

**Behavioral Health Substance Use and Co-
Occurring Disorders (BHSUCOD) Advisory
Committee Annual Report**

**Fiscal Year 2025
(October 2024- September 2025)**

**Letter from the Chair of the BHSUCOD Advisory Committee and Director of the
Community Services Department**

On behalf of the Palm Beach County Behavioral Health, Substance Use, and Co-Occurring Disorders Advisory Committee (BHSUCOD) and the Community Services Department (CSD), we are pleased to present the Annual Report highlighting the activities and accomplishments of the BHSUCOD Advisory Committee.

Fiscal Year 2025 focused on the development and implementation of the Opioid Settlement Funds (OSF) through the issuance of Notices of Funding Opportunities (NOFOs). This year marked a significant transition from planning to operationalization, as outlined in the Master Plan 2024, which established funding priorities aligned with the Board of County Commissioners' allocation framework of 90 percent toward Social Determinants of Health and 10 percent toward Deep Treatment. Under the leadership of Dr. James Green, funding recommendations for the Opioid Settlement Funds were presented to the Advisory Committee and subsequently approved by the Board of County Commissioners on September 9, 2025.

This Annual Report provides a summary of the key discussion topics addressed during each bi-monthly Advisory Committee meeting, as well as the strategies published through the NOFOs and their corresponding approved funding recommendations. As OSF-funded programs begin implementation across Palm Beach County, program staff will continue to provide regular updates to the Advisory Committee on progress, outcomes, and emerging needs. Overall, FY25 focused on laying the foundational work for countywide system change to address the needs in the community.

In Fiscal Year 2026, the BHSUCOD Advisory Committee plans to collaborate with CSD program staff to update the Master Plan and dive into the subcommittees to continue the work of making system changes, which may include, but are not limited to, policy recommendations, evaluation and monitoring, and offer recommendations regarding the County's provision of services to the citizens of PBC. The Advisory Committee remains committed to expanding access to services, strengthening care coordination, and promoting recovery through a data-informed, person-centered approach for individuals and families impacted by substance use, co-occurring disorders, and other mental health conditions.

We extend our sincere appreciation to all partners and stakeholders involved in this vital work and look forward to continued collaboration as we advance these shared goals.

Sincerely,

Pastor Rae Whitely, Chair
PBC Behavioral Health, Substance Use and Co-Occurring Disorders Advisory Committee

Dr. James Green, Director, Community Services Department

Background

In 2019, the Behavioral Health, Substance Use and Co-Occurring Disorder Steering Committee was established by the Board of County Commissioners (BCC), consistent with the recommendation from the April 2017 Opioid Epidemic Response Plan to satisfy the State's Opioid Settlement Clearing Trust Fund requirement for an opioid response abatement plan, pursuant to section 17.42(4)(c), Florida Statutes (2022). The BCC also identified the substance use epidemic, including but not limited to opioids, crack cocaine, and crystal methamphetamine, as well as behavioral and substance use disorders, as high strategic priorities.

On November 1, 2022, the Board of County Commissioners passed and adopted Resolution R-2022-1340, creating the Palm Beach County Advisory Committee on Behavioral Health, Substance Use and Co-Occurring Disorders (BHSUCOD); Providing for a Purpose; Providing for Membership, Appointments, Terms; Providing for Officers; Providing for Roles and Responsibilities; Providing for Sunshine Law, Code of Ethics; Providing for Meetings; Providing for Subcommittees; Providing for General Provisions; and Providing for Effective Date, Sunset.

Resolution R-2022-1340 ([5.D.1.R2022-1340.pdf](#)) established that the purpose of the BHSUCOD is to enhance the County's capacity and effectiveness in formulating comprehensive, integrated, effective behavioral health, substance use, and co-occurring disorders prevention, treatment, support, and recovery policies, as well as to offer recommendations regarding the County's provision of services to the citizens of Palm Beach County (PBC). The Resolution further states that the BHSUCOD will be supported by the Community Services Department (CSD). The BHSUCOD will increase the coordination and interactions between organizations, agencies, and institutions whose mission is to resolve Substance Use and Behavioral Disorders in PBC.

Opioid Settlement Funds:

The BHSUCOD provided its formal recommendations to the BCC in accordance with Section 17.42 of the Florida Statutes (2022) through the Behavioral Health and Substance Use Disorder Plan 2024 (Master Plan 2024). The Master Plan 2024 provided an update on the progress of initiatives from the 2022 Master Plan. It introduced new priority recommendations to address opioid use, substance use, and co-occurring disorders, as well as priority recommendations for Opioid Settlement Funds. The CSD and BHSUCOD Advisory Committee also presented a multi-year Expense Plan for Opioid Settlement Funds, which the BCC approved on October 22, 2024.

A BCC workshop was held to review and discuss the plan, take additional public comment and adopt the proposed funding framework of 90% of funds directed toward social determinants of health—including housing, recovery supports, care coordination, and prevention—and 10% of funds directed toward deep-end treatment and crisis care, with guardrails to prevent supplanting of existing funding streams with Opioid Settlement Funds with reference from the NOFO stating “Opioid Settlement Funds shall be supplemental to and shall not take the place of any other funds, including, but not limited to, funding from other grants that has lapsed or shrunken, whether it is a county, state or federal grant”.

Opioid Settlement Funding Implementation Plan

Palm Beach County Community Services Department developed and released a *Notice of Funding Opportunity (NOFO)* for Opioid Settlement Funds (OSF) and Financially Assisted Agencies (FAA) on March 7, 2025, with responses due by April 7, 2025. Following the submission period, review panels convened to score and rank all proposals that met threshold screening criteria. Funding recommendations were issued on May 28, 2025. A presentation summarizing the results was provided to the BHSUCOD Advisory Committee to inform its members and members of the public of the proposals that were going to be recommended to the BCC for funding.

The BCC approved the OSF contracts on September 9, 2025, with start dates retroactive to August 1, 2025. Each contract was approved for one (1) one-year term with two (2) one-year renewals, meaning that the contracts will remain in effect through June 30, 2028 (the end of the State Fiscal Year).
