is hereby amended as follows

- a The property owner shall fund the construction of Lake Worth Road from State Road 7 west to the project's west property line. Two lanes shall be constructed compatible with an ultimate six lane section as approved by the County Engineer. This petitioner shall be responsible for any acquisition of right-of-way necessary for the construction of Lake Worth Road. The alignment of this right-of-way shall be approved by the County Engineer. Funding for this construction shall be completed prior to June 1, 1994. Palm Beach County will then construct Lake Worth Road from the present paved terminus west of State Road 7, west to the projects west property line with the funds provided by the property owner.
 - b ~~This property owner shall also fund that portion of Lake Worth Road previously constructed by Palm Beach County to provide access to the Elementary School "K", in an amount approved by the County Engineer. The reimbursement for this section of Lake Worth Road shall be made prior to plats for more than 20 units being filed or prior to the issuance of a building permit, whichever shall first occur.~~
 - c The property owner shall also post acceptable surety with the Land Development Division for the Lake Worth Road construction as referenced in Conditions 1a and 1b above. This surety, in the amount of 110 percent of a certified cost estimate from the Developers Engineer shall be posted prior to May 28, 1993. Palm Beach County may use the surety at anytime between May 28, 1993 and the time the property owner deposits the monies for the Lake Worth Road construction. This shall occur if the surety is required for construction by Palm Beach County to provide for paved continuity of Lake Worth Road.
- 3 Prior to January 15, 1993, the property owner shall convey from the subject property additional right-of-way for Lake Worth Road, free of all encumbrances and encroachments, required for a right turn lane, west approach at each of the project's entrance roads. Said additional right-of-way for each required turn lane shall be twelve (12) feet in width and one hundred fifty (150) feet in length, with an additional taper length of one hundred eighty (180) feet, and shall include the County standard twenty five (25) foot safe sight corner at intersecting right-of-way lines.
