I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: a Memorandum of Understanding (MOU) between Lively Technical College and Palm Beach County (County), by and through its Board of County Commissioners (BCC), to provide use of the Palm Tran Maintenance facilities for participants of the Florida Department of Transportation (FDOT) and Lively Technical College Florida Transit Technician Program (FTTP).

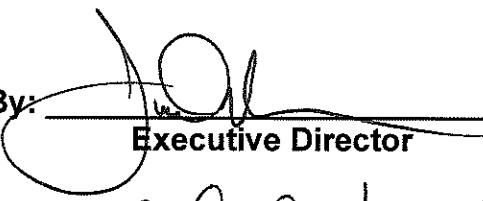

Summary: This MOU establishes a partnership between Lively Technical College and County to utilize Palm Tran’s maintenance facilities as a training site for the FTTP. The MOU supports hands-on instruction for technicians and trainees, enhancing workforce skills in key areas of bus maintenance and operations at no cost to County. Technicians and Trainees program participants may come from other Agencies outside of County. These Participants and Participating Agencies will be required to sign a Release of Liability and Workers’ Compensation Certification as a condition of participating in the program at Palm Tran. This requires Participants and their Participating Agencies to release and hold harmless Palm Tran, County, and their respective officers, employees, agents, and affiliates from any and all claims, liabilities, damages, or injuries (including death) that may arise out of or in connection with the Participant’s attendance, participation, or presence at the Palm Tran Instruction Site. The certification also requires Participating Agencies to certify that all maintenance technicians attending training at Palm Tran’s Instruction Site are covered under the Participating Agency’s workers’ compensation insurance policy during the entire duration of their training. **Countywide (MM)**

Background and Policy Issues: Lively Technical College and the Florida Department of Transportation formed the FTTP to provide an array of quality training opportunities for agency technicians in all major systems of the transit bus. These training opportunities focus on many areas, such as instruction in air brakes, Cummins engine modules, multiplex systems, HVAC, doors, and wheelchair lifts and ramps. All training is provided at no cost to the host agencies or participants.

Memorandum of Understanding (MOU)

Between

Lively Technical College

And Palm Beach County

Training Facility Use

Lively Technical College offers training for transit technicians and has requested the use of the Palm Beach County ("County") Palm Tran training facility for performing instruction for its classes. County is agreeable to allowing access to Lively Technical College to a training facility for technicians under the terms and conditions of this agreement. In consideration of the mutual agreements contained herein, the parties agree as follows:

1. Palm Beach County agrees to provide at no cost to Lively Technical College access to County's existing Palm Tran training facilities for technicians including its training bay and classroom.
2. County shall make available parking for technicians to attend the training in the parking lot available to members of the public that visit County's facility.
3. County shall provide and pay for any utilities, meaning electricity, water, telecommunications, etc. that are essential and infrastructure required to support the operation of the training provided by Lively
4. Technical College during its use of the training bay and/or classroom at County's facility.
County shall pay for and provide any utilities [see definition above] necessary to operate any training
5. modules provided for and used by Lively Technical College during the training provided at the County facility.
6. Palm Beach County will make available equipment such as bus part training modules, if available and not in use, to be used for hands-on training while providing instruction at County's facility.
7. County shall also provide various expendables to be utilized by Lively Technical College during the training provided at County's facilities including such items as rags and floor sweep.
8. County shall also provide appropriate workspace, desks, etc. for Lively Technical College use to store small items and to prepare for classes.
9. Lively Technical College shall provide at no cost to and be responsible for providing the training instructor for all classes offered at County's facility.
10. Lively Technical College shall also provide the curriculum, books, study guides, training modules and all
11. other relevant training material for the classes.
Lively Technical College shall provide hands-on training modules as dictated by the curriculum. County
12. shall be responsible for all damage to or theft of training modules delivered to and stored at County's facility when not in use by Lively Technical College.
13. Lively Technical College shall be responsible for and pay the cost of all shipping of training modules to be used for training to and from County's facility.
Lively Technical College shall be responsible for the costs of removal from County's facility of any
14. Lively Technical College shall be responsible for data collection and analysis of program tenets, structure and results.
15. Lively Technical College shall be responsible for all administrative tasks associated with the registration, training and certification of all participants.

16. County will have full, unrestricted use of any training modules utilized or provided by Lively Technical College and stored or housed at County's facility when not in use by Lively Technical College's instructor.
17. It is further understood and agreed that technicians attending the training provided by Lively Technical College will be registered as Lively Technical College students.
18. Participants understand that training activities, particularly those involving technical, mechanical, or hands-on instruction, may involve inherent risks of injury, damage to personal property or other unforeseen hazards. By enrolling in the training, participants voluntarily assume all such risks. The instructor will, however, receive training on appropriate emergency response protocol from the facility and adhere to these procedures. Additionally, County shall maintain self-insurance of at least \$500,000 for property and \$200,000 per person, \$300,000 per occurrence (or such monetary limits as defined by F.S. 768.28) for liability.
19. Participants and Participating Agencies not affiliated with the County shall, as a necessary condition of participating in this program, agree to and sign the attached Release of Liability and Worker's Compensation Certification, incorporated herein and made a part of this Memorandum of Understanding.
20. Any party may terminate this agreement without cause with thirty (30) days written notice to the other parties.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the date and year first above written.
