Motion and Title: Staff recommends motion to approve: a Budget Transfer of \$885,000 from the Law Enforcement Trust Fund (LETf) to the Palm Beach County Sheriff's Office (PBSO).

Summary: Section 932.7055(5), Florida Statutes; provides that the seizing agency shall use Forfeiture proceeds for school resource officer, crime prevention, safe neighborhood, drug abuse education and prevention programs, or for other law enforcement purposes, which include defraying the cost of protracted or complex investigations, providing additional equipment or expertise, purchasing automated external defibrillators, and providing matching grant funds. Section 932.7055(5), Florida Statutes, also requires that no less than 25% of the LETf's previous year's revenues be used for the support or operation of drug treatment, drug abuse education, drug prevention, crime prevention, safe neighborhood and school resource officer programs of various non-profit organizations. PBSO's FY2026 donation requirement is \$821,438. PBSO's support of these programs exemplifies its strong commitment to the prevention and reduction of crime throughout the communities it serves and its desire to put money back into these communities to support organizations that provide such services. The year-to-date transfer for all donations to outside organizations after approval of this item is \$4,215,250. The funds requested are to aid PBSO and qualified organizations that meet the requirements set forth in Section 932.7055(5), Florida Statutes. Use of LETf requires approval by the Board of County Commissioners (BCC), upon request of the PBSO. The current State LETf balance is \$2,782,973. Approval of this request will reduce the State LETf balance to \$1,897,973. PBSO certifies that the use of these funds is in accordance with Section 932.7055(5), Florida Statutes. Below is a table indicating the organizations the PBSO seeks to fund and the corresponding amount of funding proposed per respective organization or agency. No new positions are needed and no additional County funds are required. Countywide (RS) (Continued on Page 3)

Background and Policy Issues PBSO is dedicated to providing the most efficient and effective law enforcement services and also has a long-standing commitment to the reduction of crime and implementation of crime and drug prevention programs within Palm Beach County. Use of LETf requires approval by the BCC, in accordance with Section 932.7055(5), Florida Statutes, upon request of the PBSO. This Statute also requires that no less than 25% of the last fiscal year's revenues be donated or expended for the support or operation of drug treatment, drug abuse education, drug prevention, crime prevention, safe neighborhood or school resource officer programs. LETf Funding Request (MUST match total on Financial Application): \$250,000.00

What service will your organization provide through the use of Law Enforcement Trust Funds?

- ☐ Crime Prevention Program
- ☐ Drug Abuse Education
- ☐ Drug Prevention Program
- ☐ Drug Treatment Program
- ☒ Safe Neighborhood
- ☐ School Resource Officers

Organization Purpose:

Big Dog Ranch Rescue is driven by a powerful and compassionate purpose: to create a world where every dog has a safe, loving home and no adoptable animal is ever euthanized due to lack of space or resources.

Provide a brief summary of program's activities/services to be funded:

Big Dog Ranch Rescue's "Rescue Dogs for Veterans" program seeks funding to support its vital mission of pairing rescue dogs with military Veterans in need of emotional support and companionship. The program aims to address two critical issues simultaneously: providing loving homes for rescued dogs and offering therapeutic benefits to Veterans struggling with post-traumatic stress disorder, depression, anxiety, and other challenges related to their military service.

What results are you committed to achieving?

The program fills a critical void in both Veteran services and animal welfare, creating life-changing partnerships that serve both ends of the leash. When a Veteran receives a service dog through this program, two lives are saved—the Veteran who gains a renewed sense of purpose and the dog who receives the life they deserve, giving them purpose and preventing unnecessary euthanasia.

LET Fund Request (MUST match total on Financial Application): \$20,000.00

What service will your organization provide through the use of Law Enforcement Trust Funds?

- ☐ Crime Prevention Program
- ☐ Drug Abuse Education
- ☐ Drug Prevention Program
- ☐ Drug Treatment Program
- ☒ Safe Neighborhood
- ☐ School Resource Officers

Organization Purpose:

Girl Scouts mission to build girls of courage, confidence, and character who make the world a better place. Girl Scouts of Southeast Florida's Girl Scout Leadership Experience (GSLE) encourages girls to Discover themselves, Connect with others, and Take Action to make the world a better place.

