I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: a work order in the amount of \$278,689.20 to Palm Beach County’s (County) annual traffic signal contract dated August 23, 2022 (R2022-0791) with Gerelco Traffic Controls, Inc. (Gerelco) to replace the existing span wire traffic signal at the intersection of Palmetto Park Road and Powerline Road, County Intersection ID Number 64050 (Project).

SUMMARY: Approval of this work order will allow Gerelco to construct the Project. Per County PPM CW-F-050, this work order exceeds the threshold relating to staff approvals of work orders to annual contracts, thus requiring approval from the Board of County Commissioners (BCC). Prior to this work order, \$719,991.06 of Gerelco’s \$5,000,000 contract has been spent or encumbered. Gerelco has an office located in the County. On January 20, 2022, Office of Equal Business Opportunity granted a waiver of the Affirmative Procurement Initiative based upon the determination that sufficient qualified Small/Minority/Women Business Enterprises providing the goods or services required by the contract are unavailable in the County to perform the specialized construction of traffic signals. On August 23, 2022, the BCC approved the annual traffic signal contract with Gerelco to provide for and install various signal components for traffic control devices. District 4 (YBH)

Background and Justification: The County is now requesting that Gerelco construct the Project in accordance with the work order. The construction cost is not to exceed \$278,689.20, including a contingency of \$46,448.20. The Engineering & Public Works Department recommends BCC approval.
