# PALM BEACH COUNTY BOARD OF COUNTY COMMISSIONERS AGENDA ITEM SUMMARY

Meeting Date: November 18, 2025	[X] Consent [ ] Workshop	[ ] Regular [ ] Public Hearing
Department: Facilities Development & Op	perations	

I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: Amendment No. 1 to the Construction Manager (CM) at Risk Services contract (R2024-0937) with D. Stephenson Construction, Inc. (D. Stephenson) establishing a Guaranteed Maximum Price (GMP) in the amount of \$7,330,001 for the first phase of construction work for the 45<sup>th</sup> Street Complex project for a period of 745 calendar days from notice to proceed.

Summary: On August 20, 2024, the Board of County Commissioners (BCC) approved the CM at Risk Services contract (R2024-0937) with D. Stephenson for construction management services for the 45th Street Complex project. The project includes the construction of approximately 60,000 square feet of new office and support space, including all parking and site improvements for the County's Community Service Department. These improvements will replace the existing office building located at 810 Datura Street in downtown West Palm Beach; which property has been committed to Vanderbilt University for the development of a graduate campus. In addition, the project includes master planning and site plan approval services for all existing facilities on site, this new office building, and approximately 350,000 square feet of potential future office and support space. Amendment No. 1 establishes a GMP in the amount of \$7,330,001 for the first phase of construction management services necessary for the 45<sup>th</sup> Street Complex project. The initial construction phase of this project is focused on site development and early work required including, but is not limited to, materials and labor to complete site work, underground utility services and a new driveway connecting to Australian Avenue to serve all existing and proposed on-site facility operations into the future. The CM will have 745 calendar days from notice to proceed to substantially complete the entire construction phase of the project. Liquidated damages for failure to achieve certification of substantial completion within the contract time or approved time extension thereof for the construction phase of the project are \$120 per day. This CM at Risk Services contract was solicited pursuant to the requirements of the Equal Business Opportunity (EBO) Ordinance. This CM at Risk Services contract was presented to the Goal Setting Committee (GSC) on August 6, 2025, and the Committee established an Affirmative Procurement Initiative of 20% Small Business Enterprise (SBE) subcontracting participation for the project. The SBE participation for this Amendment is 11.65%. To date, the overall SBE participation on this CM at Risk Services contract is 9.16%. This contract is subject to emergency ordinance R2025-014 approved by the BCC on June 3, 2025. Funding for this project will be from the Infrastructure Sales Tax Fund. (Capital Improvements Division) District 7 (MWJ)

**Background and Justification:** CM at Risk is a project delivery method in which the CM provides design phase assistance, evaluation of cost, schedule and implications of alternate designs, systems and materials, and serves as the general contractor bidding the subcontracts for construction. Amendment No. 1 authorizes the construction management services necessary to commence construction of the 45<sup>th</sup> Street Complex project. Separate GMP Amendments will follow in the first quarter of calendar year 2026 to account for all required construction services to substantially complete the project, which will rely upon a combination of Infrastructure Sales Tax funding and proceeds of a bond issuance approved by the BCC on September 16, 2025 (item 3G-1). This phased construction approach will sustain the continuous and safe operations of other facilities at the 45<sup>th</sup> Street Complex property and support compliance with contractual obligations to Vanderbilt University for the County-owned property at 810 Datura Street.

#### AMENDMENT #1

## D. Stephenson Construction, Inc. TO CONTRACT FOR

## CONSTRUCTION MANAGEMENT AT RISK SERVICES PROJECT NAME: 45th Street Complex PROJECT NO. 2022-031291

This Amendment is made as of	by and between Palm Beach
County, a political subdivision of the State of Florida, by and	through its Board of County
Commissioners, hereinafter referred to as Owner, and D. St	ephenson Construction, Inc.,
authorized to do business in the State of Florida, whose Fed	eral Tax ID# is 65-0313701
hereinafter referred to as "Construction Manager".	

WHEREAS the Owner and Construction Manager acknowledge and agree that the Contract between Owner and Construction Manager dated August 20<sup>th</sup>, 2024 (R2024-0937) (hereinafter the Contract) is in full force and effect and that this Amendment incorporates all the terms and conditions of the Contract as may be supplemented and amended by this Amendment.

