I. EXECUTIVE BRIEF

**Motion and Title:** Staff recommends motion to approve: a Budget Transfer in the amount of \$500,000 in the Financially Assisted Agencies (FAA) budget, reallocating funds from various agencies.

**Summary:** In accordance with the terms of FAA Agreements, agencies may be subject to a reduction in funding if their expenditure rates fall below anticipated levels. Based on a comprehensive review of current expenditure data, the Community Services Department (CSD) has identified several agencies that are not on track to fully utilize their allocated funds within the contract period.

Simultaneously, a number of FAAs have either fully expended or are projected to fully expend their allocations and have demonstrated an ongoing need to continue providing services, particularly in the area of rental and relocation assistance. With the conclusion of the Emergency Rental Assistance Program (ERAP) and the continued rise in rental costs countywide, the demand for rental support remains critical.

To address this need and optimize the use of available funding, CSD recommends reallocating unexpended funds from underutilizing agencies to a general FAA rental assistance funding pool. These funds will be made available to eligible FAAs and CSD staff through CSD’s Online System for Community Access to Resources and Social Services (OSCARSS), which facilitates streamlined application and documentation processes. CSD will continue to process payments directly to landlords on behalf of agencies, ensuring timely support for clients and efficient use of public funds.

Approval of this item will allow CSD to realign resources with current community needs and enhance service delivery without exceeding the overall FAA program budget. With this reallocation of funding, approximately 85 eligible residents may be served for up to three (3) months of rental and/or relocation assistance through September 30<sup>th</sup>, 2025. Countywide (JBR)

**Background and Policy Issues:** To address human service needs, Palm Beach County (County) augments its own service mix through the provision of funding for programming and services delivered by community-based non-profit agencies. The FAA Program was established in the early 1980s to overcome the adverse impact of reduced federal funding. It continues to be an important component of the federal, state, and local funding sources that support the County’s system of care. The Board of County Commissioners has directed staff to pursue data-driven, evidence-based programming and outcome measures to ensure meaningful and effective changes in the lives of community members.
