BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 3, 2026

Consent Regular
 Workshop Public Hearing

Department: Facilities Development & Operations

I. EXECUTIVE BRIEF

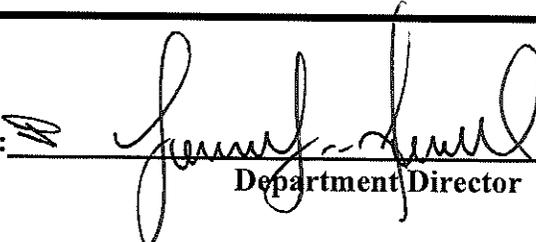

Motion and Title: Staff recommends motion to approve: Consultant Services Authorization (CSA) No. 3 to the continuing consulting design, permitting, and construction administration services contract (R2025-0602) with Omnicom Consulting Group, Inc. (Consultant) in the amount of \$270,627.84 for the Public Safety Radio System – Upgrade and Additions project.

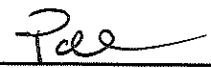

Summary: On May 6, 2025, the Board of County Commissioners (BCC) approved the continuing consulting services/design professional contract (R2025-0602) with the Consultant to provide design, permitting, and construction administration services for capital improvement or renovation projects related to the Public Safety Radio System on a task assignment basis. This item will authorize the professional services to upgrade and add public safety radio systems at 12 radio tower sites located throughout the County. Under CSA No. 3, the Consultant will provide professional services that include site surveys, upgrades to existing microwave radio hardware, and the implementation of a new network system. The existing microwave radio system has reached the end of its operational lifecycle, is no longer supported by the manufacturer, and must be replaced. This continuing contract was solicited pursuant to the requirements of the Equal Business Opportunity (EBO) Ordinance. On October 7, 2024, the Office of Small Business Development granted a waiver of the Affirmative Procurement Initiative (API) based upon the determination that sufficient qualified Small Business Enterprises (SBEs) providing the goods or services required by the contract are unavailable in the County to perform the specialized design services for the Public Safety Radio System. Funding for this project is from the RR&I for 800 MHz Systems Fund. **(Capital Improvements Division) Countywide (MWJ)**

Background and Justification: On February 13, 2025, the Consultant was selected in accordance with the BCC adopted procedures and pursuant to Section 287.055, Florida Statutes, the Consultants' Competitive Negotiation Act. CSA No. 3 authorizes professional services necessary for the Public Safety Radio System – Upgrade and Additions project.

CONSULTANT SERVICES AUTHORIZATION #3

OMNICOM CONSULTING GROUP, INC.
Continuing Public Safety Radio System Consultant

PUBLIC SAFETY RADIO SYSTEM – UPGRADE & ADDITIONS
PROJECT NO. P-2025-000145
DISTRICT NO. 3

THIS CONSULTANT SERVICES AUTHORIZATION (CSA) NO. 3 to the Contract dated 05/06/25 (R2025-0602) (the “Contract”) between Palm Beach County, a political subdivision of the State of Florida, by and through its Board of County Commissioners and the Consultant identified herein is for the consultant services described in Item 4 of this CSA.

1. CONSULTANT: OMNICOM CONSULTING GROUP, INC., whose Federal Tax ID# is 47-3435197.

2. History: Not applicable. This CSA is for a new project.

3. Services completed to date: Not applicable. This CSA is for a new project.

4. Description of Services to be provided by Consultant: Professional services shall include site surveys, existing equipment inventory and Motorola proposal refinement; microwave, MLPS and virtual prime site project implementation and project administration to upgrade existing end of life microwave radio hardware as detailed on the attached proposal dated September 22, 2025. In the event of a conflict between the terms and conditions of the Contract and the terms and conditions of Consultant’s proposal, the terms and conditions of the Contract shall control.

5. Compensation: The compensation to be paid to the Consultant for the requested services shall be: Lump Sum charge of **\$270,627.84**.

