I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: Amendment No.5 to the Construction Manager (CM) at Risk Services contract (R2023-0139) with Lebolo Construction Management, Inc. (Lebolo) establishing a Guaranteed Maximum Price (GMP) in the amount of \$587,116.08 for the first phase of construction work for the Medical Respite and Lewis Center Build Out – Phase 1 (Project) for a period of 84 calendar days from notice to proceed.

Summary: On February 7, 2023, the Board of County Commissioners (BCC) approved the CM at Risk Services contract (R2023-0139) with Lebolo Construction Management, Inc. for construction management services for the Medical Respite and Lewis Center Build Out - Phase 1 project located at 1000 45th Street in West Palm Beach. The Project includes civil and architectural work consisting of site utilities, paving, accessibility compliance, and interior upgrades for the County's Medical Respite and Lewis Center Clinic. The CM will have 84 calendar days from notice to proceed to substantially complete this construction phase of the project. Liquidated damages for failure to achieve certification of substantial completion within the contract time or approved time extension thereof for the construction phase of the project are \$120 per day. This continuing CM at Risk Services contract was selected through a competitive solicitation in accordance with the federal requirements. This CM at Risk Services contract is exempt from the County's Small Business Development (SBD). Ordinance pursuant to section 2-80.22 thereof. The work was competitively solicited by Lebolo utilizing the federal requirements provided by the Department of Housing and Economic Development. This Project includes Community Development Block Grant (CDBG) and Community Project Funding/Congressionally Directed Spending Program Grant funding and is budgeted in the Capital Outlay Fund. The CDBG funds allocated to the Project must be expended by June 30, 2026. **(Capital Improvements Division) District 7 (MWJ)**

Background and Justification: CM at Risk is a project delivery method in which the CM provides design phase assistance, evaluation of cost, schedule and implications of alternate designs, systems and materials, and serves as the general contractor bidding the subcontracts for construction. Amendment No. 5 authorizes the construction management services necessary for the first phase of construction work for the Project.

The removal and reinstallation of the existing A/C unit required to accommodate the new CMU window opening is anticipated to require a two-man crew working approximately two full days. Based on the project Davis-Bacon wage determination for Pipefitters (Base Rate \$35.16/hr plus \$21.01/hr fringe), the total hourly rate is \$56.17. Applying a 50% labor burden to account for payroll taxes, insurance, and administrative costs results in a fully burdened rate of approximately \$84.26/hr. For an estimated 32 total labor hours, the anticipated cost is approximately **\$2,700**, which is carried as an allowance.

PALM BEACH COUNTY				
Cost Code	A&C #	Division	Sub-Division	Description
DIVISION 1 - GENERAL				
01-000	1	1 - General	General	The Contract Sum and the amount of each item are based upon the costs of materials and labor as they exist on the date of the contract. Owner and contractor acknowledge that market conditions are being adversely affected by international market conditions, unusually adverse weather conditions and other not reasonably foreseeable events that are not within the reasonable control of the owner or contractor. Accordingly, in the event that costs for any substantive item or element of materials and/or supplies, shall increase after the date of this contract and during the time of performance of same, and such cost increases are due to the above described events that are beyond the control of the Owner and the Contractor, then the Contractor shall be entitled to an equitable adjustment of the Contract Sum to reasonably compensate the Contractor for these increases.
01-001	2	1 - General	General	This Assumptions and Clarifications document is part of the Construction Services Agreement.
01-000	3	1 - General	General	Cost is as per plans only. Specifications provided only apply to what is shown in drawings. If specifications document is calling for scope not included in drawings it is not included in our cost and, if required, will be included as a change order.

01-001	5	1 - General	General	All existing as-builts and calculations assumed provided by owner during preconstruction or at the beginning of construction. There are no costs included to develop existing conditions as-builts or calculations of any kind.

If as-builts are not available and survey existing systems is required this is not included and will be added as a change order.
01-000	7	1 - General	General	During the pre-construction phase, we thoroughly reviewed the provided drawings and specifications. If any discrepancies were overlooked that resulted in additional scope, please note that we cannot assume responsibility for design oversights as part of our proposal.
01-000	8	1 - General	General	During the pre-construction phase, we are unable to verify all existing conditions in advance. Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Note: Executive Order 13658 generally applies to contracts subject to the Davis-Bacon Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. Executive Order 13658 does not apply to contracts subject only to the Davis-Bacon Related Acts regardless of when they were awarded. If a contract is subject to Executive Order 13658, the

contractor must pay all covered workers at least \$13.30 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2025. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classifications and wage rates that have been found to be prevailing for the type(s) of construction and geographic area covered by the wage determination. The classifications are listed in alphabetical order under rate identifiers indicating whether the particular rate is a union rate (current union negotiated rate), a survey rate, a weighted union average rate, a state adopted rate, or a supplemental classification rate.

