Exhibit "A"
Rules and Regulations for Distribution of Literature or Picketing

**ARTICLE IX. SOLICITATION OF FUNDS AND DISTRIBUTION OF LITERATURE, AND
PICKETING (PALM BEACH INTERNATIONAL AIRPORT)¹**

Sec. 9-1. Legislative findings.

- A. The board of county commissioners of Palm Beach County desires to re-establish regulations for solicitation of funds, distribution of literature, and picketing at Palm Beach County owned and operated airports (the "airport"/"airports"), as now exist or as may hereafter come into being so that such activities may be appropriately exercised without impairing or interfering with the security and operational functions of the airports or interfering with the tenants of the airports, or persons using the airports for their designated purpose.
- B. The board of county commissioners has determined that unrestrained solicitation of funds, distribution of literature, and picketing activities interferes with the movement of arriving and departing airline passengers and is often disruptive to the traveling public.
- C. The board of county commissioners has determined that the rights of freedom of expression must be balanced with the rights of the traveling public to freely access and depart from airplanes and airport facilities.
- D. The board of county commissioners has determined further that passengers, often burdened with luggage and subject to demanding schedules, face an increased risk of duress and opportunity for undetected fraud when confronted with solicitation activities and that the rights of freedom of expression must be balanced with the rights of the traveling public to freely access and depart airplanes and the airports.
- E. The board of county commissioners has determined further that, generally, a problem of congestion in the terminal area, sidewalks, and access roads and areas, and overcrowding of airport facilities exists at the airports from time to time, necessitating the imposition of certain minimum regulations to accommodate the orderly flow of passenger traffic through the airport terminal buildings and terminal areas. Further, the delay and likelihood of congestion created by solicitation, distribution and picketing activities requires the regulation of such activities at the airports.
- F. Consistent with Florida Statutes, § 496.425, as may be amended, it is the intent of the board of county commissioners to accommodate persons and organizations who desire to conduct solicitation activities, while protecting the traveling public, by requiring disclosure of the identity and other information concerning those persons who wish to solicit contributions at the airports.
- G. As the airports do not receive ad valorem tax support, Palm Beach County is dependent upon tenant and passenger revenues to sustain the airports' operations.

Sec. 9-1-1. Solicitation of funds—Application and permit required procedures.

- A. No person, group of persons, association, organization or business entity (referred to herein as "applicant" or "permittee") shall engage in sponsor, promote or conduct any solicitation of funds, goods or services for any purpose whether charitable, nonprofit, commercial or otherwise, at the airport without a permit issued by the director of the department of airports (hereinafter sometimes referred to as "director" and may also include any designee of the director), in accordance within the guidelines set forth herein, or without a license, permit, lease, or contract for a commercial enterprise to be conducted at the airport. A "commercial enterprise" means any person, group of persons, association, organization or business entity engaging in any profit-making activity, and does not currently qualify for exemption from taxation under Section 501(c) of the Internal Revenue Code of 1954, as amended. For the purpose of these rules and regulations, "solicitation" shall have the same meaning as defined in Section 496.404(21), Florida Statutes, as amended.
- B. A permit application for solicitation of funds, (the "application"), shall be dated, signed and executed by the sponsor, promoter or organizer of the proposed activities and properly notarized and witnessed prior to being delivered to the director. If the applicant is a corporation, the application is to be signed by the authorized corporate officer; if an individual, by that person; if a partnership, by all partners; or if an organization, by the authorized responsible person. All applicants shall provide the following required information:
1. The full name, address and telephone number of the person officially sponsoring, promoting, or conducting the proposed activities, if applicant is not an individual, the names and addresses of the applicant's principal officers, managers and authorized agent for service of process, and a copy of the resolution or other evidence granting authority for such activity are to be provided;
 2. The full name, address, and telephone number of each person who will participate in the authorized activities and of the authorized person(s) who shall have direct supervision of and formal responsibility for the proposed activities;
 3. A description of the nature and purpose of the proposed activity, the type of communication to be involved and, if applicable, submit a copy of any and all literature, hand-outs or other materials or items requesting to be distributed as part of the proposed activities;
 4. The requested date(s) and hour(s) on and during which the activities are proposed to be conducted, and the expected duration of the proposed activities;
 5. The number of any and all persons to be engaged in such activities in accordance with the limitations set forth in these rules and regulations;
 6. A statement that the permit, if granted, will not be used or represented in any way as an endorsement by the county, or by any of its departments, officers or employees thereof;
 7. A statement that the applicant has read these rules and regulations and agrees to abide thereby; and
 8. A statement that applicant agrees to indemnify Palm Beach County for any action arising out of the performance of the proposed activities.
- C. Applicants shall attach to the application a copy of its current consumer certificate of exemption issued by the Florida Department of Revenue pursuant to Florida Statutes, Chapter 496, as may be amended from time to time, or any other documentation applicant may have indicating that applicant has complied with the terms and conditions of Florida Statutes, Chapter 496, as amended.
- D. Within five (5) days of receipt of the fully completed and properly signed application, together with all required supporting documentation, the director shall provide for signing by the applicant (the "permittee") a permit for solicitation of funds (the "permit"), or a written statement setting forth the reason(s) why the

application has been denied. If a permit has not been issued and a statement of reasons for denial of permit has not been mailed within five (5) days of the director's receipt of the fully completed and properly signed application, under these rules and regulations an interim permit shall be deemed issued to the applicant and all activities proposed to be conducted in the application for permit may be conducted as subject to the same restrictions and obligations established by these rules and regulations for other permittees. An application shall be denied for no reason other than any of the following:

