.512, by or on behalf of the grantee directly to the Federal Audit Clearinghouse (FAC) as provided in 2 CFR §200.36 and §200.512.

The FAC's website provides a data entry system and required forms for submitting the single audit reporting package. Updates to the location of the FAC and data entry system may be found at the OMB website.

Grantees may be required to submit a statement attesting to conformance with the Coastal Zone Management Plan.

1.8 Exotic Organisms Executive Order 11987

C. Requirements. The Regional Director must ensure that Federal Aid projects are not likely to jeopardize the continued existence of endangered or threatened species or result in the

destruction or adverse modification of critical habitat. For projects which may affect an endangered or threatened species, either beneficially or adversely, a formal Section 7 consultation is necessary. The State is required to name the listed species and/or critical habitat included; list the name, description, and location of the area; list objectives of the actions; and provide an explanation of the impacts of the actions on a listed species or its critical habitat.

1.14 National Historic Preservation Act of 1966 16 U.S.C. 470.

A. Summary. Federal agencies may not approve any grant unless the project is in accordance with national policies relating to the preservation of historical and cultural properties and resources.

B. References.

- (1) National Register of Historic Places (36 CFR 60).
- (2) The Archeological and Historic Preservation Act of 1974, 16 U.S.C. 469a.

- (5) Criteria for Comprehensive Statewide Historic Surveys and Plans (36 CFR 61).
- (6) Cultural Resources Protection, 614 FW.

C. Requirements.

(1) States must consult with the State Historic Preservation Officer (SHPO) for those activities or projects that are defined as undertakings under the National Historic Preservation Act. An undertaking is defined as a project, activity, or program that can result in changes in the character or use of properties that are listed on or potentially eligible for listing on the National Register of Historic Places (National Register) and located within the project's area of potential effect. Undertakings include new and continuing projects, activities, or programs and any of their elements not previously considered under Section 106 of the National Historic Preservation Act.

(2) In cases where a Federal Aid project has been determined to be an undertaking, the State must notify the appropriate Service Regional Director for guidance on how to proceed with Section 106 compliance. Based on the results of the consultation between the State and SHPO, the Service will determine the need and level of inventory to identify historic properties that may be affected by the undertaking and to gather sufficient information to evaluate whether these properties are listed or are eligible for listing in the National Register.

(3) Where completed inventories indicate that identified historic properties may be affected by the undertaking, the State shall be responsible for submitting the necessary documentation to the appropriate Regional Director for review. As necessary, the Service shall seek

determinations of eligibility for those properties that are to be affected by the proposed activity. (4) If a State is advised by the SHPO that an undertaking will adversely affect a property that is eligible for or listed on the National Register, the State shall ask the appropriate Regional Director to determine measures for mitigating or avoiding impacts. This may require the development of a memorandum of agreement among the Service, State, and State Historic Preservation Officer to address specific measures that will be employed to avoid or minimize adverse effects to historic properties located within the area of potential effect. Adverse effects that may diminish the character and integrity of historic properties include

- (a) Physical destruction, damage, or alteration of all or part of the property;
- (b) Isolation of the property from or alteration of the character of the property's setting when that character contributes to the property's qualification for the National Register of Historic Places;
- (c) Introduction of visual, audible, or atmospheric elements that are out of character with the property or alter its setting;
- (d) Neglect of a property resulting in its deterioration or destruction; and
- (e) Transfer, lease, or sale of the historic property.

(5) If a previously unknown property that is eligible for listing on the National Register is discovered at any time during the implementation period of a Federal Aid project, the Regional Director must be notified and all actions which may adversely effect it must be suspended. The Service shall provide the State with instructions on how to proceed.

1.15 Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (42 U.S.C. 4601)

A. Summary. Federal agencies may not approve any grant unless the grantee provides Assurances that it will comply with the Act. Prices to be paid for lands or interests in lands must be fair and reasonable (except when the price is fixed by law, or when the lands are to be acquired at public auction or by condemnation and the value determined by the court). Persons displaced from their homes, businesses, and farms must receive relocation services, compensation, and fair equitable treatment.

B. References.

- (1) Department of Interior Uniform Relocation Assistance and Real Property Acquisition Regulations (41 CFR 114-50).
- (2) Department of Transportation Uniform Relocation Assistance and Real Property Acquisition for Federal and Federally Assisted Programs (49 CFR Part 24).

C. Appraisal Requirements.

- (1) A real property owner or his designated representative must be contacted prior to making an appraisal and given an opportunity to accompany the appraiser during inspection of the property. The fact that it occurred must be documented in project files and in the appraisal report.
- (2) Real property must be appraised, the appraisal report reviewed, and the fair market value established prior to initiation of negotiations with the owner.
- (3) If the acquisition of only part of a property will leave the owner with an uneconomic remnant, the State or other grantee must offer to buy the whole property. The term "uneconomic remnant" applies only to Title III of the Act and the necessity of the acquiring agency to offer to purchase such a remainder or the entire property. It is not to be construed with the term "uneconomic unit" as it applies to the in-lieu payment of farm operations under Title II of the Act.