6. This CSA may be terminated, in whole or in part, by the County with or without cause in accordance with the Contract terms. In the event of termination not the fault of the Consultant, the Consultant shall be compensated for all services performed to termination date, together with reimbursable expenses (if applicable) then due in accordance with the Contract terms.

Consultant agrees to waive any and all claims for lost profits or anticipated future profits in the event of a termination with or without cause under this Contract.

7. If not previously provided or for a new project, the Consultant shall provide County with an executed Conflict of Interest Disclosure Form, attached hereto and incorporated herein.

8. All terms, conditions, and obligations of the original Contract, as amended, shall remain in full force and effect, unless specifically noted as follows:

The following sections are added to the Contract:

Section 8.7 of the Contract is hereby deleted in its entirety and replaced with the following:

8.7 NON-DISCRIMINATION.

The COUNTY is committed to assuring equal opportunity in the award of contracts and complies with all laws prohibiting discrimination. Pursuant to Palm Beach County Resolution R2025-0748, as may be amended, the CONSULTANT warrants and represents that throughout the term of the Contract, including any renewals thereof, if applicable, all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, marital status, familial status, sexual orientation, or genetic information. Failure to meet this requirement shall be considered default of the Contract.

As a condition of entering into this Contract, the CONSULTANT represents and warrants that it will comply with the COUNTY'S Commercial Nondiscrimination Policy as described in Resolution 2025-0748 as may be amended. As part of such compliance, the CONSULTANT shall not discriminate on the basis of race, color, national origin, religion, ancestry, sex, age, marital status, familial status, sexual orientation, disability, or genetic information in the solicitation, selection, hiring or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall the CONSULTANT retaliate against any person for reporting instances of such discrimination. The CONSULTANT shall provide equal opportunity for subcontractors, vendors and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the COUNTY's relevant marketplace in Palm Beach County. The CONSULTANT understands and agrees that a material violation of this clause shall be considered a material breach of this Contract and may result in termination of this Contract, disqualification or debarment of the company from participating in COUNTY contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party. CONSULTANT shall include this language in its subcontracts.

9. Time of Commencement: Consultant shall begin work immediately on the requested services upon receipt of this executed document which shall constitute official **“Notice to Proceed”**.

10. EBO Program:

The API requirements were waived for this continuing contract since sufficient qualified SBE's providing the specialized services required are unavailable.

11. Emergency Ordinance. *The Contract and this CSA is subject to the County Emergency Ordinance 2025-014, approved by the Board of County Commissioners on June 3, 2025.*

THE REMAINDER OF THIS PAGE LEFT BLANK INTENTIONALLY

Project No.: P-2025-000145

Project Name: Public Safety Radio System - Upgrade & Additions

IN WITNESS WHEREOF, this CSA is accepted, subject to the terms and conditions of the
aforementioned Contract.

RE: P-2025-000145 – MPLS- Microwave Upgrade and Geo Virtual Prime Project

Dear Chris:

This letter is in reference to the recent request in which Omnicom Consulting Group, Inc. (OCG) was asked to provide Palm Beach County a quotation for professional consulting services for the upgrade of all existing end of life microwave radio hardware the implementation of a new MPLS network and Virtual Pime sites.

Below is the items specifically listed in the County's RFPA for this proposed project:

1. Review Motorola's proposal and confirm the proposal meets the project objective and requirements.
2. Review Motorola's technical design and cost to ensure accuracy across all engineering and disciplines.
3. Provide detailed comments and recommendation on Motorola system(s) design.
4. Oversee project and provide recommendation and best practices to ensure project success.
5. Provide coordination of responsibilities between Motorola and PBC IT demarcation point.
6. Attend in person or remote video meetings as needed to support project and decision making.
7. Develop a checklist of task tracking Motorola progress and deliverables throughout life cycle of project.
8. Conduct on-site inspections to verify field equipment matches design and project expectations.
9. Coordination and oversight of system acceptance testing to sure system meets contractual criteria.
10. Perform project acceptance test and provide punch list items and final project approval.
11. Review/approve Motorola closeout documentation and as-built drawings.