1. The applicant has not furnished the information required by these rules and regulations, or has failed to properly execute the application, or
 2. The applicant is a commercial enterprise subject to other licensing or leasing requirements at the airport. For the purpose of these rules and regulations a "commercial enterprise" is any person, group of persons, association, organization, or business entity that engages in any profit making activity, and does not qualify at the time of application for exemption from taxation under Section 501(c) of the Internal Revenue Code of 1954, as amended; or
 3. A determination of the director that emergency conditions exist at the airport which make the applicant's proposed activity incompatible with the operational function of the airport. For the purposes of these rules and regulations, "emergency conditions" shall mean unusually congested conditions due to adverse weather, schedule interruptions, or extremely heavy traffic movements, or for emergency security measures as set forth in Florida Statutes, § 496.425(8); or
 4. The director had determined that one or more statements made in the application are not true or that the activities permitted hereunder will not be under the control or supervision of responsible or reliable persons.
- E. If the director notifies the applicant that the application is denied, the county attorney's office shall within five (5) days of such denial file an appropriate action in a court of competent jurisdiction and venue for a judicial determination as to whether the proposed activity described in the complaint may be prohibited, naming the applicant as a party defendant. Palm Beach County shall exert every reasonable effort to have the issue heard on its merits without delay and as quickly as legally possible. The burden of showing that the proposed solicitation may be prohibited shall rest with the county. If the issue for judicial determination is not heard and decided on the merits by the court within ten (10) days from the date the complaint is filed then an interim permit shall be deemed issued to the applicant as set forth in section 9-1-1.D. of these rules and regulations.

(Res. No. R-98-220, §§ 1—8, 2-24-98)

Sec. 9-1-2. Solicitation of funds—Permit suspension or revocation.

- A. A permit, as issued pursuant to these rules and regulations, may be suspended or revoked by the director for one or more of the following reasons:
1. Violation of any material restriction imposed by these rules and regulations or the permit;
 2. Continued, substantial complaints from the public concerning harassment;
 3. Any action by the permittee or its agents that adversely affect the health or safety of the public; or
 4. Fraud or misrepresentation in the application.
- B. A suspension shall not exceed a period of six (6) months. If a permit has been revoked, a new permit may not be issued to the person or organization for six (6) months after the revocation. Notice of suspension or revocation shall be in writing and shall be supported a statement of facts and shall include a list of any witnesses thereto. Such notice shall be personally served upon permittee or any agent of permittee, or in the

alternative, may be mailed to permittee by certified mail, return receipt requested. As set forth in Florida Statutes, § 496.425(10), the permittee may request a hearing on a suspension or revocation which shall be held within sixty (60) days of such request.

(Res. No. R-98-220, §§ 1--8, 2-24-98)

Sec. 9-1-3. Solicitation of funds—Permit regulations.

- A. All authorized solicitation activities shall be conducted in person by permittee or the authorized representatives of permittee. No solicitation activities may be conducted by placing donation boxes, booths, tables, chairs, kiosks or display racks, literature or other materials or items within the airport terminal building or any other areas of the airport.
- B. In order to not unduly interfere with the orderly flow of the traveling public, all authorized activities shall be strictly limited to only those nonsecured, public use areas of the airport terminal building as specifically designated on the exhibit to the permit. These designated areas shall be available to permittee on a first-come, first-served basis. No more than four (4) persons conducting activities pursuant to these rules and regulations shall be present at one time within each area.
- C. Permittee shall provide at least three (3) days advance written notice to the Director of its intent to begin the activities as authorized pursuant to the permit. Said written notice shall include the names of the individuals participating in the authorized activities, the specific days requested, not to exceed one (1) calendar week, and the requested hours during each day which the activities will be conducted. The same three-day advance written notice shall be given for each and every subsequent time period authorized under the permit.
- D. While participating in the activities as authorized by the permit, all representatives of permittee shall prominently display on his/her person an identification badge or insignia which shall be visible at all times. Such identification shall be furnished by the permittee and shall require the prior written approval of the director. All such badges or insignias shall bear the signature of the representative and shall include the representative's name, age, height, weight, eye color, hair color, address, and principal occupation, and shall further state the name of the permittee and the organization.
- E. Representatives of permittee shall not be permitted to:
 - 1. Obstruct, delay, or in any way interfere with the free movement of others;
 - 2. Seek to coerce or physically disturb others;
 - 3. Hamper or impede the conduct of business;
 - 4. Use any sound or voice amplifying apparatus;

 - 7. Display or carry signs that are larger than three (3) square feet, and such signs shall not be attached or connected to a stick or post of any kind. No sign shall be attached to any portion of the premises of the airport. All signs shall be removed when permittee are not present. No person shall carry more than one (1) sign.
- F. The director may declare an emergency, as set forth in Florida Statutes, § 496.425(8), as amended, due to unusually congested conditions in, on or about the airport terminal building which may be caused by adverse weather, schedule interruptions, extremely heavy passenger traffic or any other emergency security situation. In such event, the director shall cause the permittee or its representative(s) to be so advised either directly or via announcement, and either verbally or in writing. Immediately upon being so advised, the