Union Rate Identifiers

A four-letter identifier beginning with characters other than ""SU"", ""UAVG"", ?SA?, or ?SC? denotes that a union rate was prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2024. PLUM is an identifier of the union whose collectively bargained rate prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2024 in the example, is the effective date of the most current negotiated rate.

Union prevailing wage rates are updated to reflect all changes over time that are reported to WHD in the rates in the collective bargaining agreement (CBA) governing the classification.

Union Average Rate Identifiers

The UAVG identifier indicates that no single rate prevailed for those classifications, but that 100% of the data reported for the classifications reflected union rates. EXAMPLE: UAVG-OH-0010 01/01/2024. UAVG indicates that the rate is a weighted union average rate. OH indicates the State of Ohio. The next number, 0010 in the example, is an internal number used in producing the wage determination. The date, 01/01/2024 in the example, indicates the date the wage determination was updated to reflect the most current union average rate.

A UAVG rate will be updated once a year, usually in January, to reflect a weighted average of the current rates in the collective bargaining agreements on which the rate is based.

Survey Rate Identifiers

The ""SU"" identifier indicates that either a single non-union

rate prevailed (as defined in 29 CFR 1.2) for this classification in the survey or that the rate was derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As a weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SUFL2022-007 6/27/2024. SU indicates the rate is a single non-union prevailing rate or a weighted average of survey data for that classification. FL indicates the State of Florida. 2022 is the year of the survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 6/27/2024 in the example, indicates the survey completion date for the classifications and rates under that identifier.

?SU? wage rates typically remain in effect until a new survey is conducted. However, the Wage and Hour Division (WHD) has the discretion to update such rates under 29 CFR 1.6(c)(1).

State Adopted Rate Identifiers

The ""SA"" identifier indicates that the classifications and prevailing wage rates set by a state (or local) government were adopted under 29 C.F.R 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 01/03/2024 in the example, reflects the date on which the classifications and rates under the ?SA? identifier took effect under state law in the state from which the rates were adopted.

----- WAGE DETERMINATION APPEALS PROCESS

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2) If an initial decision has been issued, then any interested party (those affected by the action) that disagrees with the decision can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Requests for review and reconsideration can be submitted via email to dba.reconsideration@dol.gov or by mail to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board

CONTRACT PERFORMANCE BOND

BY THIS BOND, we, Lebolo Construction Management, Inc., as Principal and Frankenmuth Insurance Company, a Corporation, as Surety, whose address is One Mutual Avenue, Frankenmuth, MI 48787, are bound to the Palm Beach County Board of County Commissioners, hereinafter called COUNTY, for the sum of \$ 587,116.08, for payment of which we bind ourselves, our heirs, personal representatives, successors, and assigns, jointly and severally.

1. THE CONDITION OF THIS BOND is that if Principal:

The term "balance of the Contract price" as used in this paragraph, shall mean the total amount payable by COUNTY to Principal under the Contract and any amendments thereto, less the amount properly paid by COUNTY to Principal.

3. Any changes in or under the Contract Documents and compliance or noncompliance with any formalities connected with the Contract or the changes does not affect Surety's obligation under this bond. Any increase in the total Contract amount as authorized by the COUNTY shall accordingly increase the Surety's obligation by the same dollar amount of said increase. BY THIS BOND, WE, Lehlo Construction Management, Inc., as Principal and Frankenmuth Insurance Company a Corporation, as Surety, whose address is One Mutual Avenue, Frankenmuth, MI 48787, are bound to the Palm Beach County Board of County Commissioners, hereinafter called COUNTY, in the sum of \$ 587,116.08, for payment of which we bind ourselves, our heirs, personal representatives, successors, and assigns, jointly and severally.

1. THE CONDITION OF THIS BOND is that if Principal:

- a. Promptly makes payment to all claimant(s) and lienor(s) supplying Principal with labor, materials or supplies, used directly or indirectly by Principal or reasonably required for the performance of the Contract and in the prosecution of the work provided for in the Contract dated 20, between Principal and COUNTY for construction of Medical Respite & Lewis Center Build Out - Phase I, Project No. 2023-002436, Contract No. _____ (the "Contract"), the Contract being made a part of this bond by reference, in the time and in the manner prescribed in the Contract, and;

5. Any changes in or under the Contract Documents and compliance or noncompliance with any formalities connected with the Contract or the changes, does not affect Surety's obligation under this bond. Any increase in the total Contract amount as authorized by the COUNTY shall accordingly increase the Surety's obligation by the same dollar amount of said increase. The Principal shall be responsible for notification to Surety of all such changes, but failure of such notice shall not affect or be a defense or excuse to Surety's obligations under this bond.