OCG proposes the following scope of work based upon our understanding of the RFPA provided.

SCOPE OF WORK

1. SITE SURVEYS, EXISTING EQUIPMENT INVENTORY AND MOTOROLA PROPOSAL REFINEMENT

1.1. County Project Kick-off Meeting

OCG will participate in an in-person design kick-off meeting to ensure all parties have a thorough understanding of the goals of the project and to establish lines of communications. The goals of the project and requirements provided by the County for the new infrastructure will be reviewed during this meeting to ensure the design achieves a practical programmatic and economic solution, within the limitations of the authorized program, schedule and budget.

1.2. Site Surveys

OCG will participate in site visits to 19 total sites to assess existing conditions, review availability of utilities (electrical and communications), physical rack space, other entities at shared facilities, existing backhaul connections ie microwave, fiber or other leased circuits, verify the potential “combining” of the legacy microwave paths with the P25 microwave paths, and verify the feasibility of implementing the MPLS and microwave hardware at each site along with the required new hardware for the proposed Virtual Prime Sites at EOC and 20 Mile Bend.

OCG will complete these surveys at each of the sites identified in the Motorola provided proposal. OCG will also utilize a site inventory list taken from the Aviat ProVison server to aid this endeavor.

1.3. Site Inventory Report, Rack Drawings, Floor Plan Drawings, Site Electrical and Grounding Requirements.

OCG will compile a report/spreadsheet that contains all sites visited. This spreadsheet will contain all the pertinent information collected in task 1.2. OCG will also provide proposed rack and floor plan drawings for each site along with any recommendations to electrical and grounding system upgrades that may be required.

1.4. Detail Review and Comment on Motorola System Designs to the County

OCG will review the three Motorola provided proposals to identify potential issues that may arise during the project due to the number of “assumptions” listed in each proposal. OCG will make suggestions on how to address these issues that will be discussed in detail with Motorola in Task 2.1.

1.5. County Review Meeting for Motorola Technical Scopes of Work

OCG will meet with the County’s team to discuss these potential SOW refinements prior to meeting with Motorola for the project Detail Design Review. During this detail design review meeting OCG and the County’s team will develop a comprehensive list of concerns/issues with the current Motorola proposals. This document(s) will be the basis of the Detail Design Review Meetings with Motorola.

2. MICROWAVE, MPLS AND VIRTUAL PRIMME SITE PROJECT IMPLEMENTATION AND PROJECT ADMINISTRATION

2.1 Attend and Participate in Project Kickoff Meeting with Motorola

OCG will attend and participate with the County staff in the project kickoff meeting with Motorola. The purpose of the project kickoff meeting is to formally initiate the implementation phase of the replacement/new system(s). The implementation project kickoff meeting attendees will include County stakeholders, OCG personnel, and Motorola's team. The purpose of the kickoff meeting is as follows:

- Introductions, communications requirements, and a discussion of roles for the project;
- Review of the scope of work contained in the contract document to make sure there is a clear understanding of County / Motorola responsibilities, and discuss/resolve any complex or outstanding issues;
- Review and agree upon the implementation schedule and milestones to be completed along the way;
- Establish reporting requirements and frequencies (e.g., status reports formats, frequency and method);
- Review and discuss payment terms tied to milestone performance;
- Discuss the development of the preliminary cutover plan for all systems.

2.2 Detailed Design Review and Meetings with Motorola

A Detailed Design Review (DDR) will be conducted with Motorola to thoroughly discuss their proposed system and configuration prior to the ordering and manufacturing of equipment and software. OCG will review all equipment submittals and any request for substitution in this phase of the implementation. The DDR document identifies all required equipment, equipment locations, software, system diagrams and any customization as required by the County. OCG will review Motorola's initial draft of the DDR document and participate in project meetings and discussions to finalize the document.

