## Palm Beach County Board Directives - Completed

Commissioner Baxter provided clarification of March 12 Board Direction (see memo) specifically to conduct an economic impact study only using construction prime contractors the county has used since the OEBO program has been in place and answer the following questions:

- 1) How much more money does it cost construction prime contractors to use SWMBE's?
  - a) If a limited amount of subcontractors are available, does it cost a prime contractor more money, due to delays, using a SWMBE?
  - b) Do the limited amount of construction subcontractors used to meet the SWMBE's goals result in SWMBE contractors charging the prime contractors more money for a job? What do non-SMWBE subcontractors charge for a similar job compared to an SMWBE subcontractor?
  - c) If the overall job doesn't have enough work to meet a SWMBE 20% goal of dollars for subcontractors
- 2) If there is an increase in costs, are those costs being passed on to the taxpayers?
- 3) How much does the OEBO cost taxpayers overall? Such as staff, space, overhead cost, etc
4. How many waivers have been granted.
5. Include Primes that have not received business from the county.
6. How many of our small businesses do business with Primes.
7. Vice Mayor Marino would like to include a breakdown of subs and their percentages.
8. Commissioner Woodward directed staff to include Primes that were not awarded contracts in the study.
9. Vice Mayor Marino directed staff to find out what percentage of small businesses are partners with Primes.
10. Staff will answer the questions in the memo, include Primes not awarded contracts in the study, and to find out the percentage of small businesses that participate in the program.

## Palm Beach County Board Directives - Completed

11. Commissioner Bernard directed staff that the consultant should have direct contact with the Primes.

04/16/2024	<u>Commissioner Bernard directed staff to move forward with Airport Center 3, the possible future home of the PBC Tax Collector including a driving course, PBC Property Appraiser and some TBD departments that are currently at the Governmental Center and to return with an update in eight weeks.</u> Staff to follow up. 	Administrator directed Budget to set aside \$3 million ad valorem.					

04/16/2024	<b><u>Commissioner Baxter directed staff to inventory available space in PBC Government buildings for other elected officials to lease office space, on an individual case basis.</u></b>	Workshop	Facilities Development & Operations	Baxter	Rutter	Howard Falcon	FDO has completed its initial review of the Board directive regarding the potential provision of office space for state and federal legislative delegation members.	Completed 04/20/2026
	Staff to follow up.							

At this time, County facilities have very limited available space, and any short-term availability is constrained by competing internal needs and planned renovations at key sites, including the Governmental Center and West County Governmental

## Palm Beach County Board Directives - Completed

Center. Even where space may exist, it is expected to be minimal and not sufficient to broadly accommodate multiple delegation offices.

Additionally, given the number of delegation members and existing demand across County operations, accommodating one or a limited number of offices presents equity and operational challenges. Historically, when space has been provided, it has also proven difficult to reclaim for County use when operational

## Palm Beach County Board Directives - Completed

needs shift.

Based on these constraints, staff does not recommend proceeding with the allocation of existing County space at this time, as doing so would likely impact core County operations, create inequities among delegation members, and limit flexibility for future operational and capital needs.

Staff has outlined several policy options for Board consideration, including maintaining the current approach, providing limited targeted space where
