COLLABORATION AND DATA SHARING AGREEMENT

This Collaboration and Data Sharing Agreement (the "Agreement") is made as of the 6th day of October, 2026, by and between Palm Beach County, a Political Subdivision of the State of Florida, by and through its Board of County Commissioners, hereinafter referred to ("the COUNTY") and **Southeast Florida Behavioral Health Network, Inc.** hereinafter referred to as "SEFBHN" or "Managing Entity," jointly referred to as the "PARTIES". By signature of the authorized designee for each agency, the PARTIES agree to comply with the terms of this Agreement, which shall be effective upon the date the last party executes this document.

WHEREAS, the federal Health Insurance Portability and Accountability Act of 1996 authorized the Department of Health and Human Services and its Office for Civil Rights to promulgate administrative regulations concerning the security and confidentiality of certain "protected" health information; and

WHEREAS, the Privacy Rule, at 45 C.F.R. 160 and 164, places certain restrictions upon the sharing of individually identifiable health information unless and until certain assurances are given that the information shared will be protected in the hands of the receiving agency; and

WHEREAS, the purpose of 42 C.F.R. Part 2 is to protect individuals from any unintended bias associated with substance use disorders by strict prohibition of the disclosure and use of Substance Use Disorder confidential records except with the person's specific written consent or under certain limited exceptions; and

WHEREAS, 42. C.F.R. Part 2 has been amended to provide for disclosure for health care operations; and

WHEREAS, The COUNTY will use the CARISK Data that will be integrated into the Community Services Department data warehouse and Criminal Justice Commission data warehouse using the Online System for Community Access to Resources and Social Services (OSCARSS) data and Homeless Management Information System (HMIS) data, for the purpose of improving care coordination for clients in all systems of care including but not limited to Behavioral Health, Housing, Re-entry, Economic Mobility and Jail/Prison Data; and

WHEREAS, the data will also be used to identify critical gaps and support inform-decision making by system leaders; and

WHEREAS, the COUNTY will also look for opportunities to integrate technologies to the data in efforts to improve data collection efforts in OSCARSS; and

WHEREAS, this document will serve as the instrument to facilitate the sharing of protected health information among and between the Managing Entity and the COUNTY.

NOW THEREFORE, subject to controlling law, rules, regulations and governing policies and/or procedures, and in consideration of the mutual interests and understandings expressed herein, the PARTIES agree as follows:

ARTICLE 1 - PARTIES

The COUNTY enters into this Agreement through its duly authorized representatives and in the exercise of its governmental functions. SEFBHN enters into this Agreement in its capacity as an independent entity and not as an agent, employee, or representative of the COUNTY.

Nothing in this Agreement shall be deemed to create a partnership, joint venture, or agency relationship between the PARTIES. Each Party shall remain solely responsible for its own acts and omissions and those of its officers, employees, contractors, and agents.

The principal address for the COUNTY is:
Board of County Commissioners of Palm Beach County
301 North Olive Avenue
West Palm Beach, Florida 33401

The principal address for the Managing Entity is:
Southeast Florida Behavioral Health Network, Inc
8895 North Military Trail, STE E-102
Palm Beach Gardens, FL 33410

Each Party represents and warrants that it has full power and authority to enter into this Agreement and to perform its obligations hereunder.

ARTICLE 2 - SCOPE OF THE AGREEMENT

The COUNTY will receive client data as described in **Exhibit A Description of Shared Data** from the Managing Entity to assist the COUNTY with data integration to improve care coordination. The PARTIES mutually assure each other that they will protect the confidentiality of all Protected Health Information (PHI) shared with or made available to either party to this Agreement.

ARTICLE 3 - DEFINITIONS

“42 Code of Federal Regulations (CFR), Part 2” means the federal regulations governing the confidentiality of substance abuse records.

“HIPAA” means Health Insurance Portability and Accountability Act of 1996, as amended, and the regulations promulgated thereunder, including but not limited to the Privacy Rule, Security Rule, and Breach Notification Rule, as set forth in federal regulations at 45 C.F.R. Parts 160 and 164.

“Shared Data” shall mean the data described in Exhibit A (description of Shared Data) to this agreement.

Capitalized terms used, but not otherwise defined, in this Agreement shall have the same meaning as those terms under HIPAA.

ARTICLE 4 - TERM OF THE AGREEMENT

The Agreement shall commence on the date it is fully executed (Effective Date) and end three years after said date, unless modified, extended or terminated by the PARTIES as provided under **Section 6 Termination**.

- j. The COUNTY will match the data identified in Exhibit A for all clients with consent.
- k. PARTIES acknowledge that this Agreement does not create financial obligations between the PARTIES. In the event that costs are incurred as a result of either or both PARTIES performing their duties or responsibilities under this Agreement, each PARTY agrees to be responsible for its own costs.

ARTICLE 6 - TERMINATION

This Agreement may be terminated by either Party with or without cause upon sixty (60) days' prior written notice.

Effect of Termination. At termination of the Agreement, if feasible and where permitted by Florida Law, the PARTIES shall return or destroy all PHI received from the other party that each party maintains in any form and retain no copies of such information or, if such return or destruction is not feasible, extend the protections of the Agreement to the PHI and limit further uses and disclosures to those purposes that make the return or destruction of the information infeasible.
