I. EXECUTIVE BRIEF

Title: Palm Beach County Glades Airport (Pahokee Airport) Update

Summary: As a follow-up to the August 29, 2023 Board Workshop, the Department of Airports (Department) will be providing an update regarding the feasibility of utilizing aeronautical facilities at the Pahokee Airport for non-aeronautical purposes based on guidance provided by the Federal Aviation Administration (FAA). **Countywide (AH)**

Background and Policy Issues: Aeronautical facilities at federally-obligated public use airports cannot be used for non-aeronautical purposes without FAA and Florida Department of Transportation review and approval. A question was raised at the August 29, 2023 Board Workshop whether the aeronautical facilities at Pahokee Airport could be used for public drag racing events once a week until a new site for the activity could be developed. The proposed use would be considered a non-aeronautical use requiring approval of both agencies. As a result of the request, the Department requested guidance from the agencies and has been researching the feasibility of obtaining approval for the proposed non-aeronautical activity. The purpose of this item is to update the Board regarding the Department's findings.