D. Negotiation Requirements.

- (1) An owner or his designated representative must be provided, in person or by certified mail, a written statement of just compensation as determined in the appraisal process. Offers of compensation cannot be less than the approved appraisal of fair market value of such property. If only a portion of the owner's property is being taken and the owner is left with an uneconomic remnant, the agency must offer to buy the whole property.
- (2) Reimbursement to a real property owner for costs to convey a title must include
 - (a) Recording fees, transfer taxes, and similar costs;
 - (b) Penalty cost for prepayment of pre-existing recorded mortgage; and
 - (c) Pro-rata portion of real property taxes allocable to a period subsequent to the date of vesting title.
- (3) All displaced persons (owners and tenants) must be provided information on their relocation benefits.

E. Relocation Assistance to Displaced People.

- (1) A relocation plan must be prepared for displaced persons so that problems associated with displacement of individuals, families, businesses, farms and nonprofit organizations are known at an early stage in a project's development (see 49 CFR 24.205). Planning may involve the following
 - (a) Who and what will be displaced.
 - (b) The estimated number of dwellings, businesses, farms, and nonprofit organizations displaced, including rentals. This estimate should contain
 - (i) Currently available replacement housing, businesses, farm, and organization sites;
 - (ii) Approximate number of employees affected;
 - (iii) Types of buildings, number, and size of rooms;
 - (iv) The needs of those displaced (i.e. lifestyle); and
 - (v) Type of neighborhood, distance to community facilities, church, etc.
 - (c) List of comparable replacement dwellings, including rentals, available on the market within a 50-mile radius (specialized units may require expanding radius). When an adequate supply of comparable housing is not expected to be available, consideration of Housing of the Last Resort actions should be instituted.
 - (d) Estimate of cost of replacement housing by purchase and/or rental per displaced person, and consideration of special needs like the elderly or handicapped.
 - (e) Estimate of cost for moving.
- (2) Advisory Services for Displaced People. Advisory services must be provided for all persons occupying property to be acquired and for all persons who use such real property for a business or farm operation. Eligibility requirements and corresponding benefits must be explained to all displaced persons. Assistance must be provided to persons completing claim forms, obtaining moving services, and obtaining proper housing.
- (3) Payment for Relocation of Displaced Persons. Relocation expenses must be paid to a displaced person who purchases and occupies a replacement dwelling. Moving and related expenses will be provided to displaced persons residing on real property including those persons owning a business or a farm. All payments must comply with the requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.

1.16 Debarment and Suspension

A. Summary. Executive Order 12549, Debarment and Suspension, directs that persons debarred or suspended by one Federal agency from receiving grants may not receive grants from any Federal agency.

C. Requirements.

- (1) States and other grantees must submit the certification for Primary Covered Transactions (DI-1953). States certify as to their "principals", not the State agency. State principals are commissioners, directors, project leaders, or other persons with primary management or supervisory responsibilities, or a person who has a critical influence on or substantial control over Federal Aid projects. States may provide the certification annually. Other grantees must provide the certification with each Application for Federal Assistance.
- (2) States and other grantees must obtain from their subgrantees and contractors a certification for Lower Tier Covered Transactions (DI-1954). A certification is not required for small purchase procurements, currently defined as less than \$25,000. These certifications are normally provided with an application or proposal from a subgrantee or contractor.
- (3) States and other grantees must not make any award, either by subgrant or contract, to any party which is debarred or suspended or is otherwise ineligible under provisions of Executive Order 12549. The U.S. General Services Administration maintains a list of parties debarred, suspended, ineligible or excluded from participation in Federal grants under the provision of the Executive order. A copy of this list is available, upon request, from the Regional Director.

1.17 Drug-Free Workplace Act of 1988.

A. Summary. The Drug-Free Workplace Act requires that all grantees certify that they will maintain a drug-free workplace.

B. References. Department of Interior Rules, Drug-Free Workplace Requirements, 43 CFR 12.600-635.

C. Requirements. Grantee organizations must

- (1) Establish (and publish) a policy that informs employees that the manufacture, distribution, possession, or use of a controlled substance in the workplace is prohibited;
- (2) Establish an awareness program to inform employees of the dangers of drug abuse in the workplace; and

Provide a drug-free workplace certification to the Department of Interior or U.S. Fish and Wildlife Service. The forms for providing the certification are available from the Regional Director. State agencies may certify annually. If the State agency is covered by a consolidated certification for all State agencies, a copy of the consolidated certification should be submitted to the Regional Director. (The original is retained by the State.) Grantees other than State agencies must submit the certification with each Grant Agreement.

1.18 Restrictions on Lobbying (P.L. 101-121)

A. Summary. Prohibits the use of Federal appropriated funds for lobbying either the executive or legislative branches of the Federal Government in connection with a specific contract, grant, loan, or cooperative agreement.

B. References. Department of the Interior Rules, 43 CFR Part 18, New Restrictions on Lobbying.

C. Requirements.

(1) Recipients of Federal grants are prohibited from using Federal appropriated funds, e.g. grants, to pay any person for influencing or attempting to influence an officer or employee of any Federal agency, a member of Congress, or an employee of a member of Congress in connection with a specific contract, grant, loan, or cooperative agreement.

(2) Proposals for grants in excess of \$100,000 must contain a certification that no part of the funds requested will be used for lobbying. Copies of the certification form, Form DI-1963, can be obtained from the Regional Offices.

(3) Recipients of grants in excess of \$100,000 must file a disclosure form on lobbying activities conducted with other than Federal appropriated funds. Form SF-LLL and SF-LLL-A, Continuation Sheet, shall be used for this purpose. Copies of the forms can be obtained from the Regional Office.