Provide a brief summary of program's activities/services to be funded:

The LEAD (Leadership - Empowerment - Achievement - Discovery) program brings the Girl Scout Leadership Experience directly into schools through a teacher-led troop model. By providing stipends to teachers who serve as troop leaders, LEAD eliminates barriers like transportation, cost, and volunteer availability that prevent many girls from accessing quality youth development programs. Funding from PBSO LETF would serve 60 participants in Palm Beach County schools. LEAD troops meet throughout the school year, with each participant receiving full Girl Scout membership, uniforms, and all program supplies at no cost to families. Programming is delivered with hands-on activities providing cooperative learning opportunities in our four interconnected pillars: STEM, Entrepreneurship, Life Skills, and Outdoors that build leadership competencies.

What results are you committed to achieving?

LEAD targets measurable outcomes for 60 girls in Palm Beach County: 70% of girls will self-report improved confidence in STEM and academic pursuits, and 80% of girls will demonstrate growth in at least three of the five Girl Scout leadership competencies: strong sense of self, positive values, challenge-seeking, healthy relationships, and community problem solving. According to the 2024 State of the Florida Girl Report, girls face twice the risk of considering suicide compared to boys, highlighting the critical need for programs that build resilience and supportive relationships. When girls exhibit these attributes and skills through LEAD, they become responsible, productive, caring, and engaged citizens.

- ☐ Crime Prevention Program

- ☐ Drug Prevention Program
- ☐ Drug Treatment Program
- ☒ Safe Neighborhood
- ☐ School Resource Officers

Organization Purpose:

HACER's mission is to collaborate with individuals and organizations in our community to offer the relief and services that will lift people in need toward self-sufficiency. HACER focuses on the essential needs of low-income residents: food, housing, and access to health and community services.

Provide a brief summary of program's activities/services to be funded:

Providing food is a critical and necessary service for families and individuals facing food insecurity. Operating since 2010, the La Casita (Spanish for small house) food pantry program's main objective is to make nutritious food available to those who live at or below the poverty level in the West Palm

Beach vicinity. This funding would be used to support our annual Feast of Giving event, which provides a full Thanksgiving dinner to low income families and individuals. During this event we distribute turkeys and other groceries, literature (produced by PBSO), and other materials/activities that promote a safe and healthy community. In 2025, this event served 700 families.

What results are you committed to achieving?

Event objectives include:

1. Cultivating positive relationships and/or partnerships between the community that we serve and local law enforcement
2. Educating the community on crime prevention techniques to improve community safety
3. Provide healthy food to low income community members as we give them the means to celebrate the holidays with their loved ones
4. Creating a safe place for community members to gather and celebrate the holiday

Provide a brief summary of program's activities/services to be funded:

As part of the Head Start Program, Family and Community Engagement Services (FACES) staff work with over 300 disadvantaged families to identify critical needs and strengthen the family unit through coordinated resources and outreach. LETf Funding Request (MUST match total on Financial Application): \$15,000.00

What service will your organization provide through the use of Law Enforcement Trust Funds?

- ☒ Crime Prevention Program
- ☐ Drug Abuse Education
- ☐ Drug Prevention Program
- ☐ Drug Treatment Program
- ☐ Safe Neighborhood
- ☐ School Resource Officers

Organization Purpose:

JustWorld International helps to fracture the cycle of poverty through education, the most powerful weapon against poverty and crime, to transform the lives of children and their communities.

Provide a brief summary of program’s activities/services to be funded:

The program focuses on breaking the cycle of poverty and crime by addressing one of their root causes: low literacy. Partnering with Pioneer Park and Pahokee elementary schools, JustWorld funds StoryBook Treasures literacy program, a research-based initiative that builds reading skills, confidence and a love of reading in pre-K through third grade students. Through teacher training, classroom instruction, and take-home books and treasures, the program reinforces learning and a personal library as a foundation for long-term success. The program's crime prevention focus lies in its early intervention model, to reduce the risk factors associated with school dropout, the program sets them on a path toward opportunity and stability, rather than cycles of poverty and violence.