WHEREAS, the parties have negotiated a Guaranteed Maximum Price for the Project, including the Construction Manager's fees calculated in accordance with the terms of the Contract, whereby the Construction Manager will render construction and warranty services and other services as set forth herein and in the Contract;

**NOW THEREFORE**, in exchange for the mutual covenants and promises set forth herein and the sums of money agreed to be paid by the Owner to the Construction Manager, the parties agree as follows:

- 1. Recitals. The foregoing recitals are true and correct and incorporated herein by reference.
- 2. Construction Manager's Representations. The Construction Manager represents that:

The Construction Manager, Trade Contractors, Sub-subcontractors, material and equipment suppliers have compared Phasing, Demolition, Architectural, Structural, Mechanical, Electrical, Plumbing, Civil and Site Drawings and Specifications and have compared and reviewed all general and specific details on the Drawings and that all conflicts, discrepancies, errors and omissions, which are within the commonly accepted knowledge base of a licensed general contractor, subcontractor, trades persons, manufacturers or other parties required to carry out the Work involved in this Amendment, have been corrected or clarified prior to execution of this GMP Amendment to the Contract, and therefore Construction Manager warrants that the GMP (exclusive of contingency) includes the cost of correcting all conflicts, discrepancies, errors, or omissions which Construction Manager identified, or should have identified through the exercise of reasonable skill and care, during the preconstruction phase of the Project.

The Construction Manager's review and comparison of all Drawings has taken into consideration the total and complete functioning of all systems and therefore the Construction Manager represents that the GMP represents the total cost for complete and functional systems.

- 3. Guaranteed Maximum Price. Pursuant to Section 2.2 and Article 6 of the Contract between Owner and Construction Manager, the parties have agreed to a Guaranteed Maximum Price of \$7,330,001.00 for the construction phase of this Project. The GMP is based on the GMP Summary attached hereto and incorporated herein. In the event of a conflict between the terms and conditions of the Contract and the terms and conditions of Construction Manager's GMP proposal, the terms and conditions of the Contract shall control.
- **4. Schedule of Time for Completion.** The time of completion for this Amendment will be as follows: The Construction Manager shall substantially complete the work within 745 calendar days from the Notice to Proceed from Owner. Liquidated Damages are \$120/day for failure to achieve certification of substantial completion within the contract time or approved extension thereof.
- 5. Contract Modifications and Additions. The Contract is hereby modified to include the following terms and conditions:

Subsection 2.1.13.4 is added to Article 2 of the Contract as follows:

2.1.13.4 County Written Approval Required for Work to be Negotiated or Self-Performed by CM. Construction Manager must take competitive bids on the Work; however, if: 1) no bids are received for a portion of the Work; or 2) the bids received for a portion of the Work exceed the applicable line item amount in the GMP; or 3) Construction Manager is unable to obtain the mandatory subcontracting goal set by the County's Goal Setting Committee in 2.1.13.1(b)(ii) after competitive bidding, then County may agree to the Construction Manager negotiating with Trade Contractors for the performance of that Work. In addition, County may agree in situations 1 and 2 above that the Construction Manager can self-perform the Work for the specified line-item lump sum amount or less. Such County approval must be in writing. Nothing in this section shall affect the obligation of the Construction Manager to meet the requirements of the County's Equal Business Opportunity Program as set forth in Section 2.1.13.1.

Article 6, section 6.3 of the Contract is deleted in its entirety and replaced with the following:

### 6.3 Construction Contingency.

- (a) Construction Manager's Contingency. In addition to the Cost of Work, the GMP will include an agreed upon sum as the Construction Manager's Contingency which is included for the purpose of defraying expenses that were unforeseen at the time of establishment of the GMP as described in this 6.3(a). The Construction Manager will be required to furnish documentation evidencing expenditures to be charged to this Contingency prior to the release of funds by the Owner. Documentation for use of the Construction Manager's Contingency shall be determined by the Owner. The Construction Manager's Contingency is only available for the following costs:
  - (1) Trade Contractor Buyout. Pursuant to the award of trade contracts under Section

- 2.2.3, if trade contracts are executed below the applicable line items in the GMP, the surplus will be added to the Construction Manager's Contingency. If trade contracts are above the applicable line item in the GMP, the deficiency will be taken from the Construction Manager's Contingency, however such events shall not be cause to increase the GMP.
- (2) Scope Gap. Documented scope gaps between trade contractors will be taken from the Construction Manager's Contingency, unless work is shown on drawings.
- (3) Trade Contractor Default. Costs incurred due to contract default by trade contractors will be taken from the Construction Manager's Contingency.
- (4) Reconciliation of Allowances. Allowances will be reconciled through the use of the Construction Manager's Contingency.
- (5) Unforeseen Field Conditions. Costs incurred by the Construction Manager due to unforeseen field conditions will be taken from the Construction Manager's Contingency.