2.3 Field Implementation Supervision/Monitoring, Acceptance Testing and Cutover Support for the Microwave, MPLS and Virtual Prime Site Projects

Given that the installation of the new microwave hardware and implementation of the new MPLS network and Virtual Prime Site will need to interrupt the existing County loop protected microwave network the implementation and cutover will need to be closely monitored. Each hop will need to be implemented, tested and cutover in an efficient manner to minimize the risk to the County's backhaul network. OCG will be onsite during this time to facilitate smooth testing and cutover process.

OCG personnel will work closely with the County staff to ensure that the new microwave hardware, MPLS and Virtual Prime Site systems are thoroughly tested prior to cutover and system acceptance. The detailed acceptance test plans developed during the Detail Design Review will serve as the foundation for the acceptance testing process. The acceptance testing process will yield a punch list of various deficiencies that must be corrected prior to final system acceptance by the County. OCG personnel will monitor the punch list for the County.

The punch list should be completely clear prior to final system acceptance, including items such as training and the delivery of the final system documentation.

OCG will perform inspections during equipment installations for compliance with good engineering practice. Inspections will include compliance with industry standards for the installation of grounding and lightning protection systems. OCG will develop and maintain a punch list of deficiencies for correction by Motorola.

2.4 Project Oversight, Change Management and Project Closeout Documentation Review

OCG will provide day to day oversight as the County's project manager and will closely monitor Motorola's adherence to their proposed project schedule and deliverables.

OCG will review requests for change orders from Motorola and respond in a timely manner. OCG will prepare its own estimate of costs for proposed changes, compare it with the Motorola's proposal, and negotiate a reasonable price. OCG will state in its transmittal letter to the County the following: a brief description of the change, the reason for the change, OCG's estimate for the change, results of negotiations with Motorola regarding their price, and a statement that OCG has reviewed Motorola's proposal and recommends the change.

Prior to final project closeout/acceptance and payment to Motorola, OCG will review and comment on all Motorola provide closeout documentation which will include but not limited to as built drawings for all implemented systems and warranties.

2.5 Project Progress Reports and Teleconferences

OCG will participate in on-site and teleconference meetings with Motorola and the County project team throughout the entire project. OCG will monitor the work performance of Motorola and will review the bi-weekly progress reports prepared by Motorola. These reports will provide information outlining the specific accomplishments and tasks completed during the reporting period. The reports will also update the project schedule with anticipated completion dates and what tasks remain to be completed.

2.6 Payment Application Reviews

Based upon site observations, OCG will determine the amounts owing Motorola and recommend to the County, in writing, payment to the contractor. OCG will process contractor's payment application in accordance with the Florida Prompt Payment Act.

SCHEDULE

OCG will complete the work in accordance with the approved project schedule. OCG anticipates this project to be 18-24 months in duration.

PRICING

Please see the attached fee proposal for pricing. OCG used its standard billing rate. Per diem is billed at \$525 per day to cover lodging, food, rental car and fuel. \$750 per trip is included to cover round trip airfare.

The table below is a summary of the overall expected project cost with roughly 10% escalation factor considered for project. Motorola's pricing is based upon the project estimated provided to the County in September of 2025.

Overall Project Summary of Costs					
Phase / Contractor	OCG	Motorola MW Hardware Upgrade	Motorola MPLS Network	Motorola Virtual Prime Site	Totals
All	\$270,627.84	\$2,235,188.00	\$1,654,331.00	\$1,895,725.00	\$ 6,088,871.84
Project Escalation Factor	\$0.00	\$223,518.80	\$165,433.10	\$189,572.50	\$ 578,524.40
Totals:	\$270,627.84	\$2,458,706.80	\$1,819,764.10	\$2,085,297.50	\$ 6,634,396.24

Please call me at my office at (850) 212-4475 with any questions.