What results are you committed to achieving?

Since 2018, the program has produced measurable results. At Pioneer Park Elementary, third-grade reading proficiency nearly doubled—from 23.9% to 47.9%—and 80% of students made significant gains in English Language Arts. The school was ranked first in Palm Beach County for literacy growth and earned the highest iReady reading gains in the Glades Region. The program includes teacher training and lesson plans, helping teachers as well as students succeed. We regularly monitor our progress through test scores and school attendance figures, which are increasing as children become invested in reading and learning. We are committed to ensuring that children gain the literacy foundation needed to thrive in school, stay out of the juvenile justice system, and contribute to safer, stronger communities.

What service will your organization provide through the use of Law Enforcement Trust Funds?

- ☒ Crime Prevention Program

- ☒ Drug Prevention Program
- ☐ Drug Treatment Program
- ☐ Safe Neighborhood
- ☐ School Resource Officers

Organization Purpose:

Providing mentorship to children of the fallen, honoring the sacrifice of those who've given their all for our freedom, and promoting patriotism and service in our communities since 2012.

Provide a brief summary of program's activities/services to be funded:

Operation 300 is a registered 501c3 not for profit organization that hosts weekend long adventure camps for children who have lost a parent in service to our country. While at camp the children participate in activities they would have done with their now absent parent. Mentorship places high emphasis on character, leadership, & morality. Children will be exposed to leaders in our military community as well as our LEO and first responder communities. The children will be instructed on the dangers of drugs, alcohol and general disruptive behavior. We will visit the Police Athletic League and hear about setting good standards in your life and how exercise and fitness can play a huge role in both mental and physical health.

What results are you committed to achieving?

Our goal is to ensure that the families of our fallen service members are never forgotten. We seek to honor the memories of the fallen men and women by caring for their families and promoting patriotism and service. We hope that our mentorship programs will help to fill the gap that has been left as a result of their family member's service. We strive to teach young men and women to be strong, respectful, courageous and resilient members of the community. We understand that this is a vulnerable population and that the chances of them falling into substance abuse and crime is more likely due to trauma and unstable family life. We believe that the time they spend at Operation 300 over the years will help them to stay the course, stay out of trouble and overcome the obstacles they've had to face at such a young age.

What service will your organization provide through the use of Law Enforcement Trust Funds?

- ☒ Crime Prevention Program
- ☐ Drug Abuse Education
- ☐ Drug Prevention Program
- ☐ Drug Treatment Program
- ☐ Safe Neighborhood
- ☐ School Resource Officers

Organization Purpose:

The Pace Center for Girls is a non-profit organization that provides academic classes, counseling, and social services to middle and high school girls. The mission is to provide girls and young women an opportunity for a better future through education, counseling, training, and advocacy.

Provide a brief summary of program's activities/services to be funded:

The Pace Palm Beach Reach Program (Pace Reach) was established in 2017 as a community-based counseling program for girls. Pace Reach is a prevention program providing social-emotional and behavioral health counseling and case management support to at-risk adolescent teen girls and their families. The target population served are girls ages 11-17 residing in Palm Beach County with risk factors and Adverse Childhood Experiences (ACEs). Services are provided in the home, at school, in the community, and at the Palm Beach Center. An emphasis is on prevention efforts to bolster girls' protective factors and increase the likelihood that girls will achieve success in school, engage in healthy interpersonal relationships, have greater self-determination, and become advocates for equitable social norms and opportunities.

What results are you committed to achieving?

The Pace Reach Program is a prevention and early intervention program targeting girls at-risk of entering the juvenile justice system which helps support community safety and justice. Pace Reach applies the risk-need-responsivity approach during the assessment process with all girls/families, valuing the importance of appropriate intervention matching based on the risk and protective factors identified. Pace Reach provides services to at-risk girls in the community to reduce rates of girls' arrests. In fiscal year 2025, our goal is for girls who complete Pace Reach to have zero involvement in the juvenile justice system one year after completion and demonstrate improvement in risk factors associated with behavioral risks that precipitate delinquency as evidenced by POSIT scores.