The costs listed above as recoverable from the Construction Manager's Contingency are recoverable only from the Construction Manager's Contingency and only to the extent there are funds available in the Construction Manager's Contingency; such costs can never be the basis for an increase to the GMP.

The Construction Manager's Contingency shall not be used for design errors and omissions which a prudent Construction Manager should reasonably have detected during the Construction Manager's pre-construction duties and reasonable due diligence by the Construction Manager.

(b) Owner's Contingency. The Construction Manager shall include a line item for the Owner's Contingency in the GMP. This line item will initially be \$0 but as work progresses on the Project and overages in various line items in the GMP are identified, then Construction Manager shall move any identified line item overages to the Owner's Contingency line item. Owner may use the amounts in the Owner's Contingency to fund Owner initiated change orders under General Condition 65. Additionally, if Owner and Construction Manager mutually agree that there are surplus funds in the Construction Manager's Contingency described in Section 6.3(a) above, then Construction Manager shall move such surplus funds to the Owner's Contingency line item for use by Owner to fund Owner initiated change orders.

The following Articles are added to the Contract:

### ARTICLE 19 - INTERACTIONS WITH COUNTY STAFF

In all interactions with County staff, Construction Manager and its employees will conduct themselves in a professional manner at all times and treat County staff with respect and dignity. Use of offensive and demeaning language will not be tolerated. Failure to comply with this requirement will be considered a default under this Contract and may result in termination of this Contract.

ARTICLE 20 - DISCLOSURE OF FOREIGN GIFTS AND CONTRACTS WITH FOREIGN COUNTRIES OF CONCERN

Pursuant to F.S. 286.101, as may be amended, by entering into this Contract or performing any work in furtherance thereof, the Construction Manager certifies that it has disclosed any current or prior interest of, any contract with, or any grant or gift received from a foreign country of concern where such interest, contract, or grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract or grant or gift was received or in force at any time during the previous five (5) years.

#### ARTICLE 21 – HUMAN TRAFFICKING AFFIDAVIT

Construction Manager warrants and represents that it does not use coercion for labor or services as defined in section 787.06, Florida Statutes. Construction Manager has executed the Nongovernmental Entity Human Trafficking Affidavit.

Article 15 of the Contract is deleted in its entirety and replaced with the following:

#### ARTICLE 15 – NON-DISCRIMINATION

The County is committed to assuring equal opportunity in the award of contracts and complies with all laws prohibiting discrimination. Pursuant to Palm Beach County Resolution R2025-0748, as may be amended, the Construction Manager warrants and represents that throughout the term of the Contract, including any renewals thereof, if applicable, all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, marital status, familial status, sexual orientation, or genetic information. Failure to meet this requirement shall be considered default of the Contract.

As a condition of entering into this Contract, the Construction Manager represents and warrants that it will comply with the County's Commercial Nondiscrimination Policy as described in Resolution 2025-0748 as may be amended. As part of such compliance, the Construction Manager shall not discriminate on the basis of race, color, national origin, religion, ancestry, sex, age, marital status, familial status, sexual orientation, disability, or genetic information in the solicitation, selection, hiring or commercial treatment of subconsultants, subcontractors, vendors, suppliers, or commercial customers, nor shall the Construction Manager retaliate against any person for reporting instances of such discrimination. The Construction Manager shall provide equal opportunity for subconsultants, subcontractors, vendors and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the County's relevant marketplace in Palm Beach County. The Construction Manager understands and agrees that a material violation of this clause shall be considered a material breach of contract and may result in termination of the contract, disqualification or debarment of the Construction Manager from participating in County contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party.

**6. EBO Program.** The County's Goal Setting Committee has applied a mandatory subcontracting goal for this GMP Amendment as follows:

The SBE subcontracting goal for this GMP Amendment is a mandatory minimum of 20% SBE participation.

As evidenced by the attached Schedule 1 and Schedule 2s, Construction Manager has agreed to provide the following participation on this Amendment: 11.65% SBE participation

- **7. Emergency Ordinance.** The Contract and this Amendment is subject to the County Emergency Ordinance 2025-014, approved by the Board of County Commissioners on June 3, 2025.
- **8.** Attachments. The following attachments are attached hereto and incorporated herein by reference:

## **SECTION 1**

## GUARANTEED MAXIMUM PRICE (GMP)

1C - Qualifications & Assumptions

## Palm Beach County 45<sup>th</sup> Street Complex

## GMP # 1 Qualifications and Assumptions 09/26/25

This Proposal is based on Early Sitework GMP #1 Bid Set drawings by Alfonso Hernandez Architect, LLC dated 04/07/25, and the following Qualifications and Assumptions.

