I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: a License Agreement for Use of County-Owned Properties (License) with the United States Secret Service (USSS) for the installation of technology on various County owned properties for a retroactive term of July 1, 2026 through June 30, 2029 at no cost to the County.

Summary: This License authorizes the installation, operation and maintenance of technology on various County owned properties in support of USSS federal law enforcement mission. The License has a retroactive commencement date of July 1, 2026 due to the current USSS budget for the purchase of the technology is set to expire July 31, 2026. This License deviates from the standard license agreement approved by the Board of County Commissioners (BCC) in accordance with R2010-0333, as amended and approved on October 1, 2013, to address federal regulations and requirements applicable to the USSS. These deviations recognize the Federal Tort Claims Act as it regulates liability for federal agencies; the Federal Employee's Compensation Act that regulates workers' compensation coverage; and the Freedom of Information Act and Privacy Act as they relate to the release of information and power of the Inspector General; these changes are required so that the provisions of the License do not conflict with federal law. The License also contains non-standard indemnification language limiting the indemnification to damages for injury or loss of property or personal injury or death caused by the negligent or wrongful act or omission on the part of any employee of the USSS attributable to USSS's use of the properties, in accordance with PPM-CW-F-049, the Department of Risk Management and the County Attorney's Office have approved the non-standard indemnification provision, and staff now seeks BCC approval of this License. There is no fiscal impact associated with this item. **(FDO Admin) Countywide (YBH)**

Background and Justification: The BCC previously delegated authority to the County Administrator to execute standard license agreements on behalf of the County. However, USSS was unable to agree to the standard terms and conditions contained within the County's approved standard license agreement; as a result, the License includes non-standard provisions and is being presented to the Board for review and approval.