Organization Purpose:

The Mission of the Palm Beach County Sheriff's Foundation is to positively impact the community served by the Palm Beach County Sheriff's Office by helping underprivileged children, enhancing public safety, and assisting deputies in need.

Provide a brief summary of program's activities/services to be funded:

The Explorers train in law enforcement scenarios all year long and they go to various competitions throughout the year to put the skills to use that they have been learning. These competitions are used to see how proficient their skills are from their training and it also shows them where they may need to improve their skills during training. The Explorer Program for Palm Beach County now has 4 posts that serve our county and we have over 182 youth that are a part of this program.

What results are you committed to achieving?

In today's society our young adults face gangs, drugs, bullying and social networking in their daily lives. The manifestation of street violence that has encroached on our communities and the presence of gangs more than doubles the likelihood of violent victimization. Our program provides these youth with the necessary resources to resist violence, strategies to prevent them from being a victim and provide conflict resolution skills. We enable these youth with positive reinforcement as well as positive role models to associate with. The Explorers are given the opportunity to further their education through scholarships, participating in rewarding and productive community service activities and enhance preparation for future roles as community members.

- ☐ Drug Abuse Education
- ☐ Drug Prevention Program
- ☐ Drug Treatment Program
- ☐ Safe Neighborhood
- ☐ School Resource Officers

Organization Purpose:

The mission of The Palm Beach County Sheriff's Foundation is to positively impact the community served by the Palm Beach County Sheriff's Office by helping underprivileged children, enhancing public safety and assisting deputies in need.

Provide a brief summary of program's activities/services to be funded:

Our Youth Scholarship Program provides funds for underprivileged students. If granted, these funds would provide twenty local students \$2,500 each for college or trade school. Our scholarships are renewable for up to 4 years of college or trade school.

What results are you committed to achieving?

The key element of our program is that in order for disadvantaged students to receive a scholarship, they must be nominated by a Palm Beach County Sheriff's Office deputy. This encourages outreach from both law enforcement and youth, with the end result being more educated, respectful and productive members of society. The more underprivileged youth we can help educate and elevate, the more we can help prevent crime and better our community.

What service will your organization provide through the use of Law Enforcement Trust Funds?

- ☐ Crime Prevention Program
- ☐ Drug Abuse Education
- ☐ Drug Prevention Program
- ☐ Drug Treatment Program
- ☒ Safe Neighborhood
- ☐ School Resource Officers

Organization Purpose:

Restoration Bridge International (RBI) works to solve both food waste and food insecurity in Palm Beach County through mobile food distributions, bringing donated groceries directly to lower income neighborhoods around the community.

Provide a brief summary of program's activities/services to be funded:

We are seeking funding to support our mobile distribution program. This program is vital in combating both food waste and food insecurity by bridging the gap between surplus groceries from supermarkets that would otherwise end in a landfill and families in need who struggle to put food on their tables. In 2025, RBI provided over 13 million pounds of food to an estimated 1.3 million individuals suffering food insecurity throughout Palm Beach County. This was accomplished through 250 mobile distribution events in, or near, food desert communities within the county.

What results are you committed to achieving?

Our goal is to end hunger and food insecurity in Palm Beach County. We work hard to ensure that everyone in need is receiving the nutritious foods they deserve to maintain healthy diets and assist in their individual journeys to self-sufficiency and success. Though we do not intend to be a lifelong crutch, we believe that no man, woman or child deserves to suffer from food insecurity and hunger. We want to be a source of relief for those that cannot be certain where their next meal will come from. This year RBI will continue to establish new mobile distribution locations and partnerships with nonprofits and charitable organizations to reach more of the communities that need our help. We are constantly striving to increase our impact throughout Palm Beach County.

LETf Funding Request (MUST match total on Financial Application): \$5,000.00

What service will your organization provide through the use of Law Enforcement Trust Funds?

- ☐ Crime Prevention Program
- ☐ Drug Abuse Education
- ☐ Drug Prevention Program
- ☐ Drug Treatment Program
- ☒ Safe Neighborhood
- ☐ School Resource Officers

Organization Purpose:

Sweet Dream Makers promotes and improves the health and well-being of children and families by providing beds, bedding, and essential furniture at no cost. Most recipient families are the working poor or transitioning from homelessness. More than 24,000 beds have been provided since 2016.