#### 1. ITEMS PROVIDED BY OWNER:

- a. Impact fees and / or jurisdictional assessments.
- b. FPL charges.
- c. Tapping fees.
- d. Abatement of asbestos or other hazardous materials.
- e. Permit fees.
- Testing and Inspections: Independent testing, material testing, threshold inspections, special inspections and monitoring.
- g. Mitigation of radon or methane gas.
- LEED requirements and/or facilitation of meeting any LEED requirements or certifications. (LEED criteria listed in specification will be followed as required).
- i. Traffic signalization.

## 2. EXCLUDED items: (or by others)

- a. Cost of meeting code compliance if not reflected in the contract documents.
- b. Additional costs resulting from incomplete design or from building department review after contract documents have been issued.
- c. Upgrading any existing construction not indicated in the contract drawings.
- d. Final Cleaning of property outside of work areas unless directly related to construction activities.
- e. Certified/prevailing wage rates.
- f. Security guard.
- g. Excavation, loading, hauling and disposal of contaminated, deleterious or hazardous material.
- h. Geogrid.
- i. Removal or relocation of any existing or abandoned utilities, drainage structures or subsurface debris not indicated in the contract documents.
- j. Specified warranties beyond those offered by the manufacturer.
- k. ISS / ESS requirements not indicated in the contract documents.

- 1. Building 3D model to use for BIM coordination.
- m. Unforeseen existing conditions.
- n. Water meters.
- o. Additional turbidity control measures not indicated on the drawings.
- p. "Pervious Pedestrian Areas" detail on drawing C-233.
- q. Stabilized subgrade under pedestrian walkways and sidewalks.
- r. Site furnishings and associated concrete slabs.
- s. Handrails.
- t. Subsurface soils improvements.
- u. Pavers & mortar layer.
- v. Demolition of Overhead lines and pole removal by FPL
- w. Furnish of FPL primary conduit, FPL transformers and transformer pads.
- x. Design problems when installing secondary service to Victim Services Bldg.
- y. Concrete for dry utility (FPL, Comcast and AT&T) ductbanks.
- z. Conduit for electric car chargers.
- aa. Conduit for site lighting.
- bb. Off-duty police.
- cc. Sheet pile and/ or other shoring.
- dd. Polywrap encasement for utility lines.
- ee. Viton, nitrile or neoprene gaskets.
- ff. Restraints for existing water mains.
- gg. Rock blasting/removals.
- hh. Engineering costs of any excavations over 20' deep.
- ii. Vibration monitoring and pre-construction surveys of adjacent structures.
- This GMP is limited to sitework (earthwork, paving and underground utilities) and does
  not include landscaping, irrigation, pavers or the main building and will be part of a future
  GMP.

#### 4. ALLOWANCES:

All allowances are inclusive of all purchasing, delivery, storage and installation costs to create a complete system unless noted otherwise. Costs in excess of the allowance amount are to be funded by change order. Unused allowances will be credited back to the Owner. The following Allowances are included:

	Builder's risk insurance & deductibles	\$ 150,000
•	Replacement of unsuitable soils	\$ 500,000
	Water tanks for fire fighting	\$ 90,000
	Removal of unforeseen underground utilities	\$ 25,000
•	Removal & replacement of sidewalk along Australian Ave	\$ 165,620
•	On-site temporary access road	\$ 200,000
	Tree relocations	\$ 10,000
•	Tilt-up concrete & precast concrete joist shop drawings	\$ 60,000

 Patch the Victim Services Roof after removal of the CT box and associated conduits, repair and paint soffit/wall

\$ 5,000

Additional underground conduits for AT&T

\$ 20,000

#### 5. MATERIAL PRICING:

Material pricing has been extremely volatile since 2021 and inflation continues to be unpredictable. We have included material costs based on current market conditions.

#### Division 01 - General Requirements

- We have assumed all document revisions will be submitted to the building department for approval. Cost increases resulting from comments of the building department will be additional cost.
- As-Builts are included as Red-Line documents which will be provided to owner and design team. Project architect to provide complete project records including construction manager changes.
- We have assumed the architect will provide CAD files for use by us and our subcontractors at no cost.
- 4. All construction parking shall be provided on site to the Construction Manager, Contractor, subcontractors and vendors by the Owner.
- 5. Delays resulting from supply chain disruptions beyond the control of the CM shall be considered excusable.
- 6. All work to be performed during regular business hours.

