Event scope and detail: The event is a ticketed R&B Valentine's Day concert open to the public, featuring national act musicians. Stage entertainment, alcohol, food and beverage, and merchandise sales have been approved for this rental. Logistics for stage audio are permitted, and the use of venue load bars requires rigging services to be secured by the renter and approved by amphitheater management in advance. Security staffing is required to assist with the closing of all vending operations according to the time designated by the contract. Staking of logistics is not permitted on the property; all logistics must be secured using water or weights of at least thirty-five pounds. Driving vehicles on the amphitheater lawn is strictly prohibited. Vendors must use renter-provided generators and electrical cords for power needs that exceed the 20 AMP duplex power receptacles, and all generators and cords must be in safe and working condition. The renter is required to be onsite for all load-in, event, and load-out activities. Palm Beach County Amphitheater management reserves the right to require additional personnel, services, and hours for safety and parking activities. All venue access points and parking lots must remain clear for emergency access at all times.

A backstage safety plan, including the total quantity of personnel and sample backstage credentials, must be submitted to amphitheater management for review and approval. Backstage access is permitted only to production staff and artists. The Parking and Security Supervisor, Concessions Supervisor, and Stage Production Supervisor are required to attend an onsite Safety and Security meeting thirty minutes prior to gates opening on Saturday, February 14, 2026. The amphitheater rental includes access to the full facility, excluding County Administrative Offices. The County will provide light towers in overflow parking lots during the event. Venue dressing rooms must be cleared for janitorial access by the renter no later than 12:30 AM on Saturday. A stage sound production plan must be approved by amphitheater management in advance. The responsibilities of the House Sound and Light Technicians are limited to reviewing the artist's technical rider or production requirements with amphitheater staff prior to the event to determine if the facility's sound and light equipment meets the minimal needs of the event. If not, outside or supplemental equipment must be provided by the renter. The contractor will assist and monitor the production crew tying into the County's existing Lexcon Powergates if required, monitor power levels at the front-of-house station during sound checks and throughout the event to ensure the County's system is not pushed past DC One limiter presets, and monitor sound levels using the County-supplied decibel reader. Sound levels may not exceed 110 decibels at the front-of-house station, and the contractor must alert amphitheater staff immediately if this limit is exceeded. The contractor will also assist and monitor the production crew unplugging from the County's Lexcon Powergates and ensure that stage lighting is returned to its original state by the production crew. Sound and light production services will be available from 8:00

AM until 11:59 PM on Saturday, February 14, 2026. The renter is required to provide a minimum of fifteen days' written notice to cancel house sound production services. Amphitheater management must approve all event activities in writing. [Attached additional pages as needed.]

NOTE: COUNTY reserves the right to refuse any Amphitheater rental request that may be deemed contrary to community standards of appropriateness. Such decision is final and without liability for any costs.