Provide a brief summary of program's activities/services to be funded:

Sweet Dream Makers ensures that each child receives:

- A new mattress and box spring or memory foam mattress
- A mattress encasement to protect against bed bugs and bed-wetting (a frequent occurrence among children suffering the effects of trauma)
- Bed frame or platform
- Bedding, including sheets and comforter chosen by the children, and fresh pillows.

A grant of \$10,000 will allow PBSO-LETf to increase the number of beds it provides to a total of 40 at the below-market cost of \$250 each.

Last year's grant of \$5,000 served 20 children in need at SDM's lowered cost.

What results are you committed to achieving?

These targets are established as benchmarks for program success:

- 70% of school-age children who receive a bed will show improved behavior, improved homework habits and school grades
- 70% of families will report an improved quality of life for children
- 100% of the needs referred by partner agencies and through our in-house case manager are fulfilled during 2026. We expect to receive more than 3,500 requests from case managers at 100+ Palm Beach County social service agencies in 2026.

What service will your organization provide through the use of Law Enforcement Trust Funds?

- ☒ Crime Prevention Program
- ☐ Drug Abuse Education
- ☐ Drug Prevention Program
- ☐ Drug Treatment Program
- ☐ Safe Neighborhood
- ☐ School Resource Officers

Organization Purpose:

Vita Nova transforms lives by providing a bridge to independence for youth ages 18 to 25. Through its formula for Self-Sufficiency including- Housing, Education, Employment, and Supportive Living - the program moves young adults beyond survival toward dignity.

Provide a brief summary of program's activities/services to be funded:

Vita Nova's new Street Outreach Program bolsters neighborhood safety by engaging homeless youth ages 18 to 25 and guiding them toward self-sufficiency. By meeting young adults where they are, the program provides a critical bridge to stable housing and "the Spot" drop-in center, effectively reducing the desperation that leads to survival-based crimes. Instead of being left in abandoned buildings or resorting to breaking into cars for food and basic needs, these youth are enrolled in programming focused on education, employment, and housing. This intervention is a much cheaper alternative for the community than the high public costs of law enforcement and emergency services. Ultimately, Vita Nova fosters a safer environment by helping vulnerable youth transition into productive, independent citizens.

What results are you committed to achieving?

To provide safe, developmentally appropriate outreach and support services to homeless youth through our Outreach Program achieving the following measurable results:

- (1) Youth complete intake assessment and receive referrals, resources & education on basic needs (100)
- (2) Youth receive access to case management and essential services at the Spot (100)
- (3) Youth receive access and transportation to emergency beds (50)

Organization Purpose:

The Library Foundation's mission is to ensure that the life-changing programs, services, and resources offered through the Mandel Public Library of West Palm Beach remain free and accessible to all.

Provide a brief summary of program's activities/services to be funded:

The Mandel Public Library's Teen Source strives to motivate, encourage, and support teen patrons in all aspects of their lives. Through creative and innovative programming centered around their interests, teens are encouraged to socialize and have fun with others while learning new skills in a safe environment. Academically-focused programming such as the Sam Dratch Teen Homework Center with state-certified teachers providing assistance with all subjects including homework, projects, SAT prep, and encouragement with their studies, can broaden their future career opportunities. And with the library's year-round reading programs, teens can earn free books simply by logging their reading. For at-risk teens and teens in low-income households, the ability to grow their home libraries with free books promotes a love of literacy and lifelong reading.

What results are you committed to achieving?

The Mandel Public Library, through the support of the Library Foundation, develops programs that targets the needs and challenges of our local teens. By participating in these programs year-round, teens can practice their social, academic, and critical thinking skills while having fun doing activities they are interested in, in a free and accessible safe environment. The need remains great in the under served neighborhoods surrounding the Mandel Public Library. Zip codes 33401, 33405, and 33407 comprise nearly 75% of the population in West Palm Beach – a target population historically experiencing poverty levels consistently higher than average in the city overall.