#### Division 02 - Site

- 1. Bahia sod only included to stabilize the banks and bottom of Dry Retention pond.
- 2. We have included demucking on parking lots in lieu of Geo Grid Tensar. All demucking quantities are based on existing borings from the geotech report assumed to be consistent throughout the site. All unsuitable on site fill material (muck) is to be reused on site for landscaping berms and/or bottom material in the dry retention area. If muck is required to be disposed of off site add \$28.18/CY.
- 3. 1.5" type SP-9.5 asphalt paving (two lifts, tack coat and recycle content).
- 4. 2" type SP-9.5 asphalt paving (two lifts, tack coat and recycle content).
- 5. 1" milling & 1" SP9.5 resurfacing.
- 6. Pricing for asphalt based on the May 2025 bituminous and materials index from the Florida department of transportation for liquid asphalt in the event of any price escalations. Asphalt mix designs are based on incorporating 45% recycled asphalt product.
- 7. Trenches are to be backfilled with trench excavated material.

Reuse excavated soils from lake for all onsite fill requirements. Assume lake excavated
material is suitable to be used in its original form and condition without additional handling,
screening, crushing, blending or manipulation. If import fill is required add \$55.76/CY.

### Division 07 - Roofing

 We have included an allowance to patch the Victim Services Roof after removal of the CT box and conduits.

#### Division 09 - Finishes

 We have included an allowance to patch & paint the Victim Services soffit/wall after removal of the CT box and conduits. Paint included is a patch of the affected area only.

#### Division 16 - Electrical

 Dry ulitilies to be directionally bored as much as possible in lieu of installing them in a trench when feasible.

End of Qualifications and Assumptions

RE: Compliance Review of Project 2022-031291

GMP #1 - 45th Street Complex

On May 21, 2025, the Goal Setting Committee established an Affirmative Procurement Initiative (API) of a minimum mandatory SBE Subcontracting goal of 20%.

Construction Managers: D. Stephenson Construction, Inc.

Construction Subcontractor Costs: \$5,577,578.00

Project SBE Participation: \$650,000.00 (11.65%)

EVALUATION: D. Stephenson Construction, Inc. is within the range of compliance with the established API of 20% for the Contract. This GMP is for Phase I and II which represents 14.93% of the estimated total contract value of \$37,368,640.

1,8,25

This Bond is issued in favor of the County conditioned on the full and faithful performance of the Contract.

KNOW ALL MEN BY THESE PRESENTS: that Contractor and Surety, are held and firmly bound unto Palm Beach County Board of County Commissioners 301 N. Olive Avenue West Palm Beach, Florida 33401

as Obligee, herein called County, for the use and benefit of claimant as hereinbelow defined, in the amount of

Dollars \$ 5,261,285.00

(Here insert a sum equal to the Contract Price)

for the payment whereof Principal and Surety bind themselves, their heirs, personal representatives, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS,

Principal has by written agreement entered into a contract with the County for

Project Name:

PBC 45th St. Complex

Project No.:

2022-031291

Project Description:

GMP#1 Sitework - See attached GMP#1 Book

Project Location:

4200 N. Australian Avenue, West Palm Beach, FL 33407

in accordance with Drawings and Specifications prepared by

NAME OF ARCHITECTURAL FIRM: LOCATION OF FIRM: PHONE:

which contract is by reference made a part hereof in its entirety, and is hereinafter referred to as the Contract.

#### THE CONDITION OF THIS BOND is that if Principal:

- Promptly makes payments to all claimants, as defined in Section 255.05, Florida Statutes, supplying Principal with labor, materials, or supplies, used directly or indirectly by Principal in the prosecution of the work provided for in the contract; and
- Pays County all losses, damages (including liquidated damages), expenses, costs, and attorneys'
  fees, including appellate proceedings, that County sustains because of a default by Principal under the
  contract; and
- Performs the guarantee of all work and materials furnished under the contract for the time specified in the contract, then this bond is void; otherwise it remains in full force.
- Any changes in or under the contract documents and compliance or noncompliance with any formalities connected with the contract or the changes does not affect Surety's obligation under this bond.

Any increase in the total contract amount as authorized by the County shall accordingly increase the Surety's obligation by the same dollar amount of said increase. Contractor shall be responsible for notification to Surety of all such changes.

