Motion and Title: Staff recommends motion to:

(A) **waive** the Board of County Commissioner policy that limits advisory board members to eleven members under Resolution No. R2013-0913; and

(B) **adopt** Resolution of the Board of County Commissioners of Palm Beach County, Florida, establishing a nineteen member Palm Beach County Infrastructure Surtax Independent Citizen Oversight Committee.

Summary: On November 8, 2016, the voters of Palm Beach County approved an infrastructure surtax plan for one cent, maximum 10 years beginning January 1, 2017 (or sooner if the surtax generates \$2.7 billion before September 1st of any year), creation of an oversight committee to audit spending for compliance with approved projects, and the following allocations: 50% to the School District, 30% to the County, and 20% to the Municipalities. The proceeds of such tax would finance the renewal and replacement of existing capital investments including roadway surfaces, bridges, drainage improvements, canals, park amenities, and government buildings, all of which were deferred during the recent recession and remain outstanding, and projects to maintain levels of service. An independent oversight committee would be established to ensure that spending is in line with the statutory requirements. The Resolution establishes the County's Infrastructure Surtax Independent Citizen Oversight Committee (Committee). The Committee will consist of the following: one member appointed by each District Commissioner; two members nominated by the Business Forum of Palm Beach County; one member nominated by the Black Chamber of Commerce of Palm Beach County; one member nominated by the Hispanic Chamber of Commerce of Palm Beach County; one member from the Economic Council of Palm Beach County; one member nominated by the Tri City Education Committee; one member nominated by the Florida Engineering Society Palm Beach Chapter; one member nominated by the Palm Beach County City Management Association; one member nominated by the Urban League of Palm Beach County; two members nominated by the Palm Beach – Treasure Coast AFL-CIO; and one member nominated by the Associated General Contractors Association Florida East Coast Chapter.

The Committee will meet monthly, or as needed, issue an annual report, may make recommendations to the Board, and ensure that the proceeds of the surtax are expended for the purposes set forth in the ballot measure and are in compliance with the County's surtax plan.

C. Other Department Review:

 Department Director

Background and Policy Issues: On July 28, 2015 and November 24, 2015, the Board discussed financing infrastructure needs and directed staff to review possible funding options and hire consultants to review projects and spending. On February 9, 2016, the Board of County Commissioners (BCC) directed staff to work with the Municipalities, School District and Cultural Council, representing cultural organizations, to develop a joint plan specific to an infrastructure surtax. Further, the Board directed staff to bring back project lists from the partners. On February 24, 2016, the League of Cities Executive Board voted to not oppose a slightly different proposal which reflected 46.5% School District, 28.5% County, 18.5% Municipalities and 6.5% Economic Development for Cultural Facilities. After further analysis and review, staff refined the proposal and the School District approved the proposal described in the motion with a deadline for approval by the BCC no later than April 15, 2016. On March 22, 2016, the Board approved an infrastructure surtax plan for one cent, maximum 10 years, creation of an oversight committee to audit spending for compliance with approved projects, and the following allocations: 48% to the School District, 27.5% to the County, 18.5% to the Municipalities, 4.5% for Economic Development through Cultural Facilities, and 1.5% for Economic Development Incentives. On May 3, 2016, the Board approved on first reading an infrastructure surtax plan for one cent, maximum 10 years beginning January 1, 2017, creation of an oversight committee to audit spending for compliance with approved projects, and the following allocations: 50% to the School District, 30% to the County, and 20% to the Municipalities. The proceeds of such tax would finance the renewal and replacement of existing capital investments including roadway surfaces, bridges, drainage improvements, canals, park amenities, and government buildings, all of which were deferred during the recent recession and remain outstanding, and projects to maintain levels of service. An independent oversight committee would be established to insure that spending is in line with the statutory requirements. On May 17, 2016, the Board approved on second reading an infrastructure surtax plan as per the ordinance on May 3rd with the addition of a sunset provision that the surtax will end if \$2.7 billion is collected before September 1st of any year. This Ordinance for one-cent infrastructure surtax included ballot language for a referendum scheduled for November 8, 2016. In addition to creating an oversight committee(s), a project manager will be hired or assigned to coordinate and monitor the program. An interlocal agreement establishing a distribution formula that would be inclusive of all proposed partners was approved by the County and the School Board at a joint meeting on May 10, 2016 and twenty-one (21) municipalities representing more than a majority, sixty-five percent (65%), of the County's incorporated population. The municipalities are: Atlantis, Belle Glade, Boynton Beach, Briny Breezes, Delray Beach, Greenacres, Haverhill, Highland Beach, Jupiter Inlet Colony, Lake Clarke Shores, Lake Park, Lake Worth, Lantana, Loxahatchee Groves, Pahokee, Palm Springs, Royal Palm Beach, South Bay, South Palm Beach, Wellington and West Palm Beach. The local discretionary sales surtaxes apply to all transactions subject to the state tax imposed on sales, use, services, rentals, admissions, and other authorized transactions.

The surtax applies to the first \$5,000 of any single taxable tangible personal property item. Items such as groceries, baby food, baby formula, and medicines are exempt from sales tax. Levying this surtax will partially shift the funding responsibility to visitors; about 25% of sales tax in Palm Beach County is paid by visitors, as opposed to funding infrastructure backlog through property taxes.

Florida's Department of Revenue (DOR) will distribute the surtax directly to the School District, each Municipality, and the County.