Sincerely,

Chris Monzingo, P.E., PMP
Vice President

Title

- Note:**
- The amount listed on this form for a Subcontractor/sub consultant must be supported by price or percentage listed on the properly executed Schedule 2 or attached signed proposal.
 - Only those firms certified by Palm Beach County at the time of solicitation due date are eligible to meet the established OEBO Affirmative Procurement Initiative (API). Please check the applicable box and list the dollar amount or percentage under the appropriate demographic category.
 - Modification of this form is not permitted and will be rejected upon submittal.
 - If a Mandatory API goal applies, failure to submit a properly executed Schedule 2 will result in a determination of non-responsiveness to the solicitation.

OEBO LETTER OF INTENT – SCHEDULE 2*

A completed Schedule 2 is a binding document between the Prime Contractor/consultant and a Subcontractor/subconsultant (for any tier) and should be treated as such. All Subcontractors/subconsultants, including any tiered Subcontractors/ subconsultants, must properly execute this document. If a Mandatory API goal applies, failure to submit a properly executed Schedule 2 will result in a determination of non-responsiveness to the solicitation. Each properly executed Schedule 2 must be submitted with the bid/proposal.

RFP ATTACHMENT E
CONFLICT OF INTEREST DISCLOSURE FORM
(Must be completed by Proposer and any subconsultants and returned with proposal)

PALM BEACH COUNTY CONFLICT OF INTEREST DISCLOSURE FORM

CONSULTANT/SUBCONSULTANT represents that it presently has no interest, either direct or indirect, which would or could conflict in any manner with the performance of services for the County, except as follows:

N/A

(Attach additional sheets as needed.)

CONSULTANT/SUBCONSULTANT further represents that no person having any interest shall be employed for said performance. By signing below, CONSULTANT/SUBCONSULTANT certifies that the information contained herein is true and correct and constitutes all current potential conflicts of interest which may influence or appear to influence CONSULTANT/SUBCONSULTANT'S judgment or quality of services being provided to the County.

CONSULTANT/SUBCONSULTANT shall promptly notify the COUNTY in writing by certified mail of all potential conflicts of interest that may arise in the future through any prospective business association, interest or other circumstance which may influence or appear to influence CONSULTANT/SUBCONSULTANT'S judgment or quality of services being provided to the County. Such written notification shall identify the prospective business association, interest or circumstance, the nature of work that CONSULTANT/SUBCONSULTANT may undertake and request an opinion of the COUNTY as to whether the association, interest or circumstance would, in the opinion of the COUNTY, constitute an unacceptable conflict of interest if entered into by the CONSULTANT/SUBCONSULTANT.

If, in the sole opinion of the COUNTY, the prospective business association, interest or circumstance of CONSULTANT/SUBCONSULTANT would constitute an unacceptable conflict of interest to the COUNTY, the COUNTY shall so state in the notification and the CONSULTANT/SUBCONSULTANT shall not enter into said association, interest or circumstance.

This DISCLOSURE is submitted by (Name of Individual:) Tim Barrentine, PMP, as (Title/Position:) President of (Name of Firm:) Omnicom Consulting Group, Inc. who hereby certifies that any misrepresentation by the CONSULTANT/SUBCONSULTANT on this Disclosure is considered an unethical business practice and is grounds for sanctions against future County business with the CONSULTANT/SUBCONSULTANT.

Re: Contract # R2025-0602
Consulting Services/Design Professional on a Continuing Contract
Basis
Notification of Contract Clauses No Longer Being Enforced Pursuant
to Emergency Ordinance 2025-014

Dear Mr. Monzingo,

On June 3, 2025, the Board of County Commissioners (BCC) approved an emergency ordinance to suspend the race and gender conscious provisions of the County's EBO ordinance. The suspension will remain in effect for two years or until further direction by the BCC, whichever comes first. As a result, the provisions relating to minority/women-owned business enterprise (M/WBEs) participation contained on section 8.6 of contract number R2025-0602 **will not be enforced** as of June 3, 2025, only the small business enterprise (SBE) provisions will apply.

Please sign below to acknowledge receipt of this notification. This acknowledgement will be included, and made part of, the contract file.

Should you require any additional information please contact Capital Improvements Division at 561-233-0261.

Cordially,

Fernando Del Dago, Director,
Capital Improvements Division