- 6. The amount of this bond shall be reduced by and to the extent of any payment or payments made in good faith hereunder, inclusive of the payment by Surety of construction liens which may be filed of record against said improvement, whether or not claim for the amount of such lien be presented under and against the bond.
- 7. Principal and Surety expressly acknowledge that any and all provisions relating to consequential, delay and liquidated damages contained in the contract are expressly covered by and made a part of this Performance, Labor and Material Payment Bond. Principal and Surety acknowledge that any such provisions lie within their obligations and within the policy coverages and limitations of this instrument.

Section 255.05, Florida Statutes, as amended, together with all notice and time provisions contained therein, is incorporated herein, by reference, in its entirety. Any action instituted by a claimant under this bond for payment must be in accordance with the notice and time limitation provisions in Section 255.05(2), Florida Statutes. This instrument regardless of its form, shall be construed and deemed a statutory bond issued in accordance with Section 255.05, Florida Statutes.

Any action brought under this instrument shall be brought in the court of competent jurisdiction in Palm Beach County and not elsewhere. Dated \_\_\_\_\_\_\_, 20\_\_\_.

This Power of Attorney is made and executed by authority of the following resolutions adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

Resolved: That the President, any Senior Vice President or Vice-President (each an "Authorized Officer") may execute for and in behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and affix the seal of the Company thereto; and that the Authorized Officer may appoint and authorize an Attorney-in-Fact to execute on behalf of the Company any and all such instruments and to affix the Company seal thereto; and that the Authorized Officer may at any time remove any such Attorney-in-Fact and revoke all power and authority given to any such Attorney-in-

Resolved: That the Attorney-in-Fact may be given full power and authority to execute for and in the name and on behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and any such instrument executed by any such Attorney-in-Fact shall be as binding upon the Company as if signed and sealed by an Authorized Officer and, further, the Attorney-in-Fact is hereby authorized to verify any affidavit required to be attached to bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof.

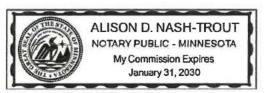

This power of attorney is signed and sealed by facsimile under the authority of the following Resolution adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

Resolved: That the signature of an Authorized Officer, the signature of the Secretary or the Assistant Secretary, and the Company seal may be affixed by facsimile to any power of attorney or to any certificate relating thereto appointing an Attorney-in-Fact for purposes only of executing and sealing any bond, undertaking, recognizance or other written obligation in the nature thereof, and any such signature and seal where so used, being hereby adopted by the Company as the original signature of such officer and the original seal of the Company, to be valid and binding upon the Company with the same force and effect as though manually affixed.

IN WITNESS WHEREOF, ATLANTIC SPECIALTY INSURANCE COMPANY has caused these presents to be signed by an Authorized Officer and the seal of the Company to be affixed this first day of January, 2023.

Sarah A. Kolar, Vice President and General Counsel

On this first day of January, 2023, before me personally came Sarah A. Kolar, Vice President and General Counsel of ATLANTIC SPECIALTY INSURANCE COMPANY, to me personally known to be the individual and officer described in and who executed the preceding instrument, and she acknowledged the execution of the same, and being by me duly sworn, that she is the said officer of the Company aforesaid, and that the seal affixed to the preceding instrument is the seal of said Company and that the said seal and the signature as such officer was duly affixed and subscribed to the said instrument by the authority and at the direction of the Company.

I, the undersigned, Secretary of ATLANTIC SPECIALTY INSURANCE COMPANY, a New York Corporation, do hereby certify that the foregoing power of attorney is in full force and has not been revoked, and the resolutions set forth above are now in force.

Re: Contract # R2024-0937

Construction Manager at Risk Services for the 45th Street Complex

Contract

Notification of Contract Clauses No Longer Being Enforced Pursuant

to Emergency Ordinance 2025-014

Dear Dwight Stephenson,

On June 3, 2025, the Board of County Commissioners (BCC) approved an emergency ordinance to suspend the race and gender conscious provisions of the County's EBO ordinance. The suspension will remain in effect for two years or until further direction by the BCC, whichever comes first. As a result, the provisions relating to minority/women-owned business enterprise (M/WBEs) participation contained on section 2.1.13 of contract number R2024-0937 will not be enforced as of June 3, 2025, only the small business enterprise (SBE) provisions will apply.

Please sign below to acknowledge receipt of this notification. This acknowledgement will be included, and made part of, the contract file.

Should you require any additional information please contact Capital Improvements Division at 561-233-0261.

Cordially,

Fernando DelDago

Director, Capital Improvements Division
