PALM BEACH COUNTY BOARD OF COUNTY COMMISSIONERS

AGENDA ITEM SUMMARY

Meeting Date: March 14, 2023		Consent Workshop	[] []	Regular Public Hearing			
Submitted By: Department of	-						
	I. EXECUTIVE BRIEF						
the contract with All Florida (277 Calendar Days to the F	Motion and Title: Staff recommends motion to approve: Change Order No. 1 to the contract with All Florida Contracting Services, LLC (AFCS) to extend the time by 277 Calendar Days to the Fuel Farm Emergency Generator Project at Palm Beach County Glades (PHK) Airport.						
Summary: The original contract with AFCS for the Fuel Farm Emergency Generator Project at PHK in the amount of \$395,500 and 185 Calendar Days was approved by the Board on September 13, 2022 (R-2022-1030). Due to component shortages and continuing supply chain issues associated with the global pandemic, the generator manufacturer notified AFCS of the long lead-times associated with the new generator. The estimated onsite delivery of the new generator is November 30, 2023; this exceeds the original contract time. Approval of Change Order No. 1 will extend the procurement phase by 277 Calendar Days. There is no change in cost associated with this change order. A Disadvantaged Business Enterprise (DBE) goal of 8.22% was established for this project. AFCS has committed to a minimum of 8.23% DBE participation. Countywide (AH)							
Background and Justification: The Engineer of Record (EOR) reviewed and approved the shop drawings/submittals for the new generator; AFCS then placed the order of the new generator. The generator manufacturer notified AFCS that there is an approximately 46-week long-lead time to manufacture the new generator with an estimated delivery of November 30, 2023. The long-lead time of the new generator exceeds the original contract duration. AFCS has requested an extension to the procurement phase in order to account for this long lead-time. The change order includes an extension of 277 Calendar Days to the procurement phase.

Ms. Alejandra Schmidt, P.E. AECOM Technical Services, Inc. 2090 Palm Beach Lakes Blvd. West Palm Beach, FL 33409

Re: PBC Glades Airport Fuel Farm Emergency Generator Project: GL 22-2

Dear Ms. Schmidt:

The generator for the Glades Airport has a long lead time from the Kohler factory due to component shortages. The supply chain for these components has been interrupted by the global problems associated with the COVID-19 pandemic. Therefore, AFCS is requesting an extension of 277 days to the original procurement time of 120 days.

Kohler's current estimated on-site delivery date of the generator is November 30, 2023. The CPM schedule attached outlines the procurement of the equipment along with the longest lead item being the generator.

Please call me with any questions at 954.775.7767 or email at mcox@afcs-co.com

Sincerely,

Michael Cox President

SERVING FLORIDA SINCE 1921

January 10,2023

To: All Florida Contracting Services

Reference: PBC Glades Airport Fuel Farm Emergency Generator

Please be informed that the generator for the PBC Fuel Farm has a long lead time from the Kohler factory in Wisconsin due to component shortages. The COVID-19 Pandemic has disrupted the supply chain for many industries, and unfortunately, the lead time for the Kohler 125REOZJG, has been adversely impacted. Kohler Power Systems builds their generators to strict UL and ISO standards and will continue to keep Quality Control as a top priority through these challenging times.

Our current estimated onsite date is **November 30, 2023**. This is not a confirmed date and rigging should not be scheduled based upon this estimate. We will provide periodic updates prior to arrival onsite.

Please let me know if you have any additional questions.

Sincerely, Tom Morissette
